Item 1. Business.

Background

Viacom Inc. (together with its subsidiaries and divisions, unless the context otherwise requires, the "Company") is a diversified entertainment and publishing company with operations in five segments: (i) Networks and Broadcasting, (ii) Entertainment, (iii) Video and Music/Theme Parks, (iv) Publishing, and (v) Cable Television. Through the Networks and Broadcasting segment, the Company operates MTV: MUSIC TELEVISION (R), SHOWTIME (R), NICKELODEON(R)/NICK AT NITE (R) and VH1 MUSIC FIRST (TM), among other program services, and 12 broadcast television and 12 radio stations. Through the Entertainment segment, which includes PARAMOUNT PICTURES (TM) and the Company's approximately 77%- owned subsidiary Spelling Entertainment Group Inc., the Company produces and distributes theatrical motion pictures and television programming. Through the Video and Music/Theme Parks segment, which includes the BLOCKBUSTER(R) family of businesses and PARAMOUNT PARKS (TM), the Company is the leading worldwide owner, operator and franchisor of videocassette rental and sales stores and a leading owner and operator of music stores in the U.S. In addition, PARAMOUNT PARKS owns and operates five theme parks located in the U.S. and Canada. Through the Publishing segment, which includes SIMON & SCHUSTER(R), MACMILLAN PUBLISHING USA(TM) and PRENTICE HALL(R), the Company publishes and distributes educational, consumer, business, technical and professional books, and audio-video software products. Through the Cable Television segment, the Company operates cable television systems serving approximately 1.1 million customers.

The Company was organized in Delaware in 1986 for the purpose of acquiring Viacom International Inc. ("Viacom International"). On March 11, 1994, the Company acquired a majority of outstanding shares of Paramount Communications Inc. ("Paramount Communications") by tender offer; on July 7, 1994, Paramount Communications became a wholly owned subsidiary of the Company, and, on January 3, 1995, Paramount Communications was merged into Viacom International. On September 29, 1994, Blockbuster Entertainment Corporation merged with and into the Company (the "Blockbuster Merger"). On January 20, 1995, the Company agreed to sell its cable television systems to a partnership of which Mitgo Corp., a company wholly owned by Frank Washington, is the general partner, for approximately \$2.3 billion, subject to certain conditions, including receipt of a tax certificate from the Federal Communications Commission ("FCC") and the availability of certain federal tax consequences of the sale advantageous to the Company. The U.S. House of Representatives and the U.S. Senate have each approved a similar version of legislation that would eliminate such tax consequences. The House of Representatives has also approved a compromise version of the bill, which is awaiting Senate approval. The Company has announced that it will not proceed with the agreed transaction in the event that such tax consequences are unavailable. (see "Business -- Regulation"). The Company has also announced that it is considering other options with respect to the disposition of its cable systems and that it intends to proceed with such disposition. On March 10, 1995, the Company sold Madison Square Garden Corporation for closing proceeds of approximately \$1.009 billion, representing the sale price of approximately \$1.075 billion, less an approximately \$66 million working capital adjustment. The net after-tax proceeds of the sale were used to repay indebtedness.

As of March 1, 1995, National Amusements, Inc. ("NAI"), a closely held corporation that owns and operates more than 900 movie screens in the U.S. and the U.K., owned approximately 61% of the Company's voting Class A Common Stock ("Class A Common Stock"), and approximately 26% of the Company's outstanding Class A Common Stock and non-voting Class B Common Stock ("Class B Common Stock") on a combined basis. NAI is not subject to the informational filing requirements of the Securities Exchange Act of 1934, as amended. Sumner M. Redstone, the controlling shareholder of NAI, is the Chairman of the Board of the Company.

The Company's principal offices are located at 1515 Broadway, New York, New York 10036 (telephone 212/258-6000). At December 31, 1994, the Company and its affiliated companies employed approximately 70,000 people, of which approximately 30,700 were full-time salaried employees.

Business

Networks and Broadcasting

Networks. The Company, through MTV Networks ("MTVN"), operates three advertiser-supported basic cable television program services in the U.S.: MTV: MUSIC TELEVISION(R) ("MTV") (including the U.S. feed of MTV LATINO(TM)), VH1 MUSIC FIRST(TM) ("VH1") and NICKELODEON(R)/NICK AT NITE(R). The Company also operates three premium subscription services in the U.S.: SHOWTIME(R), THE MOVIE CHANNEL(TM) and FLIX(TM). Additionally, the Company participates as a joint venture partner in four additional advertiser-supported basic cable program services in the U.S.: USA NETWORK(TM) and the SCI-FI CHANNEL(TM) (both of which are operated by USA Networks), COMEDY CENTRAL(TM), and ALL NEWS CHANNEL(TM). Internationally, the Company owns and operates MTV EUROPE(TM), MTV LATINO(TM), VH-1(TM) in the U.K. and VH-1(TM) in Germany, and participates as a joint venture partner in NICKELODEON U.K. The Company plans to launch MTV ASIA(TM) in the second quarter of 1995, NICKELODEON AUSTRALIA(TM), a premium subscription television service, also in 1995, and VH-1(TM) in Latin America in 1996. The Company has also entered into a joint venture agreement for the development and launch of MTV SOUTH AFRICA(TM) in 1996, and has entered into a joint venture with Ravensburger Film & TV GmbH, which has received a license to launch NICKELODEON(TM) in Germany. The Company also packages satellite-delivered program services for distribution to home satellite dish owners in the U.S. through SHOWTIME SATELLITE NETWORKS(TM).

MTV Networks. Each of MTV, MTV EUROPE, MTV LATINO, NICKELODEON/NICK AT NITE and VH1 (including VH-1 in the U.K.) is a 24-hours-a-day, seven-days-a-week program service transmitted via satellite for distribution by cable television operators and other distributors.

MTV targets young adult viewers from the ages of 12 to 34 with programming that consists primarily of music videos and concerts, music and general lifestyle information, comedy and dramatic series, news specials, interviews, documentaries and other youth-oriented programming. Additionally, international MTV program services are regionally customized to suit the local tastes of their young adult viewers by the inclusion of local music, programming, language content and on-air personalities.

MTV has expanded its business opportunities based on its programming to include, among other enterprises, an MTV line of home videos, merchandise, interactive products and books, and electronic retailing programs. MTV also pursues broadcast network and first-run syndication television opportunities and motion picture development and production through its MTV Productions operation.

MTV was licensed to approximately 54.2 million domestic cable subscribers at December 31, 1994 (based on subscriber counts provided by each cable system). According to the December 1994 sample reports issued by the A.C. Nielsen Company (the "Nielsen Report"), MTV reached approximately 58.7 million domestic subscriber households.

MTV EUROPE is designed to communicate with Europe's youth in their language by providing a high percentage of European-sourced youth programming, including music videos, and focusing on fashion, movies, news, trends and social issues. MTV EUROPE is distributed via cable systems, direct-to-home satellite transmission and terrestrial re-broadcast of the satellite transmission in Europe and certain countries in the former Soviet Union and the Middle East.

According to Pan European Television Audience Research, MTV EUROPE reached approximately 59.1 million subscribers at December 31, 1994.

MTV LATINO, launched in October 1993, reaches subscribers to cable, multichannel, multidistribution systems ("MMDS") and satellite master antenna television systems ("SMATV") and direct-to-home satellite viewers in approximately 20 countries in Latin America and in the U.S. MTV LATINO was distributed to approximately 4.8 million subscribers at December 31, 1994 (based on subscriber counts provided by each distributor of the service).

MTV ASIA, which is expected to launch in the second quarter of 1995, will reach subscribers throughout Asia via cable, terrestrial MMDS, SMATV and direct-to-home satellite dishes. MTV ASIA will consist of two separate satellite feeds, one primarily in Mandarin, the other primarily in English.

I-2

MTVN has licensing arrangements covering the distribution of regionally-specific program services in Brazil and Japan. MTVN also licenses worldwide MTV programs, merchandise and format rights.

NICKELODEON combines acquired and originally produced programs in a pro-social, non-violent format comprising two distinct program units tailored to age-specific demographic audiences. NICKELODEON, targeted to audiences ages 2 to 14 (which includes NICK JR., a program block designed for 2 to 5 year olds), features live-action, animation and original kid game shows. NICK AT NITE primarily attracts an audience ages 18 to 49 and offers "Classic TV(TM)" shows from various eras, including THE DICK VAN DYKE SHOW, THE MARY TYLER MOORE SHOW and TAXI. At December 31, 1994, NICKELODEON was licensed to approximately 55.6 million cable subscribers and NICK AT NITE was licensed to approximately 55.2 million cable subscribers (based on subscriber counts provided by each cable system for each program unit). According to the Nielsen Report, NICKELODEON and NICK AT NITE each reached approximately 60.9 million subscriber households. In 1994, NICKELODEON expanded its brand and character licensing programs in the U.S. and international markets by entering into merchandise agreements throughout the world and by producing audio and video product in the U.S. and Canada for distribution under its agreement with Sony Music Entertainment, Inc. ("Sony Music"). Additionally, NICKELODEON has commenced publication of NICKELODEON books with Simon & Schuster and has introduced "The Big Help" campaign to encourage volunteerism among young people and "U to U", a fully interactive television program.

NICKELODEON in the U.K. is a joint venture of the Company and British Sky Broadcasting Limited and is a 12-hours-a-day, seven-days-a-week satellite-delivered children's programming service which includes original programming produced by NICKELODEON and the joint venture.

VH1 presents music videos, long-form music-based series, original concerts, music-based news segments, fashion, comedy and promotions and targets an audience from the ages of 25 to 44. On October 17, 1994, VH1 was relaunched as VH1 MUSIC FIRST in the U.S. At December 31, 1994, VH1 was licensed to approximately 47.2 million domestic cable subscribers (based on subscriber counts provided by each cable system). According to the Nielsen Report, VH1 reached approximately 49.8 million domestic subscriber households. VH-1 in the U.K. was launched in September 1994 and is distributed to approximately 3.1 million viewers in the U.K. and Ireland via cable systems and direct-to-home satellite transmission as of December 31, 1994 (based on subscriber counts provided by each distributor of the service). VH-1 in Germany was launched in March 1995. The Company has announced plans to launch VH-1 in Latin America in 1996.

MTVN, in exchange for cash and advertising time or promotional consideration only, licenses from record companies the availability of music videos for exhibition on MTV and on MTVN's other basic cable networks. The agreements generally provide that the videos are available for debut by MTVN and that certain videos are subject to exclusive exhibition periods on MTV. In

October 1994, MTVN entered into a music video licensing agreement with Sony Music which licenses to MTVN international exhibition rights in key territories. MTVN's ability to continue to obtain music videos on favorable terms is material to MTVN. (See "Business -- Competition")

MTVN derives revenues principally from two sources: the sale of time on its own networks to advertisers and the license of the services to cable television operators and other distributors. The sale of MTVN advertising time is affected by viewer demographics, viewer ratings and market conditions for advertising time. Adverse changes in general market conditions for advertising may affect MTVN's revenues. MTVN also derives revenues from the license fees paid by cable operators and other distributors which deliver programming by non-cable technologies. In 1994, MTVN derived approximately 59% of its revenues from music programming and approximately 41% of its revenues from children's and other programming.

Showtime Networks Inc. Showtime Networks Inc. ("SNI") operates three 24-hours-a-day, seven-days-a-week commercial-free, premium subscription services: SHOWTIME, offering theatrically released feature films, dramatic series, comedy specials, boxing events, and original movies; THE MOVIE CHANNEL, offering feature films and related programming including film festivals; and FLIX, an added-value premium subscription service featuring movies, primarily from the 1960s, 70s and 80s. SHOWTIME, THE MOVIE CHANNEL and FLIX are offered to cable television operators and other distributors under affiliation agreements which for SHOWTIME and THE MOVIE CHANNEL are generally for a term of three to five years, and in each case are distributed to the systems they serve by means of domestic communications satellites. SHOWTIME, THE MOVIE CHANNEL and FLIX are also offered to distributors for subscription by home satellite dish owners, including United States Satellite Broadcasting Inc., a subsidiary of Hubbard Broadcasting, Inc., which uses high-powered Ku-Band direct broadcast satellite technology. At December 31, 1994, SHOWTIME, THE MOVIE CHANNEL and FLIX, in the aggregate, had approximately 13.5 million cable and other subscribers in approximately 8,800 cable systems as well as other distribution systems in 50 states and certain U.S. territories. In January 1995, SNI and Robert Redford announced plans to launch, in late 1995, the Sundance Film Channel, designed to be a commercial-free 24-hours-a-day, seven-days-a-week premium subscription service featuring independent and foreign language films and documentaries.

I-3

SNI also provides special events, such as sports events, and feature films to licensees on a pay-per-view basis through its operation of SET PAY PER VIEW. For example, SNI recently announced an exclusive multi-year agreement among former heavyweight champion Mike Tyson, Don King Productions, Inc., SNI and SET PAY PER VIEW for the pay-per-view marketing and exhibition of all of Mike Tyson's fights over three years. SNI, through its subsidiary, Showtime Satellite Networks Inc., packages for distribution to home satellite dish owners the Company's wholly owned program services as well as COMEDY CENTRAL, USA NETWORK, the SCI-FI CHANNEL, and certain third-party program services.

In order to exhibit theatrical motion pictures on premium subscription television, SNI enters into commitments to acquire rights, with an emphasis on acquiring exclusive rights for SHOWTIME and THE MOVIE CHANNEL, from major or independent motion picture producers and other distributors. SNI's exhibition rights always cover the U.S. and may, on a contract-by-contract basis, cover additional territories. Theatrical motion pictures are generally exhibited first on SHOWTIME and THE MOVIE CHANNEL after an initial period for theatrical, home video and pay-per-view exhibition and before the period has commenced for standard broadcast television and basic cable television exhibition. Many of the motion pictures which appear on FLIX have been previously available for standard broadcast and other exhibitions.

SNI also arranges for the development, production and, in many cases, distribution of original programs and motion pictures. These original programs and motion pictures premiere on SHOWTIME and certain of such programming is

exploited in various media worldwide.

The cost of acquiring premium television rights to programming is the principal expense of SNI. At December 31, 1994, in addition to program acquisition commitments reflected in the Company's financial statements, SNI had commitments to acquire programming rights at an aggregate cost of approximately \$1.9 billion, most of which is payable over the next seven years as part of SNI's normal programming expenditures. These commitments are contingent upon delivery of motion pictures which are not yet available for premium television exhibition and, in many cases, have not yet been produced.

Joint Ventures. USA Networks, a joint venture of the Company and MCA, Inc. ("MCA"), operates two national advertiser-supported basic cable television networks: USA NETWORK, a general entertainment and sports channel, and the SCI-FI CHANNEL, a science fiction channel. COMEDY CENTRAL, a joint venture of the Company, through MTVN, and Home Box Office ("HBO"), is an advertiser-supported basic cable television comedy service. ALL NEWS CHANNEL, a joint venture of a subsidiary of the Company and Conus Communications Company Limited Partnership, a limited partnership whose managing general partner is Hubbard Broadcasting, Inc., consists of national and international news, weather, sports and business news. Each of USA NETWORK, the SCI-FI CHANNEL, COMEDY CENTRAL and ALL NEWS CHANNEL is a 24-hours-a-day, seven-days-a-week service.

Broadcasting. The Company owns and operates 12 television stations and 12 radio stations. All of the television and radio stations operate pursuant to the Communications Act of 1934, as amended (the "Communications Act"), and licenses granted by the FCC, which are renewable every five years in the case of television stations and every seven years in the case of radio stations.

The Company's strategy has been to acquire independent television stations in the top 20 U.S. markets to the extent advantageous in conjunction with the Company's formation of the United Paramount Network ("UPN") (See "Business -- Entertainment"). The Company acquired WSBK-TV, serving Boston, Massachusetts, on March 7, 1995 and has entered into agreements to acquire WGBS-TV, serving Philadelphia, Pennsylvania and WBFS-TV, serving Miami, Florida. The Company sold WLFL-TV, serving Raleigh/Durham, North Carolina, on January 17, 1995 and has entered into agreements to sell WTXF-TV, serving Philadelphia, Pennsylvania and KRRT-TV, serving San Antonio, Texas. The table below sets forth a list of the 12 television properties owned and operated by the Company at March 31, 1995.

The Company has undertaken to divest two stations in the Washington, D.C. market as a result of multiple ownership issues arising from the acquisition of Paramount Communications (See "Business -- Regulation"). On March 22, 1995, the Company sold KSOL-FM, serving San Francisco, California, and KYLZ-FM, serving Santa Cruz/San Jose, California.

Entertainment

The Entertainment segment's principal businesses are the production and distribution of motion pictures and television programming as well as movie theater operations and new media and interactive services.

Theatrical Motion Pictures. Through PARAMOUNT PICTURES(TM), the Company produces, finances and distributes feature motion pictures. Motion pictures are produced by PARAMOUNT PICTURES, produced by independent producers and financed in whole or in part by PARAMOUNT PICTURES, or produced by others and acquired by PARAMOUNT PICTURES. Each picture is a separate and distinct product with its financial success dependent upon many factors, among which cost and public response are of fundamental importance. Feature motion pictures are produced or acquired for distribution, normally for exhibition in U.S. and foreign theaters followed by videocassettes and discs, pay-per-view television, premium subscription television, network television, and basic cable television and syndicated television exploitation. During 1994, PARAMOUNT PICTURES released 16 feature motion pictures, including FORREST GUMP, winner of six Academy Awards including "Best Picture", STAR TREK: GENERATIONS, NOBODY'S FOOL, and CLEAR AND PRESENT DANGER. PARAMOUNT PICTURES plans to release approximately 16 to 18 films in 1995. In seeking to maximize PARAMOUNT PICTURES' output, while decreasing its financial exposure, the Company has entered into agreements to distribute films produced and/or financed by other parties. For example, entities associated with the Company have agreements with companies with which Michael Douglas and Steven Reuther are associated, for the production and/or financing of 12 films over four years. PARAMOUNT PICTURES also has an agreement with Lakeshore Entertainment Corporation ("Lakeshore") for the distribution by PARAMOUNT PICTURES of 15 films to be produced by Lakeshore over five years. In addition, PARAMOUNT PICTURES entered into an agreement with Columbia Pictures for PARAMOUNT PICTURES' upcoming feature film THE INDIAN IN THE CUPBOARD, which will be co-financed by the studios and for which they will

divide distribution rights and revenues.

PARAMOUNT PICTURES distributes its motion pictures for theatrical release outside the U.S. and Canada through United International Pictures ("UIP"), a company owned by entities associated with the Company, MGM and MCA. PARAMOUNT PICTURES distributes its motion pictures on videocassette and disc in the U.S. and Canada through Paramount Home Video and outside the U.S. and Canada, through Cinema International B.V., a joint venture of entities associated with the Company and MCA. PARAMOUNT PICTURES has an exclusive premium subscription television agreement with HBO for exhibition of PARAMOUNT PICTURES' new releases on domestic premium subscription television, which includes new PARAMOUNT PICTURES motion pictures released theatrically through December 1997. PARAMOUNT PICTURES also distributes its motion pictures for premium subscription television release outside the U.S. and Canada through UIP and is a joint venture partner in HBO Pacific Partners C.V., Latin American Pay Television Service, VOF, Telecine Programacao de Filmes Ltda., and Pay-TV Movies Australia, which are premium television services in Asia, Spanish-speaking Latin America, Brazil and Australia, respectively. PARAMOUNT PICTURES also licenses its motion pictures to home and hotel/motel pay-per-view, airlines, schools and universities. UIP and United Cinemas International ("UCI", as described below) are the subject of various governmental inquiries by the Commission of the European Community ("EC") and Monopolies and Mergers Commission of the U.K. Such inquiries are not expected to have a material effect on the Company (See "Business -- Competition"). Most motion pictures are also licensed for exhibition on television, including basic cable television, with fees generally collected in installments.

All of the above license fees for television exhibition (including international and domestic premium television and basic cable television) are recorded as revenue in the year that the films are available for such exhibition, which, among other reasons, may cause substantial fluctuation in PARAMOUNT PICTURES' operating results. At December 31, 1994, the unrecognized revenues attributable to such licensing of completed films from PARAMOUNT PICTURES' license agreements were approximately \$574.7 million. PARAMOUNT PICTURES has over 900 motion pictures in its library.

Television Production and Syndication. The Company also produces and distributes series, miniseries, specials and made-for-television movies for network television, first-run syndication, premium subscription and basic cable television, videocassettes and video discs, and live television programming. As a result of the Blockbuster Merger, the Company acquired approximately 77% of Spelling Entertainment Group Inc. ("Spelling"), which includes Spelling Television, Republic Pictures and Worldvision Enterprises ("Worldvision").

I-6

The Company's current network programming includes FRASIER, WINGS, THE MOMMIES, THE MARSHAL, SISTER, SISTER, DIAGNOSIS: MURDER and MATLOCK, and through Spelling, BEVERLY HILLS, 90210 and MELROSE PLACE. Generally, a network will license a specified number of episodes for exhibition on the network in the U.S. during the license period. All other distribution rights, including foreign and off-network syndication rights, are retained by the Company. The episodic license fee is normally less than the Company's and Spelling's respective costs of producing each series episode; however, in many cases, the Company has been successful in obtaining international sales through its and Spelling's respective syndication operations. Foreign sales are generally concurrent with U.S. network runs. Generally, a series must have a network run of at least four years to be successfully sold in syndication.

The Company produces television programming for first-run syndication which programs are sold directly to television stations in the U.S. on a market-by-market basis. The Company sells its programs to television stations for cash, advertising time or a combination of both. Where a product is licensed in exchange for advertising time, through what are known as "barter agreements", a broadcaster agrees to give the Company a specified amount of advertising time, which the Company subsequently sells. The Company's first-run syndicated

programming includes such shows as STAR TREK: DEEP SPACE NINE, ENTERTAINMENT TONIGHT, HARD COPY, SIGHTINGS, THE MAURY POVICH SHOW, THE MONTEL WILLIAMS SHOW and THE JON STEWART SHOW. PARAMOUNT PICTURES recently entered into an agreement with Procter & Gamble Productions, Inc. ("P&G") pursuant to which P&G will co-finance certain network and first-run syndicated programming produced by PARAMOUNT PICTURES during the term of the agreement.

The Company produces original programming, including STAR TREK: VOYAGER, PLATYPUS MAN, PIGSTY and THE WATCHER, for UPN. UPN launched on January 16, 1995 in more than 95 U.S. television markets and currently provides to its affiliates four hours per week of primetime programming. UPN is currently 100% owned by subsidiaries of BHC Communications, Inc. ("BHC"), an affiliate of Chris Craft Industries, Inc. The Company has an option exercisable through January 15, 1997 to acquire an interest in UPN equal to that of BHC and its subsidiaries for a price equivalent to approximately one-half of BHC's aggregated cash contributions to UPN through the exercise date, plus market-based interest.

The Company distributes or syndicates television series, feature films, made-for-television movies, miniseries and specials for television exhibition in domestic and/or international broadcast, cable and other marketplaces. Feature film and television properties distributed by the Company are produced by the Company and/or Spelling or acquired from third parties. Third party agreements for the acquisition of distribution rights are generally long-term and exclusive in nature; such agreements frequently guarantee a minimum recoupable advance payment to such third parties and generally provide for periodic payment to such third parties based on the amount of revenues derived from distribution activities after deduction of the Company's percentage distribution fee, recoupment of distribution expenses and recoupment of any advance payments. The Company and Worldvision together control the rights to distribute substantially all of the pre-1971 libraries of CBS, NBC and ABC.

The receipt and recognition of revenues for license fees for completed television programming in syndication and on basic cable is similar to that of feature films exhibited on television and, consequently, operating results are subject to substantial fluctuation. At December 31, 1994, the unrecognized revenues attributable to television program license agreements were approximately \$486.4 million.

Theatrical Exhibition. The Company's movie theater operations consist primarily of Famous Players in Canada, UCI and Films Paramount in Europe, and Cinamerica in the Western U.S. Famous Players operates 465 screens in 109 theaters throughout Canada. UCI, a 50%-owned joint venture of entities associated with the Company and MCA, operates 247 screens in 26 theaters in the U.K. and Ireland, 51 screens in four theaters in Germany, nine screens in one theater in Austria and 81 screens in 25 theaters in Spain. UCI also manages in six countries, 31 screens in 17 theaters which are owned by Cinema International Corporation, a joint venture with MCA. Films Paramount operates seven screens in one theater in France. Cinamerica, a 50%-owned joint venture of entities associated with the Company and Time Warner Inc., includes Mann and Festival Theaters and operates 349 screens in 65 theaters in California, Colorado, Arizona and Alaska.

New Media and Interactive Services. Viacom Interactive Media is comprised of Viacom New Media and Viacom Interactive Services. Viacom New Media develops, produces, publishes, markets and distributes interactive software on a wide variety of platforms. Viacom New Media derives its content from brands and franchises developed by Viacom's business units, including PARAMOUNT PICTURES, MTV Networks and Paramount Television, and also secures outside licenses and acquisitions. In 1994, Viacom New Media released 12 titles, some of which were released for multiple platforms; the titles represent 16 stock keeping units ("sku's"). In 1995, Viacom New Media expects to release 12 new titles, representing 29 sku's. Viacom Interactive Services collaborates with the Company's various business units to develop their respective on-line and

interactive television environments. The Company, through Spelling, also owns 90% of Virgin Interactive Entertainment Ltd. ("Virgin"), a leading video game producer with a library of more than 100 titles which distributes video games in approximately 30 countries. In 1994, Virgin released 54 titles, some of which were released for multiple platforms; the titles represent 90 sku's. In 1995, Virgin expects to release 71 new titles, representing 130 sku's.

Video and Music/Theme Parks

The Company operates in the home video retailing and rental business, music retailing business, and theme parks business through its Blockbuster Entertainment Group ("Blockbuster").

Home Video Retailing. Blockbuster is the leading worldwide owner, operator and franchisor of videocassette rental and sales stores. BLOCKBUSTER VIDEO (R) stores range in size from approximately 3,800 square feet to 11,500 square feet, and generally carry a comprehensive selection of 7,000 to 13,000 prerecorded videocassettes, consisting of more than 5,000 titles.

At December 31, 1994, there were 4,069 video stores in Blockbuster's system, of which 3,067 were Blockbuster-owned and 1,002 were franchise-owned. Blockbuster-owned video stores at December 31, 1994 included 711 stores operating under the "Ritz" and "Blockbuster Video Express" trade names in Europe. At December 31, 1994, the BLOCKBUSTER VIDEO system operated in all 50 states and 13 foreign countries. The Company expects to add approximately 650 stores systemwide in 1995. Also in 1995, the Company entered into franchise agreements pursuant to which BLOCKBUSTER VIDEO stores will be opened in Columbia, Peru and Thailand, and the Company formed a joint venture with Burda, one of Germany's largest publishers, to develop BLOCKBUSTER VIDEO stores in Germany. During the first quarter of 1995, 132 small video stores operating under the "Ritz" trade name in the U.K. were closed in connection with the Company's conversion of "Ritz" stores to "Blockbuster Video Express" stores.

The Company's home video business may be affected by a variety of factors, including but not limited to, general economic trends, acquisitions made by the Company, additional and existing competition, marketing programs, weather, special or unusual events, variations in the number of store openings, the quality of new release titles available for rental and sale, and similar factors that may affect retailers in general. As compared to other months of the year, revenue from BLOCKBUSTER VIDEO stores in the U.S. has been, and the Company believes will continue to be, subject to decline during the months of April and May, due in part to the change to Daylight Savings Time, and during the months of September, October and November, due in part to the start of school and the introduction of new television programs.

Music Retailing. Through music stores operating under the "Blockbuster Music" trade name, Blockbuster is among the largest specialty retailers of prerecorded music in the United States. At December 31, 1994, Blockbuster owned and operated 542 music stores in 34 states. These music stores range in size from 900 to 24,600 square feet and generally carry a comprehensive selection of 25,000 to 135,000 compact discs and audio cassettes consisting of up to 60,000 titles.

The Company's music business may be affected by a variety of factors, including but not limited to, general economic trends and conditions in the music industry, including the quality of new titles and artists, existing and additional competition, changes in technology, and similar factors that may affect retailers in general. The Company's music business is seasonal, with higher than average monthly revenue experienced during the Thanksgiving and Christmas seasons, and lower than average monthly revenue experienced in September and October.

Theme Parks. The Company, through PARAMOUNT PARKS (TM), owns and operates five regional theme parks in the U.S. and Canada: Paramount's Carowinds, in Charlotte, North Carolina; Paramount's Great America, in Santa Clara, California; Paramount's Kings Dominion located near Richmond, Virginia;

Paramount's Kings Island located near Cincinnati, Ohio; and Paramount Canada's Wonderland located near Toronto, Ontario. Substantially all of the theme parks' operating income is generated from May through September. In December 1994, PARAMOUNT PARKS and Hilton Hotels Corporation agreed to launch STAR TREK: THE EXPERIENCE, a futuristic-themed, interactive environment within the Las Vegas Hilton which is expected to open in late 1996.

Other Entertainment. At December 31, 1994, the Company owned approximately 49.6% of the outstanding common stock of Discovery Zone, Inc. ("Discovery Zone") (approximately 36.7% on a fully diluted basis). Discovery Zone owns, operates and franchises large indoor recreational spaces known as FunCenters, and operates Leaps and Bounds indoor entertainment and fitness facilities. Blockbuster is also a partner in a joint venture with Discovery

I-8

Zone to develop up to 10 FunCenters in the U.K. The Company accounts for its interest in Discovery Zone as an equity interest. Through joint ventures with Sony Music and PACE Entertainment Corporation, the Company operates seven amphitheatres in the U.S., with plans to open an eighth amphitheater in mid-1995. Through PARAMOUNT PARKS, the Company owns five additional amphitheatres. Through PARAMOUNT PARKS, the Company owns and operates BLOCK PARTY (TM) entertainment centers in Indianapolis, Indiana and Albuquerque, New Mexico, each of which were opened in January 1995. The Company also owns an approximately 35% interest in Catapult Entertainment, Inc., a company which has established a service enabling multiple video game players to compete against one another from different locations in "real time" by modem without requiring modification to either hardware or software.

Publishing

The Company, principally through Simon & Schuster and affiliated companies, publishes and distributes hardcover and paperback books, educational textbooks, supplemental educational materials and multimedia products, and provides information and reference services for business and professions. In February 1994, Simon & Schuster completed the acquisition of the U.S. publishing assets of Macmillan, Inc. for approximately \$553 million. Simon & Schuster's well-known imprints include SIMON & SCHUSTER, THE FREE PRESS, POCKET BOOKS, MACMILLAN PUBLISHING USA, PRENTICE HALL, SCRIBNER, SILVER BURDETT GINN, ALLYN AND BACON, COMPUTER CURRICULUM CORPORATION and EDUCATIONAL MANAGEMENT GROUP, among others. Simon & Schuster distributes its books directly and through third parties on a retail and wholesale basis.

Educational Publishing. The Elementary, Secondary, Higher Education and Educational Technology divisions publish elementary, secondary and college textbooks and related materials, computer-based educational products, audiovisual products and vocational and technical materials under such imprints as PRENTICE HALL, SILVER BURDETT GINN and ALLYN AND BACON, among others. In February 1995, Simon & Schuster acquired all of the outstanding stock of Educational Management Group Inc., an interactive telecommunications company that develops and distributes customized instructional materials and live interactive television services to schools and reaches more than one million students in 3,500 schools. Computer Curriculum Corporation delivers multimedia coursework to more than 1.5 million students in approximately 8,000 schools in six countries. The educational marketplace is subject to seasonal fluctuations in its business which correlate to the traditional school year. Sales to elementary and secondary schools are dependent, in part, on the "adoption" or selection of instructional materials by designated state agencies. 22 states and some localities limit the textbooks that may be purchased with state funds to those books that have been approved by the adoption authority.

Consumer Publishing. The Consumer division publishes and distributes hardcover, trade paperback and mass market books under imprints including SIMON & SCHUSTER, POCKET BOOKS, SCRIBNER, THE FREE PRESS, SIMON & SCHUSTER TRADE PAPERBACK, which includes FIRESIDE, TOUCHSTONE, SCRIBNER PAPERBACK FICTION and

SIMON & SCHUSTER LIBROS AGUILAR ESPANOL as well as SIMON & SCHUSTER CHILDREN'S PUBLISHING, which includes ALADDIN PAPERBACKS, ATHENEUM BOOKS FOR YOUNG READERS, LITTLE SIMON, MARGARET K. McELDERRY BOOKS, and SIMON & SCHUSTER BOOKS FOR YOUNG READERS. In 1994, the Consumer division announced the formation of Simon & Schuster New Media, combining Simon & Schuster Audio, the world's largest publisher of audio books, with the newly created Simon & Schuster Interactive, which has 15 CD-ROM titles scheduled for publication in 1995. The consumer marketplace is subject to increased periods of demand in the summer months and during the end-of-year holiday season.

Business, Training and Healthcare Publishing. Through a wide variety of imprints, Simon & Schuster publishes a full range of business, professional training, and medical healthcare information products, including books, newsletters, journals, seminars, videos, loose-leaf series and multimedia programs. Operating units include The New York Institute of Finance, Appleton & Lange, Jossey-Bass, The Bureau of Business Practice, and Prentice Hall Direct.

Reference Publishing - Macmillan Publishing USA. Macmillan Publishing USA, the umbrella identity of Simon & Schuster's reference publishing operations, is the industry leader in computer book publishing and a leader in home/library reference publishing. The unit's imprints include MACMILLAN

I-9

COMPUTER PUBLISHING USA (QUE, SAMS, HAYDEN BOOKS, NEW RIDERS PUBLISHING, BRADY GAMES), MACMILLAN GENERAL REFERENCE USA (ARCO, BETTY CROCKER, BURPEE, FROMMER'S TRAVEL GUIDES, HARRAP'S BILINGUAL DICTIONARIES, HOWELL BOOK HOUSE, MONARCH NOTES, J.K. LASSER, THE PLACES RATED ALMANAC, THE UNOFFICIAL GUIDES, WEBSTER'S NEW WORLD), MACMILLAN LIBRARY REFERENCE USA (CHARLES SCRIBNER'S SONS, G.K. HALL, MACMILLAN REFERENCE USA) and MACMILLAN DIGITAL USA, which publishes computer books and reference content in electronic formats.

International. The International Group publishes approximately 650 titles each year, primarily in the areas of academic, computer, English language training, and professional publishing in 10 languages and 34 countries outside North America. The International Group also maintains co-publishing partnerships in 14 countries, such as Japan (Toppan and Impress) and Hungary (Novotrade), whose operations include distribution of U.S. product, local language translation and adaptation of U.S. product, and indigenous publishing. In January 1995, the Company acquired German computer book publisher Markt & Technik, enhancing the Company's position as the world's largest computer book publisher and providing greater opportunities for expansion into other European markets, particularly Eastern Europe.

Cable Television

Cable Operations. At December 31, 1994, the Company, through Viacom Cable Television ("Viacom Cable"), was approximately the 12th largest multiple cable television system operator in the U.S. with approximately 1.1 million subscribers. On January 20, 1995, the Company agreed to sell its cable television systems to a partnership of which Mitgo Corp., a company wholly owned by African American businessman Frank Washington, is the general partner, for approximately \$2.3 billion, subject to certain conditions, including receipt of a tax certificate from the FCC and the availability of certain federal tax consequences of the sale advantageous to the Company. The U.S. House of Representatives and the U.S. Senate have approved a similar version of legislation that would eliminate such tax consequences. The House of Representatives has also approved a compromise version of the bill, which is awaiting Senate approval. The Company has announced that it will not proceed with the agreed transaction in the event that such tax consequences are unavailable (see "Business -- Regulation"). The Company has also announced that it is considering other options with respect to the disposition of its cable systems and that it intends to proceed with such disposition. Viacom Cable's systems are operated pursuant to non-exclusive franchises granted by local governing authorities.

In most of its systems, Viacom Cable offers two tiers of primary (i.e., non-premium) service: "Limited Service", which consists generally of local and distant broadcast stations and all public, educational and governmental ("PEG") channels required by local franchise authorities; and the "Satellite Value Package", which provides additional channels of satellite-delivered cable networks. Monthly service fees for these two levels of primary service constitute the major source of the systems' revenue. In addition, Viacom Cable has introduced a third tier of non-premium service which qualifies as a non-regulated "new product tier" under the Cable Television Consumer Protection and Competition Act of 1992 (the "1992 Cable Act") in its Nashville, Tennessee, Pittsburg, California, Puget Sound South and most of its Puget Sound North and Central systems. Each such tier consists of five channels of advertiser-supported cable networks.

The monthly service fees for Limited Service and the Satellite Value Package are regulated under the 1992 Cable Act (See "Business -- Regulation"). The Company offers customers the Company's own basic program services (including joint venture program services) as well as third-party services. None of Viacom Cable's systems is presently exempt from rate regulation under the 1992 Cable Act. The new product tiers mentioned above are not rate regulated at the present time, but the FCC has reserved the right to reopen the issue of rate regulation for new product tiers in the future.

Viacom Cable offers premium cable television programming, including the Company's premium subscription television services, to its customers for an additional monthly fee of up to \$11.95 per premium service. At December 31, 1994, the Company's cable television systems had approximately 875,000 subscriptions to premium cable television program services.

I-10

Viacom Cable also derives revenues from the lease of certain fiber optic capacity in three of its markets to partnerships engaged in competitive access telephone services and in all of its markets from advertising sales and sharing of revenues from sales of products on home shopping services offered by Viacom Cable to its customers.

Cable operators require substantial capital expenditures to construct systems and significant annual expenditures to maintain, rebuild and expand systems. System construction and operation and quality of equipment used must conform with federal, state and local electrical and safety codes and certain regulations of the FCC. Viacom Cable, like many other cable operators, is analyzing potential business applications for its broadband network, including interactive video, video on demand, data services and telephony. These applications, either individually or in combination, may require technological changes such as fiber optics and digital compression. Although management believes the equipment used in the cable operations is in good operating condition, except for ordinary wear and tear, the Company invests significant amounts each year to upgrade, rebuild and expand its cable systems. During the last five years, Viacom Cable's capital expenditures were as follows: 1990: \$46 million; 1991: \$45 million; 1992: \$55 million; 1993: \$79 million; and 1994: \$100 million. The Company expects that Viacom Cable's capital expenditures in 1995 will be approximately \$135 million. A substantial amount of the capital expenditures for 1995 will be reimbursed by the buyer if the proposed sale of Viacom Cable is consummated.

Viacom Cable has constructed a fiber optic cable system in Castro Valley, California to provide more channels with significantly better picture quality, and to accommodate testing of new services including an interactive on-screen programming guide known as StarSight (in which consolidated affiliates of the Company currently have an approximately 25% equity interest on a combined basis), other interactive programs with Viacom Interactive Media, video-on-demand services, multiplexed services, and advanced interactive video and data services.

Intellectual Property

It is the Company's practice to maintain U.S. and foreign legal protection for its theatrical and television product, software, publications and its other original and acquired works. The following logos and trademarks are among those strongly identified with the product lines they represent and are significant assets of the Company: VIACOM (R), the BLOCKBUSTER (R) family of marks, MACMILLAN (R), MTV: MUSIC TELEVISION (R), NICK AT NITE (R), NICKELODEON (R), the PARAMOUNT (R) family of marks, POCKET BOOKS (TM), SIMON & SCHUSTER (R), SHOWTIME (R) and VH1 MUSIC FIRST (TM).

COMPETITION

Networks

MTVN. MTVN services are in competition for available channel space on existing cable systems and for fees from cable operators and alternative media distributors, with other cable program services, and nationally distributed and local independent television stations. MTVN also competes for advertising revenue with other cable and broadcast television programmers, and radio and print media. For basic cable television programmers, such as MTVN, advertising revenues derived by each programming service depend on the number of households subscribing to the service through local cable operators and other distributors.

I-11

At December 31, 1994, there were 31 principal cable program services and superstations, each with over 10 million subscribers, under contract with A.C. Nielsen Company, including MTV, VH1, NICKELODEON (including NICKELODEON and NICK AT NITE program segments), USA NETWORK and the SCI-FI CHANNEL. The Nielsen Report ranked USA NETWORK fourth, NICKELODEON/NICK AT NITE seventh, MTV twelfth, VH1 sixteenth and the SCI-FI CHANNEL twenty-sixth, in terms of subscriber households.

Certain major record companies have announced plans to launch music-based program services in the U.S. and internationally. Major worldwide record companies have attempted to license their music videos to MTV EUROPE only on a collective basis, the lawfulness of which is being challenged by MTV EUROPE (See "Item 3. Legal Proceedings").

SNI. Competition among premium subscription television program services is primarily dependent on: (1) the acquisition and packaging of an

adequate number of recently released quality motion pictures; and (2) the offering of prices, marketing and advertising support and other incentives to cable operators and other distributors so as to favorably position and package SNI's premium subscription television program services to subscribers. HBO is the dominant company in the premium subscription television category, offering two premium subscription television program services, the HBO service and Cinemax. SNI is second to HBO with a significantly smaller share of the premium subscription television category. In addition, in February 1994, Encore Media Corp. (an affiliate of Tele-Communications, Inc.) launched Starz!, a premium subscription television program service featuring recently released motion pictures, in competition with SNI's premium program services.

General. The Company's antitrust suit against Tele-Communications, Inc., et al., which is pending in the Southern District of New York, is currently suspended pending satisfaction of certain conditions, which, if satisfied, would lead to settlement of the action. (See "Item 3. Legal Proceedings")

The potential exists that one or more telephone companies ("telcos"), either individually or in groups, will enter the business of creating and distributing program services, both inside and outside their respective service areas (See "Cable Television -- Video Dialtone Regulations" below). The Company cannot predict the impact that telco entry into those businesses may have on the Company's program services.

Broadcasting

The principal methods of competition in the television and radio broadcasting field are the development of audience interest through programming and promotions. Unlike broadcast station owners which seek network affiliates, the Company's strategy has been to seek to acquire independent stations each of which will be primarily affiliated with UPN. At this time, UPN has very limited programming and, to the extent that the Company acquires independent affiliates, there will be a need for those stations to acquire additional programming. Television and radio stations also compete for advertising revenues with other stations in their respective coverage areas and with all other advertising media. They also compete with various other forms of leisure time activities, such as cable television systems and audio players and video recorders. These competing services, which may provide improved signal reception and offer an increased home entertainment selection, have been in a period of rapid development and expansion. Technological advances and regulatory policies will have an impact upon the future competitive broadcasting environment. In particular, recent FCC liberalization of its radio station ownership limits will allow for increased group ownership of stations. However, the Company is unable to predict what impact these rule changes will have on its businesses in their markets. ("See Business -- Regulation")

Direct broadcast satellite ("DBS") distribution of programs commenced in 1994. Additionally, the FCC has issued rules which may significantly increase the number of multipoint distribution service systems (i.e., the distribution of video services on microwave frequencies which can only be received by special microwave antennas). The FCC has also authorized video uses of certain frequencies which have not traditionally been used or permitted for commercial video services and has issued rules which will increase the number of FM and AM stations. The FCC is also considering authorizing digital audio broadcasts, which could ultimately permit increased radio competition by satellite delivery of audio stations directly to the home (or to cars) and result in an increased spectrum being used for digital delivery of radio signals, and it has authorized and is in the process of licensing low-power television stations ("LPTV stations") that may serve various communities with coverage areas smaller than those served by full conventional television stations. Because of their coverage limitations, LPTV stations may be allocated to communities which cannot accommodate a full-power television station because of technical requirements.

Entertainment

The Company's entertainment businesses compete with all forms of entertainment. The Company competes intensely with other major studios and independent film producers in the production and distribution of motion pictures and video cassettes. Similarly, as a producer and distributor of television programs, the Company competes with other studios and independent producers in the licensing of television programs to both networks and independent television stations. PARAMOUNT PICTURES' competitive position primarily depends on the quality of the product produced, public response and cost. The Company also competes to obtain creative talents and story properties which are essential to the success of all of the Company's entertainment businesses. UIP and UCI are the subject of various governmental inquiries by the EC and the Monopolies and Mergers Commission of the U.K. Such inquiries are not expected to have a material effect on the Company's businesses.

In addition to the competitive factors applicable to all areas of the entertainment industry, the marketplace for interactive entertainment is also characterized by the rapid evolution of distribution technologies.

Video

The home video retail business is highly competitive. The Company believes that the principal competitive factors in the business are title selection, number of copies of titles available, the quality of customer service and, to a lesser extent, pricing. The Company believes that it has generally addressed the selection and service demands of consumers more adequately than most of its competitors.

The Company and its franchise owners compete with video retail stores, as well as supermarkets, drug stores, convenience stores, book stores, mass merchandisers and others. The Company believes that the success of its business depends in part on its large and attractive Company-owned and franchise-owned BLOCKBUSTER VIDEO stores offering a wider selection of titles and larger and more accessible inventory than its competitors, in addition to more convenient store locations, faster and more efficient computerized check-in/check-out procedures, extended operating hours, effective customer service and competitive pricing.

The Company's business is also dependent on the pricing of videocassettes by distributors since such pricing significantly influences whether a title is marketed by retailers primarily for rental or sale (or "sell-thru") to consumers. Since the Company has a larger share of the rental market than the sell-thru market and since its margins are generally higher for rental product than for sell-thru market, an increase in the number of sell-thru titles may have an adverse impact on the Company's business.

In addition to competing with other home video retailers, the Company and its franchise owners compete with all other forms of entertainment and recreational activities including, but not limited to, movie theaters, network television and other events, such as sporting events. The Company also competes with cable television, which includes pay-per-view television. Currently, pay-per-view television provides less viewing flexibility to the consumer than videocassettes, and the more popular movies are generally available on videocassette prior to appearing on pay-per-view television. However, technological advances could result in greater viewing flexibility for pay-per-view or in other methods of electronic delivery, and such developments could have an adverse impact on the Company and its franchise owners' businesses.

Several consumer product companies have recently announced plans to introduce a new product to exhibit prerecorded filmed entertainment products on television. The product, the digital video disc player, is to be based on digital technology and would permit a film that is recorded in digital format on a compact disc to be exhibited on a standard television set. This new technology is said to offer significant benefits to consumers by enabling distributors to produce a lower cost, higher quality product than videocassettes. The Company is unable to determine at this time whether and, if so, when, this new format will be introduced into the marketplace, whether it

will gain significant consumer acceptance generally or among the Company's customers. As a result, the Company is unable to determine the impact this new format will have on the Company's business.

I-13

Music

The retail sale of prerecorded music and related products is highly competitive among numerous chain and department stores, discount stores, mail order clubs and specialty music stores. Some mail order clubs are affiliated with major manufacturers of prerecorded music and may have advantageous marketing arrangements with their affiliates. As music stores generally serve individual or local markets, competition is fragmented and varies substantially from one location or geographic area to another. The Company believes that its ability to compete successfully in the music retailing business depends on its ability to secure and maintain attractive and convenient locations, manage merchandise efficiently, offer broad merchandise selections at competitive prices and provide effective service to its customers.

The retailing of certain prerecorded music products has changed during the past year. A large number of mass merchandisers have begun to sell new releases at or, in certain cases, below cost in order to attract customers into their stores and generate sales of other products. In an attempt to remain competitive, the Company has reduced the price at which it sells these products, resulting in lower revenue. The Company believes that this practice may continue for a period of time as mass merchandisers continue to open stores and build their customer base.

Theme Parks

The Company's theme parks compete with other theme parks in their respective geographic regions as well as with other forms of leisure entertainment. The profitability of the leisure-time industry is influenced by various factors which are not directly controllable, such as economic conditions, amount of available leisure time, oil and transportation prices and weather patterns. The Company believes that its intellectual properties will enhance existing attractions and facilitate the development of new attractions to encourage visitors to PARAMOUNT PARKS.

Publishing

Competition in the elementary, secondary and higher education textbook and the trade and paperback book fields is intense, with a number of strong competitors. In addition, the acquisition of publication rights to important book titles is highly competitive and the Company competes with numerous other book publishers. In the field of elementary and secondary school textbooks, 22 states and some local jurisdictions limit the textbooks that may be bought by school systems with state funds to those books that have been approved by adoption or listing. In the higher education textbook field, new books compete with used books. In addition, book piracy affects sales in certain foreign markets. A large portion of annual sales of educational textbooks is made during the June to September period. In certain areas of publishing, books are usually sold on a fully-returnable basis resulting in significant product returns to publishers. In the field of information services to businesses and professionals, there are numerous organizations that provide competitive materials and services.

Cable Television

The Company's cable systems operate pursuant to non-exclusive franchises granted by local governing authorities (either municipal or county) and compete for viewers with other distribution systems which deliver programming by microwave transmission (MDS or MMDS) and SMATV or directly to subscribers via either "TVRO" or DBS technology. The strength of competition depends upon the reliability, programming and pricing of such alternative

distribution systems. Digital compression may allow cable systems to significantly increase the number of channels of programming they deliver and thereby help cable systems meet competition from these other distribution systems.

The Company views the future success of the cable business as being dependent on supplying additional programming and new services to its customers and increasing primary and premium subscriber penetrations.

I-14

As the Company's cable television systems are franchised on a non-exclusive basis, other cable operators have been franchised and may continue to apply for franchises in certain areas served by the Company's cable systems. In addition, the 1992 Cable Act prohibits a franchisor from granting exclusive franchises and from unreasonably refusing to award additional competitive franchises.

The entry of telcos into the cable television business may provide additional competition to the cable industry. Current prohibitions against telcos engaging in the cable television business within their local service areas have been held by some courts to be unconstitutional and, although these decisions are being appealed, the FCC, on March 17, 1995, issued a public notice announcing that it will no longer enforce its cross-ownership rules in the Fourth and Ninth Circuits. A significant number of the Company's cable franchise areas are in the Ninth Circuit. In addition, the FCC has adopted video dialtone ("VDT") regulations which allow delivery of video programming over telephone lines without the requirement to obtain a franchise and the FCC has proposed substantial revisions to such regulations (See "Business -- Regulation"). The Company is a general partner in three partnerships providing commercial competitive access services which link business customers to long distance carriers via private networks owned by the cable television company partners and leased to the partnerships. These interests will be sold if the proposed sale of the Company's cable systems is consummated.

REGULATION

The Company's networks, broadcasting, entertainment, video and music distribution, publishing, and cable television businesses are subject to regulation by federal, state and local governmental authorities, and its broadcast television, production and distribution operations are affected thereby. The rules, regulations, policies and procedures affecting these businesses are constantly subject to change. The descriptions which follow are summaries and should be read in conjunction with the texts of the statutes, rules and regulations described herein. The descriptions do not purport to describe all present and proposed federal, state and local statutes, rules and regulations affecting the Company's businesses.

Intellectual Property

The Company conducts many of its businesses through the control and exploitation of the numerous copyrights and trademarks underlying its products and licenses; therefore, domestic and international laws affecting intellectual property have significant importance to the Company. Congress is currently considering revisions to the Copyright Act of 1976 (the "Copyright Act"), including extension of the protection term by 20 years, and the creation of a performance right for digital performances of sound recordings. Congress may also consider legislation to update the Copyright Act to take into account new technological developments relating to the distribution of copyrighted materials.

COMPULSORY COPYRIGHT. Cable television systems are subject to the Copyright Act which provides a compulsory license for carriage of distant broadcast signals at prescribed rates (the proceeds are divided among the various copyright holders of the programs contained in such signals). No license fee is payable to any program copyright holder for retransmission of broadcast signals which are "local" to the communities served by the cable system (see "Regulation -- Cable Television").

The Copyright Act also provides a similar compulsory license for satellite services. Legislation adopted in the 104th Congress extended the satellite compulsory license for five years, raised the fees paid to carry broadcast signals, and, beginning in 1996, requires the fees to be set through negotiations and binding arbitration rather than by law, taking into account fair market value. The law also includes a provision eliminating the requirement that cable operators pay compulsory license fees for stations located more than 35 miles away but within the same "Area of Dominant Influence".

FIRST SALE DOCTRINE. The "First Sale" provision of the Copyright Act provides that the owner of a legitimate copy of a copyrighted work may rent or otherwise use or dispose of that copy in such a manner as the owner sees fit. The First Sale doctrine does not apply to sound recordings or computer software (other than software made for a limited purpose computer, such as a video game platform), for which the Copyright Act vests a rental right (i.e., the right to control the rental of the copy) in the copyright holder. The repeal or limitation of the First Sale doctrine (or conversely, the creation of a rental right) for audiovisual works or for computer software made for limited purpose computers would have an adverse impact on the Company's home video business; however, no such legislation is pending in Congress at the present time.

MODIFICATION OF FINAL JUDGMENT. The Modification of Final Judgment (the "MFJ") is the consent decree pursuant to which AT&T was reorganized and was required to divest its local telephone service monopolies. As a result, seven regional holding companies ("RHCs") were formed (including NYNEX) comprised of operating companies within their regions (Bell Operating Companies, or "BOCs"). In addition, that portion of the continental United States served by the BOCs was divided into geographical areas termed Local Access and Transport Areas ("LATAs"). The MFJ restricts the RHCs, the BOCs and their affiliates from engaging in inter-LATA telecommunications services and from manufacturing telecommunications products. As a result of NYNEX's investment in the Company, the Company could arguably be considered an affiliate of an RHC for MFJ purposes. As a result, the Company transferred certain of its Networks and Broadcasting and other operations and properties to an affiliated entity which will be consolidated into the Company for financial reporting purposes. Neither the transfer nor the operations of the affiliate as an entity separate from the Company will have a material effect on the financial condition or the results of operations of the Company. Should the MFJ restrictions be modified or waived, the affiliate intends to retransfer such assets and operations to the Company. In March 1995, a U.S. District Court ruled that Bell Atlantic Corporation ("Bell Atlantic"), which is a BOC and therefore is subject to the MFJ, may deliver movies and television programming via satellite nationally, and cleared the way for Bell Atlantic to buy radio and television stations, as well as to own cable systems outside its service area.

1992 CABLE ACT. (See "Cable Television" below)

Broadcasting

Television and radio broadcasting are subject to the jurisdiction of the FCC pursuant to the Communications Act.

THE COMMUNICATIONS ACT. The Communications Act authorizes the FCC to issue, renew, revoke or modify broadcast licenses; to regulate the radio frequency, operating power and location of stations; to approve the transmitting equipment used by stations; to adopt rules and regulations necessary to carry out the provisions of the Communications Act; and to impose certain penalties

for violations of the Communications Act and the FCC's regulations governing the day-to-day operations of television and radio stations.

BROADCAST LICENSES. Broadcast station licenses (both television and radio) are ordinarily granted for the maximum allowable period of five years in the case of television and seven years in the case of radio, and are renewable for additional five-year or seven-year periods upon application and approval. Such licenses may be revoked by the FCC for serious violations of its regulations. Petitions to deny renewal of a license or competing applications may be filed for the frequency used by a renewal applicant. If a petition to deny is filed, the FCC will determine whether renewal is in the public interest based upon presentations made by the licensee and the petitioner. On March 23, 1995, the Senate Committee on Commerce, Science and Transportation approved legislation (the "Commerce Committee Bill") which, among other things, would lengthen television and radio station license terms to 10 years and relax ownership restrictions with respect to aliens to the extent U.S. ownership of broadcast stations is permitted in the alien's home country. It is impossible at this time to predict whether the Commerce Committee Bill will become law or what form it will take.

The licenses for the Company's television stations expire as follows: WDCA-TV on October 1, 1996; KSLA-TV on June 1, 1997; WKBD-TV on October 1, 1997; KMOV-TV on February 1, 1998; each of KRRT-TV, KTXA-TV and KTXH-TV on August 1, 1998; each of WVIT-TV and WSBK-TV on April 1, 1999; each of WNYT-TV and WHEC-TV on June 1, 1999; and WTXF-TV on August 1, 1999. The Company's licenses for its radio stations expire as follows: WMZQ- AM/FM, WCPT-AM and WJZW-FM on October 1, 1995; WLTI-FM on October 1, 1996; WLIT-FM on December 1, 1996; KYSR-FM and KXEZ-FM on December 1, 1997; each of KBSG-AM/FM and KNDD-FM on February 1, 1998; and WLTW-FM on June 1, 1998. The Company will apply for renewal of and expects that the licenses which expire in 1995 will be renewed.

I-16

The Communications Act prohibits the assignment of a license or the transfer of control of a license without prior approval of the FCC. The Communications Act also provides that no license may be held by a corporation if (1) any officer or director is an alien or (2) more than 20% of the voting stock is owned of record or voted by aliens or is subject to control by aliens. In addition, no corporation may hold the voting stock of another corporation owning broadcast licenses if any of the officers or directors of such parent corporation are aliens or more than 25% of the voting stock of such parent corporation is owned of record or voted by aliens or is subject to control by aliens, unless specific FCC authorization is obtained. The FCC is currently reviewing these regulations and legislation, such as the Commerce Committee Bill, has been introduced to relax the foreign ownership restrictions. The outcome of the FCC review and the legislative proposal is uncertain.

MUST CARRY/RETRANSMISSION CONSENT. The 1992 Cable Act contains provisions which grant certain "Must Carry" rights to commercial broadcast television stations that are "local" to communities served by a cable system, including the right to elect either to require a cable operator to carry the station pursuant to the Must Carry provisions of the Act or to require that the cable operator secure the station's "Retransmission Consent" on a negotiated basis before the station can be carried (i.e., retransmitted) on the cable system. (See "Cable Television" below)

RESTRICTIONS ON BROADCAST ADVERTISING. In past Congressional sessions, committees of Congress examined proposals for legislation that would eliminate or severely restrict advertising of beer and wine either through direct restrictions on content or through elimination or reduction of the deductibility of expenses for such advertising under federal tax laws. Such proposals generated substantial opposition, but it is possible that similar proposals will be reintroduced in Congress. The elimination of all beer and wine advertising would have an adverse effect on the revenues of the Company's television and radio stations.

OWNERSHIP LIMITATIONS. The FCC has placed limits on the number of radio and television stations in which one entity can own an "attributable interest". The Company currently owns radio stations below those ownership limits and owns the maximum permitted number of television stations. The FCC has adopted a number of rules designed to prevent monopoly or undue concentration of control of the media of mass communications. In 1994, FCC regulations which permitted a single entity to have an "attributable" ownership or management interest in up to 18 AM and 18 FM stations nationwide were increased to 20 AM and 20 FM stations, including multiple AM and/or FM stations licensed to serve the same market. Minority-controlled broadcasters can own an additional three AM and three FM stations. The limit on the number of such multiple stations in a particular market which a single entity may own or control depends upon the total number of AM and/or FM stations in that market; provided that, at the time of purchase, the combined audience share of such multiple stations does not exceed 25%. With respect to television, the FCC's rules limit the maximum number of stations nationwide in which one entity can have an "attributable" ownership or management interest, to that number which serves up to 25% of U.S. television households, provided, however, that (except in limited circumstances) the total number of stations will not exceed 12. The FCC also permits radio stations to broker the programming and sales inventories of their stations to other radio stations within the same area, subject to various restrictions, so long as ultimate operational control and ownership is retained and exercised by the licensee. Such brokerage agreements function, as a practical matter, to effect a consolidation of competitive radio broadcast stations within a market in much the same manner as multiple ownership of radio facilities by one entity. Similar brokerage agreements among television stations are being implemented in a smaller number of markets than in radio and are not now subject to any explicit FCC regulations.

I-17

The FCC's ownership limitations also prohibit a single entity from owning multiple "same service" (e.g., TV, AM or FM) stations licensed to serve different markets if the broadcast signals of such stations overlap to a specified measurable degree. The maximum number of commonly owned stations serving neighboring markets whose signals can overlap is the same as that maximum number of commonly owned stations which an entity can own or control in a single market. Additional ownership prohibitions preclude common ownership in the same market of (i) television stations and cable systems; (ii) television or radio stations and newspapers of general circulation; and (iii) radio and television stations. Radio-television cross-ownership prohibitions are subject to waiver by the FCC on a case-by-case basis. The Company operates two AM and two FM stations as well as a television station serving Washington, D.C. Ownership of the television station (WDCA) was obtained when the Company acquired majority ownership of Paramount Communications on March 11, 1994. Pursuant to the FCC's order consenting to the transfer of control of the broadcast licenses of Paramount Communications to the Company, the Company has undertaken to dispose of one AM and one FM radio station serving Washington, D.C. no later than September 11, 1995. The FCC's previous prohibition on a national television network's (ABC, CBS, and NBC) owning or operating cable systems has been repealed but with certain limits as to the number of homes which network-owned cable systems can pass on a national and local basis.

The FCC is currently reviewing the broadcast ownership regulations, and the Commerce Committee Bill proposes to increase the audience share ceiling from 25% to 35%. The extent to which these regulations will be repealed or modified is uncertain.

HDTV. In 1993, the FCC adopted a technological standard for the transmission of high definition television ("HDTV"), an advanced television system which enhances picture and sound quality, as well as the methods and timetable for implementation of an HDTV transmission standard by broadcasters. The means by which that transmission standard will be implemented and the

development of technologies such as digital compression will have an economic and competitive impact on broadcasting and cable operations. The Company cannot predict the effect of implementation of these technologies on its operations. The FCC has stated its intention not to disadvantage broadcasters and it is expected that any HDTV standard which is ultimately adopted will be fashioned so as to accommodate the needs of broadcasters vis-a-vis competitive video delivery technologies. The FCC has already determined that TV stations will be given up to six years to implement HDTV from commencement of the transition period and that stations which do not convert to the HDTV standard will lose their licenses to broadcast at the end of a proposed 15-year period from commencement of the transition period. The cost of converting to HDTV will not have a material effect on the Company. Broadcasters have asked Congress and the FCC for permission to use broadcast stations' respective forthcoming HDTV spectrum assignments for some non-broadcasting purposes, such as advanced paging and data delivery. The Commerce Committee Bill includes some expanded spectrum use authority, provided that broadcasters compensate the FCC.

Entertainment

The Company's first-run, network and other production operations and its distribution of off-network, first-run and other programs in domestic and foreign syndication are not directly regulated by legislation. However, existing and proposed rules and regulations of the FCC applicable to broadcast networks, individual broadcast stations and cable could affect the Company's Entertainment businesses.

FINANCIAL INTEREST AND SYNDICATION RULES. The financial interest and syndication rules ("finsyn rules") were adopted by the FCC in 1970. These rules significantly limited the role of broadcast television networks in broadcast television program syndication. The financial interest rule prohibited a network from acquiring a financial or proprietary right or interest in the exhibition (other than its own broadcast network exhibition), distribution or other commercial use in connection with the broadcasting of any television program of which it is not the sole producer. The syndication rule prohibited a network from syndicating programming domestically to television stations for non-network exhibition and precluded a network from reserving any rights to participate in income derived from domestic broadcast syndication or from foreign broadcast syndication where the network was not the sole producer. For the purposes of these rules, a broadcast network was defined as any entity which offers an interconnected program service on a regular basis for 15 or more hours per week to at least 25 affiliated television stations in 10 or more states.

I-18

In 1993, the FCC modified the finsyn rules effective as of June 5, 1993, although ABC, CBS, and NBC could not commence operating under the modified finsyn rules until November 10, 1993 when the antitrust consent decrees to which they are subject were modified to eliminate certain restrictions by an order of the U.S. District Court for the Central District of California. The modified rules will expire in November 1995, absent an affirmative FCC action retaining or further modifying them. The FCC is to initiate a final review of the modified rules six months prior to their November 1995 expiration date and proponents of their continuation have the burden of proving that the public interest requires their continued retention. The Company is unable to predict what action the FCC will take when it reviews the rule. Elimination of the rule may have an adverse affect on the Company's distribution and production of network prime time programming.

PRIME TIME ACCESS RULE. The Prime Time Access Rule ("PTAR") prohibits network affiliates in the top 50 markets (designated by the FCC based on survey data) from exhibiting network or off-network programming during more than three out of the four prime time hours, with certain limited exceptions. The Decision provided that first-run programming produced by a network will be considered network programming for this purpose.

In October 1994, the FCC began a review on whether PTAR should be

modified, repealed, or retained. Certain programmers have sought repeal while others are seeking modification to permit only the exhibition of off-network programming.

The Company strongly supports PTAR and has launched an aggressive campaign, along with other parties, to retain PTAR intact. The Company believes that PTAR will play an important role in helping emerging networks, including UPN, and enables independent producers and television stations to compete with the networks. Modification or elimination of PTAR could affect the Company's first-run and other distribution activities and hamper the development of UPN.

ANTITRUST. The Company, through PARAMOUNT PICTURES, is subject to a consent decree, entered in 1948, which contains restrictions on certain motion picture trade practices in the United States.

EUROPEAN UNION DIRECTIVE. In October 1989, the European Union ("EU", then the EC and sometimes referred to as the EC) directed each of the 12 European Community member countries to adopt broadcast quota regulations based on its guidelines by October 3, 1991. The EU is currently considering amendments to its Television Without Frontiers directive. In March 1995, the Executive Commission of the EU approved revisions to the directive, which will increase the discrimination against non-European programming; however, at this time, it is impossible to predict what changes will be adopted by the EU, or to predict their impact on the Company's theatrical distribution and television syndication businesses. Each of MTV EUROPE, NICKELODEON U.K. and VH-1 in the U.K are in compliance with the EU broadcast quotas and the Company does not believe that these businesses would be affected by the adoption of such proposals.

Video and Music Distribution

FRANCHISING. Certain states, the United States Federal Trade Commission and certain foreign jurisdictions require a franchisor to transmit specified disclosure statements to potential owners before issuing a franchise. Additionally, some states and foreign jurisdictions require the franchisor to register its franchise before its issuance. The Company believes the offering circulars used to market its franchises comply with the Federal Trade Commission guidelines and all applicable laws of states in the United States and foreign jurisdictions regulating the offering and issuance of franchises. The Company's home video and music retailing businesses, other than the franchising aspect thereof, are not generally subject to any government regulation other than customary laws and local zoning and permit requirements.

Cable Television

Federal Regulation

1992 CABLE ACT. On October 5, 1992, Congress enacted the Cable Television Consumer Protection and Competition Act of 1992 (the "1992 Cable Act"), substantially amending the regulatory framework under which cable television systems have operated since the Communications Act was amended by the Cable Communications Policy Act of 1984 (the "1984 Act"). The FCC, through its rules and regulations, began implementing the requirements of the 1992 Cable Act in 1993. The following is a summary of certain significant issues:

Rate Regulation. Rate regulations adopted in April 1993 by the FCC (the "April 1993 Regulations") established a "benchmark" formula used to set a cable operator's "initial permitted rate" for regulated tiers of cable service. Cable systems whose rates exceeded the applicable benchmark were required to reduce their rates either to the benchmark or by 10% from those charged on September 30, 1992, whichever reduction was less. These regulations also established the prices that an operator may charge for subscriber equipment and installation services, based on the operator's actual cost plus an 11.25% return.

On February 22, 1994, the FCC adopted additional rules (the "February 1994 Regulations") that:

(1) replaced the April 1993 Regulations' 10% rollback provision with a 17% reduction of regulated tier rates; (2) adopted interim standards governing "cost-of service" proceedings pursuant to which a cable operator may attempt to prove that its costs of providing regulated service justify initial permitted rates that are higher than those produced under the benchmark approach; and (3) established a regulatory scheme to adjust initial permitted rates on a going-forward basis for certain "external" cost increases exceeding inflation, providing (among other things) a pass-through of and 7.5% mark-up for increases in an operator's programming expenses. The February 1994 Regulations also adopted an elaborate multi-factor test for determining whether collective offerings of "a la carte" channels (which channels may be sold individually on an unregulated basis) are to be treated as regulated tiers. The February 1994 Regulations govern rates in effect as of May 15, 1994, while the April 1993 Regulations remain applicable to rates that were in effect between September 1, 1993 and May 14, 1994.

On November 10, 1994, the FCC adopted new "going forward" rules ("November 1994 Regulations") that increased the mark-up for channels added to regulated tiers (other than the basic tier), established a more permissively regulated new product tier ("NPT"), and otherwise tightened FCC regulation of collective offerings of a la carte channels. These new rules allow operators to pass through to subscribers the costs, plus a 20-cent per channel mark-up, for channels newly added to regulated tiers (other than the basic tier). Through 1996, however, operators are subject to an aggregate cap of \$1.50 (no more than \$1.20 of which may be mark-up) on the amount that they may increase their retail rates for cable program service tier rates due to channel additions. In 1997, operators will be entitled to an additional 20-cent per channel mark-up and will no longer be subject to a license fee cap. The FCC also established NPTs to provide operators broad pricing and packaging flexibility so long as operators preserve the fundamental nature of their preexisting regulated tiers. At the same time, the FCC reversed its policy with respect to collective a la carte offerings (that do not qualify for unregulated NPT treatment) and generally held that such collective offerings would be treated as regulated tiers (other than NPTs). In addition, the FCC proposed to eliminate the current 7.5 % operator mark-up on increases in a program service's license fees. The Company, along with other cable industry interests, has opposed this proposal.

Several parties, including the Company and other cable industry interests, have continued to challenge other elements of the FCC's rate regulations. The Commerce Committee Bill would eliminate rate regulation of (i) all regulated tiers (other than the basic tier) except for those cable operators whose rates substantially exceed the national average, and (ii) all cable systems which are subject to telco video competition. The Company is unable to predict the timing or outcome of any such pending reconsideration petitions, judicial appeals or proposed legislation.

I-20

The implementation of the April 1993 and February 1994 Regulations has had a negative effect on the Cable Television segment's revenues and earnings from operations. The reduction in revenues in 1994 was partially offset by customer growth and subsequent permitted rate increases. On a going forward basis, the November 1994 Regulations will mitigate a portion of the adverse impact of any reduction in revenues of the Cable Television segment, although the Company cannot predict the effect of these rules or any reconsideration proceedings regarding these rules on the license fees paid to, or the penetration of, program services such as those owned by the Company. For example, in those systems that have been rebuilt to expand channel capacity, one or two programming services added subsequent to the February 1994 Regulations have supported rate increases for the Satellite Value Package tier; in addition, Viacom Cable has launched five channel NPTs in various systems (see "Business -- Cable Television -- Cable Operations"). Further, Viacom Cable has made cost-of-service filings in two systems. While the Company cannot predict the outcome of these filings, it believes that both cost-of-service proceedings justify rates in excess of those calculated using the April 1993 Regulations and the February

Vertical Integration. Certain pricing and other restrictions are imposed on vertically integrated cable programmers (such as the Company) with respect to their dealings with multichannel distributors of programming, such as cable systems, SMATV systems, MMDS operators and TVRO and DBS distributors (as defined in "Business--Competition-- Cable Television"). The FCC's implementing regulations governing access by multichannel distributors to the programming of vertically integrated cable programmers limit the extent to which a vertically integrated cable programmer can differentiate in pricing or other terms and conditions of carriage between and among multichannel distributors. Multichannel distributors may file a complaint with the FCC if they believe that a vertically integrated cable programmer has not complied with these regulations. To date, no complaints have been filed against the Company. The FCC's implementing regulations also limit the number of channels on a cable system which may be used to carry the programming of such system's affiliated (vertically integrated) cable programmers. These regulations provide generally that no more than 40% of such a system's channels can be used to carry the programming of the system's affiliated cable programmers. These channel occupancy limits apply only up to 75 channels of a given system. The FCC also considered whether limits should be placed on a multichannel distributor's right to participate in the production or creation of programming, and concluded that no such limits are appropriate at this time. The FCC's implementing regulations regarding channel occupancy limits are subject to pending petitions for reconsideration at the FCC.

Must Carry/Retransmission Consent. Commercial television stations which are "local" to communities served by a cable system can elect to require either Must Carry or Retransmission Consent. In addition, a cable system may not carry any commercial non-satellite-delivered television station which is "distant" to communities served by such system or any radio station without obtaining the consent of such station for such retransmission; however, such television and radio stations do not have Must Carry rights. Such stations may require payment in consideration for Retransmission Consent. The Company has negotiated retransmission rights for a number of commercial stations which it carries. Some of these agreements are on an interim basis and may be canceled by the stations. The Company carries other stations pursuant to their exercise of their Must Carry rights. Local non-commercial television stations have Must Carry rights, but may not elect Retransmission Consent. The Must Carry Rules were challenged by cable program services and cable system operators. In April 1993, a District of Columbia three-judge court upheld the rules against a First Amendment attack. In June 1994, the U.S. Supreme Court held that the rules were content-neutral rather than unconstitutional, vacating the District Court's decision and remanding the case back to the District Court for determination of the impact of such rules on the broadcast and cable industries. The rules remain in effect pending the decision of the District Court on remand. (See "Broadcasting" above)

Buy Through to Premium Services. Pursuant to the 1992 Cable Act, a cable system may not require subscribers to purchase any tier of service other than the basic service tier in order to obtain other tiers of service or services offered by the cable operator on a per channel (e.g., premium services) or pay-per-view basis. A cable system which is not now fully addressable and which cannot utilize other means to facilitate access to all of its programming will have up to 10 years to fully comply with this provision through the implementation of fully addressable technology. The Company's cable systems have already begun to implement compliance.

Among other things, the 1992 Cable Act and the FCC's implementing regulations also: (i) with certain exceptions, require a three-year holding period before the resale of cable systems; (ii) provide that franchising authorities cannot unreasonably refuse to grant competing franchises (all of the Company's current franchises are non-exclusive); (iii) require that the FCC study the cost and benefits of issuing regulations with respect to compatibility between cable system equipment and consumer electronics such as VCRs and issue such regulations as may be appropriate; and (iv) facilitate the manner in which third parties can lease channel capacity from cable systems and provide that the maximum rates which a cable system can charge for leased channel capacity may be

set by the FCC. Pursuant to the 1992 Cable Act, the FCC adopted minimum customer service standards and also determined the circumstances under which local franchising authorities may impose higher standards.

I-21

Lawsuits have been filed challenging various provisions of the 1992 Cable Act including the provisions relating to rate regulation, Must Carry, Retransmission Consent, the pricing and other restrictions imposed on vertically integrated cable programmers with respect to their dealings with multichannel programming distributors, and the mandated availability of cable channels for leased access and PEG programming. If enacted, the Commerce Committee Bill may affect the status of such lawsuits.

VIDEO DIALTONE REGULATIONS. A series of recent U.S. district court decisions in Alabama, the District of Columbia, Illinois, Washington and Virginia have declared unconstitutional and have enjoined the Communications Act's ban on the direct provision of video programming by a telco in its local service area. The U.S. Court of Appeals for the Fourth and Ninth Circuits have affirmed the district court rulings brought before them on appeal. Even prior to these court rulings, the FCC had reinterpreted this statutory ban in its 1992 "video dialtone" decision, authorizing a broadened role for telco participation in video distribution. The VDT policy is being challenged in court by cable interests as violating the Communications Act. It is also being challenged by telephone interests as not being liberal enough. The policy permits in-service-area delivery of video programming by a telco and exempts telcos from the Communications Act's franchising requirements so long as their facilities are capable of two-way video and are used for transmission of video programming on a common carrier basis, i.e., use of the facilities must be available to all programmers and program packagers on a non-discriminatory, first-come first-served basis. Telcos are also permitted to provide to facilities users additional "enhanced" services such as video gateways, video processing services, customer premises equipment and billing and collection. These can be provided on a non-common carrier basis. In January 1995, in response to the court rulings discussed above striking down the underlying statutory ban, the FCC issued a Notice of Proposed Rulemaking seeking to craft rules to govern telco provision of video programming directly to subscribers. The FCC's pending proceeding addresses the extent to which regulations applicable to common carriers and/or regulations applicable to cable operators should govern telcos that provide video programming directly to subscribers over their own VDT systems. The FCC has already approved several VDT construction applications for market trials and/or limited commercial deployment and has granted, in part, the first tariff filed to govern the rates and terms of a VDT offering. In response to the court rulings noted above, the FCC's more recent VDT authorizations have also allowed telcos to serve as program packagers on their VDT platforms. The Commerce Committee Bill also contemplates a relatively permissive framework for telco entry into cable. It is expected that bills will be formally introduced later this year. At present, state and/or local laws do not prohibit cable television companies from engaging in certain kinds of telephony business in many states. The Commerce Committee Bill proposes to generally eliminate state and local entry barriers which currently either prohibit or restrict an entity's (including a cable operator's) capacity to offer telecommunications services (including telephone exchange service) in competition with telcos and to interconnect on a non-discriminatory basis with telcos and utilize certain telco facilities in order to provide service in competition with a telco after the date of enactment of such legislation. The Company cannot predict the outcome or impact of these legislative and regulatory efforts although the Company anticipates that its program services could benefit from the increased distribution opportunities afforded by broadened telco entry into multichannel video distribution. If the pending legislation does not become law, and the various appellate courts uphold the unconstitutionality of the Communications Act's restrictions on telco video programming, the telcos have stated their intention to immediately enter the video programming business.

FCC MINORITY TAX CERTIFICATE On January 20, 1995, the Company agreed to sell its cable television systems to a partnership which is minority-owned.

Under the minority-ownership tax deferral rules adopted by the FCC in 1978, the Company is entitled to receive a tax certificate pursuant to which the Company would be able to defer capital gains tax on the gain from the sale, provided the Company reinvests the net proceeds of the sale in qualifying media properties within two years of closing or reduces its tax basis in existing assets. The U.S. House of Representatives and the U.S. Senate have each approved a similar version of legislation that would eliminate such tax consequences retroactive to January 17, 1995. The Company's current agreement to sell its cable systems is contingent upon receipt of the FCC tax certificate.

I-22

State and Local Regulation.

State and local regulation of cable is exercised primarily through the franchising process under which a company enters into a franchise agreement with the appropriate franchising authority and agrees to abide by applicable ordinances. The 1992 Cable Act permits the FCC to broaden the regulatory powers of the state and local franchising authorities, particularly in the areas of rate regulation and customer service standards. (See "Cable Television--Federal Regulation" above)

Under the 1984 Act, franchising authorities may control only cable-related equipment and facilities requirements and may not require the carriage of specific program services. However, federal law (as implemented by FCC regulations) mandates the carriage of both commercial and non-commercial television broadcast stations "local" to the area in which a cable system is located. (see "Cable Television -- Must Carry/Retransmission Consent" above)

The 1984 Act, as amended, guarantees cable operators due process rights in franchise renewal proceedings and provides that franchises will be renewed unless the cable operator fails to meet one or more enumerated statutory criteria. The Company's current franchises expire on various dates through 2017. During the five-year period 1995 through 1999, franchises having an aggregate of approximately 369,420 customers (at December 31, 1994) will expire unless renewed. The Company expects its franchises to be renewed.

Item 2. Properties

The Company maintains its world headquarters at 1515 Broadway, New York, New York, where it rents approximately one million square feet for executive offices and certain of its operating divisions. The lease runs to 2010, with four renewal options for five years each. The lease also grants the Company options for additional space and a right of first negotiation for other available space in the building. The Company also leases approximately 484,000 square feet of office space at 1633 Broadway, New York, New York, which lease runs to 2010, and approximately 237,000 square feet of office space at 1230 Avenue of the Americas, New York, New York, which lease runs to 2009, which leases contain options to renew, among other terms. The Company owns the PARAMOUNT PICTURES studio at 5555 Melrose Avenue, Los Angeles, California, which consists of approximately 63 acres containing sound stages, administrative, technical and dressing room structures, screening theatres, machinery and equipment facilities, plus a back lot and parking lot. PARAMOUNT PARKS' operations in the U.S. include approximately 1,640 acres owned and 295 acres leased and in Canada include approximately 200 acres owned and 97 acres leased. The Company owns the Blockbuster Entertainment Group headquarters at 200 South Andrews Avenue, Fort Lauderdale, Florida, which consists of approximately 148,000 square feet of office space and regional and district offices. The BLOCKBUSTER retail and distribution operations consist of approximately 55 owned properties, aggregating approximately 361,000 square feet, and approximately 2,833 leased locations, aggregating approximately 19.4 million square feet. Facilities within the Publishing segment (other than executive offices at 1230 Avenue of the Americas described above) include approximately 7,653,000 square feet of space, of which approximately 5,070,000 square feet are leased. The facilities are used for warehouse, distribution and administrative

functions. The Company's cable television systems include a combination of owned and leased premises in California, Ohio, Oregon, Tennessee and Washington (the location of Viacom Cable's franchises) and each system's electronic distribution equipment.

The Company also owns and leases office, studio and warehouse space in various cities in the U.S., Canada and several countries around the world for its businesses. The Company considers its properties adequate for its present needs. The Company also owns approximately 1,770 acres of undeveloped land in Southeast Florida.

Item 3. Legal Proceedings

On August 18, 1994, the District Court in and for Dallas County, Texas entered a judgment in favor of the plaintiffs in the action Howell v. Blockbuster Entertainment Corporation et al. (Cause No. 91-10193-M, now pending on appeal before the Dallas Court of Appeals as Cause No. 05-94-01823). The defendants include Blockbuster Entertainment Corporation ("BEC"), which has been merged into the Company, and Video Superstores Master Limited Partnership, a dissolved limited partnership that was indirectly controlled by BEC at the time of its dissolution. The judgment is based upon plaintiffs' claims of breach of fiduciary duty, fraud, conspiracy, breach of contract and tortious interference with contract and claims under Texas partnership law in connection with the defendants' treatment, and ultimate acquisition, of plaintiff's interest in a limited partnership which owned three Blockbuster stores. The court entered judgment against all defendants, jointly and severally in the amount of \$10,884,003 as compensatory damages, \$3,791,172 as pre-judgment interest and attorneys' fees in the amount of \$175,000. In addition, the Court entered judgment totaling \$108,840,030 for exemplary damages and ordered that the plaintiffs recover post-judgment interest at the rate of 10% per annum on all amounts awarded from the date of judgment until paid. The Company believes that substantial grounds exist for the vacation of the judgment or its substantial reduction and is vigorously prosecuting an appeal.

On September 27, 1994, an action captioned Murphy, et al. v. Blockbuster Entertainment Corporation, et al. (Cause No. 94-10051-M) was filed in the District Court in and for Dallas County, Texas by plaintiffs representing the two other limited partners of the plaintiff in the Howell litigation described above. Plaintiffs assert the same basic causes of action as in Howell and have claimed they are entitled to actual damages in excess of \$240 million and punitive damages in excess of \$1 billion. The Company believes that it has substantial defenses to these claims, including, among others, that the claims are barred by the statute of limitations and by releases entered into by the plaintiffs, and intends to vigorously defend the claims. Discovery in the Murphy action has been stayed pending the outcome of the appeal in the Howell action.

Stockholder Litigation. Four putative class actions were filed by alleged Spelling shareholders in November 1994. By Order dated February 15, 1995, the four actions were consolidated under the caption In re Spelling Shareholder Litigation, Master File 94-8764 (AH), Circuit Court, Palm Beach County, Florida. Defendants in all actions include Spelling, the Company and the members of the Board of Directors of Spelling. All complaints alleged that the Company intends to acquire the 23% shares of Spelling it does not currently hold for inadequate consideration and in breach of the defendants' fiduciary duties. Two of the actions also alleged that the acquisition of the Company's 77% interest in Spelling was done improperly so as to avoid payment of a control premium to the shareholders. Plaintiffs sought declaratory and injunctive relief preventing the alleged acquisition plan and damages. The Company believes that plaintiffs' allegations are speculative and without merit and intends to defend the claims vigorously. The plaintiffs have been directed to serve a single consolidated class action complaint to supersede all existing complaints and to move for class certification on or before May 18, 1995.

Antitrust Matters. On September 23, 1993, the Company filed an action in the United States District Court for the Southern District of New York styled Viacom International Inc. v. Tele-Communications, Inc. et al., Case No. 93 Civ 6658. The complaint (as amended on November 9, 1993) alleges violations of Sections 1 and 2 of the Sherman Act, Section 7 of the Clayton Act, Section 12 of the Cable Act, and New York's Donnelly Act, and tortious interference, against all defendants, and a breach of contract claim against certain defendants, including Tele-Communications, Inc. ("TCI"). The claims for relief in the complaint are based in significant part on allegations that defendants exert monopoly power in the U.S. cable industry through their control over approximately one in four of all cable households in the U.S. In addition to other relief, the Company seeks injunctive relief against defendants' anticompetitive conduct and damages in an amount to be determined at trial, including trebled damages and attorneys' fees.

On January 20, 1995, the Company announced that it had provisionally agreed to settle this action, subject to certain conditions, including, among other things, the effectiveness of a new affiliation agreement covering TCI's long-term carriage of SHOWTIME and THE MOVIE CHANNEL and the consummation of the sale of the Company's cable television systems (See "Business -- Cable Television"). The action is currently suspended pending satisfaction of certain conditions which, if satisfied, would lead to settlement of the action.

I-24

MTV EUROPE is engaged in a number of related litigations in Europe contesting the legality of certain joint licensing activities by the major worldwide record companies (See "Business -- Competition -- Networks"). In 1992, MTV EUROPE initiated a proceeding before the EC, seeking the dissolution, under Articles 85 and 86 of the Treaty of Rome, of the record companies' joint licensing organizations -- Video Performance Limited ("VPL") and International Federation of Phonogram and Videogram Producers ("IFPI") -- through which the record companies exclusively license rights to exhibit music video clips on television in Europe and elsewhere. In 1994, the EC issued a Statement of Objections which stated that the collective licensing negotiations of VPL and IFPI, and their major record company members, constituted an unlawful restriction of trade under Article 85, and reserved its right to address abuse of monopoly power under Article 86. The VPL/IFPI and major labels were afforded an opportunity to respond at a hearing in June 1994, and it is anticipated that in 1995 the EC will issue a decision or take steps toward alternative resolution of these issues. MTV EUROPE has been licensed to continue to exhibit music video clips during the EC proceeding under an EC-assisted interim agreement with VPL and IFPI, which expires in July 1995.

In December 1993, MTV EUROPE commenced a separate proceeding before the EC, challenging the operation of Viva, a German language music service owned by four of the five major record companies, as an example of illegal cartel activity.

In a separate U.K. high court action, MTV EUROPE is seeking reimbursement of license fees paid to VPL and IFPI and/or damages on the grounds that these fees were unlawfully extracted by the record companies' cartel organizations.

Certain subsidiaries of the Company from time to time receive claims from federal and state environmental regulatory agencies and other entities asserting that they are or may be liable for environmental cleanup costs and related damages arising out of former operations. While the outcome of these claims cannot be predicted with certainty, on the basis of its experience and the information currently available to it, the Company does not believe that the claims it has received will have a material adverse effect on its financial condition or results of operations (See "Item 6. Selected Financial Data" and "Item 7. Management's Discussion and Analysis of Results of Operations and Financial Condition.").

The Company and various of its subsidiaries are parties to certain other legal proceedings. However, in the opinion of counsel, these proceedings are not likely to result in judgments that will have a material adverse effect on its financial condition or results of operations.

On September 29, 1994, Blockbuster Entertainment Corporation ("Blockbuster") merged with and into the Company (the "Blockbuster Merger"). II-4

Results of Operations

1994 versus 1993

Revenues increased to \$7.36 billion for 1994 from \$2.0 billion for 1993 (or 267%). EBITDA increased to \$1.07 billion for 1994 from \$538.1 million for 1993 (or 100%). Earnings from continuing operations increased to \$608.3 million for 1994 from \$385.0 million for 1993 (or 58%). The foregoing increases in results of operations are principally attributable to the acquisitions of Paramount Communications and Blockbuster, partially offset by the merger-related charges described below.

EBITDA and earnings from continuing operations for 1994 include merger-related

charges, reflecting the integration of the Company's pre-merger businesses with similar Paramount units, and related management and strategic changes. Such amounts relate principally to adjustments of programming assets based upon new management strategies and additional programming sources resulting from the Paramount Merger and, with respect to Corporate, the combination of the employees of the Company and Paramount Communications.

	EBITDA	Merger-Related Charges	EBITDA prior to Merger-Related Charges
	-----	-----	-----
	(Millions of dollars)		
Networks and Broadcasting	\$ 453.3	\$ 90.7	\$ 544.0
Entertainment	6.0	224.0	230.0
Video and Music/Theme Parks	289.9	--	289.9

	-----	-----	-----
	\$1,074.0	\$332.1	\$1,406.1
	-----	-----	-----

While many in the financial community consider EBITDA to be an important measure of comparative operating performance, it should be considered in addition to, but not as a substitute for or superior to, earnings from operations, net income, cash flow and other measures of financial performance.

The comparability of results of operations for 1994 and 1993 has been affected by (i) the Paramount Merger, (ii) the Blockbuster Merger, and (iii) the merger-related charges all of which are non-recurring charges. The following discussion of results of operations is exclusive of merger-related charges and includes an analysis of changes in EBITDA, which does not reflect the effect of significant amounts of amortization of goodwill related to the Paramount Merger, the Blockbuster Merger and other business combinations accounted for by the purchase method of accounting.

II-5

Networks and Broadcasting

The constituents of Networks and Broadcasting are MTV Networks ("MTVN"), Showtime Networks Inc. ("SNI"), television stations and radio stations. Revenues increased to \$1.86 billion for 1994 from \$1.40 billion for 1993 (or 32%). EBITDA increased to \$544.0 million for 1994 from \$382.6 million for 1993 (or 42%). Earnings from operations increased to \$447.8 million for 1994 from \$314.4 million for 1993 (or 42%). The increase in revenues, EBITDA and earnings from operations resulted from increased advertising revenues of MTVN, modest increases in operating results of SNI and the Company's previously existing television and radio stations, and the acquisition of the Paramount television stations. MTVN revenues of \$852.2 million, EBITDA of \$326.8 million and earnings from operations of \$284.5 million increased 26%, 20% and 19%, respectively. The increase in MTVN's revenues was principally attributable to increased advertising revenues due to rate increases. The increase in MTVN's EBITDA was driven by increased advertising revenues partially offset by increased operating costs, as well as aggregate losses of \$15.0 million associated with the development of MTV Latino, Nickelodeon Magazine and VH-1 U.K. The Paramount television stations reported revenues of \$210.4 million, EBITDA of \$83.1 million and earnings from operations of \$65.8 million for the period subsequent to their acquisition.

Entertainment

The primary constituents of Entertainment are Paramount Pictures, Spelling Entertainment Group ("Spelling"), which was acquired as part of the Blockbuster Merger, and the former Viacom Entertainment. Revenues increased to \$2.29 billion in 1994 from \$209.1 million in 1993. EBITDA increased to \$230.0 million

for 1994 from \$42.0 million for 1993. Earnings from operations increased to \$135.6 million in 1994 from \$32.5 million in 1993. The increase in revenues, EBITDA and earnings from operations resulted primarily from the acquisitions of Paramount Pictures and Spelling. Theatrical feature film and television programming results reflect revenues of \$1.9 billion, EBITDA of \$227.8 million and earnings from operations of \$157.7 million. The Entertainment segment's earnings from operations were partially offset by Viacom Interactive Media's loss from operations of \$28.6 million, including start-up costs associated with the development of new businesses. Results of operations primarily reflect theatrical feature film revenues, including the domestic and foreign box office success of FORREST GUMP and CLEAR AND PRESENT DANGER, as well as television programming revenues including network and syndication sales. Earnings from operations benefited from a lower cost base and efficiencies associated with the Paramount Merger.

Video and Music/Theme Parks

The constituents of Video and Music/Theme Parks are Blockbuster Video and Music, and Paramount Parks. Revenues, EBITDA and earnings from operations were \$1.07 billion, \$289.9 million and \$199.5 million, respectively. Video and Music revenues, EBITDA and earnings from operations were \$735.7 million, \$220.3 million and \$167.8 million, respectively, reflecting results of operations beginning October 1, 1994 and the continued expansion of video and music stores. Theme Parks revenues, EBITDA and earnings from operations were \$334.7 million, \$69.6 million and \$31.7 million, respectively, reflecting the full 1994 operating season (May through September) of the theme parks.

II-6

Publishing

Publishing represents Simon & Schuster which includes imprints such as Simon & Schuster, Pocket Books, Prentice Hall and Macmillan Publishing USA. Publishing revenues, EBITDA and earnings from operations were \$1.79 billion, \$296.9 million and \$193.9 million, respectively, subsequent to its acquisition in March 1994. Results of operations reflect the Simon & Schuster's Higher Education, Consumer and International groups, and the U.S. publishing assets of Macmillan, Inc.

Cable Television

Cable Television revenues decreased to \$406.2 million for 1994 from \$416.0 million for 1993 (or 2%), primarily attributable to a decrease in primary revenues. EBITDA decreased to \$155.2 million for 1994 from \$181.7 million for 1993 (or 15%). Earnings from operations decreased to \$78.8 million for 1994 from \$110.2 million for 1993 (or 28%). The results reflect a 10% decrease in average rates for primary services, partially offset by a 3% increase in average primary customers. Total revenue per primary customer per month decreased 5% to \$30.30 for 1994 from \$32.03 for 1993. The revenue variances reflect the effect of the FCC rate regulations pursuant to the 1992 Cable Act governing rates in effect as of September 1, 1993 and as of May 15, 1994. The decrease in EBITDA and earnings from operations principally reflect the decreased revenues attributable to the above rate regulations and increased operating, general and administrative expenses.

As of December 31, 1994, Viacom Cable served approximately 1,139,000 primary customers subscribing to approximately 875,000 premium units, representing an increase of 4% and 22%, respectively, since December 31, 1993.

Corporate Expenses

Corporate expenses including depreciation increased 60% to \$115.2 million in 1994 from \$72.1 million in 1993 reflecting overall increased expenses attributable to the mergers.

Other Income and Expense Information

Interest Expense

Net interest expense of \$494.1 million for 1994 compared to \$145.0 million for 1993 reflects increased bank borrowing, the issuance of the 8% exchangeable subordinated debentures and debt acquired as part of the Mergers. The Company had approximately \$10.4 billion and \$2.5 billion principal amount of debt outstanding as of December 31, 1994 and December 31, 1993 at weighted average interest rates of 7.5% and 5.3%, respectively. (See Note 5 of Notes to Consolidated Financial Statements.)

Other Items, Net

For 1994, "Other items, net" primarily reflects the pre-tax gain of \$267.4 million, which resulted from the sale of the Company's one-third partnership interest in Lifetime for \$317.6 million in April 1994. Proceeds from the sale were used to reduce outstanding debt.

II-7

For 1993, "Other items, net" reflects the pre-tax gain of approximately \$55 million from the sale of the stock of the Wisconsin cable system, a pre-tax gain of \$17.4 million in the aggregate from sales of a portion of an investment held at cost, partially offset by an increase of \$9.1 million to previously established non-operating litigation reserves and other items.

Provision for Income Taxes

The provision for income taxes represents federal, state and foreign income taxes on earnings before income taxes.

The annual effective tax rates of 74% for 1994 and 43% for 1993 were both adversely affected by amortization of acquisition costs which are not deductible for tax purposes. The 1993 effective tax rate was favorably affected as a result of reductions of certain prior year tax reserves of \$22.0 million. The reductions were based on management's view concerning the outcome of several tax issues based upon the progress of federal, state and local audits.

During the first quarter of 1993, the Company adopted Statement of Financial Accounting Standards No. 109, "Accounting for Income Taxes" on a prospective basis and recognized an increase in earnings of \$10.4 million in 1993 as the cumulative effect of a change in accounting principle.

Equity in Earnings (Loss) of Affiliates

"Equity in earnings (loss) of affiliated companies, net of tax" was \$18.6 million for 1994 as compared to a loss of \$2.5 million for 1993, primarily reflecting the inclusion of the net earnings of affiliated companies that were acquired as part of the Mergers, improved operating results of Comedy Central, partially offset by the absence of Lifetime's earnings due to the sale of the Company's one-third partnership interest. (See Note 1 of Notes to Consolidated Financial Statements.)

Minority Interest

Minority interest primarily represents the minority ownership of Paramount Communications' outstanding common stock, for the period March through June 1994, and the 23% minority ownership of Spelling's common stock for fourth quarter 1994.

Discontinued Operations

Discontinued operations reflect the results of operations of Madison Square Garden Corporation ("MSG"), which was sold March 10, 1995. The Company acquired MSG during March 1994 as part of the Paramount Merger. (See Note 3 of Notes to Consolidated Financial Statements.)

Extraordinary Losses

During 1994, the Company refinanced its existing credit facilities and therefore recognized an after-tax extraordinary loss from the extinguishment of debt of \$20.4 million, net of a tax benefit of \$11.9 million.

On July 15, 1993, Viacom International redeemed all of the \$298 million

principal amount outstanding of the 11.80% Senior Subordinated Notes at a redemption price equal to 103.37% of the principal amount plus accrued interest to July 15, 1993. Viacom International recognized an after-tax extraordinary loss of \$8.9 million, net of a tax benefit of \$6.1 million. Viacom International borrowed the funds necessary for the redemption under bank credit agreements existing at the time.

II-8

1993 versus 1992

Revenues increased to \$2.0 billion in 1993 from \$1.9 billion in 1992 (or 8%). EBITDA increased to \$538.1 million for 1993 from \$492.7 million for 1992 (or 9%). Earnings from continuing operations increased to \$385.0 million in 1993 from \$347.9 million in 1992 (or 11%). Explanations of variances in revenues, EBITDA and earnings from continuing operations for each segment follow.

The comparability of results of operations for 1993 and 1992 has been affected by (i) the change in estimate of copyright royalty revenues during 1992 in the Entertainment segment and (ii) the sale of the Wisconsin cable television system, effective January 1, 1993. (See "Entertainment" and "Cable Television" for additional information.)

Networks and Broadcasting

Revenues increased to \$1.40 billion for 1993 from \$1.23 billion for 1992 (or 14%). EBITDA increased to \$382.6 million for 1993 from \$303.8 million for 1992 (or 26%). Earnings from operations increased to \$314.4 million from \$237.5 million (or 32%). The increase in revenues and earnings from operations resulted primarily from increased advertising sales of MTVN. MTVN revenues of \$677.9 million, EBITDA of \$272.7 million, and earnings from operations of \$239.7 million increased 27%, 33% and 39%, respectively. The increase in MTVN's advertising revenues was principally attributable to rate increases. The increase in MTVN's EBITDA reflects the increased revenues, partially offset by increased programming and marketing expenses at each of the networks and other costs of operating the networks, including start-up losses of MTV Latino and Nickelodeon Magazine aggregating \$6.5 million. The increase in programming and marketing expenses at each of the networks (including animated programming on Nickelodeon and MTV) was to a large extent responsible for the Company's ability to increase advertising rates. Revenues of the television stations, radio stations and SNI each increased modestly. EBITDA and earnings from operations of the television stations and radio stations increased, and SNI's EBITDA and earnings from operations were constant.

Entertainment

Entertainment revenues decreased to \$209.1 million for 1993 from \$248.3 million for 1992 (or 16%). EBITDA decreased to \$42.0 million for 1993 from \$66.5 million for 1992 (or 37%). Earnings from operations decreased to \$32.5 million for 1993 from \$59.7 million for 1992 (or 46%). The revenue variance was principally due to lower syndication revenues, lower copyright revenues resulting from a change in estimate which increased revenue by approximately \$10 million in 1992, and decreased network production revenues. Lower sales to the broadcast, cable and other market places reflect lower syndication revenues for The Cosby Show and softness in the syndication market place due to a decrease in the number of independent broadcast television stations because of new network affiliations. Revenues from the domestic broadcast syndication of The Cosby Show were approximately 12% and 18% of Entertainment revenues during 1993 and 1992, respectively. The decrease was due to the ending of the first domestic syndication cycle of The Cosby Show during the third quarter of 1993. Network license fees were lower because fewer shows were produced for network television; however, the decrease did not have a significant impact on Entertainment EBITDA. The EBITDA variance reflects the decreased revenues and \$6.1 million of start-up losses associated with Viacom New Media.

Cable Television

Cable Television revenues increased to \$416.0 million in 1993 from \$411.1 million in 1992 (or 1%). EBITDA decreased to \$181.7 million for 1993 from \$190.5 million for 1992 (or 5%). Earnings from operations decreased to \$110.2 million in 1993 from \$122.0 million in 1992 (or 10%).

On a comparable basis with the 1992 results (excluding the Wisconsin cable system, which was sold effective January 1, 1993), Cable Television revenues increased to \$416.0 million in 1993 from \$393.6 million in 1992 (or 6%); EBITDA decreased to \$181.7 million in 1993 from \$182.5 million in 1992; and earnings from operations decreased to \$110.2 million for 1993 from \$117.6 million for 1992 (or 6%). The results reflect a 4% increase in average rates for primary services and a 2% increase in average primary customers. Total revenue per primary customer per month increased 3% to \$32.03 in 1993 from \$31.04 in 1992. The decrease in EBITDA reflects increased operating expenses (which included non-recurring costs associated with the implementation of FCC rate regulations) partially offset by increased revenues.

As of December 31, 1993, the Company operated systems serving approximately 1,094,000 primary customers subscribing to approximately 718,000 premium units. Excluding the Wisconsin cable system customers in 1992, primary customers and premium units increased 2% and decreased 5%, respectively, since December 31, 1992. Including the Wisconsin cable system customers in 1993, primary customers and premium units decreased 2% and 9%, respectively, since December 31, 1992.

Corporate Expenses

Corporate expenses increased to \$72.1 million in 1993 from \$71.3 million in 1992 (or 1%), reflecting increased overall expenses offset by decreased compensation expense associated with the Long-Term Incentive Plans (the "Plans"), which consist of the Long-Term Incentive Plan ("LTIP") and the Long-Term Management Incentive Plan ("LTMIP"). The Plans provide for grants of phantom shares and stock options. The value of phantom shares issued under the Plans is determined by reference to the fair market value of Viacom Class A Common Stock and Viacom Class B Common Stock (collectively, "Common Stock"). The Plans also provide for subsequent cash payments with respect to such phantom shares based on appreciated value, subject to certain limits, and vesting requirements. As a result of the fluctuation in the market value of its Common Stock, the Company recorded compensation expense associated with the Plans of \$3.9 million in 1993 and \$8.2 million in 1992. During December 1992, a significant portion of the liability associated with the LTIP was satisfied by the cash payment of \$68.6 million and the issuance of 177,897 shares of Viacom Class B Common Stock valued at \$6.9 million.

Other Income and Expense Information

Interest Expense, Net

Net interest expense decreased to \$145.0 million in 1993 from \$194.1 million in 1992 (or 25%), reflecting improvements made to the capital structure (as described below) and reduced interest rates, including rates associated with the credit agreement. The Company had approximately \$2.5 billion principal amount of debt outstanding as of December 31, 1993 and December 31, 1992 at weighted average interest rates of 5.3% and 6.5%, respectively. On July 15, 1993, the Company redeemed all \$298 million principal amount outstanding of 11.80% Senior Subordinated Notes ("11.80% Notes"). During 1992, the following changes to the capital structure were made: a) on March 4, 1992, the Company issued \$150 million principal amount of 9.125% Senior Subordinated Notes due 1999; b) on March 10, 1992, the Company redeemed all \$193 million of the outstanding 11.5% Senior Subordinated Extendible Reset Notes ("11.5% Reset Notes") due 1998; c)

on May 28, 1992, the Company issued \$100 million principal amount of 8.75% Senior Subordinated Reset Notes due 2001; and d) on June 18, 1992, the Company redeemed all \$356.5 million of the outstanding 14.75% Senior Subordinated Discount Debentures ("Discount Debentures") due 2002.

Other Items, Net

The settlement of the Time Warner antitrust lawsuit resulted in various business arrangements, which have a positive effect on the Company currently and are expected to continue to have a favorable effect on a prospective basis. "Other items, net" reflects a gain of \$35 million recorded in the third quarter of 1992; representing payments received in the third quarter of 1992 relating to certain aspects of the settlement of the lawsuit, net of the Company's 1992 legal expenses related to this lawsuit. "Other items, net" also reflects a reserve for litigation of \$33 million during the second quarter of 1992 related to a summary judgment against the Company in a dispute with CBS Inc. arising under the 1970 agreement associated with the spin-off of Viacom International Inc. by CBS Inc. On July 30, 1993, the Company settled all disputes arising under that litigation.

Income Taxes

The provision for income taxes represents federal, state and foreign income taxes on earnings before income taxes.

The annual effective tax rates of 43% for 1993 and 54.5% for 1992 were adversely affected by amortization of acquisition costs which are not deductible for tax purposes. The 1993 and 1992 effective tax rates were favorably affected as a result of reductions of certain prior year tax reserves of \$22.0 million and \$20.0 million, respectively. The reductions were based on management's view concerning the outcome of several tax issues based upon the progress of federal, state and local audits.

Equity in Earnings (Loss) of Affiliates

"Equity in earnings (loss) of affiliated companies, net of tax" decreased 46% to \$2.5 million in 1993 from \$4.7 million in 1992, primarily reflecting improved operating results at Lifetime and Comedy Central, partially offset by net losses on equity investments made in 1993.

II-11

Extraordinary Losses

On June 18, 1992, the Company redeemed all of the \$356.5 million principal amount outstanding of the Discount Debentures at a redemption price equal to 105% of the principal amount plus accrued interest to June 18, 1992. On March 10, 1992, the Company redeemed all of the \$193 million principal amount outstanding of its 11.50% Reset Notes at a redemption price equal to 101% of the principal amount plus accrued interest to the redemption date. The Company recognized an extraordinary loss of \$17.1 million, net of a tax benefit of \$11.3 million. The Company borrowed the funds necessary for each of these redemptions under its bank credit facilities existing in the respective periods.

Acquisitions

On March 11, 1994, the Company acquired a majority of the shares of Paramount Communications' common stock outstanding at a price of \$107 per share in cash. On July 7, 1994, Paramount Communications became a wholly owned subsidiary of the Company. The total cost to acquire Paramount Communications of \$9.9 billion was financed through \$3.7 billion of borrowing from banks, \$3.1 billion of cash and \$3.1 billion of securities. (See Note 2 of Notes to Consolidated Financial Statements.) Such cash was obtained through the issuance of \$1.8 billion of Preferred Stock (of which \$600 million and \$1.2 billion were issued to Blockbuster and NYNEX Corporation, respectively) and \$1.25 billion of Viacom Class B Common Stock to Blockbuster. The securities issued to Blockbuster were canceled upon consummation of the Blockbuster Merger.

On September 29, 1994, Blockbuster was merged with and into the Company. The total cost to acquire Blockbuster of \$7.6 billion was financed through the issuance of equity securities to Blockbuster shareholders. (See Note 2 of Notes to Consolidated Financial Statements.)

Liquidity and Capital Resources

The Company expects to fund its anticipated cash requirements (including the anticipated cash requirements of its capital expenditures, joint ventures, commitments and payments of principal, interest and dividends on its outstanding indebtedness and preferred stock) with internally generated funds and from various external sources, which may include the Company's existing Credit Agreements, co-financing arrangements by the Company's various divisions, additional financings and the sale of non-strategic assets as opportunities may arise.

The Company's scheduled maturities of long-term debt, through December 31, 1999 assuming full utilization of the credit agreements (after giving effect to the reduction in commitments resulting from the sale of MSG), are \$1.9 billion (1996), \$163 million (1997), \$1.0 billion (1998) and \$1.5 billion (1999). (See Note 5 of Notes to Consolidated Financial Statements.) The Company's Preferred Stock dividend requirement is \$60 million per year.

The Company's joint ventures are expected to require estimated net cash contributions of approximately \$20 million to \$40 million in 1995. Planned capital expenditures, including information systems costs, are approximately \$600 million to \$700 million in 1995. Capital expenditures are primarily related to capital additions for new and existing video and music stores and theme parks, and additional construction and equipment upgrades for the Company's existing cable franchises.

II-12

The Company was in compliance with all debt covenants and had satisfied all financial ratios and tests as of December 31, 1994 under its Credit Agreement and the Company expects to remain in compliance and satisfy all such financial ratios and tests during 1995.

Debt as a percentage of total capitalization of the Company was 47% at December 31, 1994 and 48% at December 31, 1993.

See Note 2 of Notes to Consolidated Financial Statements for a description of the Company's commitments related to the contingent value rights and variable common rights. See Note 10 of Notes to Consolidated Financial Statements for a description of the Company's future minimum lease commitments.

The commitments of the Company for program license fees, which are not reflected in the balance sheet as of December 31, 1994 and are estimated to aggregate approximately \$2.0 billion, principally reflect commitments under SNI's exclusive arrangements with several motion picture companies. This estimate is based upon a number of factors. A majority of such fees are payable over several years, as part of normal programming expenditures of SNI. These commitments are contingent upon delivery of motion pictures which are not yet available for premium television exhibition and, in many cases, have not yet been produced.

There are various lawsuits and claims pending against the Company. Management believes that any ultimate liability resulting from those actions or claims will not have a material adverse effect on the Company's results of operations or financial position.

Certain subsidiaries and affiliates of the Company from time to time receive claims from Federal and state environmental regulatory agencies and other entities asserting that they are or may be liable for environmental cleanup

costs and related damages, principally relating to discontinued operations conducted by its former mining and manufacturing businesses (acquired as part of the mergers). The Company has recorded a liability at approximately the midpoint of its estimated range of environmental exposure. Such liability was not reduced by potential insurance recoveries and reflects management's estimate of cost sharing at multiparty sites. The estimated range of the potential liability was calculated based upon currently available facts, existing technology and presently enacted laws and regulations. On the basis of its experience and the information currently available to it, the Company believes that the claims it has received will not have a material adverse effect on its results of operations or financial position.

Net cash flow from operating activities increased 130% to \$339.2 million in 1994 from \$147.6 million for 1993 principally due to the inclusion of Paramount Communications' and Blockbuster's results of operations since the effective time of the respective mergers and increased earnings from operations of Viacom's pre-merger businesses, prior to merger-related charges. Net cash expenditures from investing activities of \$6.3 billion for 1994, principally reflect the acquisition of the majority of the shares of Paramount Communications and capital expenditures, partially offset by proceeds from the sale of the Company's one-third partnership in Lifetime. Net cash expenditures from investing activities of \$128.4 million for 1993 principally reflect capital expenditures, acquisitions, an additional investment in StarSight Telecast, Inc. and advances to Comedy Central, partially offset by proceeds from the sale of the Wisconsin cable system, proceeds related to the radio station swap and proceeds from the sale of an investment held at cost. Financing activities reflect borrowings and repayment of debt under the credit agreements during each period presented; the issuance of Viacom Class B Common Stock to Blockbuster during 1994 and the redemption of the 11.80% Notes and the issuance of the Preferred Stock during 1993.

VIACOM INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1) SUMMARY OF ACCOUNTING POLICIES

Basis of Presentation - The Company is a diversified entertainment and publishing company with operations in five segments: (i) Networks and Broadcasting, (ii) Entertainment, (iii) Video and Music/Theme Parks, (iv) Publishing and (v) Cable Television. Paramount Communications Inc. ("Paramount Communications") and Blockbuster Entertainment Corporation ("Blockbuster") results of operations are included in the Company's consolidated results of operations effective March 1, 1994 and October 1, 1994, respectively. (See Note 2).

Certain amounts reported on the balance sheet and statements of cash flows for prior years have been reclassified to conform with the current presentation.

Principles of Consolidation - The consolidated financial statements include the accounts of the Company and all investments of more than 50% in subsidiaries and other entities. Investments in affiliated companies over which the Company has a significant influence or ownership of more than 20% but less than or equal to 50% are accounted for under the equity method. All significant intercompany transactions have been eliminated. Investments of 20% or less are accounted for under the cost method. In 1993, the fiscal year end for certain foreign operations was changed from October 31 to December 31.

Cash Equivalents - Cash equivalents are defined as short-term (3 months or less) highly liquid investments.

Inventories - Publishing related inventories are generally determined using the lower of cost (first-in, first-out method) or net realizable value. Prerecorded music and videocassette inventories costs are determined using the moving weighted average method, the use of which approximates the first-in, first-out basis. Videocassette rental inventory is recorded at cost and amortized over

its estimated economic life with no provision for salvage value. Videocassettes which are considered base stock are amortized over 36 months on a straight-line basis. Videocassettes which are considered new release feature films are frequently ordered in large quantities to satisfy initial demand ("hits"). For each store, the fifth and any succeeding copies of hit titles purchased are amortized over six months on a straight-line basis.

Theatrical and Television Inventories - Inventories related to theatrical and television product (which include direct production costs, production overhead, capitalized interest, acquisition costs, prints and certain exploitation costs) are stated at the lower of amortized cost or net realizable value. Inventories, residuals and participations are amortized on an individual product basis based on the proportion that current revenues bear to the estimated remaining total lifetime revenues. Domestic syndication and basic cable revenue estimates are not included in the estimated lifetime revenues of network series until such sales are probable. Estimates of total lifetime revenues and expenses are periodically reviewed. The costs of feature and television films are classified as

II-21

VIACOM INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

current assets to the extent such costs are expected to be recovered through their respective primary markets. Other costs related to film production are classified as noncurrent. A portion of the cost to acquire Paramount Communications and Blockbuster was allocated to theatrical and television inventories based upon estimated revenues from certain films less related costs of distribution and a reasonable profit allowance for the selling effort. The cost allocated to films is being amortized over their estimated economic lives not to exceed 20 years.

The Company estimates that approximately 66% of unamortized film costs (including amounts allocated under purchase accounting) at December 31, 1994 will be amortized within the next three years.

Program Rights - The Company acquires rights to exhibit programming on its broadcast stations or cable networks. The costs incurred in acquiring programs are capitalized, to the extent they are estimated to be recovered from future revenues, and amortized over the license period. Program rights and the related liabilities are recorded at the gross amount of the liabilities when the license period has begun, the cost of the program is determinable, and the program is accepted and available for airing.

Property and Equipment - Property and equipment is stated at cost. Depreciation is computed principally by the straight-line method over estimated useful lives ranging from 3 to 40 years. Depreciation expense, including capitalized lease amortization, was \$215.9 million (1994), \$92.8 million (1993) and \$81.5 million (1992).

Intangible Assets - Intangible assets, which primarily consist of the cost of acquired businesses in excess of the market value of tangible assets and liabilities acquired, are generally amortized by the straight-line method over estimated useful lives of up to 40 years. The Company evaluates the amortization period of intangibles on an ongoing basis in light of changes in any business conditions, events or circumstances that may indicate the potential impairment of intangible assets. Accumulated amortization of intangible assets at December 31 was \$663.2 million (1994) and \$412.5 million (1993).

Revenue Recognition - Subscriber fees for Networks and Cable Television are recognized in the period the service is provided. Advertising revenues for Networks and Broadcasting are recognized in the period during which the spots are aired. Revenues from the Company owned video and music stores are recognized at the time of rental or sale. The publishing segment recognizes revenue when merchandise is shipped and billed.

Theatrical and Television Revenues - Feature motion pictures are produced or acquired for distribution, normally, for exhibition in U.S. and foreign theaters followed by videocassettes and discs, pay-per-view, premium subscription television, network television, basic cable television and syndicated television exploitation. On average, the length of the initial revenue cycle for feature films approximates four to seven years. Theatrical revenues from domestic and foreign markets are recognized as films are exhibited; revenues from the sale of videocassettes are recognized upon delivery of the merchandise; and revenues from all television sources are recognized upon availability of the film for telecast.

II-22

VIACOM INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

Television series initially produced for the networks and first-run syndication are generally licensed to domestic and foreign markets concurrently. The more successful series are later syndicated in domestic markets and in certain foreign markets. The length of the revenue cycle for television series will vary depending on the number of seasons a series remains in active production. Revenues arising from television license agreements are recognized in the year that the films or television series are available for telecast.

Interest - Costs associated with the refinancing or issuance of debt, as well as with debt discount, are expensed as interest over the term of the related debt. The Company enters into interest rate exchange agreements; the amount to be paid or received under such agreements is accrued as interest rates change and is recognized over the life of the agreements as an adjustment to interest expense. Amounts paid for purchased interest rate cap agreements are amortized into interest over the term of the agreement (See Note 6).

Equity In Earnings (Loss) of Affiliated Companies - Equity in earnings (loss) of affiliated companies in the Consolidated Statement of Operations is primarily comprised of the Company's interest in Lifetime (33% owned), Comedy Central (50% owned), Nickelodeon (UK) (50% owned) and All News Channel (50% owned), as well as, in 1994, investments that were acquired as part of the Mergers (as defined in Note 2). Such investments were USA Networks (50% owned), Cinamerica (50% owned), United Cinemas International Multiplex B.V. (49% owned), Cinema International Corporation N.V. (49% owned) and Discovery Zone (50% owned). The Company's interest in Lifetime was sold in 1994 (See Note 14).

The Company, through the normal course of business, is involved in transactions with affiliated companies that have not been material in any of the periods presented.

Foreign Currency Translation and Transactions - The Company's foreign subsidiaries' assets and liabilities are translated at exchange rates in effect at the balance sheet date, while results of operations are translated at average exchange rates for the respective periods. The resulting translation gains or losses are included as a separate component of shareholders' equity. Foreign currency transaction gains and losses have been included in results of operations and have not been material in any of the years presented.

Provision for Doubtful Accounts - The provision for doubtful accounts charged to expense was \$61.6 million (1994), \$16.7 million (1993) and \$9.4 million (1992).

Net Earnings per Common Share - Primary net earnings per common share is calculated based on the weighted average number of common shares outstanding during each period and for 1994, the effects of common shares potentially issuable in connection with the contingent value rights ("CVRs"), variable common rights ("VCRs"), stock options and warrants. For 1993 and 1992, the effect of contingently issuable common shares from stock options was

immaterial and, therefore, the effect is not reflected in primary net earnings per common share for those periods. For 1994 and 1993, the effect of the assumed conversion of Preferred Stock is antidilutive and, therefore, not reflected in fully diluted net earnings per common share.

2) PARAMOUNT MERGER, BLOCKBUSTER MERGER AND
RELATED TRANSACTIONS

On March 11, 1994, the Company acquired a majority of the shares of Paramount Communications common stock outstanding at a price of \$107 per share in cash. On July 7, 1994, Paramount Communications became a wholly owned subsidiary of the Company (the "Paramount Merger"). Each share of Paramount Communications common stock outstanding at the time of the Paramount Merger (other than shares held in the treasury of Paramount Communications or owned by the Company and other than shares held by any stockholders who demanded and perfected appraisal rights) was converted into the right to receive (i) 0.93065 of a share of Class B Common Stock, (ii) \$17.50 principal amount of 8% exchangeable subordinated debentures ("8% Merger Debentures"), (iii) 0.93065 of a CVR (iv) 0.5 of a warrant to purchase one share of Viacom Class B Common Stock at any time prior to the third anniversary of the Paramount Merger at a price of \$60 per share, and (v) 0.3 of a warrant to purchase one share of Viacom Class B Common Stock at any time prior to the fifth anniversary of the Paramount Merger at a price of \$70 per share.

Each CVR represents the right to receive the amount, if any, by which the Target Price exceeds the greater of the Current Market Value or the Minimum Price (see defined terms in following paragraph). The CVRs will mature on the first anniversary of the Paramount Merger (the "Maturity Date"), provided, however, that the Company may, at its option, (i) extend the Maturity Date to the second anniversary of the Paramount Effective Time (the "First Extended Maturity Date") or (ii) extend the First Extended Maturity Date to the third anniversary of the Paramount Effective Time (the "Second Extended Maturity Date"). The Company, at its option, may pay any amount due under the terms of the CVRs in cash or in the equivalent value of registered securities of the Company, including, without limitation, common stock, preferred stock, notes or other securities.

The "Minimum Price" means (a) at the Maturity Date, \$36, (b) at the First Extended Maturity Date, \$37 and (c) at the Second Extended Maturity Date, \$38. "Target Price" means (a) at the Maturity Date, \$48, (b) at the First Extended Maturity Date, \$51, and (c) at the Second Extended Maturity Date, \$55. The "Current Market Value" means the average market price of Viacom Class B Common Stock for a specified period prior to the respective maturity dates.

On September 29, 1994, Blockbuster was merged with and into the Company (the "Blockbuster Merger"). Each share of Blockbuster Common Stock outstanding at the time of the Blockbuster Merger (other than shares held in the treasury of Blockbuster or owned by the Company) was converted into the right to receive (i) 0.08 of a share of Viacom Class A Common Stock, (ii) 0.60615 of a share of Viacom Class B Common Stock, and (iii) one VCR.

The VCRs represent the right to receive a fraction of a share of Viacom Class B Common Stock, with the exact fraction dependent on the market price of Viacom Class B Common Stock during the year following the effective time of the Blockbuster Merger. The VCRs mature on the first anniversary date of the Blockbuster Merger. Based upon the market price of Viacom Class B Common Stock, following the Blockbuster Merger the maximum fraction of a share issuable pursuant to the VCRs was reduced from 0.13829 of a share of Viacom Class B Common Stock to 0.05929 of a share of Viacom Class B Common Stock, or a maximum issuable potential of approximately 16.7 million shares of Viacom Class B Common Stock.

II-24

VIACOM INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

The Paramount Merger and the Blockbuster Merger (collectively, the "Mergers") have been accounted for under the purchase method of accounting. Accordingly, the total cost to acquire Paramount Communications of \$9.9 billion and Blockbuster of \$7.6 billion has been allocated to the respective assets and liabilities acquired based on their fair values at the time of the Mergers with the aggregate excess cost over the fair value of net tangible assets acquired of \$7.9 billion and \$6.8 billion, respectively, allocated to goodwill.

The unaudited condensed pro forma results of operations data presented below assumes that the Mergers and related transactions, the sale of the one-third partnership interest in Lifetime and the sale of MSG (as defined in Note 3) occurred at the beginning of each period presented. The unaudited condensed pro forma results of operations data was prepared based upon the historical consolidated results of operations of the Company for the years ended December 31, 1994 and 1993, Paramount for the two months ended February 28, 1994 and year ended December 31, 1993, and Blockbuster for the nine months ended September 30, 1994 and year ended December 31, 1993, adjusted to exclude the non-recurring merger-related charges of \$332.1 million (as described below). Financial information for Paramount Communications and Blockbuster subsequent to the date of acquisition is included in the Company's historical information. Intangible assets are amortized principally over 40 years on a straight-line basis. The following unaudited pro forma information is not necessarily indicative of the combined results of operations of the Company, Paramount Communications and Blockbuster that would have occurred if the completion of the transactions had occurred on the dates previously indicated nor are they necessarily indicative of future operating results of the combined company.

	Year ended December 31,	
	1994	1993
	-----	-----
	----	----
	(Millions of dollars, except per share amounts)	
Revenues	\$10,121.6	\$ 9,235.5
Earnings from continuing operations	1,040.0	758.7
Net earnings from continuing operations before extraordinary loss, cumulative effect of a change in accounting principle and preferred stock dividends	111.6	10.9
Net earnings (loss) attributable to common stock before extraordinary loss and cumulative effect of a change in accounting principle	51.6	(49.1)
Earnings (loss) per common share before extraordinary loss and cumulative effect of change in accounting principle	.13	(.14)

Pro forma earnings from continuing operations for the year ended December 31, 1994 exclude \$332.1 million of non-recurring merger-related charges reflecting the integration of the Company's pre-merger businesses with similar Paramount Communications units, and related management and strategic changes principally related to the merger with Paramount Communications.

II-25

VIACOM INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

During each of the three years presented, the Company has also acquired or sold certain other businesses. The contributions of these businesses in the aggregate were not significant to the Company's results of operations for the periods presented, nor are they expected to have a material effect on the Company's results on a continuing basis.

3) SUBSEQUENT EVENTS

On January 20, 1995, the Company agreed to sell its cable television systems to a partnership of which Mitgo Corp., a company wholly owned by Frank Washington, is a general partner, for approximately \$2.3 billion, subject to certain conditions, including, receipt of a tax certificate from the Federal Communications Commission and the availability of certain federal tax consequences of the sale advantageous to the Company. The U. S. House of Representatives and U. S. Senate have each approved a similar version of legislation that would eliminate such tax consequences. The House of Representatives has also approved a compromise version of the bill, which is awaiting Senate approval. The Company has announced that it will not proceed with the agreed transaction in the event that such tax consequences are unavailable. The Company has also announced that it is considering other options with respect to the disposition of its cable systems and that it intends to proceed with such disposition. Until a formal plan for the disposition is established, operating results for Cable Television will be included in earnings from continuing operations.

During March 1995, the Company sold Madison Square Garden Corporation (which includes the Madison Square Garden Arena, The Paramount theater, the New York Knickerbockers, the New York Rangers and the Madison Square Garden Network, collectively "MSG") to a joint venture of ITT Corporation and Cablevision Systems Corporation for closing proceeds of \$1.009 billion, representing the sale price of approximately \$1.075 billion, less approximately \$66 million in working capital adjustments. The sale of MSG resulted in no after-tax book gain. Proceeds from the sale were used to pay down notes payable to banks. The Company acquired MSG as part of the Paramount Merger.

MSG has been accounted for as a discontinued operation and, accordingly, its operating results and net assets have been separately disclosed in the Consolidated Financial Statements.

* Issues of Viacom International guaranteed by the Company.

(a) -- On July 1, 1994, the Company entered into an aggregate \$6.489 billion credit agreement (the "Viacom Credit Agreement"), and Viacom International Inc. ("Viacom International") and certain of its subsidiaries (the "Subsidiary Obligors") entered into a \$311 million credit agreement (the "Viacom International Credit Agreement," together with the Viacom Credit Agreement, collectively the "Credit Agreements") each with certain banks, the proceeds of which were used to refinance debt related to the Paramount Merger and the previously existing bank debt of the Company, Viacom International and Paramount. On September 29, 1994, the Company entered into an aggregate \$1.8 billion credit agreement (the "\$1.8 billion Credit Agreement") with certain banks, the proceeds of which were used to refinance the previously existing bank debt of Blockbuster.

The Company guarantees the Viacom International Credit Agreement and notes and debentures issued by Viacom International. Viacom International guarantees Viacom's Credit Agreement, the \$1.8 billion Credit Agreement and notes and debentures issued by the Company.

II-28

VIACOM INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

The following is a summary description of the credit agreements. The description does not purport to be complete and should be read in conjunction with each of the credit agreements.

The Viacom Credit Agreement is comprised of (i) a \$2.5 billion senior unsecured 2-1/2 year revolving short term loan (the "Short-Term Loan") maturing December 31, 1996, (ii) a \$1.8 billion senior unsecured 8 year reducing revolving loan (the "Revolving Loan") maturing July 1, 2002 and (iii) a \$2.189 billion 8 year term loan maturing July 1, 2002 (the "Term Loan"). The Viacom International Credit Agreement is comprised of a \$311 million 8-year term loan to Viacom International and certain of its subsidiaries maturing July 1, 2002. The \$1.8 billion Credit Agreement is comprised of a \$1.8 billion senior unsecured reducing revolving loan to the Company maturing July 1, 2002.

The interest rate on all loans made under the three facilities is based upon Citibank, N.A.'s base rate or the London Interbank Offered Rate and is affected by the Company's credit rating. At December 31, 1994, the London Interbank Offered Rates ("LIBOR") (upon which the Company's borrowing rate was based) for borrowing periods of one month and two months were 6.0% and 6.25%, respectively. At December 31, 1993, LIBOR for borrowing periods of one and two months were 3.25% and 3.3125%, respectively.

The Company may prepay the loans and reduce commitments under the Viacom Credit Agreement and the \$1.8 billion Credit Agreement in whole or in part at any time. The Company is required, subject to certain conditions, to make prepayments under the Short-Term Loan resulting from receipt of the first \$2.5 billion in the aggregate of net cash proceeds from asset sales other than in the ordinary course of business or from capital market transactions. In the event that a Subsidiary Obligor ceases to be a wholly owned subsidiary of the Company or Viacom International, the loans of such Subsidiary Obligor shall be due and payable on the date on which such subsidiary ceases to be a wholly owned subsidiary. If such event occurs prior to December 31, 1996 or the repayment in full of all Short-Term Loans, the Company may elect to convert any outstanding portion of the Short-Term Loan into additional Term Loans in an amount equal to the principal amount of such Subsidiary Obligor's loan.

The credit agreements contain certain covenants which, among other things, require that the Company maintain certain financial ratios and impose on the Company and its subsidiaries certain limitations on substantial asset sales and mergers with any other company in which the Company is not the surviving entity.

The credit agreements contain certain customary events of default and provide that it is an event of default if National Amusements, Inc. ("NAI") fails to own at least 51% of the outstanding voting stock of the Company.

The Company is required to pay a commitment fee based on the aggregate daily unborrowed portion of the loan commitments. As of December 31, 1994, the Company had \$957 million of available loan commitments. The credit agreements do not require compensating balances.

(b) -- The \$100 million aggregate principal amount of 8.75% Senior Subordinated Reset Notes ("8.75% Reset Notes") are due on May 15, 2001. On May 15, 1995 and May 15, 1998, unless a notice of redemption of the 8.75% Reset Notes on such date has been given by the Company, the interest rate on the 8.75% Reset Notes will, if necessary, be adjusted from the rate then in effect to a rate to be determined on the basis of market rates in effect on May 5, 1995 and on May 5, 1998, respectively, as the rate the 8.75% Reset Notes should bear in order to have a market value of 101% of principal amount immediately after the resetting of the rate. In no event will the interest rate be lower than 8.75% or higher than the average three year treasury rate (as defined in the indenture) multiplied by two. The interest rate reset on May 15, 1995 will remain in effect on the 8.75% Reset Notes through and including May 15, 1998 and the interest rate reset on May 15, 1998 will remain in effect on the 8.75% Reset Notes thereafter. The 8.75% Reset Notes are redeemable at the option of the Company, in whole but not in part, on May 15, 1995 or May 15, 1998, at a redemption price of 101% of principal amount plus accrued interest to, but not including, the date of redemption.

(c) -- The Company issued an aggregate principal amount of \$1,069.9 million of 8% Merger Debentures as part of the Paramount Merger consideration. The balance sheet reflects the fair value of the 8% Merger Debentures plus amortization of the related discount.

Extraordinary Losses

During 1994, the proceeds from the Viacom Credit Agreement were used to refinance the previously existing bank debt of the Company. The Company recognized an extraordinary loss from the extinguishment of debt of \$20.4 million, net of a tax benefit of \$11.9 million.

On July 15, 1993, Viacom International redeemed all of the \$298 million principal amount outstanding of the 11.80% Senior Subordinated Notes at a redemption price equal to 103.37% of the principal amount plus accrued interest to July 15, 1993. Viacom International recognized an extraordinary loss from the extinguishment of debt of \$8.9 million, net of a tax benefit of \$6.1 million.

On June 18, 1992, the Company redeemed all of the \$356.5 million principal amount outstanding of the 14.75% Senior Subordinated Discount Debentures at a redemption price equal to 105% of the principal amount plus accrued interest to June 18, 1992. On March 10, 1992, the Company redeemed all of the \$193 million principal amount outstanding of its 11.50% Senior Subordinated Extendible Reset Notes at a redemption price equal to 101% of the principal amount plus accrued interest to the redemption date. The Company recognized an extraordinary loss of \$17.1 million, net of a tax benefit of \$11.3 million.

The Company borrowed the funds necessary for each of these redemptions under its bank credit facilities existing in the respective periods.

Interest costs incurred, interest income and capitalized interest are summarized below:

	Year Ended December 31,		

	(Millions of dollars)		
	1994	1993	1992
	----	----	----
Interest Incurred	\$ 536.3	\$154.5	\$195.7
Interest Income	\$ 32.6	\$ 9.1	\$ 1.1
Capitalized Interest	\$ 9.6	\$.4	\$.5

Scheduled maturities of long-term debt of the Company through December 31, 1999, assuming full utilization of the commitments under the credit agreements (after giving effect to the reduction in commitments resulting from the sale of MSG), are \$1.9 billion (1996), \$163 million (1997), \$1.0 billion (1998) and \$1.5 billion (1999).

6) FINANCIAL INSTRUMENTS

The Company's carrying value of the financial instruments approximates fair value, except for differences with respect to the senior subordinated debt and certain differences related to other financial instruments which are not significant. The carrying value of the senior and senior subordinated debt is \$2.5 billion and the fair value, which is estimated based on quoted market prices, is approximately \$2.4 billion.

The Company enters into interest rate exchange agreements with off-balance sheet risk in order to reduce its exposure to changes in interest rates on its variable rate long-term debt and/or take advantage of changes in interest rates. These interest rate exchange agreements include interest rate swaps and interest rate caps. At December 31, 1994, the Company had \$2.1 billion of interest rate exchange agreements outstanding with commercial banks. \$1.6 billion of these agreements, which expire over the next three years, effectively change the Company's interest rate on an equivalent amount of variable rate borrowings to a fixed rate of 6.8%. The remaining \$500 million of interest rate exchange agreements, which expire during 1995, effectively convert \$500 million of its debt from an average fixed rate of 7.9% to a variable rate (8.0% at December 31). The Company is exposed to credit loss in the event of nonperformance by the counterparties to the agreements. However, the Company does not anticipate nonperformance by the counterparties.

The Company enters into foreign currency exchange contracts in order to reduce its exposure to changes in foreign currency exchange rates. To date, the hedges have been purchased options and forward contracts. A forward contract is an agreement between parties to purchase and sell a foreign currency, for a price specified at the contract date, with delivery and settlement in the future. An option contract provides the right, but not the obligation, to buy or sell currency at a fixed rate on a future date. At December 31, 1994, the Company had outstanding contracts with a notional value of approximately \$36 million, which hedge the European Currency Unit and Japanese Yen, and expire in 1995 and 1996. Realized gains and losses on contracts that hedge expected future cash flows are recognized in "Other Items, Net" and were not material in the current period.

7) SHAREHOLDERS' EQUITY

On July 7, 1994 and September 29, 1994, the Company issued equity securities to holders of Paramount Communications and Blockbuster common stock, respectively (See Note 2).

During March 1994, Blockbuster purchased 22.7 million shares of Viacom Class B Common Stock at a price of \$55 per share. The common stock was canceled upon consummation of the Blockbuster Merger.

On October 22, 1993, Blockbuster purchased 24 million shares of cumulative convertible preferred stock, par value \$.01 per share, of the Company ("Series A Preferred Stock") for \$600 million. The Preferred Stock purchased by Blockbuster was canceled upon consummation of the Blockbuster Merger. On November 19, 1993, NYNEX Corporation ("NYNEX") purchased 24 million shares of cumulative convertible preferred stock, par value \$.01 per share, of the Company ("Series B Preferred Stock," collectively with the Series A Preferred Stock, "Preferred Stock") for \$1.2 billion. Series B Preferred Stock has a

liquidation preference of \$50 per share, an annual dividend rate of 5%, is convertible into shares of Viacom Class B Common Stock at a conversion price of \$70 and does not have voting rights other than those required by law. The Series B Preferred Stock is redeemable by the Company at declining premiums after five years.

NAI holds approximately 26% and the public holds approximately 74% of the Company's outstanding Common Stock as of December 31, 1994. NAI owns 61% of the outstanding Viacom Class A Common Stock as of December 31, 1994.

Long-Term Incentive Plans - The purpose of the Long-Term Incentive Plans (the "Plans") is to benefit and advance the interests of the Company by rewarding certain key employees for their contributions to the financial success of the Company and thereby motivating them to continue to make such contributions in the future. The Plans provide for grants of equity-based interests pursuant to awards of phantom shares, stock options, stock appreciation rights, restricted shares or other equity-based interests ("Awards"), and for subsequent payments of cash with respect to phantom shares or stock appreciation rights based, subject to certain limits, on their appreciation in value over stated periods of time.

During December 1992, a significant portion of the liability associated with the phantom shares was satisfied through the cash payment of \$68.6 million and the issuance of 177,897 shares of Viacom Class B Common Stock valued at \$6.9 million.

In addition to the 25.0 million stock option Awards outstanding under various plans, as of December 31, 1994 there are phantom shares for 643,098 shares of common stock all of which are vested, at an average grant price of \$29 and vest over a three year period from the date of grant. The stock options generally vest over a four to six year period from the date of grant and expire 10 years after the date of grant.

II-32

VIACOM INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

Each of the unexercised stock options to purchase Paramount or Blockbuster common stock that was outstanding at the time of the respective mergers, automatically became options to purchase the merger consideration applicable to the stock option under the same price and terms, except that, for employees of Paramount Communications who were employees on the date of the Paramount Merger, additional Viacom Class B Common Stock valued July 1995, will be issued on exercise of such options as consideration for the cash portion of the blended purchase price per share of Paramount Communications that was not reflected in the Merger consideration because of the transaction structure. These options generally became vested upon the effective date of the Merger, and are exercisable over a three to five year period and expire 10 years after the date of grant.

8) INCOME TAXES

The provision for income taxes shown below for the years ended December 31, 1994, 1993 and 1992 represents federal, state and foreign income taxes on earnings before income taxes. Earnings (loss) accounted for under the equity method of accounting are shown net of tax on the Company's Statement of Operations. The tax provision (benefit) relating to earnings (loss) from equity investments in 1994, 1993 and 1992 are \$9.8 million, \$(.6) million and \$(2.2) million, respectively. See Note 3 and 5 for tax benefits relating to the Discontinued Operations and Extraordinary Losses.

During the first quarter of 1993, the Company adopted Statement of Financial Accounting Standards No. 109, "Accounting for Income Taxes" ("SFAS 109") on a prospective basis and recognized an increase to earnings of \$10.4 million in 1993 as the cumulative effect of a change in accounting principle. SFAS 109 mandates the liability method for computing deferred income taxes.

The carryforwards are subject to statutory limitations which resulted from a change of ownership. The carryforward periods expire in years 1995 through 2009.

VIACOM INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

The Company's share of the undistributed earnings of foreign subsidiaries not included in its consolidated Federal income tax return that could be subject to additional income taxes if remitted, was approximately \$881 million at December 31, 1994. No provision has been made for additional U.S. or foreign taxes that could result from the remittance of such undistributed earnings since the Company intends to reinvest these earnings indefinitely, and it is not practicable to estimate the amount of any such additional taxes.

The following table identifies the deferred tax items which were part of the Company's tax provision under previously applicable accounting principles for the year ended December 31, 1992 (millions of dollars):

Deferred compensation	\$22.7
Depreciation	7.6
Syndication advance payments	4.1
Litigation accrual	(13.3)
Sale of cable system	(6.9)

9) PENSION PLANS, OTHER POSTRETIREMENT BENEFITS AND
POSTEMPLOYMENT BENEFITS

The Company and certain of its subsidiaries have non-contributory pension plans covering specific groups of employees. The Company continues to maintain the pension plans of the former Paramount Communications. The benefits for these plans are based primarily on an employee's years of service and pay near retirement. Participant employees are vested in the plans after five years of service. The Company's policy for all pension plans is to fund amounts in accordance with the Employee Retirement Income Security Act of 1974. Plan assets consist principally of common stocks, marketable bonds and United States

government securities.

Net periodic pension cost consists of the following components:

	Year Ended December 31,		
	1994	1993	1992
	(Millions of dollars)		
Service cost - benefits earned during the period	\$ 22.1	\$ 5.4	\$ 4.6

Discount rate	8.5%	7.5%	8.25%
Return on plan assets	9-10%	9%	9%
Rate of increase in future compensation	5-6%	6%	6%

In addition, during 1994, certain of the Company's employees participated in multiemployer pension plans, for which the Company had other pension expense of \$10.9 million.

The Company sponsors a welfare plan which provides certain postretirement health care and life insurance benefits to substantially all of the Paramount Communications employees and their covered dependents who generally have worked

10 years and are eligible for early or normal retirement under the provisions of the Paramount Communications retirement plan. The welfare plan is contributory and contains cost-sharing features such as deductible and coinsurance which are adjusted annually. The plan is not funded. The Company continues to fund these benefits as claims are paid.

II-38

VIACOM INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

The components of the amount recognized as of December 31, 1994 are as follows (in millions):

Accumulated postretirement benefit obligation attributable to:	
Current retirees	\$ 88.9
Fully eligible active plan participants	17.8
Other active plan participants	35.1
Unrecognized net gain	21.4

Accumulated postretirement benefit obligation	\$ 163.2

The components of net periodic postretirement benefit cost for the year ended December 31, 1994 are as follows (in millions):

Service costs-benefits earned	\$ 4.4
Interest cost on accumulated postretirement benefit obligation	9.5

Net periodic postretirement benefit cost	\$13.9

For purposes of valuing the accumulated postretirement benefit obligation, the discount rate was 8.5%, the assumed weighted average health care cost trend rates are 12% grading down to 5.5% over 8 years for retired both over and under age 65, and 10% grading down to 5.5% over 7 years for managed care under age 65. A one percentage point increase in each year of these health care cost trend rates would increase the accumulated postretirement benefit obligation at December 31, 1994 by \$19.9 million, and increase the sum of the service and interest cost components of net period postretirement benefit cost by \$2.6 million.

In addition the Company contributed to multiemployer plans which provide health and welfare benefits to active as well as retired employees. The Company had costs of \$10.0 million related to these benefits during 1994.

In 1994, the Company adopted Statement of Financial Accounting Standards No. 112, "Employers' Accounting For Postemployment Benefits" ("SFAS 112"). SFAS 112 did not have a significant effect on the Company's consolidated financial position or results of operations.

10) COMMITMENTS AND CONTINGENCIES

The Company has long-term noncancellable lease commitments for office space and equipment, transponders, studio facilities and vehicles.

II-39

VIACOM INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

At December 31, 1994, minimum rental payments under noncancellable leases are as follows:

Operating	Capital
-----------	---------

	Leases -----	Leases -----
	(Millions of dollars)	
1995	\$ 487.1	\$ 28.9
1996	407.9	23.7

	-----	-----
Total minimum lease payments	\$ 3,230.8	182.7
Less amounts representing interest	=====	55.2

Present value of net minimum payments		\$127.5
		=====

The Company has also entered into capital leases for transponders with future minimum commitments commencing in future periods of approximately \$207.9 million payable over the next eleven years. Such commitments are contingent upon the successful operation of satellites. Future minimum capital lease payments have not been reduced by future minimum sublease rentals of \$23.7 million. Rent expense amounted to \$240.2 million (1994), \$74.2 million (1993), and \$67.9 million (1992).

The commitments of the Company for program license fees, which are not reflected in the balance sheet as of December 31, 1994 and are estimated to aggregate approximately \$2.0 billion, principally reflect commitments under Showtime Networks Inc.'s ("SNI's") exclusive arrangements with several motion picture companies. This estimate is based upon a number of factors. A majority of such fees are payable over several years, as part of normal programming expenditures of SNI. These commitments are contingent upon delivery of motion pictures which are not yet available for premium television exhibition and, in many cases, have not yet been produced.

There are various lawsuits and claims pending against the Company. Management believes that any ultimate liability resulting from those actions or claims will not have a material adverse effect on the Company's results of operations or financial position.

Certain subsidiaries and affiliates of the Company from time to time receive claims from Federal and state environmental regulatory agencies and other entities asserting that they are or may be liable for environmental cleanup costs and related damages, principally relating to discontinued operations conducted by its former mining and manufacturing businesses (acquired as part of the Mergers). The Company has recorded a liability at approximately the mid-point of its estimated range of environmental exposure. Such liability was not reduced by potential insurance recoveries and reflects management's estimate of cost sharing at multiparty sites. The estimated range of the potential liability was calculated based upon currently available facts, existing technology and presently enacted laws and regulations. On the basis of

II-40

VIACOM INC. AND SUBSIDIARIES

its experience and the information currently available to it, the Company believes that the claims it has received will not have a material adverse effect on its results of operations or financial position.

14) OTHER ITEMS, NET

On April 4, 1994, Viacom International sold its one-third partnership interest in Lifetime for approximately \$317.6 million, which resulted in a pre-tax gain of approximately \$267.4 million in the second quarter of 1994. Proceeds from the sale were used to reduce outstanding debt of Viacom International.

As part of the settlement of the Time Warner antitrust lawsuit, the Company sold all the stock of Viacom Cablevision of Wisconsin, Inc. to Warner Communications Inc. ("Warner"). This transaction was effective on January 1, 1993. As consideration for the stock, Warner paid the sum of \$46 million plus repayment of debt under the Credit Agreement in the amount of \$49 million, resulting in a pre-tax gain of approximately \$55 million reflected in "Other items, net." Also reflected in this line item is the net gain on the sale of a portion of an investment held at cost and adjustments to previously established non-operating litigation reserves, and other items.

"Other items, net" reflects a gain of \$35 million recorded in the third quarter of 1992; representing payments received in the third quarter relating to certain aspects of the settlement of the Time Warner antitrust lawsuit, net of the Company's 1992 legal expenses related to this lawsuit. "Other items, net" also reflects a reserve for litigation of \$33 million during the second quarter of 1992 related to a summary judgment against the Company in a dispute with CBS Inc. arising under the 1970 agreement associated with the spin-off of Viacom International Inc. by CBS Inc. On July 30, 1993, the Company settled all disputes arising under such litigation.

16) CONDENSED CONSOLIDATING FINANCIAL STATEMENTS

Viacom International is a wholly owned subsidiary of Viacom. Viacom's guarantees of the Viacom International debt securities are full and unconditional (See Note 5). Viacom has determined that separate financial statements and other disclosures concerning Viacom International are not material to investors. The following condensed consolidating financial statements present the results of operations, financial position and cash flows of Viacom, Viacom International (carrying any investments in non-guarantor affiliates under the equity method), and non-guarantor affiliates of Viacom, and the eliminations necessary to arrive at the information for the Company on a consolidated basis. Financial statements of Viacom International for 1993 and 1992 as previously filed on Form 10-K are incorporated by reference herein.

2

Section 1.3 Administration of the Plan.

The Plan shall be administered by the members of the Board who are not Outside Directors. All questions of interpretation, administration and application of the Plan shall be determined by the Board. The Board may authorize any officer of the Company to execute and deliver a stock option certificate on behalf of the Company to an Outside Director.

The total number of shares of Class B Common Stock that shall be reserved for distribution upon grant of Stock Options under the Plan shall be 200,000, subject to adjustment pursuant to Section 4.2 hereof. The shares of Class B Common Stock shall be made available from authorized but unissued Class B Common Stock or from Class B Common Stock issued and held in the treasury of the Company, as shall be determined by the Board. Exercise of Stock Options in any manner shall result in a decrease in the number of shares of Class B Common Stock which thereafter may be issued for purposes of this Section 1.4, by the number of shares as to which the Stock Options are exercised. Shares of Class B Common Stock with respect to which Stock Options expire, are cancelled without being exercised or are otherwise terminated, may be regranted under the Plan.

ARTICLE II

In addition, in recognition of their long years of dedicated service to the Company as Outside Directors and their role in helping to steer the Company through its spectacular growth and development, each person who is an Outside Director on the Effective Date and who was an Outside Director in July 1987 shall be granted an award of Non-Qualified Stock Options to purchase 10,000 shares of Class B Common Stock at an option price per share equal to the Fair Market Value of a share of Class B Common Stock on the Effective Date (the "Date of Grant" of such Stock Options), on the terms and conditions set forth in the Plan. Thereafter, on August 1, 1995 and each of the second through ninth anniversaries thereof, each person who is an Outside Director on such date shall be granted an additional award of Non-Qualified Stock Options to purchase 1,500 shares of Class B Common Stock, effective as of such date (the "Date of Grant" of such Stock Options), at an

from registration or qualification under such laws. Without limiting the foregoing, if at any time the Board shall determine, in its sole discretion, that the listing, registration or qualification of the shares of Class B Common Stock under any Federal or state law or on any securities exchange or the consent or approval of any governmental regulatory body is necessary or desirable as a condition of, or in connection with, delivery or purchase of such shares pursuant to the exercise of a Stock Option, such Stock Option shall not be exercised in whole or in part unless and until such listing, registration, qualification, consent or approval shall have been effected or obtained free of any conditions not acceptable to the Board.

- (c) **Exercise in the Event of Termination of Services.**

- (i) Termination other than for Death or Permanent Disability. All rights with respect to Outstanding Stock Options that are not vested on the date of death will be relinquished.
- (iii) Permanent Disability. If the services of an Outside Director as a Director of the Company terminate by reason of permanent disability, he may exercise his Outstanding Stock Options only within one year after the termination of his services, but only to the extent such Outstanding Stock Options were vested when his services terminated. 5

Section 3.2 Payment of Purchase Price Upon Exercise.

ARTICLE IV

EFFECT OF CERTAIN CORPORATE CHANGES AND
CHANGES IN CONTROL

Section 4.1 Effect of Reorganization.

In the event that (i) the Company is merged or consolidated with another corporation, (ii) one person becomes the beneficial owner of more than fifty percent (50%) of the issued and outstanding voting equity securities of the Company (for purposes of this Section 4.1, the terms "person" and "beneficial owner" shall have the meanings assigned to them in Section 13(d) of the Exchange Act), (iii) all or substantially all of the assets of the Company are acquired by another corporation, person or entity (each such event in (i), (ii) or (iii) or any other similar event or series of events which results in an event described in (i), (ii) or (iii), being hereinafter referred to as a "Reorganization Event") or (iv) the Board shall propose that the Company enter into a Reorganization Event, then all the Outstanding Stock Options under the Plan shall be immediately exercisable as of the date of such Reorganization Event. For the purposes of this Section 4.1, no event or series of events involving National Amusements, Inc., the Company or any of their affiliates shall be deemed to be a Reorganization Event unless such event or series or events results in there being no class of equity securities of the Company (or the successor of the Company) which is publicly traded.

Section 4.2 Dilution and Other Adjustments.

In the event of a stock dividend or split, issuance or repurchase of stock or securities convertible into or exchangeable for shares of stock, grants of options, warrants or rights (other than pursuant to the Plan) to purchase stock, recapitalization, combination, exchange or similar change affecting the Class B Common Stock, as the case may be, in order to provide each Outside Director with a benefit equivalent to that which he would have been entitled had such event not occurred, the Outstanding Stock Options under the Plan shall be adjusted in the same manner as the Outstanding Stock Options (as such term is defined in the LTMIP) under the LTMIP shall be adjusted. Such adjustments shall be conclusive and binding for all purposes. In the event of a change in the Class B Common Stock which is limited to a change in the designation thereof to "Capital Stock" or other similar designation, or to a change in the par value thereof, or from par value to no par value, without increase or decrease in the number of issued shares, the shares resulting from any such change shall be deemed to be Class B Common Stock within the meaning of the Plan.

6

ARTICLE V

MISCELLANEOUS

Section 5.1 Restriction on Transfer.

Except to the extent permitted by the rules under Section 16b-3 of the Exchange Act, the rights of an Outside Director with respect to Stock Options shall not be transferable by the Outside Director to whom such Stock Options are granted, otherwise than by will or the laws of descent and distribution.

7

Section 5.4 No Right to Reelection.

Nothing in the Plan shall be deemed to create any obligation on the part of the Board to nominate any of its members for reelection by the Company's stockholders, nor confer upon any Outside Director the right to remain a member of the Board for any period of time, or at any particular rate of compensation.

ARTICLE VI

AMENDMENT AND TERMINATION

The Board may at any time and from time to time, alter, amend, suspend or terminate the Plan in whole or in part; provided, however, that in no event may the provisions of the Plan respecting eligibility to participate or the timing or amount of grants be amended more frequently than once every six months, other than to comport with changes in the Code, the Employee Retirement Income Security Act of 1974, as amended, or any rules or regulations thereunder; and provided, further, that any amendment which under the requirements of applicable law must be approved by the stockholders of the Company shall not be effective unless and until such stockholder approval has been obtained in compliance with such law; and provided, further, that any amendment that must be approved by the stockholders of the Company in order to maintain the continued qualification of the Plan under Rule 16b-3(c)(2)(ii) under the Exchange Act shall not be effective unless and until such stockholder approval has been obtained in compliance with such rule. No termination or amendment of the Plan may, without the consent of an Outside Director to whom a Grant has been made, adversely affect the rights of such Director in the Stock Options covered by such Grant. Unless previously terminated pursuant to this Article VI, the Plan shall terminate on the tenth anniversary of the Effective Date, and no further Grants may be awarded hereunder after such date.

1. Term. The term of your employment hereunder shall commence on April 1, 1994 and, unless terminated by Viacom or you pursuant to paragraph 8 hereof, shall continue through and until August 1, 1999. The period from April 1, 1994 through August 1, 1999 shall hereinafter be referred to as the "Employment Term" notwithstanding any earlier termination pursuant to paragraph 8.

2. Duties. During the Employment Term, you agree to devote your entire business time, attention and energies to the business of Viacom and its subsidiaries. You will be Executive Vice President - Finance, Corporate Development and Communications of Viacom, reporting directly to the Chief Executive Officer of Viacom (the "CEO"), and you agree to perform such duties, and such other duties reasonable and consistent with such office as may be assigned to you from time to time by the CEO. Your principal place of business shall be at Viacom's headquarters in the New York City metropolitan area.

3. Compensation.

(a) Salary: For all the services rendered by you in any capacity hereunder, Viacom agrees to pay you the sum of Eight Hundred Thousand Dollars (\$800,000) per annum ("Salary"), payable in accordance with Viacom's then effective payroll practices. Your Salary will be reviewed and increased by a minimum of 10% on each of April 1, 1995 and April 1, 1996. On April 1, 1997, your Salary will be reviewed and increased to no less than One Million Dollars (\$1,000,000) per annum (and may be reviewed and increased thereafter) for the remainder of the Employment Term.

(b) Bonus Compensation: In addition to your Salary, you shall be entitled to receive bonus compensation for each of the calendar years during the Employment Term, determined and payable as follows ("Bonus"):

(i) Your Bonus for each of the calendar years during the Employment Term will be based upon a measurement of performance against objectives in accordance with the Viacom Senior Executive Short-Term Incentive Plan, as the same may be amended from time to time.

(ii) Your Target Bonus for each of calendar years 1994, 1995 and 1996 shall be 150% of your Salary on November 1st of such calendar year. Your Target Bonus for each of calendar years 1997, 1998 and 1999 shall be 180% of your Salary on November 1st of such calendar year (or August 1st in the case of 1999). Your Target Bonus may be prorated for 1999.

(iii) Your Bonus for any calendar year shall be payable by February 28 of the following year.

(c) Long-Term Incentive Plans: You will be eligible to participate in one or more of Viacom's long-term incentive plans at a level appropriate to your position as determined by the Viacom Board of Directors.

4. Benefits.

(a) You shall be entitled to participate in such vacation, medical, dental and life insurance, 401(k), pension and other plans as Viacom, as applicable, may have or establish from time to time and in which you would be entitled to participate pursuant to the terms thereof. The foregoing, however, shall not be construed to require Viacom to establish any such plans or to prevent the modification or termination of such plans once established, and no such action or failure thereof shall affect this Agreement. It is further understood and agreed that all benefits you may be entitled to as an employee of Viacom shall be based upon your Salary, as set forth in paragraph 3(a) hereof, and not upon any bonus compensation due, payable or paid to you hereunder, except where the benefit plan expressly provides otherwise.

(b) Viacom shall provide you with no less than Three Million Dollars (\$3,000,000) of life insurance during the Employment Term.

5. Business Expenses. During the Employment Term, you shall be reimbursed for such reasonable travel and other expenses incurred in the performance of your duties hereunder as are customarily reimbursed to senior executives of Viacom reporting directly to the CEO. You shall be entitled to a car allowance of Eleven Hundred Dollars (\$1,100) per month.

6. Exclusive Employment, Confidential Information, Etc.

(a) Non-Competition. You agree that your employment hereunder is on an exclusive basis, and that during the Employment Term, you will not engage in any other business activity which is in conflict with your duties and obligations hereunder. You agree that during the Employment Term you shall not directly or indirectly engage in or participate as an officer, employee, director, agent of or consultant for any business directly competitive with that of Viacom, nor shall you make any investments in any company or business competing with Viacom; provided, however, that nothing herein shall prevent you from investing as less than a one (1%) percent shareholder in the securities of any company listed on a national securities exchange or quoted on an automated quotation system.

(b) Confidential Information. You agree that you shall not, during the Employment Term or at any time thereafter, use for your own purposes, or disclose to or for the benefit of any third party, any trade secret or other confidential information of Viacom or any of its affiliates (except as may be required by law or in the performance of your duties hereunder consistent with Viacom's policies) and that you will comply with any confidentiality obligations of Viacom to a third party, whether under agreement or otherwise. Notwithstanding the foregoing, confidential information shall be deemed not to include information which (i) is or becomes generally available to the public other than as a result of a disclosure by you or any other person who directly or indirectly receives such information from you or at your direction or (ii) is or becomes available to you on a non-confidential basis from a source which is entitled to disclose it to you.

(c) No Employee Solicitation. You agree that, during the Employment Term and for one (1) year thereafter, you shall not, directly or indirectly, engage, employ, or solicit the employment of any person who is then or has been within six (6) months prior thereto, an employee of Viacom or any of Viacom's affiliates.

(d) Viacom Ownership. The results and proceeds of your services hereunder, including, without limitation, any works of authorship resulting from your services during your employment with Viacom and/or any of its affiliates and any works in progress, shall be works-made-for-hire and

Viacom shall be deemed the sole owner throughout the universe of any and all rights of whatsoever nature therein, whether or not now or hereafter known, existing, contemplated, recognized or developed, with the right to use the same

in perpetuity in any manner Viacom determines in its sole discretion without any further payment to you whatsoever. If, for any reason, any of such results and proceeds shall not legally be a work-for-hire and/or there are any rights which do not accrue to Viacom under the preceding sentence, then you hereby irrevocably assign and agree to assign any and all of your right, title and interest thereto, including, without limitation, any and all copyrights, patents, trade secrets, trademarks and/or other rights of whatsoever nature therein, whether or not now or hereafter known, existing, contemplated, recognized or developed to Viacom, and Viacom shall have the right to use the same in perpetuity throughout the universe in any manner Viacom determines without any further payment to you whatsoever. You shall, from time to time, as may be requested by Viacom, do any and all things which Viacom may deem useful or desirable to establish or document Viacom's exclusive ownership of any and all rights in any such results and proceeds, including, without limitation, the execution of appropriate copyright and/or patent applications or assignments. To the extent you have any rights in the results and proceeds of your services that cannot be assigned in the manner described above, you unconditionally and irrevocably waive the enforcement of such rights. This paragraph 6(d) is subject to, and shall not be deemed to limit, restrict, or constitute any waiver by Viacom of any rights of ownership to which Viacom may be entitled by operation of law by virtue of Viacom or any of its affiliates being your employer.

(e) Litigation. You agree that, during the Employment Term, for one (1) year thereafter and, if longer, during the pendency of any litigation or other proceeding, (i) you shall not communicate with anyone (other than your own attorneys and tax advisors and except to the extent necessary in the performance of your duties hereunder) with respect to the facts or subject matter of any pending or potential litigation, or regulatory or administrative proceeding involving any of Viacom's affiliates, other than any litigation or other proceeding in which you are a party-in-opposition, without giving prior notice to Viacom or Viacom's counsel, and (ii) in the event that any other party attempts to obtain information or documents from you with respect to matters possibly related to such litigation or other proceeding, you shall promptly so notify Viacom's counsel.

(f) No Right to Give Interviews or Write Books, Articles, Etc. During the Employment Term, except as authorized by Viacom, you shall not (i) give any interviews or speeches, or (ii) prepare or assist any person or entity in the preparation of any books, articles, television or motion picture productions or other creations, in either case, concerning Viacom or any of Viacom's affiliates or any of their officers, directors, agents, employees, suppliers or customers.

(g) Return of Property. All documents, data, recordings, or other property, whether tangible or intangible, including all information stored in electronic form, obtained or prepared by or for you and utilized by you in the course of your employment with Viacom or any of its affiliates shall remain the exclusive property of Viacom. In the event of the termination of your employment for any reason, Viacom reserves the right, to the extent permitted by law and in addition to any other remedy Viacom may have, to deduct from any monies otherwise payable to you the following: (i) the full amount of any debt you owe to Viacom or any of its affiliates at the time of or subsequent to the termination of your employment with Viacom, and (ii) the value of the Viacom property which you retain in your possession after the termination of your employment with Viacom. In the event that the law of any state or other jurisdiction requires the consent of an employee for such deductions, this Agreement shall serve as such consent.

(h) Non-Disparagement. You agree that you shall not, during the Employment Term and for one (1) year thereafter, in any communications with any customer or client of Viacom or any of Viacom's affiliates, criticize, ridicule or make any statement which disparages or is derogatory of Viacom or Viacom's affiliates or any of their officers, directors, agents or employees.

(i) Injunctive Relief. Viacom has entered into this Agreement in order to obtain the benefit of your unique skills, talent, and experience. You acknowledge and agree that any violation of paragraphs 6(a) through (h) hereof will result in irreparable damage to Viacom, and, accordingly, Viacom may obtain injunctive and other equitable relief for any breach or threatened breach of such paragraphs, in addition to any other remedies available to Viacom.

(j) Survival; Modification of Terms. Your obligations under paragraphs 6(a) through (i) hereof shall remain in full force and effect for the entire period provided therein notwithstanding the termination of the Employment Term pursuant to paragraph 8 hereof or otherwise; provided, however, that your obligations under paragraph 6(a) shall cease if you terminate your employment for "Good Reason" or Viacom terminates your employment without "cause" (as such terms are defined in paragraph 8) and you notify Viacom in writing that you have elected to waive your right to receive, or to continue to receive, payments and benefits pursuant to clauses (i), (ii), (iii), (iv) and (v) of paragraph 8(d). You and Viacom agree that the restrictions and remedies contained in paragraphs 6(a) through (i) are reasonable and that it is your

intention and the intention of Viacom that such restrictions and remedies shall be enforceable to the fullest extent permissible by law. If it shall be found by a court of competent jurisdiction that any such restriction or remedy is unenforceable but would be enforceable if some part thereof were deleted or the period or area of application reduced, then such restriction or remedy shall apply with such modification as shall be necessary to make it enforceable.

7. Incapacity. You agree to enroll in the Viacom Long-Term Disability program, as the same may exist from time to time ("LTD"). In the event you become totally medically disabled and cannot substantially perform your duties at any time during the Employment Term, the CEO, at any time after such disability has continued for 30 consecutive days, may determine that Viacom requires such duties and responsibilities be performed by another executive. In the event the CEO makes such a determination, you shall be placed on a "medical payroll". You will first receive benefits under Viacom's short-term disability program for the first 26 weeks of consecutive absence. Thereafter, you will be eligible to receive benefits under the LTD program in accordance with its terms. Upon receipt of benefits under the LTD program, you will also be entitled to receive a pro-rated Target Bonus for the calendar year in which such benefits commence.

8. Termination.

(a) Termination for Cause. Viacom may, at its option, terminate this Agreement forthwith for "cause", and Viacom shall thereafter have no further obligations under this Agreement, including, without limitation, any obligation to pay Salary or Bonus or provide benefits under this Agreement. For purposes of this Agreement, termination of this Agreement for "cause" shall mean termination for dishonesty, conviction of a felony, or willful unauthorized disclosure of confidential information, or if you at any time materially breach this Agreement (including, without limitation, your failure, neglect of or refusal to substantially perform your obligations hereunder as set forth in paragraphs 2 and 11 hereof) except in the event of your disability as set forth in paragraph 7. Anything herein to the contrary notwithstanding, Viacom will give you written notice prior to terminating this Agreement for your material breach setting forth the exact nature of any alleged breach and the conduct

required to cure such breach. You shall have ten (10) business days from the giving of such notice within which to cure.

(b) Good Reason Termination. You may terminate your employment hereunder for "Good Reason" at any time during the Employment Term by written notice to Viacom not more than thirty (30) days after the occurrence of the event constituting "Good Reason". Such notice shall state an effective date no later than ten (10) business days after the date it is given. Good Reason

shall mean, without your prior written consent, other than in connection with the termination of your employment for "cause" (as defined above) or in connection with your permanent disability, the assignment to you by Viacom of duties substantially inconsistent with your positions, duties, responsibilities, titles or offices, the withdrawal of a material part of your responsibilities as set forth in paragraph 2, or the breach by Viacom of any of its material obligations hereunder.

(c) Termination Without Cause. Viacom may terminate your employment hereunder without "cause" (as defined above) at any time during the Employment Term by written notice to you.

(d) Termination Payments, Etc. In the event that your employment terminates pursuant to paragraph 8(b) or 8(c) hereof, you shall be entitled to receive, subject to applicable withholding taxes:

- (i) your Salary as provided in paragraph 3(a) until the end of the Employment Term, payable in accordance with Viacom's then effective payroll practices;
- (ii) bonus compensation for each calendar year during the Employment Term equal to your Target Bonus as set forth in paragraph 3(b);
- (iii) your car allowance as provided in paragraph 5 until the end of the Employment Term, payable in accordance with Viacom's then effective payroll practices;
- (iv) medical and dental insurance coverage under COBRA until the end of the Employment Term or, if earlier, the date on which you become eligible for medical and dental coverage from a third party employer; during this period, Viacom will pay an amount equal to the applicable COBRA premiums (or such other amounts as may be required by applicable law) (which amount will be included in your income for tax purposes to the extent required by applicable law); at the end of such period, you may elect to continue your medical and dental insurance coverage at your own expense for the balance, if any, of the period required by law;
- (v) the life insurance coverage set forth in paragraph 4(b) until the end of the Employment Term (the amount of Salary covered by such insurance to be reduced by the amount of any salary payable to you by a third party); and
- (vi) the following with respect to grants to you under

Viacom's 1989 and 1994 Long-Term Management
Incentive Plans and any successor plans
(collectively, the "LTMIP"):

- (x) stock options granted to you under the LTMIP which are exercisable on or prior to the date of the termination of your employment under paragraph 8(b) or 8(c) or that would have vested and become exercisable on or before the last day of the Employment Term will be exercisable until six (6) months after the date of such termination or, if earlier, the expiration date of the stock options; and
- (y) payments on the phantom shares granted to you under the LTMIP in 1989 will be calculated in the manner and made at such times as provided in the LTMIP;

provided, however, you shall be required to mitigate the amount of any payment provided for in (i), (ii) and (iii) of this paragraph 8(d) by seeking other employment or otherwise, and the amount of any such payment provided for in (i), (ii) and (iii) shall be reduced by any compensation earned by you from a third person except that mitigation shall not be required for eighteen(18) months after the termination of your employment or for the period commencing with the termination of your employment and ending on the last day of the Employment Term, whichever is shorter. The payments provided for in (i) above are in lieu of any severance or income continuation or protection under any Viacom plan that may now or hereafter exist. The payments and benefits to be provided pursuant to this paragraph 8(d) shall constitute liquidated damages, and shall be deemed to satisfy and be in full and final settlement of all obligations of Viacom to you under this Agreement.

(e) Termination of Benefits. Notwithstanding anything in this Agreement to the contrary (except as otherwise provided in paragraph 8(d) with respect to medical, dental and life insurance), coverage under all Viacom benefit plans and programs (including, without limitation, vacation, 401(k) and excess 401(k) plans, pension and excess pension plans, LTD, car insurance and accidental death and dismemberment and business travel and accident insurance) will terminate upon the termination of your employment except to the extent otherwise expressly provided in such plans or programs.

9. Death. If you die prior to the end of the Employment Term, your beneficiary or estate shall be entitled to receive your Salary up to the date on which the death occurs and a pro-rated Target Bonus.

10. Section 317 and 508 of the Federal Communications Act. You represent that you have not accepted or given nor will you accept or give, directly or indirectly, any money, services or other valuable consideration from or to anyone other than Viacom for the inclusion of any matter as part of any film, television program or other production produced, distributed and/or developed by Viacom and/or any of its affiliates.

11. Equal Opportunity Employer. You acknowledge that Viacom is an equal opportunity employer. You agree that you will comply with Viacom policies and applicable federal, state and local laws prohibiting discrimination on the basis of race, color, creed, national origin, age, sex or disability.

12. Notices. All notices required to be given hereunder shall be given in writing, by personal delivery or by mail at the respective addresses of the parties hereto set forth above, or at such other address as may be designated in writing by either party, and in the case of Viacom, to the

attention of the General Counsel of Viacom. Any notice given by mail shall be deemed to have been given three days following such mailing.

13. Assignment. This is an Agreement for the performance of personal services by you and may not be assigned by you or Viacom except that Viacom may assign this Agreement to any affiliate or any successor in interest to Viacom.

14. New York Law, Etc. This Agreement and all matters or issues collateral thereto shall be governed by the laws of the State of New York applicable to contracts entered into and performed entirely therein.

15. No Implied Contract. Nothing contained in this Agreement shall be construed to impose any obligation on Viacom to renew this Agreement or any portion thereof. The parties intend to be bound only upon execution of a written agreement and no negotiation, exchange of draft or partial performance shall be deemed to imply an agreement. Neither the continuation of employment nor any other conduct shall be deemed to imply a continuing agreement upon the expiration of this Agreement.

16. Entire Understanding. This Agreement contains the entire understanding of the parties hereto relating to the subject matter herein contained, and can be changed only by a writing signed by both parties hereto.

17. Void Provisions. If any provision of this Agreement, as applied to either party or to any circumstances, shall be adjudged by a court to be void or unenforceable, the same shall be deemed stricken from this Agreement and shall in no way affect any other provision of this Agreement or the validity or enforceability of this Agreement.

18. Supersedes Previous Agreement. This Agreement supersedes and cancels all prior agreements relating to your employment by Viacom or any of its affiliates.

If the foregoing correctly sets forth our understanding, please sign one copy of this letter and return it to the undersigned, whereupon this letter shall constitute a binding agreement between us.

Very truly yours,

VIACOM INC.

In the event that the law of any state or other jurisdiction requires the consent of an employee for such deductions, this Agreement shall serve as such consent.

(h) Non-Disparagement. You agree that you shall not, during the Employment Term and for one (1) year thereafter, in any communications with any customer or client of Viacom or any of Viacom's affiliates, criticize, ridicule or make any statement which disparages or is derogatory of Viacom or Viacom's affiliates or any of their officers, directors, agents or employees.

(i) Injunctive Relief. Viacom has entered into this Agreement in order to obtain the benefit of your unique skills, talent, and experience. You acknowledge and agree that any violation of paragraphs 6(a)

through (h) hereof will result in irreparable damage to Viacom, and, accordingly, Viacom may obtain injunctive and other equitable relief for any breach or threatened breach of such paragraphs, in addition to any other remedies available to Viacom.

(j) Survival; Modification of Terms. Your obligations under paragraphs 6(a) through (i) hereof shall remain in full force and effect for the entire period provided therein notwithstanding the termination of the Employment Term pursuant to paragraph 8 hereof or otherwise; provided, however, that your obligations under paragraph 6(a) shall cease if you terminate your employment for "Good Reason" or Viacom terminates your employment without "cause" (as such terms are defined in paragraph 8) and you notify Viacom in writing that you have elected to waive your right to receive, or to continue to receive, payments and benefits pursuant to clauses (i), (ii), (iii), (iv) and (v) of paragraph 8(d). You and Viacom agree that the restrictions and remedies contained in paragraphs 6(a) through (i) are reasonable and that it is your intention and the intention of Viacom that such restrictions and remedies shall be enforceable to the fullest extent permissible by law. If it shall be found by a court of competent jurisdiction that any such restriction or remedy is unenforceable but would be enforceable if some part thereof were deleted or the period or area of application reduced, then such restriction or remedy shall apply with such modification as shall be necessary to make it enforceable.

7. Incapacity. You agree to enroll in the Viacom Long-Term Disability program, as the same may exist from time to time ("LTD"). In the event you become totally medically disabled and cannot substantially perform your duties at any time during the Employment Term, the CEO, at any time after such disability has continued for 30 consecutive days, may determine that Viacom requires such duties and responsibilities be performed by another executive. In the event the CEO makes such a determination, you shall be placed on a "medical payroll". You will first receive benefits under Viacom's short-term disability program for the first 26 weeks of consecutive absence. Thereafter, you will be eligible to receive benefits under the LTD program in accordance with its terms. Upon receipt of benefits under the LTD program, you will also be entitled to receive a pro-rated Target Bonus for the calendar year in which such benefits commence.

8. Termination.

(a) Termination for Cause. Viacom may, at its option, terminate this Agreement forthwith for "cause", and Viacom shall thereafter have no further obligations under this Agreement, including, without limitation, any obligation to pay Salary or Bonus or provide benefits under this Agreement. For purposes of this Agreement, termination of this Agreement for "cause" shall mean termination for dishonesty, conviction of a felony, or willful unauthorized disclosure of confidential information, or if you at any time materially breach this Agreement (including, without limitation, your failure, neglect of or refusal to substantially perform your obligations hereunder as set forth in paragraphs 2 and 11 hereof) except in the event of your disability as set forth in paragraph 7. Anything herein to the contrary notwithstanding, Viacom will give you written notice prior to terminating this Agreement for your material breach setting forth the exact nature of any alleged breach and the conduct required to cure such breach. You shall have ten (10) business days from the giving of such notice within which to cure.

(b) Good Reason Termination. You may terminate your employment hereunder for "Good Reason" at any time during the Employment Term by written notice to Viacom not more than thirty (30) days after the occurrence of the event constituting "Good Reason". Such notice shall state an effective date no later than ten (10) business days after the date it is given. Good Reason shall mean, without your prior written consent, other than in connection with the termination of your employment for "cause" (as defined above) or in connection with your permanent disability, the

assignment to you by Viacom of duties substantially inconsistent with your positions, duties, responsibilities, titles or offices, the withdrawal of a material part of your responsibilities as set forth in paragraph 2, or the breach by Viacom of any of its material obligations hereunder.

(c) Termination Without Cause. Viacom may terminate your employment hereunder without "cause" (as defined above) at any time during the Employment Term by written notice to you.

(d) Termination Payments, Etc. In the event that your employment terminates pursuant to paragraph 8(b) or 8(c) hereof, you shall be entitled to receive, subject to applicable withholding taxes:

- (i) your Salary as provided in paragraph 3(a) until the end of the Employment Term, payable in accordance with Viacom's then effective payroll practices;
- (ii) bonus compensation for each calendar year during the Employment Term equal to your Target Bonus as set forth in paragraph 3(b);
- (iii) your car allowance as provided in paragraph 5 until the end of the Employment Term, payable in accordance with Viacom's then effective payroll practices;
- (iv) medical and dental insurance coverage under COBRA until the end of the Employment Term or, if earlier, the date on which you become eligible for medical and dental coverage from a third party employer; during this period, Viacom will pay an amount equal to the applicable COBRA premiums (or such other amounts as may be required by applicable law) (which amount will be included in your income for tax purposes to the extent required by applicable law); at the end of such period, you may elect to continue your medical and dental insurance coverage at your own expense for the balance, if any, of the period required by law;
- (v) life insurance coverage until the end of the Employment Term (the amount of Salary covered by such insurance to be reduced by the amount of any salary payable to you by a third party);
- (vi) the following with respect to grants to you under Viacom's 1989 and 1994 Long-Term Management Incentive Plans and any successor plans (collectively, the "LTMIP"):
 - (x) stock options granted to you under the LTMIP which are exercisable on or prior to the date of the termination of your employment under paragraph 8(b) or 8(c) or that would have vested and become exercisable on or before the last day of the Employment Term will be exercisable until six (6) months after the date of such termination or, if earlier, the expiration date of the stock options; and

- (y) payments on the phantom shares granted to you under the LTMIP in 1989 will be calculated in the manner and made at such times as provided in the LTMIP; and
- (vii) payments on any performance shares granted to you under the Divisional Long-Term Incentive Plan ("Divisional LTIP") will be calculated in the manner provided in the Divisional LTIP for employees terminating their employment on the last day of the Employment Term; such payments will be made at such times as payments under the Divisional LTIP would otherwise be made;

provided, however, you shall be required to mitigate the amount of any payment provided for in (i), (ii) and (iii) of this paragraph 8(d) by seeking other employment or otherwise, and the amount of any such payment provided for in (i), (ii) and (iii) shall be reduced by any compensation earned by you from a third person except that mitigation shall not be required for eighteen (18) months after the termination of your employment or for the period commencing with the termination of your employment and ending on the last day of the Employment Term, whichever is shorter. The payments provided for in (i) above are in lieu of any severance or income continuation or protection under any Viacom plan that may now or hereafter exist. The payments and benefits to be provided pursuant to this paragraph 8(d) shall constitute liquidated damages, and shall be deemed to satisfy and be in full and final settlement of all obligations of Viacom to you under this Agreement.

(e) Termination of Benefits. Notwithstanding anything in this Agreement to the contrary (except as otherwise provided in paragraph 8(d) with respect to medical, dental and life insurance), coverage under all Viacom benefit plans and programs (including, without limitation, vacation, 401(k) and excess 401(k) plans,

pension and excess pension plans, LTD, car insurance and accidental death and dismemberment and business travel and accident insurance) will terminate upon the termination of your employment except to the extent otherwise expressly provided in such plans or programs.

(f) Non-Renewal Notice, Etc. Viacom shall give you notice in writing in the event that Viacom elects not to extend or renew this Agreement. If Viacom gives you such notice less than twelve (12) months before the end of the Employment Term, or your employment terminates pursuant to paragraph 8(b) or 8(c) hereof during the final twelve (12) months of the Employment Term, you shall be entitled to receive Salary as provided in paragraph 3(a), payable in accordance with Viacom's then effective payroll practices, subject to applicable withholding requirements, for the period commencing after the end of the Employment Term which, when added to the portion of the Employment Term remaining when the notice is given or the termination occurs, equals twelve (12) months; provided, however, you shall be required to mitigate the amount of any payment pursuant to this paragraph 8(f) by seeking other employment or otherwise, and the amount of any such payment shall be reduced by any compensation earned by you from a third person. The payments provided for in this paragraph 8(f) are in lieu of any severance or income continuation or protection under any Viacom plan that may now or hereafter exist.

9. Death. If you die prior to the end of the Employment Term, your beneficiary or estate shall be entitled to receive your Salary up to the date on which the death occurs and a pro-rated Target Bonus.

10. Section 317 and 508 of the Federal Communications Act. You represent that you have not accepted or given nor will you accept or give, directly or indirectly, any money, services or other valuable consideration from or to anyone other than Viacom for the inclusion of any matter as part of any film, television program or other production produced, distributed and/or developed by Viacom and/or any of its affiliates.

11. Equal Opportunity Employer. You acknowledge that Viacom is an equal opportunity employer. You agree that you will comply with Viacom policies and applicable federal, state, and local laws prohibiting discrimination on the basis of race, color, creed, national origin, age, sex or disability.

12. Notices. All notices required to be given hereunder shall be given in writing, by personal delivery or by mail at the respective addresses of the parties hereto set forth above, or at such other address as may be designated in writing by either party, and in the case of Viacom, to the attention of the General Counsel of Viacom.

Any notice given by mail shall be deemed to have been given three days following such mailing.

13. Assignment. This is an Agreement for the performance of personal services by you and may not be assigned by you or Viacom except that Viacom may assign this Agreement to any affiliate of or any successor in interest to Viacom.

14. New York Law, Etc. This Agreement and all matters or issues collateral thereto shall be governed by the laws of the State of New York applicable to contracts entered into and performed entirely therein.

15. No Implied Contract. Nothing contained in this Agreement shall be construed to impose any obligation on Viacom to renew this Agreement or any portion thereof. The parties intend to be bound only upon execution of a written agreement and no negotiation, exchange of draft or partial performance shall be deemed to imply an agreement. Neither the continuation of employment nor any other conduct shall be deemed to imply a continuing agreement upon the expiration of this Agreement.

16. Entire Understanding. This Agreement contains the entire understanding of the parties hereto relating to the subject matter herein contained, and can be changed only by a writing signed by both parties hereto.

17. Void Provisions. If any provision of this Agreement, as applied to either party or to any circumstances, shall be adjudged by a court to be void or unenforceable, the same shall be deemed stricken from this Agreement and shall in no way affect any other provision of this Agreement or the validity or enforceability of this Agreement.

18. Supersedes Previous Agreement. This Agreement supersedes and cancels all prior agreements relating to your employment by Viacom or any of its affiliates.

If the foregoing correctly sets forth our understanding, please sign one copy of this letter and return it to the undersigned, whereupon this letter shall constitute a binding agreement between us.

Very truly yours,

Dear Mr. Horowitz:

Viacom Inc. ("Viacom") and you have entered into an employment agreement on the date hereof (the "Agreement"). All defined terms used herein without definition shall have the meanings set forth in the Agreement.

The Agreement provides that, in the event that you terminate your employment for Good Reason or Viacom terminates your employment without "cause", stock options granted to you under the LTMIP that have vested on the termination date or would have vested by the end of the Employment Term will be exercisable for six (6) months after the termination date. In order for these provisions to be effective, the LTMIP must be amended by the Viacom Board of Directors and the amendments approved by the Viacom stockholders at the 1995 Annual Stockholders Meeting.

In the event that the amendments to the LTMIP are not adopted or your employment terminates before these amendments become effective, Viacom and you agree that clause (vi) of paragraph 8(d) of the Agreement shall read as follows:

- "(vi) the following with respect to grants to you under Viacom's 1989 and 1994 Long-Term Management Incentive Plans and any successor plans (collectively, the "LTMIP"):
- (x) stock options granted to you under the LTMIP which become exercisable on or prior to the date of the termination of your employment under paragraph 8(b) or 8(c) must be exercised within three (3) months of such termination; and
- (y) stock options granted to you under the LTMIP which are not exercisable on or prior to the date of the termination of your employment under paragraph 8(b) or 8(c) but that would have vested on or before the last day of the Employment Term, (1) may, at the sole determination of the Compensation Committee of the Viacom Board of Directors, become immediately exercisable and then may be exercised in accordance with the terms of the LTMIP or (2) shall be canceled and in lieu thereof you shall be deemed to have been granted stock appreciation rights ("SARs") subject to the same terms and conditions as the canceled stock options. Such SARs shall be deemed to vest on the dates set forth in the LTMIP until the last day of the Employment Term, you may exercise such SARs by written notice to Viacom until three (3) months after the last day of the Employment Term and you

shall receive the difference between the exercise price and the value of Viacom stock as of the date of exercise, as such value is determined in the LTMIP, payable within ten (10) business days of such exercise; and

(z) payments on the phantom shares granted to you under the LTMIP in 1989 will be calculated in the manner and made at such times as provided in the LTMIP; and"

George S. Abrams

Waban, MA 02168

Dear Mr. Abrams:

Viacom Inc. ("Viacom") desires that you perform certain services for Viacom as provided for in this Agreement upon the following terms and conditions:

1. Term.

The term of this Agreement commences on March 1, 1994 and, shall continue unless terminated by Viacom or you pursuant to Section 5 hereof.

2. Duties and Responsibilities.

You shall provide advice to Viacom respecting legal and governmental relations matters or such other matters as Viacom through its Executive Vice President, General Counsel and Chief Administrative Officer may request (the "Services") on a non-exclusive basis. You shall devote the appropriate portion of your time to perform the Services; however, nothing herein shall prevent you from fulfilling any of your obligations as a director of Viacom, Viacom International Inc. or Paramount Communications Inc. or engaging in other businesses and activities that are not in violation of your obligations hereunder. You shall inform Viacom promptly of any conditions or limitations which will or might affect your performance of the services contemplated hereunder, including legal, ethical and personal conflicts; however, your failure to comply with these provisions shall not relieve you of any of your duties, liabilities or obligations hereunder.

3. Independent Contractor.

In performing the Services, you shall be an independent contractor and not an employee. You shall comply with instructions from Viacom concerning the nature and objective of the Services, but you have the discretion to determine the manner and precise timing of your performance of the Services. Except as specifically authorized by Viacom, during performance of the Services you do not have the authority to contractually bind Viacom and you are not Viacom's agent.

4. Compensation.

For all Services rendered by you in any capacity hereunder, Viacom agrees to pay you the sum of ten thousand dollars (\$10,000) monthly in the manner set forth herein, in addition to reimbursement by Viacom for reasonable travel and other expenses incurred in the performance of the Services.

Viacom shall issue you a check in the amount of ten thousand dollars (\$10,000) on the 10th day of the month following each month during which you perform the Services (other than for March, 1994, the fee for which will be paid by check promptly upon your execution of this Agreement). Additionally, a check will be issued to you for reimbursement of expenses reasonably incurred in conjunction with the Services upon submission of an invoice adequately describing the expenses paid by you. Each such invoice shall be accompanied and supported by satisfactory evidence of the reimbursable expenses listed thereon. Payment to you of each monthly amount shall constitute full and sufficient compensation for the Services. Payment of any invoice for expenses shall not prejudice Viacom's right to dispute the accuracy thereof.

You shall retain all related accounting and other documentation for a period of 2 years after performance of the Services and expenses on each such invoice.

5. Termination.

Each of Viacom and you shall have the right to terminate this Agreement immediately upon written notice as provided in Section 7.

6. Assignment.

You shall not assign your rights or delegate your duties hereunder without the prior written consent of Viacom.

7. Notices.

All notices, invoices, changes of address, or other communication required or permitted to be given hereunder shall be deemed to have been duly given when personally delivered or when deposited in the U.S. mail, postage prepaid, as follows:

If to Viacom: Viacom International Inc.
Executive Vice President, General
Counsel and Chief Administrative Officer
1515 Broadway
New York, NY 10036

If to you, at your address as set forth above.

Notwithstanding the foregoing, if exigent circumstances exist, telephonic communication shall suffice if promptly followed by confirmation of such communication in the manner described above.

Either party may change its or his address for the purpose of this paragraph by written notice similarly given.

8. Governing Law.

This Agreement shall be governed by and construed in accordance with the laws of the State of New York and the courts of New York State shall have exclusive jurisdiction over any matter arising under this Agreement.

9. Void Provisions.

If any provision of this Agreement, as applied to either party or to any circumstances, shall be adjudged by a court to be void or unenforceable, the same shall be deemed stricken from this Agreement and shall in no way affect any other provision of this Agreement or the validity or enforceability of this Agreement.

10. Survival.

The provisions of Sections 4 and 8 shall survive any termination or expiration of this Agreement.

11. Entire Agreement.

The terms and provisions of this Agreement constitute the entire agreement between Viacom and you with respect to the Services and supersede all communications, representations or agreements, either verbal or written. This Agreement may not be modified, amended or supplemented, or extended except by written instrument executed by both Viacom and you.

If the foregoing correctly sets forth our understanding, please sign one copy of this letter and return it to the undersigned, whereupon this letter shall constitute a binding agreement between us.

30

Regulatory Approvals or such failure of such Regulatory Approvals to be in full force and effect at the Closing shall not itself constitute a breach of any provision hereof. With respect to all Retained Franchise Areas, TeleVue shall retain the Retained Local Authorization and all Retained Assets, and Buyer shall not purchase such assets at the Closing as provided in this Article II and

Section 4.1, provided that TeleVue and Buyer shall take such steps and enter into such agreements, including management agreements (with Buyer as manager, but at no cost to TeleVue), as may be reasonably necessary so that the Buyer shall have the use and benefit of (including, without limitation, cash flow), and burdens (including, without limitation, Taxes and risk of loss) with respect to, the Retained Assets as if the Retained Assets were Acquired Assets, until, with respect to any Retained Local Authorization and the related Retained Assets, the Deferred Closing Date or the termination of such agreements as contemplated below in this Section 2.4. Such management agreements will provide that Buyer will have the right to set programming, provided that, with respect to any Retained Franchise Area, Buyer will not take any action, including, without limitation, increasing subscriber rates, that could reasonably be expected to delay the Deferred Closing Date with respect to such Retained Franchise Area or make the occurrence thereof less likely. Such management agreements will also provide that TeleVue will continue to make capital expenditures with respect to each Retained Franchise Area as if the Closing had not occurred, but only until the Deferred Closing Date for such Retained Franchise Area. The outpocket costs and expenses of all such arrangements shall be shared equally by Buyer and TeleVue (except that each party shall be responsible for the fees and expenses of its own legal advisors).

(ii) With respect to the Retained Franchise Areas, upon request of TeleVue from time to time following the Closing (but in any event no more frequently than monthly), Buyer shall promptly reimburse TeleVue for the amount of Aggregate Cumulative Adjusted Capital Expenditures made prior to the date of such request, but only to the extent of Aggregate Cumulative Deemed Net Cash Flow at such date. Upon such reimbursement, (a) Aggregate Cumulative Adjusted Capital Expenditures and Aggregate Cumulative Deemed Net Cash Flow shall each be reduced by the amount of such payment, (b) Cumulative Adjusted Capital Expenditures for all Retained Franchise Areas shall each be reduced by a pro rata allocation of the amount of such payment and (c) Cumulative Deemed Net Cash Flow for all Retained Franchise Areas shall be reduced by a pro rata allocation of the amount of such payment.

If TeleVue so requests, prior to such termination Buyer and TeleVue shall enter into such agreements, including without limitation service and management agreements for such Terminated Retained Franchise Areas, on reasonable and customary commercial terms (provided

that such agreements shall be cancelable by Buyer without penalty or other payment on not more than 180 days prior notice and shall be cancelable by TeleVue without penalty or other payment on not more than 30 days' prior written notice to Buyer) as may be reasonably necessary so that TeleVue shall have the use and benefit of, and burdens with respect to, and be able to operate the related Retained Assets as if, from and after such termination, the Closing had not occurred. Upon such termination (i) Buyer shall pay to TeleVue an amount equal to the aggregate Cumulative Deemed Net Cash Flow for such Terminated Franchise Areas as of the termination date, and if the number of Over Base Subscriber Number Retained Subscribers exceeds zero, TeleVue shall pay to Buyer the Section 2.4 Retained Subscriber Amount, if any, provided that if each of Buyer and TeleVue have obligations under this clause (i) such obligations shall be deemed satisfied and replaced by an obligation of the party which owed the greater amount to pay to the party which owed the lesser amount, an amount equal to the excess of such greater amount over such lesser amount, and (ii) TeleVue's and Buyer's obligations under Section 4.1(d) with respect to the related

Retained Local Authorization and related Retained Assets shall terminate.

(iv) Buyer shall provide TeleVue with access to the books and records of Buyer relating to the Retained Franchise Areas and any other assistance that TeleVue may request in connection with the determination of Cumulative Adjusted Capital Expenditures. TeleVue shall provide Buyer with access to the books and records of TeleVue relating to the Retained Franchise Areas, to the extent relating to the period following the Closing, and any other assistance that Buyer may request in connection with the determination of Cumulative Adjusted Capital Expenditures.

(b) With respect to all Right of First Refusal Franchise Areas, TeleVue shall retain the Right of First Refusal Local Authorizations and all Right of First Refusal Assets and Buyer shall not purchase such assets at the Closing as provided in this Article II and Section 4.1. With respect to any Right of First Refusal Franchise Area, if TeleVue so requests, Buyer and TeleVue shall enter into such agreements (effective at or after the Closing), including without limitation service (with Buyer providing services) and management (with Buyer as manager) agreements, on reasonable and customary commercial terms so that TeleVue shall be able to operate the related Right of First Refusal Assets as if the Closing had not occurred; provided that (i) such agreements shall provide that as compensation for its services under such agreements, Buyer shall have the use and benefit of the cash flow derived from such Right of First Refusal Assets except that Buyer shall be obligated to pay to TeleVue promptly after each month end an amount equal to the Monthly Deemed Net Cash Flow for such Right of First Refusal Franchise Area and (ii) such agreements shall be cancelable without penalty or other payment by TeleVue and Buyer on 90 and 180 days' notice, respectively. Unless otherwise provided therein, such agreements shall terminate with respect to any Right of First Refusal Franchise Area upon the transfer of the related Right of First Refusal Assets pursuant to Section 4.1(d) or termination of the Cable Group's rights under the related Right of First Refusal Local Authorization.

Section 2.5 Reorganization. TeleVue intends to cause each of the other Cable Division Subsidiaries to be merged with and into, or liquidated into, TeleVue. Such mergers and liquidations are herein referred to as the "Reorganizations." Buyer agrees that no Reorganization shall constitute or give rise to a breach of any provision hereof, except that this sentence shall not apply to a breach of Section 5.23.

33

Section 2.6 Purchase Price Allocations. Buyer and TeleVue agree to allocate to any property included in the Acquired Assets with respect to which Taxes described in the second sentence of Section 8.7 (a) are imposed a portion of the Purchase Price equal to the net book value for financial reporting purposes (as shown on the books of the Cable Group) of such property. Buyer and TeleVue shall, and shall cause their respective Affiliates to, file all Tax Returns in a manner consistent with such allocation.

34

insofar as such claims (including litigation) relate to the ownership or operation of the Business prior to the Closing ("Retained Liabilities").

PURCHASE PRICE

Section 4.1 Purchase Price.

(a)(1)The purchase price for the Acquired Assets (the "Purchase Price") shall be an aggregate amount equal to (A)an amount (the "Base Price") equal to the sum of (i)the Fixed Price plus (ii)the Capital Expenditure Amount, plus (iii)the Closing Inventory Amount, plus (iv)an amount equal to Closing Working Capital, if Closing Working Capital is a positive amount, plus (v)the Telecom Amount, minus (vi)an amount equal to the amount by which Closing Working Capital is less than zero, if Closing Working Capital is a negative amount, minus (vii)the Subscriber Shortfall Amount, if any, minus (viii)the Lost Service Subscriber Reduction Amount, if any, minus (ix)the Retained Franchise Reduction Amount, if any, minus (x)the amount of the front-end loaded programming payments set forth on Schedule 4.1, plus (B)if the Closing takes place after June 30, 1995, an amount equal to interest on the Base Price at the LIBOR Rate for the period from June 30, 1995 to the Closing Date.

(2) If Closing Date Basic Subscribers are less than the Subscriber Shortfall Number, the "Subscriber Shortfall Amount" shall be an amount calculated as follows:

(i) If West Coast Closing Date Basic Subscribers are less than the West Coast Closing Date Subscriber Target and Eastern System Closing Date Basic Subscribers are less than the Eastern System Closing Date Subscriber Target, then the Subscriber Shortfall Amount shall be equal to the sum of (A) the product of (x)\$1,984.98 and (y) the shortfall of West Coast Closing Date Basic Subscribers below the West Coast Closing Date Subscriber Target and (B) the product of (x)\$1,813.47 and (y) the shortfall of Eastern System Closing Date Basic Subscribers below the Eastern System Closing Date Subscriber Target.

(ii) If West Coast Closing Date Basic Subscribers are less than the West Coast Closing Date Subscriber Target and Eastern System Closing Date Basic Subscribers are greater than the Eastern System Closing Date Subscriber Target, then the Subscriber Shortfall Amount shall be equal to (1) the product of (A)\$1,984.98 and (B)the shortfall of West Coast Closing Date Basic Subscribers below the West Coast Closing Date Subscriber Target minus (2) the product of (A)\$1,813.47 and (B)the excess of Eastern System Closing Date Basic Subscribers over the Eastern System Closing Date Subscriber Target.

(iii) If Eastern System Closing Date Basic Subscribers are less than the Eastern System Closing Date Subscriber Target and West Coast Closing Date Basic Subscribers are greater than the West Coast Closing Date

35

Subscriber Target, then the Subscriber Shortfall Amount shall be equal to (1) the product of (A)\$1,813.47 and (B)the shortfall of Eastern System Closing Date Basic Subscribers below the Eastern System Closing Date Subscriber Target minus (2) the product of (A)\$1,984.98 and (B)the excess of West Coast Closing Date Basic Subscribers over the West Coast Closing Date Subscriber Target.

(b) In the event that at the time of the Closing:

(i) any natural disaster has occurred that has damaged the tangible assets of any one or more Systems sufficiently to cause more than 11,340 Basic Subscribers then to be unable to receive cable television service as a result of such damage (a "Disaster", the aggregate number of Closing Date Basic Subscribers not receiving such service at the Closing Date as a result of such Disaster being referred to herein as "Lost Service Subscribers"), the "Lost Service Subscriber Reduction Amount" shall be an amount equal to the product of the Lost Service Subscribers multiplied by the applicable Per Subscriber Rate; or

For purposes of determining the number of West Coast Closing Date Basic Subscribers and Eastern System Closing Date Basic Subscribers included in Under Base Subscriber Number Retained Subscribers, it shall be assumed that (i)the number of West Coast Closing Date Basic Subscribers included in Under Base Subscriber Number Retained Subscribers equals (1)the number of West Coast Closing Date Basic Subscribers included in Retained Subscribers multiplied by (2)a fraction equal to Under Base Subscriber Number Retained Subscribers divided by Retained Subscribers and (ii)the number of Eastern System Closing Date Basic Subscribers included in Under Base Subscriber Number Retained Subscribers equals (1)the number of Eastern System Closing Date Basic Subscribers included in Retained Subscribers multiplied by (2)a fraction equal to Under Base Subscriber Number Retained Subscribers divided by Retained Subscribers. The Retained Franchise Reduction Amount shall be determined by multiplying the numbers of West Coast Closing Date Basic Subscribers and Eastern System Closing Date Basic Subscribers determined pursuant to the preceding sentence by the applicable Per Subscriber Rates applicable to each such number and adding such amounts.

(c) If clause(i) of Section 4.1(b) applies at the Closing, (i) following

(d) If TeleVue is unable to transfer to Buyer at the Closing a Local Authorization ("Right of First Refusal Local Authorization") by reason of the exercise by a Local Authority of a right of first refusal (the Franchise Areas covered by such Right of First Refusal Local Authorizations being referred to herein as "Right of First Refusal Franchise Areas" and the number of Basic Subscribers in the Right of First Refusal Franchise Areas at the Closing Date being referred to as "Right of First Refusal Subscribers"):

(i) The following adjustments shall be made before calculating the Estimated Purchase Price and the Purchase Price:

(A) The Fixed Price shall be reduced from \$2,227,800,000 by an amount equal to (x) Right of First Refusal Subscribers multiplied by (y) the applicable Per Subscriber Rate;

(B) The Base Subscriber Number shall be reduced from 1,134,000 to a number equal to 1,134,000 minus Right of First Refusal Subscribers;

(C) The Subscriber Shortfall Number shall be reduced from 1,122,660 to a number equal to (x) 1,134,000 minus Right of First Refusal Subscribers multiplied by (y) ninety-nine one hundredths (.99);

(D) If Right of First Refusal Subscribers include West Coast Closing Date Basic Subscribers (assuming for these purposes that Right of First Refusal Subscribers are included in Closing Date Basic Subscribers), the number of West Coast Closing Date Basic Subscribers so included shall be referred to herein as "West Coast Right of First of Refusal Subscribers" and the West Coast Closing Date Subscriber Target shall be reduced to a number equal to (x) 998,900 minus West Coast Right of First of Refusal Subscribers multiplied by (y) ninety-nine one hundredths (.99); and

38

(E) If Right of First Refusal Subscribers include Eastern System Closing Date Basic Subscribers (assuming for these purposes that Right of First Refusal Subscribers are included in Closing Date Basic Subscribers), the number of Eastern System Closing Date Basic

Subscribers so included shall be referred to herein as "Eastern System Right of First of Refusal Subscribers" and the Eastern System Closing Date Subscriber Target shall be reduced to a number equal to (x)135,100 minus Eastern System Right of First of Refusal Subscribers multiplied by (y)ninety-nine one hundredths (.99).

(ii) If following the Closing TeleVue is able to transfer to Buyer a Right of First Refusal Local Authorization, then TeleVue shall so notify Buyer and, on the fifth Business Day after the date of such notice (a "Deferred Closing Date"), TeleVue shall transfer to Buyer such Right of First Refusal Local Authorization and all related Right of First Refusal Assets held on such Deferred Closing Date and (x)Buyer shall assume, pay, perform and discharge the liabilities and obligations arising from and after such Deferred Closing Date under or in respect of such related Right of First Refusal Assets (including without limitation any related Right of First Refusal Permits and Right of First Refusal Contracts) and (y)Buyer shall pay to TeleVue an amount equal to (1) the sum of (A) the product of the applicable Per Subscriber Rate multiplied by the number of Right of First Refusal Subscribers for the Right of First Refusal Franchise Area and (B) the amount of Deducted Covered Capital Expenditures attributable to such Right of First Refusal Franchise Area plus (C) interest on the amount of such Deducted Covered Capital Expenditures at the Prime Rate for the period from the Closing Date to the Deferred Closing Date, compounded quarterly, plus (2) if the Closing takes place after June 30, 1995, an amount equal to interest on the amount computed pursuant to clause (A) of this paragraph (d) at the LIBOR Rate for the period from June 30, 1995 to the Closing Date. From and after the Deferred Closing Date with respect to a Right of First Refusal Franchise Area, such Right of First Refusal Franchise Area shall no longer be considered a "Right of First Refusal Franchise Area" hereunder and the related "Right of First Refusal Assets" transferred to Buyer on such Deferred Closing Date shall be considered "Acquired Assets" and, to the extent applicable, "Assumed Liabilities" (with the same meanings as if such Acquired Assets and Assumed Liabilities had been transferred on the Closing Date).

(e) If clause (ii) of Section 4.1(b) applies at the Closing, then, if following the Closing TeleVue is able to transfer to Buyer a Retained Local Authorization, TeleVue shall so notify Buyer and, on the fifth Business Day after the date of such notice (a "Deferred Closing Date"), TeleVue shall transfer to Buyer such Retained Local Authorization and all related Retained Assets held on such Deferred Closing Date and Buyer shall assume, pay, perform and discharge the liabilities and obligations arising from and after the Closing Date under or in respect of such related Retained Assets (including without limitation any related Retained Permits and Retained Contracts) and Buyer shall pay to TeleVue an amount equal to:

(A) the sum of (1) the product of (i) the applicable Per Subscriber Rate multiplied by (ii) the number of Retained Subscribers for the Retained Franchise Area covered by such Retained Local Authorization multiplied by (iii) a fraction equal to (x) Under Base Subscriber

39

Number Retained Subscribers divided by (y) Retained Subscribers (provided that the aggregate amount calculated pursuant to this clause (1) shall not exceed the Retained Franchise Reduction Amount) plus (2) if there are MultiCategory Retained Subscribers in the Retained Franchise Area covered by such Retained Local Authorization, the product of (i) the applicable Per Subscriber Rate multiplied by (ii) the number of such MultiCategory Retained Subscribers plus (3) the amount of Deducted Covered Capital Expenditures attributable to the Retained Franchise covered by such Retained Local Authorization plus (4) if the Closing takes place after June 30, 1995, interest on the sum of the amount determined pursuant to clauses (1), (2) and (3) at the LIBOR Rate for the period from June 30, 1995 to the Closing Date plus

(B) interest on the amount computed pursuant to clause (A) at the Prime Rate for the period from the Closing Date to the Deferred

Closing Date, compounded quarterly, plus

(C) an amount equal to Unreimbursed Cumulative Adjusted Capital Expenditures as of the Deferred Closing Date for the Retained Franchise Area covered by such Retained Local Authorization.

From and after the Deferred Closing Date with respect to a Retained Franchise Area, such Retained Franchise Area shall no longer be considered a "Retained Franchise Area" hereunder, the related "Retained Local Authorization" shall no longer be considered a "Retained Local Authorization" hereunder and the related "Retained Assets" transferred to Buyer on such Deferred Closing Date shall be considered "Acquired Assets" and, to the extent applicable, "Assumed Liabilities" (with the same meanings as if such Acquired Assets and Assumed Liabilities had been transferred on the Closing Date).

(f) (i) The parties understand and agree that Lost Service Subscribers, Right of First Refusal Subscribers and Retained Subscribers are mutually exclusive. Any Basic Subscriber that would, but for the preceding sentence, be within more than one such definition (a "MultiCategory Subscriber") shall be considered a Right of First Refusal Subscriber before being considered a Retained Subscriber or Lost Service Subscriber and shall be considered a Lost Service Subscriber before being considered a Retained Subscriber, such classification being deemed the "Primary Classification" of such MultiCategory Subscriber and the type of Subscriber definition that would apply next after the Primary Classification pursuant to this sentence shall be the "Secondary Classification" of such MultiCategory Subscriber. If at any time a MultiCategory Subscriber no longer fits the definition of its Primary Classification, effective as of such time (x) such MultiCategory Subscriber shall no longer be deemed to be the type of Subscriber covered by its Primary Classification and shall be deemed to be the type of Subscriber covered by its Secondary Classification (except that any Lost Service Subscriber or Right of First Refusal Subscriber that would become a Retained Subscriber pursuant to this clause shall be deemed to be a "MultiCategory Retained Subscriber" rather than a Retained Subscriber), (y) if applicable, the Lost Service Subscriber Reduction Amount shall be reduced by an amount equal to the product of (A) the number of such MultiCategory Subscribers that are no longer deemed to be Lost Service Subscribers pursuant to clause (x) multiplied by (B) the applicable Per Subscriber Rate, and (z) if applicable, the Lost Service Reduction Amount or the Retained Franchise Reduction Amount, as the case may be, shall be increased by an amount equal to the product of (C) the number of such MultiCategory

40

Subscribers that are deemed to be Lost Service Subscribers or Retained Subscribers, respectively, pursuant to clause (x) multiplied by (D) the applicable Per Subscriber Rate.

(ii) The following revisions shall govern the classifications of Franchise Areas that contain MultiCategory Subscribers for purposes of Section 2.4 (it being assumed for these purposes only that the classifications of Basic Subscribers are not mutually exclusive as provided in Section 4.1(f)):

(A) MultiCategory Retained Subscribers shall be deemed to be Retained Subscribers solely for purposes of determining the classification of Franchise Areas. For all other purposes hereunder (including, without limitation, Section 4.1(e)), MultiCategory Retained Subscribers shall not be deemed to be Retained Subscribers.

(B) If a Franchise Area contains both Lost Service Subscribers and Retained Subscribers, such Franchise Area shall be deemed to be a Retained Franchise Area.

(C) A Franchise Area that contains Right of First Refusal Subscribers shall be deemed to be a Right of First Refusal Franchise Area until the transfer to Buyer of the Right of First Refusal Local Authorization relating thereto is no longer prevented by reason of the

exercise by a Local Authority of a right of first refusal, and thereafter shall be deemed to be a Retained Franchise Area if there are any Retained Subscribers in such Franchise Area.

(g) Payments pursuant to Section 4.1(c) or (d) or (e) shall be made by wire transfer of immediately available funds to an account in the United States designated by TeleVue at least two (2) Business Days prior to the date such payment is due. Any payment pursuant to Section 4.1(c) or (d) (other than interest) or (e) shall be deemed to be an adjustment to the Purchase Price for purposes of this Agreement. Notwithstanding the provisions of Sections 4.1(c), (d) and (e), Buyer shall in no event be required to make any payment pursuant to any such Section with respect to Lost Service Subscribers, Right of First Refusal Subscribers and Retained Subscribers if and to the extent that, after giving effect to such payment, (x) the aggregate amount of such payments made pursuant to such Sections (excluding any payments relating to interest, capital expenditures (including, without limitation, Deducted Covered Capital Expenditures) and cash flow) would exceed (y) an amount equal to the aggregate amount that would have been paid at the Closing for all Lost Service Subscribers, Right of First Refusal Subscribers and Retained Subscribers if none of such Basic Subscribers had had the status of Lost Service Subscriber, Right of First Refusal Subscriber or Retained Subscriber as of the Closing (the amount of any such excess payment being an "Excess Payment"). If and to the extent that Buyer shall make any Excess Payment to Tele-Vue, upon Buyer's written request Tele-Vue shall refund to Buyer the amount of such Excess Payment, together with interest thereon at the Prime Rate for the period from the date of payment to the date of refund.

41

Section 4.2 Calculation of Adjustment Amounts. (a) Prior to the Closing Date, TeleVue will determine in good faith its estimates of Closing Date Basic Subscribers ("Estimated Closing Date Basic Subscribers"), the Subscriber Shortfall Amount (the "Estimated Subscriber Shortfall Amount"), the Capital Expenditure Amount (the "Estimated Capital Expenditure Amount"), the Closing Inventory Amount (the "Estimated Closing Inventory Amount"), Closing Working Capital ("Estimated Closing Working Capital"), the Telecom Amount (the "Estimated Telecom Amount"), the Lost Service Subscriber Reduction Amount ("Estimated Lost Service Subscriber Reduction Amount"), if any, the Retained Franchise Reduction Amount ("Estimated Retained Franchise Reduction Amount"), if any, and, if applicable, the Right of First Refusal Adjustments ("Estimated Right of First Refusal Adjustments"). The Estimated Closing Date Basic Subscribers, the Estimated Subscriber Shortfall Amount, the Estimated Capital Expenditure Amount, the Estimated Closing Inventory Amount, Estimated Closing Working Capital, Estimated Lost Service Subscriber Reduction Amount, Estimated Retained Franchise Reduction Amount, the Estimated Telecom Amount and the Estimated Right of First Refusal Adjustments are referred to herein collectively as the "Estimated Adjustment Amounts" and the Closing Date Basic Subscribers, the Capital Expenditure Amount, the Closing Inventory Amount, Closing Working Capital, the Telecom Amount, the Subscriber Shortfall Amount, the Lost Service Subscriber Reduction Amount, the Retained Franchise Reduction Amount and the Right of First Refusal Adjustments are referred to herein collectively as the "Adjustment Amounts." At least (45) days prior to the anticipated Closing Date, TeleVue will deliver to Buyer a statement setting forth its estimates of the Adjustment Amounts as of the anticipated Closing Date set forth in such statement. Such statement shall be for informational purposes only and TeleVue shall not be deemed to have made any representations or warranties as to such statement, except that it was prepared in good faith. At least ten (10) Business Days prior to the anticipated Closing Date, TeleVue will deliver to Buyer a statement setting forth the Estimated Adjustment Amounts, which statement shall: (i) contain the information in reasonable detail required to calculate the Estimated Adjustment Amounts; (ii) be prepared in accordance with the requirements of this Agreement; and (iii) be certified by an authorized officer of TeleVue to be TeleVue's good faith estimate as of the date thereof.

(b) The Purchase Price payable on the Closing Date (the "Estimated Purchase

Price") will be preliminarily calculated and adjusted in accordance with Section 4.1 as if the Estimated Adjustment Amounts set forth on the statement delivered by TeleVue to Buyer pursuant to the last sentence of paragraph (a) of this Section 4.2 were the actual Adjustment Amounts.

(c) Not later than sixty (60) days after the Closing Date, Buyer shall deliver to TeleVue a statement showing Buyer's calculation of the actual Adjustment Amounts (the "Final Certificate"). Buyer shall make available to TeleVue its accountants' work papers and such other information relating to the calculation of the Adjustment Amounts as TeleVue shall reasonably request.

(d) In the event that TeleVue disputes Buyer's calculation of the Adjustment Amounts, TeleVue shall give written notice thereof to Buyer within 30

42

days after the Final Certificate was delivered to TeleVue which notice shall set forth the basis for such dispute in reasonable detail (the "Dispute Notice"). The parties shall use all reasonable efforts to resolve any such dispute, but if any such dispute cannot be resolved by the parties within thirty (30) days after the date the Dispute Notice is given, all unresolved disputes shall be referred to an Arbitrating Firm for resolution. The parties shall seek to cause the Arbitrating Firm to make its determination within sixty (60) days after referral of a dispute to it. The determination of the Arbitrating Firm shall be conclusive and binding on each party. The fees of the Arbitrating Firm shall be allocated and paid by TeleVue or Buyer, or divided between them, on a basis determined by the Arbitrating Firm to be fair taking into account the correctness of the positions asserted by each of them with respect to the disputed matters resolved by the Arbitrating Firm.

(e) The Adjustment Amounts shall be the amounts set forth in the Final Certificate unless a Dispute Notice is given with respect to the calculation thereof, in which case only those Adjustment Amounts not in dispute shall be as set forth in the Final Certificate. If a Dispute Notice is given, any Adjustment Amount in dispute shall be deemed finally determined on the date that the Arbitrating Firm gives written notice to Buyer and TeleVue of its determination with respect to all disputes regarding the calculation thereof, or, if earlier, the date on which the TeleVue and Buyer agree in writing on the amounts thereof, in which case any Adjustment Amount in dispute shall be calculated in accordance with such determination or agreement, as the case may be, and the Purchase Price shall be finally calculated in accordance with such calculations as provided in Section 4.1.

Section 4.3 Adjustment Payment. If the Purchase Price as finally determined is greater than the amount of the Estimated Purchase Price, Buyer shall pay to TeleVue on the third Business Day after such determination an amount in cash equal to such excess plus interest thereon from the Closing Date to the date of payment at the Prime Rate, compounded quarterly. If the Purchase Price as finally determined is less than the Estimated Purchase Price, TeleVue shall pay to Buyer on the third Business Day after such determination an amount in cash equal to such deficiency plus interest thereon from the Closing Date to the date of payment at the Prime Rate, compounded quarterly. Payments of cash pursuant to this Section 4.3 shall be made by wire transfer of immediately available funds to an account in the United States designated by the party entitled to payment to the party required to make the payment at least two (2) Business Days prior to the date such payment is due. Any payment pursuant to this Section 4.3 (other than interest) shall be deemed to be an adjustment to the Purchase Price for purposes of this Agreement.

account in calculating closing Working Capital.

ARTICLE VI

REPRESENTATIONS AND WARRANTIES OF BUYER AND INTERMEDIA

Buyer and InterMedia represent and warrant to TeleVue that:

Section 6.1 Partnership Existence and Power. Buyer is a limited partnership duly organized, validly existing and in good standing under the laws of the state of California, and is authorized to transact business and is in good standing in each state in which its ownership of assets or conduct of business requires such qualification, and has all partnership powers required to carry on its business as now conducted, with such exceptions as would not materially and adversely affect the ability of Buyer to consummate the Transaction.

Section 6.2 Partnership Authorization. The execution, delivery and performance by Buyer of this Agreement and the consummation by Buyer of the Transaction are within Buyer's partnership powers and have been duly authorized by all necessary partnership action on the part of Buyer.

Section 6.3 Governmental Authorization. The execution, delivery and performance by Buyer of this Agreement, and the consummation by Buyer of the Transaction, require no material action by or in respect of, or filing with, any governmental body, agency, official or authority other than compliance with any applicable requirements of the HSR Act, the FCC Authorizations, and the Local Authorizations and filing the application for, and receipt of, the FCC Certificate.

Section 6.4 Consents. Except as set out in Schedule 6.4, no consent by any Person under any contract to which Buyer is a party or to which its assets are subject is required or necessary for the execution, delivery and performance by

Buyer of this Agreement or the consummation by Buyer of the Transaction, with such exceptions as would not materially and adversely affect the ability of Buyer to consummate the Transaction.

Section 6.5 Non-Contravention. The execution, delivery and performance by Buyer of this Agreement and the consummation by Buyer of the Transaction does not and will not (x)contravene the certificate of limited partnership or agreement of limited partnership of Buyer or (y)result in a, or constitute a breach or default (including any event that, with the passage of time or giving of notice, or both, would become a breach or default) under any applicable Legal Requirement or any judgment, order, decree, contract, license, lease, indenture, mortgage, loan agreement or note, as to which Buyer is a party or by which any of its properties may be bound, the effect of which would materially impair the ability of Buyer to perform its obligations under this Agreement.

Section 6.6 Binding Effect. This Agreement has been duly executed and delivered by Buyer and this Agreement constitutes a valid and binding obligation of Buyer, enforceable against Buyer in accordance with its terms, except as enforceability may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or similar laws affecting creditors' rights generally or by the principles governing the availability of equitable remedies.

52

Section 6.7 No Violations of FCC Cross Ownership Rules. Assuming Buyer were now in control of the Systems, Buyer would not be in violation of any FCC restrictions regarding the ownership of competing media and related businesses that impact the ability of Buyer to own the Systems.

Section 6.8 FCC Certificate. Having made due inquiry, to the best of Buyer's and InterMedia's knowledge and belief, Buyer and RCS Nashville, L.P. are "minority controlled" as that term is defined in the FCC's Statement of Policy on Minority Ownership of Broadcasting Facilities, 68 FCC 2d 979 (1978) and Commission Policy Regarding the Advancement of Minority Ownership in Broadcasting, 92 FCC 2d 849 (1982) and subsequent decisions of the FCC prior to the date hereof interpreting such policies, such that TeleVue and any Cable Division Subsidiary that sells Acquired Assets as contemplated hereby shall be entitled to apply for and receive an FCC Certificate. Buyer and its Affiliates will file with the FCC an application for an FCC Certificate which discloses all material information relevant to obtaining an FCC Certificate (including, without limitation, information regarding any proposed transfers by Buyer of Acquired Assets), and all information in such application insofar as it relates to Buyer and its Affiliates and the Transaction and is provided by Buyer or any of its Affiliates shall be true and correct in all material respects.

Section 6.9 Finders' Fees. There is no investment banker, broker, finder or other intermediary which has been retained by or is authorized to act on behalf of Buyer or any of its Affiliates who might be entitled to any fee or commission from the Cable Group or any of its Affiliates in connection with the execution, delivery or performance of this Agreement or the Transactions.

Section 6.10 Limited Partner Guaranty. The Limited Partner Guaranty has been duly executed and delivered by Guarantor and constitutes, and on the Closing Date shall constitute, a valid and binding obligation of Guarantor enforceable against Guarantor in accordance with its terms.

Section 6.11 First Pledge Agreement. If the Guarantor defers payment of the Deferred Amount (as defined in the Limited Partner Guaranty) pursuant to Section1(c) of the Limited Partner Guaranty, the First Pledge Agreement will be duly executed and delivered by Guarantor at the time it is required to be executed and delivered and at such time will constitute a valid and binding obligation of Guarantor, enforceable against Guarantor in accordance with its terms.

Section 6.12 Value Guarantee Agreement. If payment of a portion of the

Purchase Price is to be deferred pursuant to Section 12.2(b)(i), at the Closing the Value Guarantee Agreement shall have been duly executed and delivered by Guarantor and Buyer and shall on the Closing Date constitute a valid and binding obligation of Guarantor and Buyer enforceable against Guarantor and Buyer in accordance with its terms.

Section 6.13 Second Pledge Agreement. If payment of a portion of the Purchase Price is to be deferred pursuant to Section 12.2(b)(i), at the Closing the Second Pledge Agreement shall have been duly executed and delivered by Buyer

53

and shall on the Closing Date constitute a valid and binding obligation of Buyer enforceable against Buyer in accordance with its terms.

Section 6.14 Note. If payment of a portion of the Purchase Price is to be deferred pursuant to Section 12.2(b)(i), at the Closing the Note shall have been duly executed and delivered by Buyer and shall on the Closing Date constitute a valid and binding obligation of Buyer enforceable against Buyer in accordance with its terms.

ARTICLE VII

COVENANTS OF TELEVIEWUE

TeleVue agrees and covenants with Buyer that:

Section 7.1 Conduct of the Business. Subject to Sections 7.2 and 8.5, and except for (x) any change described in clause (a), (b) or (c) of the definition of Material Adverse Effect and (y) compliance with the Cable Group's obligations under this Agreement, from the date hereof until the Closing Date, TeleVue shall cause the Business to be conducted only in the ordinary course consistent with past practices. Without limiting the generality of the foregoing, TeleVue shall not, and shall not permit any of the other Cable Division Subsidiaries to, do any of the following, without the consent of Buyer:

- (i) increase the Basic Subscriber Rate or any other rate regulated pursuant to the Communications Act without the consent of Buyer, provided that such consent by Buyer shall not be unreasonably withheld.
- (ii) materially amend or, other than in accordance with its terms, terminate, any Material Contract;
- (iii) enter into any written employment agreement providing for a term of employment other than as an employee at will, except as disclosed to Buyer prior to the date of this Agreement;
- (iv) increase the rate of compensation or bonus payments to any employee of the Cable Group, except in the ordinary course of business and except for bonus payments in conjunction with this Transaction where the cost is borne by TeleVue; and
- (v) sell or dispose of tangible assets relating to the Business (other than Excluded Assets) except for sales or dispositions of assets in the ordinary course of business, provided that such assets (other than assets listed as vacant land on Schedule 5.18) are replaced with other assets in the ordinary course of business.

Section 7.2 Telecom Partnerships. Prior to the Closing Date, TeleVue shall make or cause to be made, when due and payable, all capital contributions

54

required to be made by any Cable Division Subsidiary under the Telecom Partnership Agreements. TeleVue agrees to use commercially reasonable efforts prior to the Closing to formalize and enter into agreements with each Telecom Partnership covering the lease, license or use by such Telecom Partnership of the plant, property and equipment of the Cable Group relating to capital expenditures covered by the definition of Telecom Capital Expenditure Amount, to the extent such lease, license or use is not otherwise covered by the Telecom Agreements.

Section 7.3 Access to Information; Confidentiality. TeleVue will give Buyer, its counsel, financial advisors, accountants and other authorized representatives reasonable access during normal business hours to the offices, properties, books and records of the Cable Group, and will furnish to Buyer, its counsel, financial advisors, accountants and authorized representatives such financial and operating data and other information as such Persons may reasonably request. Prior to the Closing, Buyer shall, and shall cause its Affiliates, and its and their respective officers, directors, employees, attorneys, financial advisors, accountants, authorized representatives and agents (collectively, "Agents"), to keep secret and retain in strictest confidence any and all confidential information relating to the Business or the Systems or otherwise not available to the general public (provided that such confidential information shall not include any information that (i) has become generally available to the public other than as a result of a disclosure by Buyer, its Affiliates or its Agents, (ii) has been independently developed by Buyer or such Affiliate of Buyer or (iii) was available to Buyer or an Affiliate of Buyer on a nonconfidential basis from a third party having no obligation of confidentiality to TeleVue or any Affiliate of TeleVue and which has not itself received such information directly or indirectly in breach of any such obligation of confidentiality), and shall not disclose such confidential information, and shall cause its Affiliates and Agents not to disclose such confidential information, to any Person other than Buyer, its Affiliates, or their respective Agents who have a need to know such confidential information, except as may be required by law or legal process (in which event Buyer shall so notify TeleVue as promptly as practicable (and if possible, prior to making such disclosure) and, if requested by TeleVue, shall seek confidential treatment of such information).

Section 7.4 Additional Financial Statements and Reports. As soon as available, TeleVue shall furnish Buyer with a consolidated balance sheet and related statement of income of the Cable Group for all fiscal quarters ending after September 30, 1994 but prior to the Closing Date certified by the Chief Financial Officer to present fairly in all material respects in conformity with GAAP, the financial position and results of operations of the Cable Group at and for the fiscal quarter then ended, except to the extent that such unaudited financial statements omit footnotes (and the disclosure contained therein) and are subject to normal quarterend and/or yearend adjustments. Promptly following filing with the Securities and Exchange Commission ("SEC"), TeleVue shall deliver copies of each Annual Report on Form 10K, Quarterly Report on Form 10Q, Current Report on Form 8K and definitive proxy statement filed by Viacom Inc. or Viacom International Inc. with the SEC (in each case without exhibits) and each prospectus of Viacom Inc. or Viacom International Inc. filed with the SEC under the Securities Act of 1933 (other than any prospectus related to securities offered to employees). Promptly after the preparation thereof, TeleVue will deliver to Buyer (a) copies of (i) each final monthly profit and loss statement for the Business, (ii) each final monthly capital spending statement for the

Business, and (iii) final monthly customer reports for the Business showing number of limited, tier and premium households and (b) to the extent that any statement referred to in clause (a) (i), (a) (ii) or (a) (iii) above is available on a System or combined System basis, copies of such statement or report on such basis; provided, however, that TeleVue does not and shall not be deemed to have made any representations or warranties as to any such statement or report.

Section 7.5 Nashville Franchise. Prior to or at the Closing, all Local

Authorizations relating to the Nashville System held by or granted to Viacom (the "Nashville Local Authorizations") will be transferred to, or renewed in the name of, TeleVue. Notwithstanding any provision of this Agreement, the fact that such Local Authorizations are in the name of Viacom prior to the Closing shall not constitute a breach of any provision hereof.

Section 7.6 Material Adverse Changes. TeleVue shall promptly notify Buyer in writing of any material adverse developments affecting any System which become known to TeleVue, including, without limitation: (a) any material adverse change in the condition, financial or otherwise, of any System; (b) any material damage, destruction or loss (whether or not covered by insurance) adversely affecting any Acquired Asset or material to any System; (c) any material notice of violation, forfeiture or complaint under any Local Authorization; or (d) anything which, if not corrected prior to the Closing Date, will prevent TeleVue from fulfilling any condition precedent described in Article IX.

Section 7.7 Taxes. (a) TeleVue agrees to timely file or cause to be timely filed all sales or transfer Tax Returns required to be filed by it or any other Cable Division Subsidiary with respect to sales, including the Transaction, occurring in connection with the Acquired Assets on or before the Closing Date to the extent that the failure to do so would give rise to a liability of Buyer or a Lien (other than Permitted Liens) on the Acquired Assets which would remain after the consummation of the Transaction. Any such Tax Returns with respect to the Transaction as to which Buyer shares Tax liability under Section 8.7 shall not be filed without Buyer's written approval, not to be unreasonably withheld, which shall be deemed given on the tenth Business Day after Buyer's receipt of a copy of such return, unless prior to such tenth Business Day Buyer notifies TeleVue that it approves or disapproves such return; provided, however, that if TeleVue and Buyer are unable to agree upon the manner in which the Tax Return is to be prepared, any dispute shall be resolved by an Arbitrating Firm.

(b) TeleVue shall not make, and shall not permit any of the Cable Division Subsidiaries to make, new elections with respect to Taxes, or any changes in current elections with respect to Taxes, affecting the Acquired Assets after the date of this Agreement if such elections would have a significant adverse effect on the liability of Buyer for Taxes after the Closing without the prior written consent of Buyer, which consent shall not be unreasonably withheld.

(c) TeleVue shall furnish Buyer affidavits pursuant to Section 1445(b)(2) of the Code in the form of Exhibit D attached hereto, stating, under penalty of perjury, that it and any Remaining Cable Division Subsidiary is not a foreign person.

56

Section 7.8 Local Authorization and Material Contract Amendments. (a) TeleVue agrees to assist Buyer in obtaining modifications, renewals or extensions of the terms of Local Authorizations, as necessary to the extent TeleVue determines that such modification, renewal or extension will not have an adverse effect on the transfer of such Local Authorization, so that all will have unexpired terms for at least five (5) years at the Closing Date; provided that such renewals or extensions shall be upon terms reasonably satisfactory to Buyer and TeleVue.

(b) TeleVue agrees to consider in good faith any request by Buyer that TeleVue seek to amend a Material Contract, and TeleVue will, at Buyer's expense, seek to amend such Material Contract on the terms requested by Buyer so long as both such amendment and seeking such amendment would not in TeleVue's good faith opinion have any adverse effect on the Cable Group or TeleVue's ability to consummate the Reorganization or the Transaction.

Section 7.9 Reorganizations. Unless and to the extent that TeleVue waives the condition precedent set forth in Section 10.8(b), TeleVue agrees to use its best efforts (a) to consummate the Reorganizations promptly following satisfaction of the conditions precedent set forth in Sections 10.7(b) and 10.8(a), and (b) to obtain all Local Authorizations, FCC Authorizations and other

consents by Governmental Authorities necessary or in the reasonable opinion of TeleVue desirable in connection with the consummation of the Reorganizations.

Section 7.10 Noncompetition. If the Closing occurs, so long as Buyer, InterMedia or Guarantor owns and operates a cable television system in any Franchise Area (determined as of the Closing Date), TeleVue agrees that from and after the Closing until the third anniversary of the Closing Date, TeleVue and Viacom shall not, and Viacom shall not permit any Subsidiary of Viacom Inc. to, (x)directly engage in Cable Television Business in any such Franchise Area in the Territory or (y)indirectly engage in Cable Television Business in any such Franchise Area in the Territory through ownership of an equity interest in any Disqualified Person. For purposes of the preceding sentence (i) Viacom and its Subsidiaries shall not be deemed to be engaged in Cable Television Business as a result of the ownership of 10% or less of the equity interests of any Person (including, without limitation, the acquisition of TCI ClassA Common pursuant hereto) and (ii) no Person shall be deemed to be a Disqualified Person until the first anniversary of the later of (a)the date Viacom Inc. and its Subsidiaries own in excess of 10% of the equity interests of such Person and (b) the date such Person becomes a Disqualified Person. The "Territory" shall consist, at any time, of all Franchise Areas (determined as of the Closing Date) in which Buyer owns and operates a cable television system at such time, provided that any Retained Franchise Area and Right of First Refusal Franchise Area shall not in any event be deemed to be part of the Territory unless and until the Deferred Closing Date, if any, with respect to such Retained Franchise Area or Right of First Refusal Franchise Area, as the case may be. A "Disqualified Person" shall mean a Person, (i)25% or more of whose revenues are derived from Cable Television Business within the Territory or (ii)whose Cable Television Business has active plant passing 100,000 or more of the homes in the Franchise Areas in the Territory, taken as a whole.

57

Section 7.11 Telecom Partnership Leases. TeleVue will use reasonable commercial efforts to cause each Telecom Partnership to enter into leases with respect to its communications plant as required by the Telecom Partnership Agreements.

Section 7.12 IRS Ruling. As promptly as reasonably practicable after the signing of this Agreement, TeleVue shall use its reasonable commercial efforts to attempt to arrange a pre-filing conference with the IRS regarding a request for a ruling or rulings meeting the requirements of Section 10.7(b). Unless TeleVue determines in good faith that a ruling satisfying the requirements of Section10.7(b) will not be issued, TeleVue shall file a request for such ruling or rulings as promptly as reasonably practicable after such conference. TeleVue shall diligently and in good faith pursue obtaining such ruling or rulings, including responding as promptly as reasonably practicable to IRS requests concerning, without limitation, facts or law. To the extent TeleVue determines in good faith, based upon conversations with the IRS, that the originally requested ruling or rulings will not be obtained, TeleVue shall in good faith make reasonable modifications to such request; provided, however, that TeleVue shall not be required to make any modifications that would result in the requested ruling or rulings not satisfying the requirements of Section 10.7(b).

ARTICLE VIII

OTHER COVENANTS

Section 8.1 HartScottRodino. As soon as practicable (and in any event within 10 Business Days after the date of this Agreement), if required by applicable Legal Requirements, TeleVue and Buyer shall complete and file, or cause to be completed and filed, any notification and report required to be filed under the HSR Act. Each of the parties will promptly take or cause to be taken any additional action that may be necessary, proper or advisable, will cooperate to prevent inconsistencies between their respective filings and will furnish to each other such necessary information and reasonable assistance as

the other may reasonably request in connection with its preparation of necessary filings or submissions under the HSR Act. Buyer and TeleVue shall use commercially reasonable efforts (including the filing of a request for early termination) to obtain the early termination of the waiting period under the HSR Act.

Section 8.2 Efforts; Filing and Consents.

(a) General. Each of TeleVue and Buyer agrees to take, or cause to be taken, all actions and to do, or cause to be done, all things reasonably necessary or advisable to consummate and make effective as promptly as practicable the Transaction and to cooperate with the other party in connection with the foregoing, including using its reasonable commercial efforts:

(i) to obtain all Local Authorizations (but without TeleVue being required to provide any consideration therefor);

58

(ii) to obtain (but without TeleVue being required to provide any consideration therefor) all necessary consents from other parties to Material Contracts;

(iii) to obtain (but without TeleVue being required to provide any consideration therefor) all consents, actions and authorizations that are required to be obtained under applicable Legal Requirements in order to consummate the Transaction;

(iv) to lift or rescind any injunction or restraining order or other order adversely affecting the ability of the parties to consummate the Transaction;

(v) to effect all necessary registrations and filings and submissions of information requested by Governmental Authorities;

(vi) to obtain the FCC Certificate (including, in the case of Buyer and InterMedia, making reasonable commercial modifications to any agreements or arrangements of Buyer or any of its direct or indirect partners); and

(vii) to fulfill all conditions to this Agreement.

Each of TeleVue and Buyer further agrees, with respect to a threatened or pending action seeking a preliminary or permanent injunction or other order, decree or ruling or statute, rule, regulation or executive order that would adversely affect the ability of the parties to consummate the Transaction, to use its best efforts to prevent the entry, enactment or promulgation thereof, as the case may be.

(b) Antitrust Matters. In furtherance and not in limitation of the foregoing, Buyer and TeleVue shall use their reasonable commercial efforts to resolve such objections, if any, as may be asserted with respect to the Transaction under any antitrust or trade regulatory laws of any government or Governmental Authority ("Antitrust Laws"). If any such objection is made or any suit is instituted challenging any part of the Transaction as violative of any Antitrust Law, Buyer and TeleVue shall use reasonable commercial efforts to take such reasonable action as may be required, as the case may be:

(i) by the applicable government or Governmental Authority (including, without limitation, the FCC, DOJ or FTC) in order to promptly resolve such objections as such government or authority may have to such transactions under such Antitrust Law; or

- (ii) by any court or similar tribunal, in any suit brought by a private party or Governmental Authority challenging the transactions contemplated hereby as violative of any Antitrust Law, in order to avoid the entry of, or to effect the dissolution of, any injunction, temporary restraining order or other order

59

that has the effect of preventing the consummation of any of such transactions.

Each of TeleVue and Buyer shall promptly inform the other of any material communication from the FCC, DOJ or FTC or any other Governmental Authority regarding any matter related to the Antitrust Laws as they bear upon the Transaction. If either TeleVue or Buyer receives a request for additional information or documentary material (including without limitation a Second Request) from any Governmental Authority with respect to the Transaction, such party will, after consultation with the other, supply any such requested information or documentary material as promptly as practicable (it being understood that this obligation does not preclude a party from negotiating with such Governmental Authority regarding the scope of and content of such requested information provided such negotiations are conducted as promptly as practicable).

(c) Consents Process. TeleVue and Buyer shall use their best efforts (including, without limitation, by attendance at FCC or state regulatory hearings, City Council or similar or related meetings and hearings before state, local and county administrative bodies, by giving the other reasonable notice of the time and date of such meetings and hearings and by responding promptly to any requests by Governmental Authorities) to apply for and obtain, and shall cooperate and assist one another in applying for and obtaining, all requisite consents, actions and authorizations (including ordinances or resolutions approving transfers) of Governmental Authorities (the "Regulatory Approvals") required to be received by or on the part of TeleVue or Buyer in order to consummate the Transaction. Without limiting the foregoing, in respect of all such applications for such Regulatory Approvals:

- (i) TeleVue shall coordinate the efforts to obtain the necessary consents of the Local Authorities. In this role, TeleVue shall submit all filings required by the Local Authorities after Buyer has reviewed and approved the same. Buyer will be responsible for negotiating with the Local Authorities the form of the Local Authorizations, which will be provided to TeleVue for its prior review and approval.
- (ii) Buyer will coordinate the effort to obtain all FCC Authorizations.
- (iii) Form 394's (which shall include all information required by the Local Authorities including pro forma and price allocations if required or requested) shall be completed by Buyer for each franchise, as identified in Schedule 5.8, as requiring consent. The Form 394's shall be in form and substance acceptable to TeleVue and delivered to TeleVue within twenty (20) Business Days from the date hereof. TeleVue shall be responsible for the filing of the Form394's.
- (iv) After the Form 394's are filed, Buyer shall respond to all lawful requests from Local Authorities for additional information as soon as reasonably practicable after the receipt of such request. If the Buyer receives requests which it deems to be unlawful, Buyer shall use its best efforts to seek to resolve the issues with the Local Authorities as soon as practicable. If a resolution cannot be reached within this time

frame, TeleVue and Buyer will agree upon appropriate administrative or judicial procedures to achieve such a clarification.

- (v) TeleVue shall consult with Buyer in connection with proceedings relating to any renewal of a Local Authorization, and, insofar as TeleVue is concerned, Buyer may participate in such proceedings, subject to TeleVue's control. Buyer agrees to accept the Local Authorizations on their terms existing and in effect as of the date of this Agreement, with such changes in the case of Local Authorizations that are renewed prior to the Closing as are not materially adverse to Buyer.
- (vi) The Cable Group shall not be obligated to agree, nor shall Buyer make any representation to Local Authority that the Cable Group would agree to any continuing obligation under any Local Authorization as a condition of any consent or approval to the consummation of the Transaction.
- (vii) Buyer and TeleVue shall each be responsible for its own outofpocket costs incurred in applying for and obtaining all of the Regulatory Approvals; provided, however that Buyer and TeleVue shall each be solely responsible for the cost and the implementation of all commitments to which they have agreed, respectively in respect of such consents, actions and authorizations referred to above.
- (viii) Buyer and TeleVue shall provide each other with informal weekly progress reports with respect to the status of obtaining the Regulatory Approvals consisting of such information as the parties may from time to time reasonably request.
- (ix) Buyer and TeleVue shall provide to each other copies of all correspondence between any franchising authority, the FCC, any federal, city, state or local Governmental Authority or regulatory body having jurisdiction and their respective agents and advisers in connection with the Regulatory Approvals and the sender of such correspondence will provide to the other a copy in advance of its sending.
- (x) If any regulatory or judicial proceeding arises from a dispute relating to the process of obtaining the Regulatory Approvals, TeleVue shall have the right to name the legal counsel to defend against such action subject to the consent of Buyer. Such expenses shall be borne by the Buyer and TeleVue in equal shares.

If there should be any change in Legal Requirements applicable to obtaining Regulatory Approvals after the date hereof, the parties shall, to the extent necessary, adapt the procedures set forth in paragraphs (i) (x) above to take into account such changes.

(d) Obligations Unaffected by Section 14.4. Notwithstanding Buyer's right pursuant to Section 14.4 under certain circumstances to assign its rights to purchase the Nashville System and the Dayton System to RCS Nashville, L.P. and the Dayton Third Party, respectively, (x)Buyer shall from and after the date hereof perform its obligations under Section 8.1 and this Section 8.2 (including,

without limitation, its obligation to use reasonable commercial efforts to obtain all consents, actions and authorizations that are required to be obtained under applicable Legal Requirements in order to consummate the Transaction, and to obtain all Local Authorizations and the FCC Certificate) as if such assignments will not occur, provided that (except with respect to the FCC Certificate relating to the Dayton System which Buyer shall be responsible to pursue), so long as a prospective assignee is duly performing its obligations under Section 8.1 and this Section 8.2 in a sufficiently timely fashion such that the Closing will not be delayed, Buyer shall not be required to duplicate the efforts of such prospective assignee, (y)Buyer shall cause each prospective assignee to comply with the provisions of Section 8.1 and this Section 8.2 as if such assignee were Buyer and (z)Buyer shall not permit the prospective assignments contemplated by Section 14.4 to delay the Closing Date beyond the date on which the Closing would have occurred absent such prospective assignments and any proceedings in connection therewith.

Section 8.3 Release of the Cable Group. In the event that such releases are not obtained by the Closing Date, Buyer shall indemnify the Cable Group and its Affiliates in accordance with Section 13.2 hereof for Losses in respect of liabilities and obligations under Permits constituting Assumed Liabilities. In addition, Buyer will post at Closing all reasonable bonds, security deposits and letters of credit with utility companies, surety companies and others and all bonds, security deposits and letters of credit required by the terms of any of the Local Authorizations and give all guarantees to the extent reasonably required to enable the Cable Group and its Affiliates to obtain the release and cancellation of any bonds, security deposits, letters of credit or guarantees posted or given by the Cable Group and its Affiliates with or to such utility companies, surety companies or others or under the terms of any of the Local Authorizations. Nothing set forth herein shall alter TeleVue's obligations under Section 13.2.

Section 8.4 Notices of Certain Events. Each of TeleVue and Buyer shall promptly notify the other of:

(a) any notice or other communication received from any Person (other than with respect to consents identified on any Schedule) alleging that the consent of such Person is or may be required in connection with the Transactions;

(b) any notice or other communication from any governmental or regulatory agency or authority in connection with the Transaction;

62

(d) any information known to such party that indicates that any representation and warranty of TeleVue or Buyer will not be true and correct in any material respect as of the Closing; and

(e) the occurrence of any event known to such party which will result, or has a reasonable prospect of resulting, in the failure to satisfy a condition specified in Article IX or X hereof.

Section 8.5 Employment. If any Affiliate (other than an ERISA Affiliate) of

Buyer hires any Acquired Employee as contemplated by Section 8.8, Buyer agrees to indemnify and hold TeleVue harmless for any obligation or liability arising under ERISA and related provisions of the Code and in each case, rules and regulations thereunder which would not have been incurred with respect to such Acquired Employee had such Acquired Employee been employed by Buyer or an ERISA Affiliate of Buyer, provided, however, that this Section 8.5 shall not require Buyer to pay any severance payment to any employee.

Section 8.6 Further Assurances. From time to time after the Closing and without further consideration, the parties will execute and deliver, or arrange for the execution and delivery of such other instruments of conveyance and transfer or other instruments or documents and take or arrange for such other actions as may reasonably be requested to complete more effectively the Transaction. TeleVue shall use its reasonable commercial efforts (but without TeleVue being required to incur any outofpocket expenses or costs) to remove or clear defects to its title to real property included in the Acquired Assets.

Section 8.7 Taxes. (a) Except as otherwise provided in Section 4.4 or below in this paragraph, TeleVue shall be responsible for all Taxes (other than income or franchise Taxes) arising out of, or with respect to, the Business attributable to taxable periods, or portions thereof, ending on or before the Closing, and Buyer shall be responsible for all Taxes (other than income and franchise Taxes) arising out of, or with respect to, the Business attributable to taxable periods, or portions thereof, following the Closing. All state and local sales, use, transfer and documentary taxes and recording fees and taxes applicable to the Transaction shall be paid 50% by TeleVue and 50% by Buyer (it being understood that the business and occupation tax imposed by the State of Washington is not a sales, use, transfer or documentary tax).

(b) TeleVue and Buyer shall (i) each provide the other with such assistance as may reasonably be requested by any of them in connection with the preparation of any Tax Return, audit, or other examination by any taxing authority or judicial or administrative proceedings relating to liability for Taxes, (ii) each retain and provide the other with any records or other information reasonably requested that may be relevant to such Tax Return, audit, examination or proceeding, and (iii) each provide the other with any final determination of any such audit, examination or proceeding, that affects any amount required to be

shown on any Tax Return of the other for any period. Without limiting the generality of the foregoing, each of TeleVue and Buyer shall retain until the applicable statutes of limitations (including any extensions) have expired, copies of all Tax Returns, supporting work schedules, and other records or information that may be relevant to the other party or its Affiliates for all tax periods or portions thereof ending before or including the Closing Date unless prior to destroying or otherwise disposing of any such records such party first provides the other party with a reasonable opportunity to review and copy the same.

Section 8.8 Employee Matters. Buyer agrees as follows:

(a) Employment. Not less than 90 days prior to the Closing TeleVue shall provide to Buyer a list of all active employees of the Cable Group as of a recent date showing then current rates of compensation. Within 25 days after TeleVue's delivery of such list, Buyer shall notify TeleVue in writing of which employees will be hired by Buyer or its Affiliates and which employees Buyer and its Affiliates do not intend to hire at the Closing (the "NonAcquired Employees"). All employees of the Cable Group (other than the NonAcquired Employees) who are actively employed, whether or not actively at work, on the Closing Date (the "Acquired Employees"), shall be offered employment as of the Closing Date at rates of compensation which are the same or substantially similar to their compensation prior to the Closing Date.

(b) Employee Benefits Generally. Subject to the provisions of this Section

8.8 as to any particular benefit, as of the Closing Date and for at least one year thereafter employee benefits shall be provided to Acquired Employees which are at least as favorable as those provided to similarly situated employees of Buyer. All prior service of Acquired Employees with the Cable Group and any member of a controlled group of corporations or trades or businesses or an affiliated service group with the Cable Group, within the meaning of Code Sections 414(b), (c), or (m), respectively ("ERISA Affiliates"), shall be recognized for all benefit plan purposes (other than benefit accrual under a defined benefit plan), at least to the extent recognized under the comparable Cable Group Benefit Plan as in effect on the date of this Agreement. On or before the Closing Date, TeleVue shall provide Buyer with a list setting forth the service accrued by each Acquired Employee. TeleVue agrees that Buyer shall not be under any obligation to and shall not assume sponsorship of any Benefit Plan.

(c) Defined Benefit Pension Plan. As soon as practicable after the Closing Date, TeleVue shall prepare and deliver to Buyer a schedule listing the Acquired Employees who were participants in the Viacom Pension Plan (formerly the Pension Plan for Divisional Employees of Viacom International Inc.) (the "Viacom Pension Plan") as of the Closing Date.

TeleVue shall cause all Acquired Employees to become 100% vested in their accrued benefits under the Viacom Pension Plan, and to be paid such benefits in accordance with the terms of the Viacom Pension Plan, and Buyer shall not have any responsibility with respect thereto. Buyer shall cooperate with TeleVue and Viacom to provide such current information regarding Acquired Employees on an ongoing basis as may be necessary to facilitate payment of pension benefits to such employees from the Viacom Pension Plan.

64

(d) 401(k) Plan Transfers. TeleVue shall cause all Acquired Employees to be 100% vested in their Viacom Investment Plan accounts as of the Closing Date. After the Closing Date, such reasonable actions necessary to cooperate with Viacom shall be taken to facilitate ongoing administration by Viacom of the Viacom Investment Plan with respect to Acquired Employees' accounts, including, without limitation, providing current information to Viacom with respect to Acquired Employees, including notifying Viacom of the termination of employment or retirement of such employees and of any change of address or marital status of which Buyer has received notice; administering Investment Savings Plan loan repayments through payroll deductions for employees with outstanding Viacom Investment Plan loan balances as of the Closing Date and remitting such payments to the plan trustee; distributing information provided by Viacom regarding the Viacom Investment Plan to Acquired Employees; and taking any other action as may be reasonably requested by Viacom.

(e) Severance Obligations. Buyer shall not be responsible for any severance obligations to NonAcquired Employees.

(f) Sick Leave. Effective as of the Closing Date, Acquired Employees shall be eligible for paid sick leave under their employer's personal sick leave policy. Any Acquired Employee who, during the sixmonth period immediately following the Closing Date, requires paid sick leave in excess of that provided to such employee under the personal sick leave policy applicable to them, before commencement of the long term disability policy applicable to them, shall be entitled to paid sick leave at his base salary rate as of the Closing Date in an amount equal to the number of accrued and unused sick leave days to which such employee was entitled under the applicable Cable Group's personal sick leave policy as of the Closing Date, ("Banked Sick Leave Days"); provided, that TeleVue shall reimburse Buyer for the cost of any such Banked Sick Leave Days actually used.

(g) Vacation. With respect to the computation year that includes the Closing Date, Acquired Employees shall be eligible for paid or unpaid vacation (as next described) as follows: The amount of an Acquired Employee's vacation

for the remainder of the computation year shall be the maximum number of days (but in any event not less than zero) accrued for the computation year under the applicable vacation policy (based on the employee's service and subject to Section 8.8(b)) less the vacation days used for the same period as an employee of the Cable Group. In addition, each Acquired Employee shall receive the additional vacation, if any, that such employee would have been entitled to as of the Closing Date under the Cable Group's applicable vacation policy. Unless the Cable Group receives the employee's consent to transfer unused, paid vacation to the employee's employer, the Cable Group shall, on or prior to the Closing Date, pay the nonconsenting Acquired Employee the amount due for all accrued and unused vacation; provided that no more than four weeks of vacation may be transferred for any Acquired Employee. The vacation provided to Acquired Employees under this Section 8.8(g) shall be paid vacation only with respect to those Acquired Employees who consent to have accrued and unused vacation transferred to their employer or with respect to any additional vacation days that an Acquired Employee would accrue for the computation period under their employer's vacation policy in excess of the vacation accrued for the same period

65

under the applicable Cable Group policy. In all other cases, the vacation provided to Acquired Employees under this Section 8.8(g) shall be unpaid.

(h) Welfare Plans. Each Acquired Employee shall be entitled to coverage effective as of the Closing Date under any medical, dental, vision, prescription drug, life insurance plans or other welfare benefit plans (within the meaning of Section 3(1) of ERISA, which are maintained by their employer for its employees ("Buyer's Welfare Plans"). Any waiting periods or preexisting condition limitations in their employer's Welfare Plans shall be waived unless coverage would have been denied on a similar basis under the welfare plans of the Cable Group (the "Cable Group's Welfare Plans") and deductibles, maximum benefit restrictions and "outofpocket" maximums shall be coordinated so that (i) Acquired Employees receive credit towards any deductibles under Buyer's Welfare Plans for deductibles paid under the Cable Group's Welfare Plans during the relevant plan year in which the Closing Date occurs, (ii) Acquired Employees receive credit for eligible claims incurred under the Cable Group's Welfare Plans during the plan year in which the Closing Date occurs toward any "outofpocket" maximums under Buyer's Welfare Plans. As soon as practicable after the Closing Date, TeleVue shall prepare and deliver to Buyer the information needed for Buyer to comply with the preceding sentence. TeleVue will pay or cause to be paid all eligible unpaid claims incurred by Acquired Employees prior to the Closing Date and timely submitted for reimbursement in accordance with the Cable Group's Welfare Plan. Continuation health care coverage shall be provided to all Acquired Employees and their qualified beneficiaries, who incur a qualifying event on and after the Closing Date in accordance with the continuation health care coverage requirements of Section 4980B of the Code and Sections 601 through 608 of ERISA ("COBRA"). TeleVue shall be responsible for providing continuation coverage to the extent required by law (x) to any employee who incurs a "qualifying event" under COBRA before the Closing Date and (y) to any employee who is not an Acquired Employee who incurs a "qualifying event" under COBRA on the Closing Date.

(i) Employment Taxes. TeleVue and Buyer agree to follow the procedures set forth in Section 5 of Rev. Proc. 8477 with respect to any Acquired Employee.

(j) No Third Party Beneficiaries. Nothing in this Section 8.8 or elsewhere in this Agreement shall be deemed to make any employee of the Cable Group a third party beneficiary of this Agreement.

Section 8.9 WARN. Subject to Buyer's compliance with Section 8.8(a) (it being understood that Buyer's compliance with Section 8.8(a) is subject to TeleVue's compliance with Section 8.8(a)) and in reliance on the information provided by Buyer pursuant thereto, to the extent, and at such time as is, necessary, TeleVue will comply with the Worker Adjustment and Retraining Notification Act and any comparable state law.

Section 8.10 FCC Certificate. Buyer agrees that neither it nor any of its Affiliates will take any action, or fail to take any action it has otherwise agreed or represented that it would take, if such action or failure would jeopardize the validity of the FCC Certificate.

66

Section 8.11 Confidentiality. Prior to the Closing, each party shall, and shall cause its respective Affiliates, directors, officers, agents and employees to, keep the existence and terms of this Agreement confidential, except as the disclosure thereof may be required by law or pursuant to any listing agreement with, or the rules or regulations of, any national securities exchange on which securities of such party or any such Affiliate are listed or traded or except as may be required to satisfy the "due diligence" inquiries of any purchaser or underwriter with respect to any securities of such party or Affiliate. Any press release concerning this Agreement or the Transaction must be jointly approved by the parties prior to release.

Section 8.12 Approved Capital Expenditure Plan. TeleVue shall make or cause to be made the capital expenditures called for by the Approved Capital Expenditure Plan in all material respects except that TeleVue shall not be required to make or cause to be made (i) expenditures which were required by law at the time the Approved Capital Expenditure Plan was approved but are no longer so required, (ii) expenditures which Buyer has agreed in writing do not have to be made, (iii) expenditures which it is commercially unreasonable to make because the assumptions used in developing and underlying the Approved Capital Expenditure Plan prove to be incorrect in any material respect and (iv) expenditures which cannot be made for reasons not within TeleVue's control (including, without limitation, unavailability of equipment, lack of access to real property, delays in orders being filled, unavailability of pole attachment agreements and force majeure). In the event clause (iii) above is applicable, TeleVue and Buyer shall cooperate and negotiate in good faith to amend the Approved Capital Expenditure Plan to preserve for the parties, to the extent reasonably practicable and commercially reasonable, the economic benefits originally intended to be afforded by the expenditures not made as a consequence of clause (iii) above. For purposes of determining "Covered Capital Expenditures", "Line Extension and Other Capital Expenditures", "Monthly Adjusted Capital Expenditures" and "Telecom Capital Expenditure Amounts" and calculating "Closing Working Capital", a capital expenditure shall be deemed made at the time that a capital expenditure is recorded on the books of the Cable Group as such in the ordinary course in accordance with past practices.

Section 8.13 Reimbursement of Capital Expenditures. If this Agreement terminates without the Closing having occurred, Buyer shall reimburse TeleVue for the amount of additional capital expenditures that the Cable Group shall have made in 1995 as a result of complying with Buyers rebuild standards as determined pursuant to the Approved Capital Expenditure Plan. A chart showing the incremental cost per mile of such capital expenditures is attached as Schedule 8.13. Buyer shall promptly pay to TeleVue the amount of all such expenditures as to which TeleVue has provided to Buyer documentation establishing that such expenditures were made, provided that no such payment shall be required earlier than the fifth business day after the date of such termination and provided further that no such payment shall be required in the event TeleVue terminates this Agreement pursuant to Section 11.1(c) solely by reason of a failure of a condition set forth in Section 10.8.

As used herein, Investors shall mean all persons who hold or acquire Buyer Subordinated Obligations; Buyer Subordinated Obligations shall mean all securities or other instruments representing partnership interests or other equity or capital contributions to Buyer, together with, with respect to Buyer, (i) all indebtedness, whether or not represented by bonds, debentures, notes or other securities, for the repayment of money borrowed and (ii) all deferred indebtedness for the payment of the purchase price of property or assets purchased, in each case whether created, incurred or assumed by Buyer prior to, at, or subsequent to the Closing; provided, however, that Buyer Subordinated Obligations shall not include Senior Bank Debt, the Note or any Assumed Liabilities; and Senior Bank Debt shall mean

all bank or insurance company indebtedness to be incurred by Buyer in connection with the Transaction. The terms of the subordination of the Buyer Subordinated Obligations to the obligations evidenced by the Note as set forth in such agreements and instruments shall be on customary terms and conditions, and shall otherwise be reasonably satisfactory to Tele-Vue and Viacom. The instruments and documents setting forth the subordination of the Buyer Subordinated Obligations to the obligations evidenced by the Note shall in any event provide, without limitation, (A) that (i) no Buyer Subordinated Obligations shall require or permit any scheduled interest, principal or other amortization payments or any mandatory payment, prepayment, redemption or repurchase of any Buyer Subordinated Obligations, and (ii) all such Buyer Subordinated Obligations shall include for the express benefit of Tele-Vue and Viacom a prohibition upon any optional payment, prepayment or redemption of, or any payment of interest upon or the payment or declaration of any dividend or distribution upon, any Buyer Subordinated Obligations, prior to (in the case of either clause (i) or clause (ii) of this clause (A)), the date on which the Note shall have been paid in full (the "Note Payment Date"), and Buyer and InterMedia shall also use all reasonable commercial efforts to include in the terms of such Buyer Subordinated Obligations a provision to the effect that no payment or transaction of the type referred to in clause (i) or (ii) of this clause (A) may be made until the date which is 91 days after the Note Payment Date; and (B) for customary representations and negative covenants substantially similar to, and consistent with, the representations and negative covenants contained in the Senior Bank Debt (including, without limitation, a representation that as of the Closing Buyer's assets shall consist only of the Acquired Assets, related working capital and the TCI Stock and a covenant that all transactions between Buyer and any Affiliate of Buyer shall be on an arms-length basis and shall be at least as favorable to Buyer as would be obtained in a similar transaction with an unaffiliated

third party).

- (ii) copies of resolutions adopted by the board of directors of the general partner of Buyer, certified by the Secretary or an Assistant Secretary of the general partner of Buyer, authorizing the execution and delivery by the general partner of Buyer of this Agreement on behalf of Buyer;
- (iii) an instrument of assumption sufficient for Buyer to assume and agree to pay, perform and discharge all Assumed Liabilities, in form and substance reasonably satisfactory to TeleVue and

75

Buyer, pursuant to which Buyer assumes the Assumed Liabilities in accordance with Section 3.1; and

- (iv) all opinions, certificates and other instruments and documents contemplated under Article X to be delivered by Buyer at or prior to the Closing.

ARTICLE XIII

SURVIVAL AND INDEMNIFICATION

Section 13.1 Survival. The representations, warranties, covenants and agreements contained in or made pursuant to this Agreement shall survive the Closing, but the representations and warranties contained or made pursuant to this Agreement shall terminate and be of no further force on and as of April 30, 1996, except that:

(a) the representations and warranties made by TeleVue in Section 5.21 shall survive until the expiration of the applicable statute of limitations;

(b) the representations and warranties made by TeleVue in Sections 5.11 and 5.19 shall survive indefinitely; and

(c) the representations and warranties made by Buyer in Section 6.8 shall survive indefinitely.

Section 13.2 Indemnification. (a) The party seeking indemnification pursuant to this Section 13.2 is referred to as the "Indemnified Party" and the party from whom indemnification is sought under this Section 13.2 is referred to as the "Indemnifying Party."

(b) If the Closing occurs, each of TeleVue and Viacom (without duplication) shall indemnify and hold harmless, after taking into account any taxes actually payable by the Indemnified Party as a result of such indemnification, Buyer and its Affiliates against and in respect of any and all Losses (x) which may be incurred by Buyer or any of its Affiliates by reason of the breach of any representation, warranty, covenant or agreement of TeleVue or Viacom contained in or made pursuant to this Agreement or (y) constituting Retained Liabilities.

(c) If the Closing occurs, each of Buyer and InterMedia (without duplication) shall indemnify and hold harmless, after taking into account any taxes actually payable by the Indemnified Party as a result of such indemnification, TeleVue and its Affiliates against and in respect of any and all Losses (x) which may be incurred by TeleVue or any of its Affiliates by reason of the breach of any representation, warranty, covenant or agreement of Buyer or InterMedia contained in or made pursuant to this Agreement or (y) constituting Assumed Liabilities.

(d) Notwithstanding anything to the contrary in this Agreement (i) the aggregate liability of an Indemnifying Party in respect of all Losses (other

than those resulting from the failure of Buyer to pay any portion of the Purchase Price and other than those relating to Taxes) shall not exceed the Purchase Price; and (ii) no party shall be entitled to recover consequential damages pursuant to this Section 13.2 or otherwise in respect of any breach of this Agreement (except for breaches of Sections 6.8 and 8.10).

(e) No claim for indemnification shall be made by any party pursuant to Section 13.2(b) or (c) with respect to a breach of a representation or warranty contained herein or made pursuant hereto (i) unless notice of such claim (describing the basic facts or events, the existence or occurrence of which constitute or have resulted in the alleged breach of a representation or warranty made in this Agreement) has been given to the Indemnifying Party during the survival period set forth in Section 13.1; and (ii) except as to liability for breach of a representation or warranty set forth in Sections 5.11, 5.17, 5.19, 5.21, 5.23, 6.8 or 6.9, until the Losses that would be recoverable under such claims aggregate in excess of 1/2 of 1% of the Purchase Price, after which event the Indemnified Party shall be entitled to be indemnified for only such Losses as are in excess of 1/2 of 1% of the Purchase Price.

(f) The Indemnified Party shall give prompt written notice to the Indemnifying Party of any claim for indemnification under Section 13.2(b) or (c) relating to a claim or demand of a third party with respect to which it is seeking indemnification hereunder. The failure to give such prompt notice shall not relieve the Indemnifying Party of its indemnity obligations hereunder with respect thereto, except to the extent that the Indemnifying Party is materially prejudiced by such failure. The Indemnifying Party shall have the right to defend and to direct the defense against any such claim or demand, in its name or in the name of the Indemnified Party, as the case may be, at the expense of the Indemnifying Party, and with the counsel selected by the Indemnifying Party, provided that the Indemnifying Party may not settle or compromise any such claim or demand without the consent of the Indemnified Party (which consent may not be unreasonably withheld) if injunctive or other equitable relief would be imposed against the Indemnified Party as a result thereof. Notwithstanding anything in this Agreement, to the contrary, the Indemnified Party shall cooperate with the Indemnifying Party, and keep the Indemnifying Party fully informed in the defense of such claim or demand. The Indemnified Party shall have the right to participate in the defense of any claim or demand with counsel employed by it at the expense of the Indemnified Party. The Indemnifying Party shall have no indemnification obligations with respect to any such claim or demand which shall be settled by the Indemnified Party without the prior written consent of the Indemnifying Party.

(g) If the Closing occurs, the rights of the parties under Section 13.2(b) and (c) and Section 14.13 shall be the exclusive remedy of the parties with respect to breaches of representations, warranties, covenants and agreements contained in or made pursuant to this Agreement or any Transaction Document (including without limitation any bill of sale, deed, instrument of assignment, instrument of assumption or other document, certificate or opinion delivered pursuant to Section 12.2). Buyer, on behalf of itself and its Affiliates, hereby waives and releases the Cable Group and its Affiliates, effective at the Closing, from any statutory or other right of contribution or indemnity (except as set forth in this Section 13.2) with respect to the Cable Group's ownership of the Acquired Assets or operation of, or otherwise relating to, the Systems.

(h) In the event that an Indemnifying Party shall be obligated to indemnify an Indemnified Party pursuant to Section 13.2(b) or (c), the Indemnifying Party shall, upon payment of such indemnity, be subrogated to all rights of the Indemnified Party with respect to claims to which such indemnification relates.

Section 14.4 Assignment. This Agreement and all provisions hereof will be binding upon and inure to the benefit of the parties hereto and their respective successors, however, neither this Agreement nor any right, interest, or obligation hereunder may be assigned by any party hereto (other than by operation of law) without the prior written consent of the other parties, and

79

any such assignment or purported assignment without such consent shall be void; provided, that, subject to the following proviso, at the Closing:

(A) Buyer may assign its right to purchase the Nashville System to RCS Nashville, L.P. if Buyer, InterMedia, RCS Nashville, L.P. and InterMedia Partners of Nashville L.P. ("InterMedia Nashville") execute and deliver at the Closing documents reasonably satisfactory to TeleVue pursuant to which (i) RCS Nashville, L.P. becomes bound under this Agreement and deemed a "Buyer" for all purposes hereunder (including, without limitation, satisfaction of all conditions set forth in Article X hereof (including, without limitation, receipt by TeleVue of an FCC Certificate complying with the requirements of Section 10.7(a) relating to the Acquired Assets that are the subject of such assignment)), except that RCS Nashville, L.P. shall not be deemed a Buyer for purposes of the Note and the provisions of Section 12.2(b)(i), and (ii) InterMedia Nashville agrees to cause RCS Nashville, L.P. to perform its obligations under this Agreement; and

(B) Buyer may assign its right to purchase the Dayton System to a third party, identified by no later than the thirtieth day after the date hereof, reasonably acceptable to Viacom (the "Dayton Third Party") if:

(1) the Dayton Third Party and, if in the reasonable judgment of Viacom, the Dayton Third Party is not sufficiently creditworthy, a creditworthy third party (which may be an Affiliate of the Dayton Third Party) reasonably acceptable to Viacom (the "Dayton Guarantor") execute and deliver at the Closing documents reasonably satisfactory to TeleVue pursuant to which (i) the Dayton Third Party becomes bound under this Agreement and deemed a "Buyer" for all purposes hereunder (including, without limitation, satisfaction of all conditions set forth in Article X hereof (including, without limitation, receipt by TeleVue of an FCC Certificate complying with the requirements of Section 10.7(a) relating to the Acquired Assets that are the subject of such assignment)) and (ii) if applicable, the Dayton Guarantor agrees to cause the Dayton Third Party to perform its obligations under this Agreement; and

(2) Viacom has not notified Buyer in writing prior to the Closing that Viacom has reasonably determined in good faith that pursuing such assignment of Buyer's right to purchase the Dayton System will have an undue

adverse effect on obtaining the FCC Certificate or Local Authorizations relating to the Dayton System or will prevent or otherwise unduly delay the Closing. If Viacom delivers such written notice to Buyer, Buyer will promptly take all necessary actions with respect to obtaining an FCC Certificate and Local Authorizations for the Dayton System to reflect that Buyer will be acquiring the Dayton System, and will otherwise fully comply with its obligations under this Agreement relating to the Dayton System as if there were no provision herein relating to a possible assignment of the right to purchase the Dayton System.

provided further that, notwithstanding the foregoing proviso:

- (a) if the assignment contemplated by clause (A) occurs, (i) RCS Nashville, L.P. shall not be responsible hereunder for any claims hereunder arising after the Closing that relate solely to Systems other than the Nashville System, (ii) Buyer and, if the assignment contemplated by clause (B) occurs, the Dayton Third Party shall not be responsible hereunder for any claims hereunder arising after the Closing that relate solely to the Nashville System and (iii) Buyer (and, if the assignment contemplated by clause (B) occurs, the Dayton Third Party jointly and severally), on the one hand, and RCS Nashville, L.P., on the other hand, shall be severally responsible pro rata (based on their respective number of Closing Date Basic Subscribers) for all claims hereunder arising after the Closing that are not covered by clause (i) or (ii) of this paragraph (1); and
- (b) if the assignment contemplated by clause (B) occurs, (i) Buyer shall remain fully responsible for all claims hereunder arising after the Closing (including any claims relating to the Dayton System) and (ii) the Dayton Third Party shall be responsible for any claims hereunder arising after the Closing to the extent such claims relate to the Dayton System).

Section 14.5 Entire Agreement. This Agreement embodies the entire agreement and understanding of the parties with respect to the transactions contemplated hereby and supersedes all prior written or oral commitments, arrangements or understandings with respect thereto.

Section 14.6 Amendment; Waiver. (a) This Agreement may only be amended or modified in writing signed by the party against whom enforcement of any such amendment or modification is sought.

(b) Any party hereto may, by an instrument in writing, waive compliance with any term or provision of this Agreement on the part of such other party hereto. The waiver by any party hereto of a breach of any term or provision of this Agreement will not be construed as a waiver of any subsequent breach.

Section 14.7 Counterparts. This Agreement may be executed in two or more counterparts, all of which will be considered one and the same agreement and each of which will be deemed an original. All signatures need not be on one counterpart.

Section 14.8 Governing Law. THIS AGREEMENT WILL BE GOVERNED BY THE LAWS OF THE STATE OF NEW YORK REGARDLESS OF THE LAWS THAT MIGHT BE APPLICABLE UNDER PRINCIPLES OF CONFLICTS OF LAW AS TO ALL MATTERS, INCLUDING BUT NOT LIMITED TO MATTERS OF VALIDITY, CONSTRUCTION, EFFECT AND PERFORMANCE.

Section 14.9 Severability. If any one or more of the provisions of this Agreement is held to be invalid, illegal or unenforceable, the validity, legality or enforceability of the remaining provisions of this Agreement will not be affected thereby, and TeleVue and Buyer will use their reasonable efforts to substitute one or more valid, legal and enforceable provisions which insofar as practicable implement the purposes and intent hereof. To the extent permitted by applicable law, each party waives any provision of law which renders any provision of this Agreement invalid, illegal or unenforceable in any respect.

Section 14.10 Consent to Jurisdiction. Each party hereby submits to the

non-exclusive jurisdiction of the courts of general jurisdiction of the States of New York and California and the federal courts of the United States of America, located in the City of New York, New York and San Francisco, California solely in respect of the interpretation and enforcement of the provisions of this Agreement and hereby waives, and agrees not to assert, as a defense in any action, suit or proceeding for the interpretation or enforcement of this Agreement that it is not subject thereto or that such action, suit or proceeding may not be brought or is not maintainable in such courts or that this Agreement may not be enforced in or by such courts or that its property is exempt or immune from execution, that the suit, action or proceeding is brought in an inconvenient forum, or that the venue of the suit, action or proceeding is improper. Service or process with respect thereto may be made upon any party by mailing a copy thereof by registered or certified mail, postage prepaid, to such party at its address as provided in Section 14.3 hereof, provided that service of process may be accomplished in any other manner permitted by applicable law.

Section 14.11 Third Person Beneficiaries. Except as expressly provided in Sections 8.8, 31.2, 14.4 and 14.14(d), this Agreement is not intended to confer upon any Person (other than Buyer and TeleVue) any rights or remedies hereunder (it being understood that this Section 14.11 shall not prejudice any subrogation rights that Guarantor may have).

Section 14.12 Representation and Warranties; Schedules. Neither the specification of any dollar amount in the representations and warranties set forth in Article IV or elsewhere herein nor the indemnification provisions of Article XIII nor the inclusion of any items in any Schedule will be deemed to constitute an admission by TeleVue or Viacom or BUyer or InterMedia, or otherwise imply, that any such amounts or the items so included are material for the purposes of this Agreement. All documents or information disclosed in the Schedules are intended to be disclosed for all purposes under this Agreement and will also be deemed to be incorporated by reference in each Scheule to which they may be relevant without further disclosure.

Section 14.3 Specific Performance. Buyer and TeleVue recognize that any breach of any covenant or agreement contained in this Agreement may give rise to irreparable harm for which money damages would not be an adequate remedy, and accordingly agree that, in addition to other remedies any non-breaching party will be entitled to enforce the agreements and covenants contained herein of Buyer and InterMedia or TeleVue and Viacom, as the case may be, by a decree of specific performance without the necessity of proving the inadequacy as a remedy of money damages.

Section 14.4 Nonrecourse Provisions. (a) TeleVue agrees that, except as provided in Section 14.14(d) below, notwithstanding any other provision in this Agreement (other than Section 14.14(d) or any agreement, instrument or certificate of Buyer delivered pursuant to this Agreement (each a "Transaction Document", except that Transaction Document shall not in any event include the Limited Partner Guaranty, the Value Guarantee Agreement or the First Pledge Agreement) and any rule of law or equity to the contrary, to the fullest extent

permitted by law, Buyer's obligations and liabilities under all Transaction Documents and in connection with the transactions contemplated therein shall be Nonrecourse to all direct and indirect general and limited partners of Buyer other than InterMedia.

(b) Definition of Nonrecourse. "Nonrecourse" shall mean that the obligations and liabilities are limited in recourse solely to Buyer and the assets of Buyer (for those purposes, any capital contribution obligations of the general and limited partners of Buyer or any negative capital account balances of such partners shall not be deemed to be assets of Buyer) and are not guaranteed directly or indirectly by, or the primary obligations of, any general or limited partner of Buyer, and no general or limited partner or any officer, director, partner, employee or agent of Buyer or any general or limited partner of any successor partnership, either directly or indirectly, shall be personally

liable in any respect (except to the extent of their respective interests in the assets of Buyer) for any obligation or liability of Buyer under any Transaction Document or any transaction contemplated therein, provided that nothing in this Section 14.14(b) shall (i) apply to InterMedia or (ii) preclude a party from naming the other party (and, if necessary as a procedural matter, any partner in the other party) as a party defendant in any action. It is understood that any reference to "InterMedia" in this Section 14.14 refers only to InterMedia and not to any of its partners, employees or agents.

(c) Definition of Direct. "Direct" partners include all general and limited partners of Buyer, and "indirect" partners include all general and limited partners of each direct partner and all general and further indirect partners thereof and each such indirect partner.

(d) Limited Recourse. Notwithstanding Section 14.14(a), Sections 14.14(a), (b) and (c) shall not apply and TeleVue and Viacom shall have full recourse to all direct and indirect general and limited partners of Buyer or any of them in connection with any claim by TeleVue or Viacom relating to Buyer's obligations and liabilities under all Transaction Documents and the transactions contemplated therein to the extent of the aggregate amount of all Distributions that have been made during the 24 month period immediately preceding any such claim. As used herein, "Distribution" means any direct or indirect distribution, dividend or transfer for less than fair value of any assets (including cash) of Buyer.

(e) No Suits. (i) Each of Buyer and InterMedia hereby covenants for itself and its successors and assigns that it and its successors and assigns will not make, bring, claim, commence, prosecute or, maintain, any action, either at law or equity, in any court of the United States or any state thereof against any officer, director, partner, employee or agent of TeleVue, or any Affiliate of TeleVue and (ii) each of TeleVue and Viacom hereby covenants for itself and its successors and assigns that it and its successors and assigns will not make, bring, claim, commence, prosecute or maintain, any action, either at law or equity, in any court of the United States or any state thereof against (x) any officer, director, partner (other than InterMedia), employee or agent of Buyer, (y) any officer, director, partner, employee or agent of InterMedia, or (z) any direct or indirect general or limited partner of Buyer (other than InterMedia) or InterMedia, in each case for (i) the payment of any amount or the performance of any obligation under any Transaction Document or (ii) the satisfaction of any liability arising in connection with any such payment or obligation or otherwise, including without limitation, liability arising in law for tort

81

(including, without limitation, for active and passive negligence, negligent misrepresentation and fraud), equity (including, without limitation, for indemnification and contribution) and contract (including, without limitation, monetary damages for the breach of representation or warranty or performance of any of the covenants or obligations contained in any Transaction Document or with the transaction contemplated herein or therein).

of its properties may be bound, the effect of which would impair in any material respect the ability of Viacom to perform its obligations under this Agreement.
