THIS REPORT ON FORM 10-K CONTAINS FORWARD-LOOKING STATEMENTS THAT INVOLVE RISKS AND UNCERTAINTIES. ACTUAL EVENTS AND RESULTS COULD DIFFER MATERIALLY FROM THOSE ANTICIPATED IN THESE FORWARD-LOOKING STATEMENTS AS A RESULT OF CERTAIN FACTORS. SEE ITEM 7, "MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS--SAFE HARBOR STATEMENT".

EXCEPT AS OTHERWISE NOTED, THE DISCUSSIONS, DESCRIPTIONS AND OTHER MATERIAL PRESENTED IN THIS REPORT ARE PRESENTED ON A CONSOLIDATED BASIS ASSUMING THAT THE MERGER OF MINDSPRING ENTERPRISES, INC. AND EARTHLINK NETWORK, INC. INTO EARTHLINK, INC. HAD OCCURRED AS OF JANUARY 1, 1999. IN THE MERGER, EACH MINDSPRING SHARE WAS EXCHANGED FOR ONE EARTHLINK, INC. SHARE AND EACH EARTHLINK NETWORK, INC. SHARE WAS EXCHANGED OR 1.615 EARTHLINK, INC. SHARES.

PART I

ITEM 1. BUSINESS.

OVERVIEW

EarthLink, Inc. (or the "Company"), is a leading Internet service provider, or ISP, providing reliable nationwide Internet access and related value-added services to our individual and business members. The Company was formed in February 2000 as a result of the merger of EarthLink Network, Inc. ("EarthLink Network"), and MindSpring Enterprises, Inc. ("MindSpring") in a transaction accounted for as a "pooling-of-interests." By combining the two companies we formed the second largest Internet service provider in the United States. We expect to achieve significant revenue, expense and capital synergies through economies of scale, the elimination of duplicative expenditures and the combined skills of the two companies' management teams. We will also be able to take advantage of the complimentary blend of assets and capabilities contributed by the two companies to improve and expand service offerings and to accelerate our member growth rate.

Our combined member base grew from approximately 1.7 million paying members on December 31, 1998 to approximately 3.1 million paying members on December 31, 1999. Our growth has resulted from strategic acquisitions as well as traditional marketing channels and alliances. Our organic growth is a product of our efforts to enhance our members' Internet experience through (1) simple, rapid and reliable access to the Internet, (2) superior member service and technical support, and (3) member education and support. As a result, we believe we have a high member retention rate for our industry.

Our corporate offices are located at 1430 West Peachtree St., Suite 400, Atlanta, Georgia 30309 and our telephone number at that address is (404) 815-0770.

STRATEGIC ALLIANCES AND ACQUISITIONS

In June 1998, we entered into a strategic alliance with Sprint Corporation ("Sprint"). As a part of this alliance, Sprint transferred approximately 130,000 members to us and is committed to generating at least 150,000 new members for us during each of the succeeding 5 years through their channels. Additionally, we are co-branded as Sprint's exclusive consumer Internet access provider, and we have exclusive access to certain dial-up modem ports in Sprint's network. We also have access to Sprint's marketing and distribution channels and the right to use Sprint's widely recognized brand name. As a result of this relationship, we recently announced our intention to offer wireless web access via Sprint PCS wireless phones.

In October 1998, we purchased substantially all of Spry, Inc.'s ("Spry") subscriber base of individual dial-up Internet access members in the United States and Canada, including approximately 130,000 individual access accounts and acquired various assets used in serving those members, including a leased member support facility and a leased network operations facility in Seattle, Washington and all rights to the "Sprynet" name. Spry was a wholly-owned subsidiary of America Online, Inc ("AOL"). The purchase price for these assets was approximately \$32 million.

In February 1999, we purchased substantially all of NETCOM On-Line Communication Services, Inc.'s ("NETCOM") subscriber accounts in the U.S., including approximately 408,000 individual access accounts, approximately 25,000 web hosting accounts and approximately 3,000 dedicated Internet access accounts. NETCOM, now known as ICG Netahead, Inc. ("ICG Netahead"), is a wholly owned subsidiary of ICG Communications, Inc. We also acquired assets used in serving those members, including leased operations facilities in San Jose, California and Dallas, Texas and the rights to the "NETCOM" name, except in Canada, the United Kingdom and Brazil. ICG Netahead retained all of its assets used in connection with its network operations. Under a separate network services agreement with ICG Netahead, we also acquired access to ICG Netahead's network. We paid \$245 million for the NETCOM assets, consisting of \$215 million in cash and \$30 million in common stock.

In January 2000, we entered into a strategic alliance with Apple Computer Corporation, which we expect to accelerate our member growth. In connection with this alliance, we expanded our existing commercial relationship with Apple so that we will serve as the default ISP for Apple's Macintosh line of computers for a minimum of two years and our overall commercial relationship has been extended through January 4, 2005. Furthermore, Apple purchased \$200 million of our newly created Series C convertible preferred stock.

MARKETING CHANNELS

Our sales and marketing efforts consist of the following programs:

ADVERTISING. We advertise our services in print, billboards, electronic and broadcast media. We maintain a presence at national trade shows such as Internet World and MacWorld, as well as local and regional trade shows.

DIRECT MARKETING. EarthLink promotes its services directly to members in the form of disk and coupon distribution through the mail, and through promotional inserts in packages, periodicals and newspapers.

ORIGINAL EQUIPMENT MANUFACTURER CHANNELS. EarthLink has marketing arrangements with a number of leading hardware and software manufacturers to include our Internet access software pre-installed on or included with their products.

AFFINITY MARKETING PROGRAM. Affinity marketing partners such as Discover Card and AAA of Southern California typically bundle our Internet access software with their own goods or services to create a package that promotes EarthLink to potential members.

SPRINT ALLIANCE. Our alliance with Sprint includes a marketing and distribution arrangement that provides us access to Sprint's branded marketing and distribution channels in the United States, the right to use Sprint's brand for a minimum of ten years and a five-year commitment from Sprint to deliver a minimum of 150,000 new members annually through Sprint's channels. Additionally, Sprint promotes EarthLink as Sprint's exclusive consumer Internet access provider.

APPLE ALLIANCE. Although we have been the default ISP in Apple's setup software on its Macintosh branded line of computers, our new January 5, 2000 Internet services agreement extends the time of our relationship through January 4, 2005. This new agreement also makes us the exclusive default ISP for dial-up, ISDN and DSL services on Macintosh computers sold in the United States for a minimum of two years.

MEMBER REFERRAL PROGRAM. We believe that our existing members are among our most important marketing tools. We currently waive one month of standard access service fees or grant credit for each member who refers a new member to our service. These referrals generate a significant percentage of our new membership.

KEY BUSINESS AREAS

NARROWBAND ACCESS

Narrowband access revenues consist primarily of monthly fees charged to members for dial-up Internet access. We have approximately three million narrowband members. Narrowband revenues were \$582.9 million in 1999 which represented 87 percent of total revenues for the year.

WEB HOSTING

We lease server space and provide web services to companies and individuals wishing to have a web or e-commerce presence. EarthLink's web hosting revenues were \$47.4 million in 1999, which represented seven percent of total revenues for the year. As of December 31, 1999, we hosted approximately 109,000 Web sites compared to 36,000 in 1998, a 203% increase.

BROADBAND ACCESS

Broadband access revenues consist of fees charged for high-speed, high-capacity access services including cable, dedicated circuits and DSL services. In 1999 our main broadband focus became DSL. In the fourth quarter of 1999, we began service to 12 major cities giving us access to 15 markets nationwide including Los Angeles, Atlanta, New York and Chicago. As of December 31, 1999, we approximately had 25,000 broadband members.

CONTENT, COMMERCE AND ADVERTISING

We generate content, commerce and advertising revenues by leveraging the value of our member base and user traffic. The principal component of our strategy is our Premier Partnership Program, through which we offer and sell promotional packages that provide advertisers with access to the multiple points of contact we have with our members. The Premier Partnership Program focuses on third parties having a natural affinity to and benefit for our member base. The program generates revenues through (1) sales of banner and other online ads; (2) fees generated through revenue sharing arrangements with online retailers who are accessed through our properties; and, (3) payments for placing links from our properties to third-party content. We also sell advertising and content space on our various online properties, such as the Personal Start Page, the Mall and our online magazine eLink, and through our news magazine, bLink.

SERVICES

We currently support the pre-merger products and services of both the former EarthLink Network and MindSpring through approximately 5,000 dial-up points of presence, or POPs as well as through our broadband access alternatives. Our primary service offerings include:

- dial-up Internet access,
- high speed access via dedicated circuits, DSL or cable modem,
- Web hosting and Web page design, and
- Content, commerce and advertising.

These services are offered in various competitively priced plans designed to meet the needs of our members. Our Internet access software incorporates a telephone dialer and email program with several leading third-party Internet access tools, including our own proprietary browser as well as the latest browsers from Netscape and Microsoft. This software provides a functional, easy-to-use Internet access solution for Windows and Macintosh platforms. The software automatically installs these and other software applications on member computers. The simple point-and-click functionality of our software, combined with its easy-to-use multimedia registration and installation system, permits online credit card registration, allowing both our novice and experienced members to quickly set up access to the Internet.

Our business services, which are provided by the company's EarthLink Biz department, consist of:

- Web hosting, the business of maintaining a member's Internet Web site,
- Web page design,
- domain name registration, and
- e-commerce solutions.

In October 1999, we introduced our new access software and online interface, EarthLink 5.0. EarthLink 5.0 is designed to provide members with an intuitive, all-in-one Internet environment. It allows for customization and personalization, letting EarthLink members take advantage of the power, speed and scope of a direct Internet connection through one fully-integrated user interface. Members need only click a button to access the Web, email, chat or other Internet applications. In addition to a one-stop Internet environment, EarthLink 5.0's feature set includes an intuitive multimedia-aided account setup process, full management of user profiles and locations, seamless setup multiple personalization and productivity options.

MEMBER AND TECHNICAL SUPPORT

We believe that reliable member and technical support are critical to retaining existing members and attracting new members. We provide the following member and technical support services:

- toll-free, live telephone assistance available seven days a week, 24 hours a day,
- email-based assistance available seven days a week, 24 hours a day,
- help sites and Internet guide files on the EarthLink Web site,
- automated "fax back" and "fax on demand" assistance, and
- printed reference material.

We also provide dedicated support for business members. In addition, we maintain newsgroups on the Internet where subscribers can post requests for help and other subscribers, as well as our own support personnel, can respond.

We currently handle an average of over 60,000 member and technical support calls a day through our call centers located in Pasadena, California; Atlanta, Georgia; Harrisburg, Pennsylvania; Phoenix, Arizona; Seattle, Washington; Sacramento, California; San Jose, California; and Dallas, Texas. We also contract with call center services vendors whose EarthLink-trained employees provide additional technical support assistance. We believe the call centers' technology and systems are scalable to accommodate call volume growth. We actively evaluate our call center facilities in order to deliver more effective and efficient services to our members.

TECHNICAL DEVELOPMENT AND SERVICE ENHANCEMENT

We place significant emphasis on expanding and refining our services to enhance member Internet experience. Our technical staff is engaged in a variety of technical development and service enhancement activities and continuously reviews new third-party software products and technology for potential incorporation into our systems and services. EarthLink 5.0 is a recent product of these efforts. We also regularly update and expand the online services provided through the EarthLink Web site, organize Web content and develop online guides, help screens and other user services and resources.

POPS AND NETWORK INFRASTRUCTURE

We provide our members with Internet access primarily through both Company managed network and third-party network POPs. Over 90% of the U.S. population can access our Internet service through a local telephone call. We have access to third-party provider POPs through network services agreements with

UUNet, PSINet, Level 3, Sprint, Worldcom Advanced Networks (formerly Gridnet International, L.L.C.), GTE Internetworking Incorporated (formerly BBN Planet Corporation) and ICG Netahead.

We believe that using a combination of EarthLink-owned POPs and leased third-party POPs enables us to provide Internet access services on a nationwide basis while managing the timing and magnitude of our capital expenditures. We employ a strategy of leasing POPs from third-party providers in locations where it is more economical to do so. These are typically geographic areas where we have lower market penetration than areas we serve through EarthLink-owned POPs. We periodically reevaluate the economics of this strategy and, if warranted, may install an EarthLink POP to replace or overlap with a third-party POP. Members located in a geographic area not currently serviced by a local POP can access the Internet through an 800 service.

We have invested in measures to minimize the effects of damage from fire, earthquake, power loss, telecommunications failure, computer viruses, security breaches and similar events or backup Internet services or backbone facilities or other redundant computing or telecommunications facilities.

COMPETITION

We operate in the Internet services market, which is extremely competitive. Our current and prospective competitors include many large companies that have substantially greater market presence, financial, technical, marketing and other resources than we have. We compete directly or indirectly with the following categories of companies:

- established online services, such as America Online, the Microsoft Network and Prodigy;
- local, regional and national ISPs, such as Rocky Mountain Internet and Internet America Inc.;
- national telecommunications companies, such as AT&T and GTE;
- regional Bell operating companies, such as BellSouth and SBC Communications Corp;
- online cable services, such as ExciteAt Home and Roadrunner;
- Free ISPs such as Netzero and Juno; and
- Broadband providers such as cable television, utility and local and long distance telephone companies.

Our competition is likely to increase. We believe this will probably happen as large diversified telecommunications and media companies acquire ISPs and otherwise proved ISP services and as ISPs consolidate into larger, more competitive companies. Diversified competitors may bundle other services and products with Internet connectivity services, potentially placing us at a significant competitive disadvantage. In addition, competitors may charge less than we do for Internet services, causing us to reduce (or preventing us from raising) our fees. As a result, our business may suffer.

PROPRIETARY RIGHTS

GENERAL. We rely on a combination of copyright, trademark, patent and trade secret laws and contractual restrictions to establish and protect our technology and proprietary rights and information. We require employees and consultants and, when possible, suppliers and distributors, to sign confidentiality agreements. However, we cannot assure you that our steps will be sufficient to prevent misappropriation of our technology and proprietary rights and information or that our competitors will not independently develop technologies that are substantially equivalent or superior to ours. From time to time, third parties have alleged that certain of our trademarks infringe their trademarks. None of these claims has had an adverse effect on our ability to market and sell its services. However, we cannot ensure that those claims will not have an adverse effect in the future or that others will not assert infringement claims against us in the future.

LICENSES. We have licenses to distribute and/or use third-party software incorporated in our software. Significant applications which we license for distribution include Netscape Communicator (this license automatically renews each December for additional one-year terms unless either party terminates the license on 120 days notice), Microsoft Internet Explorer (this license expires in August 2000 and thereafter automatically renews for additional one-year terms, although either party may terminate the license at any time on 30 days notice), and MacTCP software from Apple (this license renews each year). We acquired some software, trademarks and other proprietary technology from Spry and NETCOM which we may continue to use in support of the members we acquired from those companies. We have an agreement with AOL, under which we distribute a co-branded EarthLink version of AOL Instant Messenger. We intend to maintain or negotiate renewals of existing software licenses and authorizations as necessary. We may also want or need to license other applications in the future. Our inability to renew existing software licenses or to license additional applications could have a material adverse effect on us.

EMPLOYEES

As of December 31, 1999, we employed 4,828 full time equivalents, including 731 sales and marketing personnel, 3,232 member and technical support representatives, 601 operations personnel, member and technical support representatives and 264 administrative personnel. None of our employees are represented by a labor union, and we have no collective bargaining agreement.

ITEM 2. PROPERTIES.

The Company maintains facilities and offices at various locations throughout the United States for general corporate purposes, including technology centers, member call centers, office space and our corporate headquarters.

Our principal executive offices are in Atlanta, Georgia. We lease approximately 51,900 square feet in our headquarters building at a current monthly rent of \$59,000. We also lease a 110,000 square foot facility in Pasadena, California to house an equipment and technology center. Current monthly rent on the facility is \$147,000.

In addition, we maintain leased space for member support call centers and office purposes in Atlanta Georgia, Harrisburg Pennsylvania, Pasadena California, Phoenix Arizona, Sacramento California, San Jose California, and Dallas Texas.

All of the above leases include scheduled base rent increases over the respective lease terms. The total amount of base rent payments is being charged to expense on the straight-line method over the terms of the leases. In addition to the base rent payments, the Company generally pays a monthly allocation of the buildings' operating expenses. We believe we have adequate facilities and plan to acquire additional space to meet our future growth needs.

ITEM 3. LEGAL PROCEEDINGS.

We are not currently involved in any legal proceedings that we believe could have, individually or in the aggregate, a material adverse effect on our business or financial condition. There are proceedings pending before the FCC and other governmental legislative and regulatory authorities that could adversely affect the ISP industry and the means by which ISPs conduct business and the cost structure for ISP services. We are not a party to these proceedings.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS.

None.

PART II

ITEM 5. MARKET FOR COMMON EQUITY AND RELATED STOCKHOLDER MATTERS.

Prior to the merger of the two companies, EarthLink Network common stock was listed and traded on the Nasdaq national market under the symbol "ELNK," and MindSpring common stock was listed and traded on the Nasdaq national market under the symbol "MSPG". This table sets forth for the indicated periods, the high and low sales prices per share as reported as composite transactions in The Wall Street Journal. Neither EarthLink Network nor MindSpring has historically paid dividends to its common stockholders. The data given for EarthLink Network has been adjusted for the 2-for-1 stock split effected July 1998 and the 1.615 exchange ratio of its common stock in the merger with MindSpring. The data given for MindSpring has been adjusted for the 3-for-1 stock split effected July 1998 and the 2-for-1 stock split effected June 1999.

	EARTHLINK NETWORK, INC. COMMON STOCK		MINDSPRING ENTERPRISES, INC. COMMON STOCK	
	HIGH	LOW	HIGH	LOW
YEAR ENDED DECEMBER 31, 1998

EARTHLINK, INC.				
February 7 through March 17, 2000.....	\$31.44	\$19.81		

The last reported sale price of the Company's common stock on the Nasdaq National Market on March 17, 2000 was \$21.50 per share. There were approximately 1,543 holders of the Company's Common Stock. Our common stock is listed and traded on the Nasdaq national market under the symbol "ELNK".

DIVIDENDS

We have never paid or declared any cash dividends. We currently expect to retain future earnings, if any, to finance the growth and development of our business, including potential acquisitions. Therefore, we do not anticipate paying cash dividends in the foreseeable future, except as required pursuant to the terms of our convertible preferred stock owned by Sprint and Apple.

SALES OF UNREGISTERED SECURITIES

In connection with our January 1999 follow-on public offering, Sprint exercised its "top-up" rights and purchased 979,000 shares of our newly created Series B convertible preferred stock, convertible into 979,000 shares of common stock (assuming the acceleration of certain paid in kind dividends rights).

ITEM 6. SELECTED FINANCIAL DATA.

On February 4, 2000, EarthLink Network and MindSpring merged into EarthLink, Inc. Following, in Items 6a, 6b and 6c, we present selected financial data for

(1) EarthLink, Inc., the combined company, (2) EarthLink Network prior to the merger and (3) MindSpring prior to the merger, respectively. In all discussions, share numbers for pre-merger EarthLink have been adjusted to reflect the effect of the pooling of interests in which each outstanding share of then existing EarthLink Network securities was exchanged for 1.615 shares of the equivalent securities of the new company and each outstanding share of then existing MindSpring securities was exchanged for one share of the equivalent security of the new company.

ITEM 6A. EARTHLINK, INC.--SELECTED FINANCIAL DATA

The following supplemental selected financial data should be read in conjunction with "Management's Discussion and Analysis of Financial Condition and Results of Operations for EarthLink, Inc." and the Supplemental Combined Financial Statements and Notes thereto included elsewhere in this Report

(1) Reflects the accretion of liquidation dividends on Series A and B convertible preferred stock at 3% compounded quarterly and the accretion of a dividend related to the beneficial conversion feature in accordance with EITF D-60.

(2) Each outstanding share of then existing EarthLink Network common stock was exchanged for 1.615 shares of the common stock of the new company and each outstanding share of then existing MindSpring common stock was exchanged for one share of the common stock of the new company. See Note 1 of Notes to Supplemental Combined Financial Statements for an explanation of the determination of the number of weighted average shares outstanding in the net loss per share computation.

(3) Represents earnings (loss) before depreciation and amortization, interest income and expense and income tax expense. EBITDA is not determined in accordance with generally accepted accounting principles, is not indicative of cash used by operating activities and should not be considered in isolation from, as an alternative to, or more meaningful than measures of performance determined in accordance with generally accepted accounting principles.

(4) The financial data of the combined Company include adjustments of \$3.9 million and \$25.3 million for 1998 and 1999, respectively, to give effect to the reestablishment of a valuation allowance on the MindSpring net deferred tax assets. In 1998 MindSpring's management reviewed its net deferred tax asset, consisting primarily of net operating loss carryforwards and based on the net income generated in 1998 as well as the projections of future income determined that it was more likely than not that the deferred tax assets would be realized. Accordingly, the Company reversed its valuation allowance in 1998 and did not record one in 1999. In the course of the reorganization discussions management of MindSpring and EarthLink Network reviewed the combined net deferred tax assets and concluded that sufficient uncertainty now exists regarding realizability of the net deferred tax asset.

ITEM 6B. EARTHLINK NETWORK, INC.--SELECTED FINANCIAL DATA

The following consolidated selected financial data should be read in conjunction with "Management's Discussion and Analysis of Financial Condition and Results of Operations for EarthLink Network, Inc." and the Consolidated Combined Financial Statements and Notes thereto included elsewhere in this Report.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

On February 4, 2000, EarthLink Network and MindSpring merged into the Company. Following, in Items 7a, 7b and 7c, we present Management's Discussion and Analysis for (1) EarthLink, Inc., the combined company, (2) EarthLink Network prior to the merger and (3) MindSpring prior to the merger, respectively. In all discussions, share numbers for pre-merger EarthLink Network have been adjusted to reflect the effect of the pooling of interests in which each outstanding share of then existing EarthLink Network securities was exchanged for 1.615 shares of the equivalent securities of the combined company and each outstanding share of then existing MindSpring securities was exchanged for one share of the equivalent security of the new company.

The following discusses the supplemental combined financial condition and results of operations of the Company, EarthLink Network and MindSpring should be read in conjunction with the financial statements and notes thereto included elsewhere in this Report.

SAFE HARBOR STATEMENT

The Management's Discussion and Analyses and other portions of this Report include "forward looking" statements within the meaning of the federal securities laws that are subject to future events, risks and uncertainties that could cause actual results to differ materially from those expressed or implied. Important factors that either individually or in the aggregate could cause actual results to differ materially from those expressed include, without limitation, (1) that the Company's service offerings may fail to be competitive with existing and new competitors, (2) that the Company may not retain or grow its member base, (3) that the Sprint and/or the Apple alliance may not be as beneficial to the Company as management anticipates, (4) customer attrition rates may not improve to expected levels, (5) the expected rate of growth in advertising, content and commerce may not be achieved, (6) the Company may not adequately respond to technological developments impacting the Internet, (7) that needed financing may not be available to the Company if and as needed, (8) that a significant change in the growth rate of the overall U.S. economy may occur, such that consumer and corporate spending are materially impacted, (9) that a significant reversal in the trend toward increased usage of the Internet may occur, (10) that a drastic negative change in the market conditions may occur, and (11) that some other unforeseen difficulties may occur. These factors are not intended to represent a complete list of all risks and uncertainties inherent in the Company's business, and should be read in conjunction with the more detailed cautionary statements included elsewhere in recent SEC filings.

ITEM 7A. EARTHLINK, INC.--MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

OVERVIEW

EarthLink, Inc is a leading Internet service provider, or ISP, providing reliable nationwide Internet access and related value-added services to our individual and business members. The Company was formed in February 2000 by way of the merger of EarthLink Network and MindSpring. By combining the two companies we formed the second largest Internet service provider in the United States. The combined company is expected to achieve significant revenue, expense and capital synergies through economies of scale, the elimination of duplicative expenditures and the combined skills of the two companies' management teams. The combined company will also be able to take advantage of the complimentary blend of assets and capabilities contributed by the two companies to improve and expand service offerings and accelerate its member growth rate.

Our combined member base grew from approximately 1.7 million paying members on December 31, 1998 to approximately 3.1 million paying members on December 31, 1999, making us one of the world's leading ISPs. Our growth has resulted from strategic acquisitions as well as traditional marketing channels and alliances. Our organic growth is a product of our efforts to enhance our members' Internet experience

through (1) simple, rapid and reliable access to the Internet, (2) superior member service and technical support, and (3) member education and support. As a result, we believe we have a high member retention rate for our industry.

The Company derives revenue in four key business areas:

- NARROWBAND ACCESS REVENUES which consist of monthly fees charged to members for dial up Internet access
- WEB HOSTING REVENUES which we earn by providing web services to companies and individuals wishing to have a web or e-Commerce presence
- BROADBAND ACCESS REVENUES which consists of fees charged for high-speed, high capacity access services including cable, dedicated circuits and DSL, and
- CONTENT, COMMERCE AND ADVERTISING REVENUES which represent (1) sales of banner and other online ads; (2) fees generated through revenue sharing arrangements with online retailers who are accessed through our properties; and (3) payments for placing links from our properties to third-party content. We also sell advertising and content space on our various online properties, such as the Personal Start Page, the Mall and our online magazine eLink, and through our bi-monthly magazine, bLink.

In June 1998, we entered into a strategic alliance with Sprint. As a part of this alliance, Sprint transferred approximately 130,000 members to us and is committed to generating at least 150,000 new members for us during each of the succeeding five years through their channels. Additionally, we are co-branded as Sprint's exclusive consumer Internet access provider, and we have exclusive access to certain dial-up modem ports in Sprint's network. We also have access to Sprint's marketing and distribution channels and the right to use Sprint's widely recognized brand name.

In October 1998, we purchased substantially all of Spry, Inc.'s subscriber base of individual dial-up Internet access members in the United States and Canada, including approximately 130,000 individual access accounts. We also acquired various assets used in serving those members, including a leased member support facility and a leased network operations facility in Seattle, Washington and all rights to the "Sprynet" name. Spry was a wholly-owned subsidiary of America Online, Inc. The purchase price for these assets was approximately \$32 million.

In February 1999, we purchased substantially all of NETCOM On-Line Communication Services, Inc.'s subscriber accounts in the U.S., including approximately 408,000 individual access accounts, approximately 25,000 Web hosting accounts and approximately 3,000 dedicated Internet access accounts. NETCOM, now known as ICG Netahead, Inc., is a wholly owned subsidiary of ICG Communications, Inc. We also acquired assets used in serving those members, including leased operations facilities in San Jose, California and Dallas, Texas and ICG Netahead's rights to the "NETCOM" name, except in Canada, the United Kingdom and Brazil. ICG Netahead retained all of its assets used in connection with its network operations. Under a separate network services agreement with ICG Netahead, EarthLink Inc., purchases access to ICG Netahead's network. We paid \$245 million for the NETCOM assets, consisting of \$215 million in cash and \$30 million in common stock.

In January 2000, we entered into a strategic alliance with Apple Computer, which we expect to accelerate our member growth. In connection with this alliance, we expanded our existing commercial relationship with Apple so that we will serve as the default ISP for Apple's Macintosh line of computers for a minimum of two years and our overall commercial relationship has been extended through January 4, 2005.

RESULTS OF OPERATIONS

The following table sets forth the percentage of total revenues represented by certain items in our supplemental combined statements of operations for the periods indicated:

	YEAR ENDED DECEMBER 31, 1997		YEAR ENDED DECEMBER 31, 1998		YEAR ENDED DECEMBER 31, 1999

(1) Represents the amortization of intangible assets acquired and a one time transaction cost, in June 1998, of \$1,397,000 resulting from the strategic alliance with Sprint.

(2) In 1998, MindSpring's management reviewed its net deferred tax asset, consisting primarily of net operating loss carryforwards and based on the net income generated in 1998 as well as the projections of future income determined that it was more likely than not that the deferred tax assets would be realized. Accordingly, the Company reversed its valuation allowance in 1998 and did not record one in 1999. In the course of the reorganization discussions, management of MindSpring and EarthLink Network reviewed the combined net deferred tax assets and concluded that sufficient uncertainty now exists regarding realizability of the net deferred tax asset. The financial data of the combined Company include adjustments of \$3.9 million and \$25.3 million for 1998 and 1999, respectively, to give effect to the reestablishment of a valuation allowance on the MindSpring net deferred tax assets. See note 1 to the Supplemental Combined Financial Statements of EarthLink, Inc. included herein.

1999 COMPARED TO 1998

NARROWBAND ACCESS REVENUES

Narrowband access revenues consist primarily of monthly fees charged to members for dial up Internet access. EarthLink's narrowband revenues increased from \$260.2 million in 1998 to \$582.9 million in 1999, a 124 percent increase. The substantial growth in narrowband revenues was primarily due to an increase in the Company's member base from 1.6 million at December 31, 1998 to 3.1 million at December 31, 1999. Approximately 408,000 members were acquired from NETCOM in February 1999, 130,000 were acquired from Spry in October 1998. Approximately 130,000 members were acquired in June 1998 from Sprint.

WEB HOSTING REVENUES

Web hosting revenues are earned by leasing server space and providing web services to companies and individuals wishing to present a web or e-commerce presence. EarthLink's Web hosting revenues increased from \$22.0 million in 1998 to \$47.4 million in 1999, a 116 percent increase. As of December 31, 1999, the combined company hosted 109,000 Web sites compared to 36,000 in 1998, a 203% increase.

BROADBAND ACCESS REVENUES

Broadband access revenues represent fees charged for high-speed, high-capacity access services including cable, ISDN and DSL services. EarthLink's broadband revenues increased from \$3.3 million in 1998 to \$23.5 million in 1999, a 612 percent increase. In 1999 our main broadband focus became DSL. In the fourth quarter of 1999, we began service to 12 major cities giving us access to 15 markets nationwide. As of December 31, 1999, the combined company had 25,000 broadband members.

CONTENT, COMMERCE AND ADVERTISING REVENUES

Content, commerce and advertising revenues are generated by leveraging the value of the Company's member base and user traffic. Content, commerce and advertising revenues increased from \$5.1 million in 1998 to \$16.6 million in 1999, a 225 percent increase. The principal component of our strategy is our Premier Partnership Program, through which we offer and sell promotional packages that provide advertisers with access to the multiple points of contact we have with our members. We also sell advertising and content space on our various online properties, such as the Personal Start Page and the Mall, and through our news magazine, bLink.

COST OF REVENUES

Cost of revenues increased 115% during 1999 as compared 1998, primarily due to the increase in our member base. However, cost of revenues as a percentage of revenues decreased from 40% to 37%. This is attributable to: (a) more effective management of our network, (b) the addition of lower cost POP providers such as Sprint and Level 3, and (c) our increasing ability to negotiate more favorable commercial arrangements with our telecommunications service providers as we leverage our growing member base.

OPERATIONS AND MEMBER SUPPORT

Operations and member support expenses consist primarily of costs associated with technical support and member service, as well as customer information systems. Operations and member support expenses increased from \$80.2 million or 28% of revenue for the year ended December 31, 1998 to \$182.1 million or 27% of revenue for the year ended December 31, 1999. These increases reflect (1) the increase in members from 1.6 million to 3.1 million, (2) the opening of additional call centers in 1999 and (3) management's focus on retaining existing members by providing superior service and devoting significant resources to expanding technical support capabilities.

SALES AND MARKETING

Sales and marketing expenses consist primarily of advertising, direct response mailings, sales compensation, bounties, communications costs related to trial members, salaries and the cost of promotional material. Sales and marketing expenses increased 237% from \$65.0 million to \$219.3 million during 1999. The increase was primarily due to the costs of growing our member base from 1.6 million members to 3.1 million members and is in accordance with management's increased emphasis on organic growth through marketing strategies. This increased emphasis includes the implementation of an ambitious advertising program to create brand awareness, the development of new marketing channels, the expansion of sales and marketing efforts, increased sales commissions and increased marketing personnel headcount. Sales, marketing and other direct costs associated with the acquisition of members are expensed as incurred.

GENERAL AND ADMINISTRATIVE

General and administrative expenses consist primarily of costs associated with the accounting and human resources departments, professional expenses, rent, and bad debt and credit card processing. General and administrative expenses increased 96% from \$34.6 million in 1998 to \$67.9 million in 1999. The increase was primarily due to increases in payroll, depreciation, credit card processing fees and bad debt. The rise in payroll costs was primarily due to growth in headcount. The increase in depreciation expense was due to the acquisition of office equipment and the build-out of leasehold improvements. The increases in credit card processing fees and bad debt were due to the increase in our member base. As a percentage of total revenues, general and administrative expenses decreased from 12% in 1998 to 10% in 1999.

INTEREST INCOME AND EXPENSE, NET

Net interest income increased from \$3.7 million in 1998 to \$22.0 million 1999. The increase was primarily due to an increase in average cash balances available for investment as a result of our public follow on common stock offerings completed in 1998 and 1999. Interest expense increased due to borrowings of \$80 million under the credit facility to finance the NETCOM acquisition and \$179.9 million in 5% convertible subordinated notes. This increase in interest expense was partially offset by aging of lease obligations and a general reduction in interest rates paid on capital leases entered into during 1999.

1998 COMPARED TO 1997

REVENUES

EarthLink's narrowband access revenues increased from \$118.9 million in 1997 to \$260.2 million in 1998, a 119 percent increase. The substantial growth in narrowband revenues was primarily due to an increase in the Company's member base from 698,000 at December 31, 1997 to 1.6 million at December 31, 1998. In June 1998 we gained access to Sprint's marketing and distribution channels as part of our strategic relationship with Sprint. In addition to these channels, we aggressively expanded into the OEM arena by securing relationships with Apple, Packard Bell NEC and CompUSA. In October 1998 we obtained approximately 130,000 members in conjunction with our acquisition of Spry from AOL. Also

contributing to our growth was the addition of several key Affinity marketing partners, Sam's Club, Discover Card and AAA of Southern California. EarthLink's Web hosting revenues increased from \$12.6 million in 1997 to \$22.0 million in 1998, a 75 percent increase. As of December 31, 1998, the combined company hosted 36,000 Web sites compared to 14,000 in 1997, a 157 percent increase. Revenues from broadband access and content, commerce and advertising were minimal for 1997 and 1998.

COST OF REVENUES

Cost of revenues increased 102% from \$57.2 million in 1997 to \$115.5 million in 1998 due to the increase in our member base. However, cost of revenues as a percentage of revenues decreased from 43% to 40%. This is attributable to: (a) more effective management of our network, (b) the addition of Sprint to our family of POP providers, and (c) our increasing ability to negotiate more favorable commercial arrangements with our telecommunications service providers as we leverage our growing member base.

OPERATION AND MEMBER SUPPORT

Operations and member support expenses increased from \$44.8 million or 34% of revenue for the year ended December 31, 1997 to \$80.2 million or 28% of revenue for the year ended December 31, 1998. This increase in total expenditures is attributable to the growth in our member base whereas the decrease as a percentage of revenue is primarily due to an increase in staffing in our technical support and member service call centers at a slower rate than the growth of the overall member base. We focus on retaining existing members by providing superior services and devoting significant resources to expanding technical support staff and network operations capabilities but achieve economies of scale as our member base grows.

SALES AND MARKETING

Sales and marketing expenses increased from \$36.3 million in 1997 to \$65.0 million in 1998. The increase was primarily due to an increase in direct marketing and advertising costs associated with Company growth initiatives. Sales and marketing expenses were approximately 27% of revenues for 1997 and 22% of revenues in 1998. The decrease as a percentage of revenues resulted from economies of scale with respect to costs such as payroll that do not increase in direct proportion to increases in revenue and from cost control efforts implemented by management. Sales, marketing and other direct costs associated with the acquisition of members are generally expensed as incurred.

GENERAL AND ADMINISTRATIVE

General and administrative expenses increased 49% from \$23.2 million in 1997 to \$34.6 million in 1998. The increase was primarily due to increases in payroll, depreciation, credit card processing fees and bad debt. The rise in payroll costs was primarily due to growth in headcount. The increase in depreciation expense was due to the acquisition of office equipment and the build-out of leasehold improvements. The increases in credit card processing fees and bad debt were due to the increase in our member base. As a percentage of total revenues, general and administrative expenses decreased from 17% in 1997 to 12% in 1998.

INTEREST INCOME AND EXPENSE, NET

The Company incurred net interest expense of \$1.8 million in 1997 and earned net interest income of \$3.7 million in 1998. The change was primarily due to an increase in average cash balances available for investment as a result of our public follow on common stock offerings completed in 1998. Interest expense decreased due the aging of lease obligations and a general reduction in interest rates paid on capital leases entered into during 1998.

LIQUIDITY AND CAPITAL RESOURCES

Our operating activities used cash of \$9.9 million during the year ended December 31, 1997, and provided \$62.1 million and \$44.2 million in cash during the years ended December 31, 1998 and 1999, respectively. The Company's net losses of \$34.0 million, \$53.2 million and \$173.7 million were the primary components of cash used in operating activities in the three years ended December 31, 1999, respectively. The Company's net losses were offset by significant non-cash depreciation and amortization expenses relating to the Company's network and intangible assets of \$18.1 million, \$70.0 million and \$190.5 million during the three years ended December 31, 1999, respectively. In 1998 and the Company's net losses were further offset by significant increases in deferred revenues and accounts payable and accrued expenses.

Our investing activities, used cash of approximately \$25.1 million, \$56.9 million and \$339.7 million in 1997, 1998 and 1999, respectively. Capital equipment purchases were \$22.6 million, \$44.5 million and \$109.8 million during the three years then ended. Net cash received in the Sprint transaction of \$23.8 million was partially offset by Sprint transaction costs of \$9.9 million for the year ended December 31, 1998. We acquired the subscriber base of Spry, Inc. effective October 1998 with an initial cash payment of \$25 million followed by a final payment of \$7 million in the first quarter of 1999. In 1999 we acquired the member base of NETCOM and approximately \$13.2 million capital equipment for consideration of \$245 million, consisting of \$215 in cash and common stock valued at \$30 million, (752,232 shares, at a price per share of \$39.88). During 1999 we invested \$4.0 million in a limited partnership and committed to make an additional investment amounting to \$6.0 million.

Financing activities provided approximately \$47.2 million, \$277.6 million and \$672.7 million in cash during 1997, 1998 and 1999, respectively. In January 1997, we sold 7.4 million shares of common stock in EarthLink Network's initial public offering and generated approximately \$26.2 million in net proceeds. In September 1997 we raised \$15.4 million in private sales of equity securities during 1997. We completed a follow on public offering in June 1998 of 6.1 million shares of common stock. Our net proceeds were approximately \$106.3 million. In January 1999, the Company completed a follow on public offering of 4.0 million shares of its common stock at \$45.51 per share. In conjunction with the offering, Sprint exercised its preemptive rights to maintain its existing ownership level in the Company. Accordingly, Sprint purchased 1.2 million shares of which 311,000 shares were common stock and 993,000 shares were Series B convertible preferred stock (having the same rights and preferences as the Series A Convertible Preferred Stock already held by Sprint). Net proceeds from the sale of common stock were \$183.1 million. Net proceeds from the sale of Series B convertible preferred stock to Sprint were approximately \$42.6 million. We completed an additional offering of 6 million shares of common stock at \$8.84 per share. Net proceeds from the offering were approximately \$49.8 million. In December 1998, the Company issued 4.6 million shares of common stock at \$28.50 for net proceeds of approximately \$124.8 million. In April 1999 the Company completed a follow on public offering of 5.5 million shares of its common stock. Net proceeds were approximately \$263.5 million. We also sold \$179,975,000 aggregate principal amount of our 5% Convertible Subordinated Notes due 2006, raising net proceeds of approximately \$174.1 million. During 1997, 1998 and 1999, we financed the acquisition of data processing and office equipment amounting to approximately \$10.5 million, \$9.3 million and \$10.4 million, respectively, through equipment leases and sale leaseback agreements. We record sale leaseback transactions at cost, which approximates the fair market value of the property, and, therefore, no gains or losses are recorded. We continue to depreciate the property and record a financing obligation representing the proceeds based upon payments under the lease agreement.

On December 31, 1999, we had approximately \$685.8 million in cash and cash equivalents. We believe our available cash is sufficient to meet our operating expenses and capital requirements for the next 12 months. We also have a \$50 million credit facility from Sprint in the form of convertible senior debt, increasing to \$100 million by June 5, 2001 at an interest rate of 6% per annum. In conjunction with the merger, each holder of our Convertible Subordinated Notes has the option to require us to repurchase that holder's notes at a repurchase price equal to 100% of the principal amount plus accrued interest to the

date of repurchase. The repurchase price will be paid in cash. If all holders exercise this option the payment will be \$184.3 million. Our capital requirements depend on numerous factors, including the rate of market acceptance of our services, our ability to maintain and expand our member base, the rate of expansion of our network infrastructure, the size and types of acquisitions in which we may engage and the level of resources required to expand our marketing and sales programs. We cannot accurately predict the timing and amount of capital requirements. We may require additional financing sooner than anticipated if capital requirements vary materially from those currently planned. We have no commitments for any additional financing other than the line of credit from Sprint, and we cannot be sure that we can obtain additional commitments on favorable terms, if at all. Additional equity financing may dilute our stockholders, and debt financing, if available, may restrict our ability to declare and pay dividends and raise future capital. If we are unable to obtain additional needed financing, we may be required to reduce the scope of operations or anticipated expansion, which could materially and adversely affect us.

ITEM 7B. EARTHLINK NETWORK, INC.--MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS FOR.

RESULTS OF OPERATIONS

The following table sets forth the percentage of total revenues represented by certain items in our statements of operations for the periods indicated:

	YEAR ENDED DECEMBER 31, 1997		YEAR ENDED DECEMBER 31, 1998		YEAR ENDED DECEMBER 31, 1999	
	(000'S)	% OF REVENUE	(000'S)	% OF REVENUE	(000'S)	% OF REVENUE
STATEMENT OF OPERATIONS DATA:

Net loss attributable to common stockholders.....	\$(29,916)	(37)	\$ (67,383)	(38)	\$ (122,354)	(36)
OPERATING DATA:						
Number of customers at year end...	420,000		1,000,000		1,776,000	
Number of employees at year end...	1,287		1,343		2,624	
EBITDA(3).....	(19,077)	(24)	(7,513)	(4)	(38,132)	(11)

(1) Represents acquisition and amortization related expenses for 1998 and 1999 and a one time transaction cost of \$1,397,000 related to the June 1998 Sprint transaction.

(2) Reflects the accretion of Liquidation Dividends on Series A and B convertible preferred stock at 3% compounded quarterly and the accretion of a dividend related to the beneficial conversion feature in accordance with EITF D-60.

(3) Represents net loss before depreciation and amortization, interest income and expense and income tax expense. EBITDA is not determined in accordance with generally accepted accounting principles, is not indicative of cash used by operating activities and should not be considered in or as an alternative to, or more meaningful than measures of performance determined in accordance with generally accepted accounting principles.

1999 COMPARED TO 1998

NARROWBAND ACCESS REVENUES

Narrowband access revenues consist of monthly fees charged to members for dial-up Internet access. EarthLink Network's narrowband access revenues increased from \$161.0 million in 1998 to \$310.9 million in 1999, a 93 percent increase. The substantial growth in narrowband access revenues was primarily due to the increase in the company's member base from 1.0 million at December 31, 1998 to 1.8 million at December 31, 1999. The largest portion of our member growth came through traditional marketing channels, direct marketing and strategic relationship with Sprint.

WEB HOSTING REVENUES

Web hosting revenues are earned by leasing server space and providing web services to companies and individuals wishing to have a web or e-commerce presence. Web hosting revenues increased from \$7.5 million in 1998 to \$11.6 million in 1999, a 55 percent increase. As of December 31, 1999, the company hosted 41,000 Web sites compared to 15,000 in 1998, a 173 percent increase.

BROADBAND ACCESS REVENUES

Broadband access revenues represent fees charged for high-speed, high-capacity access services including cable, ISDN and DSL services. EarthLink Network's broadband access revenues increased from \$3.3 million in 1998 to \$6.8 million in 1999, a 106 percent increase. As of December 31, 1999, the company had 21,000 broadband members compared to 5,400 in December 1998.

CONTENT, COMMERCE AND ADVERTISING REVENUES

Content, commerce and advertising revenues are generated by leveraging the value of the company's member base and user traffic. Content, commerce and advertising revenues increased from \$4.1 million in 1998 to \$13.1 million in 1999, a 220% increase. The principal component of our strategy is our Premier Partnership Program, through which we offer and sell promotional packages that provide advertisers with access to the multiple points of contact we have with our members. We also sell advertising and content space on our various online properties, such as the Personal Start Page and the Mall, and through our bi-monthly magazine, bLink.

COST OF REVENUES

Cost of revenues increased 72% from \$77.2 million in 1998 to \$132.7 million in 1999 due to the increase in our member base. However, cost of revenues as a percentage of revenues decreased from 44% to 39%. This is attributable to: (a) more effective management of our network, (b) the addition of lower cost POP providers such as Sprint and Level 3, and (c) our increasing ability to negotiate more favorable commercial arrangements with our telecommunications service providers as we leverage our growing member base.

OPERATIONS AND MEMBER SUPPORT

Operations and member support expenses consist primarily of costs associated with technical support and member service, as well as customer information systems. Operations and member support expenses increased from \$53.8 million or 31% of revenue for the year ended December 31, 1998 to \$104.8 million or 31% of revenue for the year ended December 31, 1999. These increases reflect (1) the increase in members from 1.0 million to 1.8 million, (2) the opening of additional call centers in 1999 and (3) management's focus on retaining existing members by providing superior service and devoting significant resources to expanding technical support capabilities.

SALES AND MARKETING

Sales and marketing expenses consist primarily of advertising, direct response mailings, sales compensation, bounties, communications costs related to trial members, salaries and the cost of promotional material. Sales and marketing expenses increased 194% from \$42.8 million in 1998 to \$126.0 million in 1999. The increase was primarily due to management's increased emphasis on organic growth through marketing strategies including the implementation of an ambitious advertising program to create brand awareness, the development of new marketing channels, the expansion of sales and marketing efforts, the increase of sales commissions and the increase of marketing personnel headcount. Sales, marketing and other direct costs associated with the acquisition of members are expensed as incurred.

GENERAL AND ADMINISTRATIVE

General and administrative expenses consist primarily of costs associated with the accounting and human resources departments, professional expenses, rent, and bad debt. General and administrative expenses increased 75% from \$21.7 million in 1998 to \$38.0 million in 1999. The increase was primarily due to increases payroll, depreciation, credit card processing fees and bad debt. The rise in payroll costs was primarily due to growth in headcount. The increases in credit card processing fees and bad debt were due to the increase in our member base. As a percentage of total revenues, general and administrative expenses decreased from 12% in 1998 to 11% in 1999.

INTEREST INCOME (EXPENSE), NET

Interest income increased from \$4.4 million in 1998 to \$17.3 million 1999. The increase was primarily due to an increase in average cash balances available for investment as a result of our public follow on common stock offerings completed in June 1998 and January 1999. Interest expense decreased from \$2.0 million during 1998 to \$1.3 million due to the aging of lease obligations and a general reduction in effective interest rates paid on capital leases entered into during 1999.

1998 COMPARED TO 1997

REVENUES

EarthLink Network's narrowband access revenues increased from \$74.2 million in 1997 to \$161.0 million in 1998, a 117 percent increase. The substantial growth in narrowband revenues was primarily due to an increase in the base of narrowband members from 422,000 at December 31, 1997 to 1.0 million at December 31, 1998. In June 1998 we gained access to Sprint's marketing and distribution channels as part of our strategic relationship with Sprint. EarthLink Network's Web hosting revenues increased from \$5.2 million in 1997 to \$7.5 million in 1998, a 44 percent increase.

COST OF REVENUES

Cost of revenues increased 103% from \$38.1 million in 1997 to \$77.2 million in 1998 due to the increase in our member base. However, cost of revenues as a percentage of revenues decreased from 47% to 44%. This is attributable to: (a) more effective management of our network, (b) the addition of Sprint to our family of POP providers, and (c) our increasing ability to negotiate more favorable commercial arrangements with our telecommunications service providers as we leverage our growing member base.

OPERATIONS AND MEMBER SUPPORT

Operations and member support expenses increased from \$30.6 million or 38% of revenue for the year ended December 31, 1997 to \$53.8 million or 31% of revenue for the year ended December 31, 1998. This increase in total expenditures is attributable to the growth in our member base whereas the decrease as a percentage of revenue is primarily due to an increase in staffing in our technical support and member

service call centers at a slower rate than the growth of the overall member base. We focus on retaining existing members by providing superior services and devoting significant resources to expanding technical support staff and network operations capabilities but achieve economies of scale as our member base grows.

SALES AND MARKETING

Sales and marketing expenses consist primarily of third-party, advertising, sales commissions, salaries, referral credits, communication costs associated with trial accounts and the cost of promotional material. Sales and marketing expenses increased from \$26.0 million in 1997 to \$42.8 million in 1998. The increase was primarily due to an increase in third-party bounty payments of \$4 million, increased sales commissions of \$1 million, increased marketing personnel headcount leading to an increase in employee costs of \$3.4 million and increased emphasis on marketing including expanded sales and marketing efforts on a nation wide basis leading to an increase in advertising expense of \$3.2 million. Sales and marketing expenses were approximately 33% of revenues for 1997 and 25% of revenues in 1998. The decrease as a percentage of revenues resulted from economies of scale with respect to costs such as payroll that do not increase in direct proportion to increases in revenue and from cost control efforts implemented by management. Sales, marketing and other direct costs associated with the acquisition of members are expensed as incurred.

GENERAL AND ADMINISTRATIVE

General and administrative expenses increased 48% from \$14.7 million in 1997 to \$21.7 million in 1998. The increase was primarily due to increases payroll, depreciation, credit card processing fees and bad debt. The rise in payroll costs was primarily due to growth in headcount. The increase in depreciation expense was due to the acquisition of office equipment and the build-out of leasehold improvements. The increases in credit card processing fees and bad debt were due to the increase in our member base. As a percentage of total revenues, general and administrative expenses decreased from 18% in 1997 to 12% in 1998.

INTEREST INCOME AND EXPENSE, NET

Interest income increased from \$637,000 in 1997 to \$4.4 million 1998. The increase was primarily due to an increase in average cash balances available for investment as a result of our public follow on common stock offering completed in June 1998. Interest expense decreased from \$2.1 million in 1997 to \$2.0 million during 1998 due to repayment of approximately \$4 million in notes payable, the conversion of \$5 million in debt to equity and a reduction in the effective interest rates paid to lessors.

LIQUIDITY AND CAPITAL RESOURCES

Our operating activities used \$21.3 million, provided \$26.6 million and used \$21.4 million in cash during the years ended December 31, 1997, 1998 and 1999, respectively. Net losses of \$29.9 million, \$59.8 million and \$108.2 million were the primary components of cash used in operating activities in the three years ended December 31, 1999, respectively. Net losses were offset by significant non-cash depreciation and amortization expenses relating to the EarthLink Network's network and intangible assets of \$9.3 million, \$54.7 million and \$86.2 million during the three years ended December 31, 1999, respectively. In 1998 EarthLink Network's net loss was further offset by significant increases in accounts payable and accrued expenses.

Our investing activities, used cash of approximately \$16.1 million, \$9.2 million and \$49.9 in 1997, 1998 and 1999, respectively. Capital equipment purchases were \$14.5 million, \$24.3 million and \$47.3 million during the three years then ended. Net cash received in the Sprint transaction of \$23.8 million was partially offset by Sprint transaction costs of \$9.9 million for the year ended December 31, 1998. During 1999 we

invested \$4.0 million in a limited partnership. We are committed to invest an additional \$6.0 million in limited partnerships.

Financing activities provided approximately \$49.8 million, \$107.1 million and \$239.0 million in cash during 1997, 1998 and 1999, respectively. In January 1997, we sold 4.6 million shares of common stock in our initial public offering and generated approximately \$26.2 million in net proceeds. In September 1997 we raised \$15.4 million in private sales of equity securities during 1997. We completed a follow on public offering in June 1998 of 3.8 million shares of common stock. Our net proceeds were approximately \$106.3 million. In January 1999, the company completed a follow on public offering of 2.4 million shares of its common stock at \$73.63 per share. In conjunction with the offering, Sprint exercised its preemptive rights to maintain its existing ownership level in the company. Accordingly, Sprint purchased 808,000 shares of which 201,000 shares were common stock and 607,000 shares were Series B convertible preferred stock (having the same rights and preferences as the Series A convertible preferred stock already held by Sprint). Net proceeds from the sale of Common Stock were \$183.1 million. Net proceeds from the sale of Series B convertible preferred stock to Sprint were approximately \$42.6 million. During 1997, 1998 and 1999, we financed the acquisition of data processing and office equipment amounting to approximately \$10.5 million, \$9.3 million and \$13.4 million, respectively, through equipment leases and sale leaseback agreements. We record sale leaseback transactions at cost, which approximates the fair market value of the property, and, therefore, no gains or losses are recorded. We continue to depreciate the property and record a financing obligation representing the proceeds based upon payments under the lease agreement.

On December 31, 1999, we had approximately \$308.6 million in cash and cash equivalents. See Management's Discussion and Analysis for EarthLink, Inc. for further discussion of cash requirements.

ITEM 7C. MINDSPRING ENTERPRISES, INC.--MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

RESULTS OF OPERATIONS

The following table shows financial data for the years ended December 31, 1999, 1998 and 1997. Operating results for any period are not necessarily indicative of results for any future period. Dollar amounts are shown in thousands (except per share data)

REVENUES. Revenues for the year ended December 31, 1999 totaled approximately \$328.1 million as compared to approximately \$114.7 million for the year ended December 31, 1998. The increase in revenues of 186% resulted primarily from a 95% increase in total members. The increase in members is due to the acquisition of the NETCOM members in February 1999, the acquisition of Spry members in October 1998 and organic growth. Revenues from narrowband access to the Internet, which includes start-up fees, represented approximately 83% of total revenue for the year ended December 31, 1999 vs. 86% for the year ended December 31, 1998. Web hosting revenue grew to \$35.9 million, or 11% of total revenue, for the year ended December 31, 1999 from \$14.5 million, or 13% of total revenue, for the year ended December 31, 1998. The decrease in both narrowband access and Web Hosting revenue as a percentage of total revenue for the year ended December 31, 1999 as compared to the year ended December 31, 1998 can be attributed to the greater contribution and relative growth in our Broadband revenues. Broadband

revenue grew to \$16.8 million, or 5% of total revenues, for the year ended December 31, 1999 from \$36,000 million, or 0% of total revenue, for the year ended December 31, 1998. This increase is attributed to the acquisition of 3,000 dedicated Internet access members from NETCOM in February 1999 as well as the rollout of xDSL and cable services during the year.

COSTS OF REVENUES. For the year ended December 31, 1999, cost of revenues increased to approximately 35% of total revenue, compared to approximately 33% of total revenue for the year ended December 31, 1998. Cost of revenues increased as a percentage of total revenues as a result of a greater percentage of our members being served through the use of third party networks rather than MindSpring POPs due to the Spry and NETCOM acquisitions. Cost of revenues for members being serviced by MindSpring POP's includes depreciation for these POPs and other related equipment.

OPERATIONS AND MEMBER SUPPORT. Operations and member support expenses consist primarily of costs associated with technical support and member service, as well as customer information systems. Operations and member support expenses increased from \$26.5 million or 23% of revenue for the year ended December 31, 1998 to \$77.3 million or 24% of revenue for the year ended December 31, 1999. This increase is primarily due to increased staffing in our technical support and member service call centers necessary to support MindSpring's accelerated growth program initiated in September 1999 as well the addition of several new call centers in 1999.

SALES AND MARKETING EXPENSES. Sales and marketing expenses consist primarily of advertising, direct response mailings, sales compensation, bounties, communications costs related to trial members, salaries and cost of promotional materials. Sales and marketing expenses increased to \$93.4 million, or approximately 29% of total revenue, for the year ended December 31, 1999, compared to \$22.2 million, or approximately 20% of total revenue, for the year ended December 31, 1998. This increase is primarily due to higher advertising expenditures related to MindSpring's accelerated growth program initiated in September 1999.

GENERAL AND ADMINISTRATIVE EXPENSES. General and administrative expenses consist primarily of costs associated with the accounting and human resources departments, professional expenses, bad debt, credit card processing and executive compensation. General and administrative expenses increased to \$29.9 million, or approximately 9% of total revenue, for the year ended December 31, 1999, compared to \$12.9 million, or approximately 11% of total revenue, for the year ended December 31, 1998. This decrease as a percentage of total revenue is due to efficiencies gained primarily through economies of scale.

ACQUISITION-RELATED AMORTIZATION. Acquisition-related amortization expense increased significantly to 25% of total revenues for the year ended December 31, 1999 from 6% of total revenues for the year ended December 31, 1998 due to the acquisitions of the Spry and NETCOM member bases, which are being amortized over three years.

INTEREST (EXPENSE) INCOME, NET. Interest (expense) income, net was approximately \$5.9 million, or 2% of total revenues, for the year ended December 31, 1999 compared to approximately \$1.2 million, or 1% of total revenues, for the year ended December 31, 1998. This increase in interest (expense) income, net for the year ended December 31, 1999 compared to the year ended December 31, 1998 was primarily due to interest income increasing as a result of the increase in cash available for investment purposes, resulting from equity and debt offerings in December 1998 and April 1999, offset by interest expense increasing which resulted from our convertible debt offering completed in April 1999. The offerings raised net proceeds of approximately \$562 million from which we repaid \$80 million outstanding under a secured credit facility. Interest expense includes interest on our 5% Convertible Subordinated Notes due 2006 and fees related to our unused credit facility as well as amortization of deferred financing costs incurred in conjunction with both.

INCOME TAX BENEFIT (PROVISION). For the year ended December 31, 1999, MindSpring recorded an income tax benefit of \$25.3 million, or 8% of total revenues, for an effective tax rate of 39%, compared to an income tax benefit of \$1.5 million, or 1% of total revenues, for the year ended December 31, 1998. For the year ended December 31, 1998 MindSpring recorded a benefit for income taxes due to a one time benefit taken in the fourth quarter of the year as a result of the removal of the valuation allowance associated with MindSpring's deferred tax assets.

NET (LOSS) INCOME AND (LOSS) INCOME PER SHARE. As discussed above, and primarily as a result of the increase in sales and marketing expenditures and in acquired member base amortization, MindSpring had a net loss for the year ended December 31, 1999 of (\$40.1 million) or \$(0.65) per basic and diluted share. MindSpring's net income for the year ended December 31, 1998 was \$10.5 million or \$0.21 per basic and diluted share.

YEAR ENDED DECEMBER 31, 1997 COMPARED TO YEAR ENDED DECEMBER 31, 1998

REVENUES. Revenues for the year ended December 31, 1998 totaled approximately \$114.7 million, as compared to approximately \$52.6 million for the year ended December 31, 1997. This approximately 118% increase in period revenues resulted primarily from an approximately 130% increase in subscribers. The greater proportional increase in subscribers compared to the percentage increase in period revenues was principally due to the acquisition of Spry subscribers from AOL during the fourth quarter of 1998. Revenues from access to the Internet, which includes start-up fees, represented approximately 86% of total revenue for the year ended December 31, 1998, compared to 85% of total revenue for the year ended December 31, 1997. Web hosting revenue grew to \$14.5 million, or 13% of total revenue, for the year ended December 31, 1998 from \$7.4 million, or 14% of total revenue for the year ended December 31, 1997. Broadband and content, commerce and advertising revenues were immaterial for both 1997 and 1998.

COSTS OF REVENUES. For the year ended December 31, 1998, cost of revenues decreased to approximately 33% of total revenue, compared to approximately 36% of total revenue for the year ended December 31, 1997. Not taking into account approximately \$2.0 million in discounts we received in 1998 under our network services agreement with PSINet, Inc., cost of revenues would have been approximately 35% of total revenue. Not taking into account approximately \$2.1 million in discounts we received in 1997 under the network services agreement with PSINet, Inc., cost of revenues would have been approximately 40% of total revenue. The discounts earned under the network services agreement with PSINet ended in October 1998. This decrease of cost of revenues as a percentage of total revenue resulted primarily from increased efficiency and reduced network costs associated with MindSpring-owned POPs.

OPERATIONS AND MEMBER SUPPORT. Operations and member support expenses increased from \$14.2 million or 27% of revenue for the year ended December 31, 1997 to \$26.5 million or 23% of revenue for the year ended December 31, 1998. This increase in total expenditures is attributable to the growth in our member base whereas the decrease as a percentage of revenue is primarily due to an increase in staffing in our technical support and member service call centers at a slower rate than the growth of the overall member base. We focus on retaining existing members by providing superior services and devoting significant resources to expanding technical support staff and network operations capabilities but achieve economies of scale as our member base grows.

SALES AND MARKETING EXPENSES. Sales and marketing expenses consist primarily of advertising, direct response mailings, sales compensation, bounties, communications costs related to trial members, salaries and cost of promotional materials. Sales and marketing expenses increased to \$22.2 million, or approximately 20% of total revenue, for the year ended December 31, 1998, compared to \$10.3 million, or approximately 20% of total revenue, for the year ended December 31, 1997.

GENERAL AND ADMINISTRATIVE EXPENSES. General and administrative expenses consist primarily of costs associated with the accounting and human resources departments, professional expenses, bad debt, credit card processing and executive compensation. General and administrative expenses increased to \$12.9 million, or approximately 11% of total revenue, for the year ended December 31, 1998, compared to \$8.5 million, or approximately 16% of total revenue, for the year ended December 31, 1997. This decrease as a percentage of total revenue is due to efficiencies gained primarily through economies of scale.

ACQUISITION-RELATED AMORTIZATION. Acquisition-related amortization expense increased to \$7.0 million, or 6% of total revenues, for the year ended December 31, 1998 from \$4.2 million, or 8% of total revenues, for the year ended December 31, 1997. Amortization expense resulted solely from acquired subscriber bases, which are being amortized over three years.

INTEREST (EXPENSE) INCOME. The following table details the increase in interest income in 1997 compared to 1998:

	1997	1998
	-----	-----
Interest on capital leases.....	\$(473,000)	\$(754,000)
Interest on PSINet notes.....	(276,000)	(136,000)
Interest income--other.....	411,000	2,104,000
	-----	-----
Interest (expense) income net.....	\$(338,000)	\$1,214,000
	=====	=====

Interest on capital leases increased for the year ended December 31, 1998, compared to the year ended December 31, 1997, because MindSpring entered into several new capital leases for equipment at the end of 1997. Interest income increased in 1998 due to the increase in outstanding cash balances available for investment as a result of positive operating cash flows and two public equity offerings completed during the year. See "--Liquidity and Capital Resources".

INCOME TAX PROVISION. For the year ended December 31, 1998 MindSpring recorded a benefit for income taxes due to a one time benefit taken in the fourth quarter of the year as a result of the removal of the valuation allowance associated with MindSpring's deferred tax assets. MindSpring is continually assessing its income tax situation and management believed that it was "more likely than not" that the deferred tax assets would be realized in the future. MindSpring expected to report taxable earnings, even though we expected to be incurring net losses at the same time. This was principally due to the requirement that, for tax purposes, subscriber acquisition costs must be amortized over 15 years, compared to the three-year period applied for accounting purposes. For the year ended December 31, 1997, no income tax benefit was recognized as MindSpring had a net taxable loss for the year.

NET INCOME (LOSS) AND INCOME (LOSS) PER SHARE. As a result of the factors discussed above, MindSpring's net income for the year ended December 31, 1998 was \$10.5 million, or \$0.21 income per basic and diluted share, compared to a net loss of \$4.1 million, or \$0.09 basic and diluted loss per share, for the year ended December 31, 1997.

LIQUIDITY AND CAPITAL RESOURCES

For the year ended December 31, 1999, MindSpring generated net cash from operations of approximately \$65.6 million, compared to \$35.5 million for the year ended December 31, 1998, an increase of approximately 85%. During 1999, we spent approximately \$227.5 million to fund purchases of subscriber bases. \$215 million of this amount was paid to ICG Communications in connection with the closing of the NETCOM acquisition, approximately \$80 million of which we borrowed under our \$100 million secured revolving credit facility, which we repaid as discussed below, and the remainder from our available cash. Additionally, in March 1999 we paid the remaining \$7 million to complete the payments related to the Spry acquisition. During the twelve months of 1999, we spent a total of approximately \$62.5 million primarily related to purchases of telecommunications equipment necessary for the provision of service to subscribers. We did not enter into any new capital lease agreements in 1999.

In March 1999, we filed a universal shelf registration statement with the Securities and Exchange Commission for the public offering from time to time of up to \$800 million of debt and equity securities. In April 1999, we completed two public offerings of securities under this shelf registration statement. We sold 5,520,000 shares of our common stock raising net proceeds of approximately \$263.5 million, from which we repaid approximately \$80 million of principal and interest outstanding under our secured credit facility. We also sold \$179,975,000 aggregate principal amount of our 5% Convertible Subordinated Notes due 2006, raising net proceeds of approximately \$174.1 million. Net of expenses and repayment of debt, MindSpring raised an aggregate of approximately \$357.6 million in these offerings.

On December 31, 1999, we had approximately \$377.2 million in cash and cash equivalents. See Management's Discussion and Analysis for EarthLink Inc. for further discussion of cash requirements.

ITEM 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA.

The information required by this item appears in a subsequent section of this Report. (See Item 14(a)(1) and (2)).

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

None.

PART III

ITEM 10. DIRECTORS AND EXECUTIVE OFFICERS OF THE REGISTRANT

Information relating to management's nominees for directors of the Company will be set forth under the captions "Proposal 1--Election of Directors--Nominees" and "Proposal 1--Election of Directors--Information Regarding Nominees for Director" in the Company's Proxy Statement for its 2000 Annual Meeting of Shareholders or in a subsequent amendment to this Report. Such information is incorporated herein by reference. Information relating to the executive officers of the Company will be set forth under the caption "Executive Officers" in the above-referenced Proxy Statement or amendment. Such information is incorporated herein by reference. Information regarding compliance by directors and executive officers of the Company and owners of more than ten percent of the Company's Common Stock with the reporting requirements of Section 16(a) of the Securities Exchange Act of 1934, as amended, will be set forth under the caption "Compliance with Section 16(a) of the Securities Exchange Act of 1934" in the above-referenced Proxy Statement or amendment.

ITEM 11. EXECUTIVE COMPENSATION

Information relating to management compensation will be set forth under the captions "Proposal 1--Election of Directors--Director Compensation" and "Executive Compensation" in the Company's Proxy Statement referred to in Item 10 above or in a subsequent amendment to this Report. Such information is incorporated herein by reference, except for the information set forth under the captions "Executive Compensation--Audit and Compensation Committee Report on Executive Compensation" and "Stock Performance Graph," which specifically is not so incorporated by reference.

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

Information regarding ownership of the Company's securities by certain persons is set forth under the captions "Beneficial Ownership of Common Stock" in the Company's Proxy statement referred to in Item 10 above or in a subsequent amendment to this Report. Such information is incorporated herein by reference.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Information regarding certain relationships and transactions between the Company and certain of its affiliates is set forth under the caption "Compensation Committee Interlocks and Insider Participation" in the Company's Proxy Statement referred to in Item 10 above or in a subsequent amendment to this Report. Such information is incorporated herein by reference.

PART IV

ITEM 14. EXHIBITS, FINANCIAL STATEMENT SCHEDULES, AND REPORTS ON FORM 8-K.

(A) DOCUMENTS FILED AS PART OF THIS REPORT.

1. FINANCIAL STATEMENTS OF EARTHLINK, INC.

Report of Independent Accountants

Consolidated Combined Balance Sheet as of December 31, 1998 and 1999

Consolidated Combined Statement of Operations for the three years ended December 31, 1999

Consolidated Combined Statement of Stockholders' Equity for the three years ended December 31, 1999

Consolidated Combined Statement of Cash Flows for the three years ended December 31, 1999

Notes to Consolidated Combined Financial Statements

2. FINANCIAL STATEMENTS OF EARTHLINK NETWORK, INC.

Report of Independent Accountants

Consolidated Balance Sheet as of December 31, 1998 and 1999

Consolidated Statement of Operations for the three years ended December 31, 1999

Consolidated Statement of Stockholders' Equity for the three years ended December 31, 1999

Consolidated Statement of Cash Flows for the three years ended December 31, 1999

Notes to Consolidated Financial Statements

3. FINANCIAL STATEMENTS OF MINDSPRING ENTERPRISES, INC.

Report of Independent Accountants

Consolidated Balance Sheet as of December 31, 1998 and 1999

Consolidated Statement of Operations for the three years ended December 31, 1999

Consolidated Statement of Stockholders' Equity for the three years ended December 31, 1999

Consolidated Statement of Cash Flows for the three years ended December 31, 1999

Notes to Consolidated Financial Statements

(B) FINANCIAL STATEMENT SCHEDULE

The Financial Statement Schedule(s) described in Regulation S-X are omitted from this Report because they are either not required or are immaterial.

(C) EXHIBITS

EXHIBIT	DESCRIPTION
2.1	Agreement and Plan of Reorganization, dated September 22, 1999, by and among EarthLink Network, Inc., MindSpring Enterprises, Inc. and Earthlink, Inc., as amended (included

as Annex A to the Proxy Statement/Prospectus contained in Part I of this Registration Statement).

EXHIBIT	DESCRIPTION
2.2	-- Stock Option Agreement, dated September 22, 1999, between MindSpring Enterprises, Inc. and EarthLink Network, Inc. (incorporated by reference to Exhibit 2.2 of EarthLink Network Inc.'s Form 8-K, dated September 22, 1999, File No. 0-20799).
2.3	-- Stock Option Agreement, dated September 22, 1999, between EarthLink Network, Inc. and MindSpring Enterprises, Inc. (incorporated by reference to Exhibit 2.3 of EarthLink Network Inc.'s Form 8-K, dated September 22, 1999, File No. 0-20799).
2.4	-- Form of EarthLink Stockholder Agreement, dated September 22, 1999, between certain stockholders and EarthLink Network, Inc. (incorporated by reference to Exhibit 2.4 of EarthLink Network, Inc.'s Form 8-K, dated September 22, 1999, File No. 0-20799).
2.5	-- Form of MindSpring Stockholder Agreement, dated September 22, 1999, between certain stockholders and MindSpring Enterprises, Inc. (incorporated by reference to Exhibit 2.5 of EarthLink Network, Inc.'s Form 8-K, dated September 22, 1999, File No. 0-20799).
2.6*	-- Preferred Stock Purchase Agreement, dated January 4, 2000, between EarthLink Network, Inc. and Apple Computer, Inc. Limited.
2.7*	-- Investor Rights Agreement dated January 4, 2000, between EarthLink Network, Inc. and Apple Computer, Inc. Limited.
3.1*	-- Certificate of Incorporation of EarthLink, Inc.
3.2*	-- Form of Amended and Restated Certificate of Incorporation of EarthLink, Inc.
3.3*	-- By-laws of EarthLink, Inc.
3.4*	-- Form of Certificate of Designation, Preferences and Rights of Series A Convertible Preferred Stock.
3.5*	-- Form of Certificate of Designation, Preferences and Rights of Series B Convertible Preferred Stock and amendment thereto.
3.6*	-- Form of Certificate of Designation, Preferences and Rights of Series C Convertible Preferred Stock.
10.1	-- 1995 Stock Option Plan and form of Stock Option Agreement (incorporated by reference to Exhibit 10.1 to EarthLink Network's Registration Statement on Form S-1--File No. 333-15781).
10.2	-- Amended and Restated Stock Option Plan for Directors (incorporated by reference to Exhibit 10.2 to EarthLink Network's Registration Statement on Form S-1--File No. 333-15781).
10.3	-- (a) Netscape Communications Corporation Internet Service Provider Navigator Distribution Agreement, dated May 31, 1996, between EarthLink Network, Inc. and Netscape Communications Corporation (incorporated by reference to Exhibit 10.6 to EarthLink Network's Registration Statement on Form S-1--File No. 333-15781). (b) Amendment No. 1 to Netscape Communications Corporation Internet Service Provider Agreement (incorporated by reference to Exhibit 10.6(a) to EarthLink Network's Registration Statement on Form S-1--File No. 333-15781). (c) Amendment No. 2 to Netscape Communications Corporation Internet Service Provider Agreement (incorporated by reference to Exhibit 10.6(b) to EarthLink Network's Registration Statement on Form S-1--File No. 333-15781).

EXHIBIT	DESCRIPTION
10.4	<p>-- (a) Network Services Agreement, dated May 31, 1996, between EarthLink Network, Inc. and UUNET Technologies, Inc. (incorporated by reference to Exhibit 10.7 to EarthLink Network's Registration Statement on Form S-1--File No. 333-15781).</p> <p>(b) Addendum No. 1 to Network Services Agreement (incorporated by reference to Exhibit 10.7 (a) to EarthLink Network's Registration Statement on Form S-1--File No. 333-15781).</p>
10.5	-- Software Distribution Agreement (MacTCP), dated October 2, 1995, between EarthLink Network, Inc. and Apple Computer, Inc. (incorporated by reference to Exhibit 10.8 to EarthLink Network's Registration Statement on Form S-1--File No. 333-15781).
10.6	-- Amended and Restated Employment Agreement (incorporated by reference to Exhibit 10.8(d) to EarthLink Network's Registration Statement on Form S-1--File No. 333-53063).
10.7	-- Standard Industrial/Commercial Multi-Tenant Lease, dated December 1, 1995, between EarthLink Network, Inc. and Becton Dickinson and Company (incorporated by reference to Exhibit 10.12 to EarthLink Network's Registration Statement on Form S-1--File No. 333-15781).
10.8	-- Internet Wizard Sign-Up Agreement, between EarthLink Network, Inc. and Microsoft Corporation, dated August 16, 1996 (incorporated by reference to Exhibit 10.19 to EarthLink Network's Registration Statement on Form S-1--File No. 333-15781).
10.9	-- Network Access Agreement, between EarthLink Network, Inc. and PSINet, Inc., dated July 22, 1996 and Amendment No. 1 to Network Access Agreement (incorporated by reference to Exhibit 10.20 to EarthLink Network's Registration Statement on Form S-1--File No. 333-15781).
10.10	<p>-- (a) Office Lease by and between The Mutual Life Insurance Company of New York, and EarthLink Network, Inc., dated September 20, 1996 (incorporated by reference to Exhibit 10.21 to EarthLink Network's Registration Statement on Form S-1--File No. 333-15781).</p> <p>(b) Third Amendment to the lease agreement between WHMNY Real Estate Limited Partnership and EarthLink Network, Inc. (incorporated by reference to Exhibit 10.1 to EarthLink Network's Form 10-Q filed on November 16, 1998--File No. 0-20799).</p>
10.11	-- Amended and Restated Convertible Securities Vesting Plan (incorporated by reference to Exhibit 10.18 to EarthLink Network's Report on Form 10-K for the fiscal year ended December 31, 1997--File No. 0-20799).
10.12	<p>-- (a) Key Employee Compensation Continuation Plan (incorporated by reference to Exhibit 10.19 to EarthLink Network's Report on Form 10-K for the fiscal year ended December 31, 1997--File No. 0-20799).</p> <p>(b) Amendment to Key Employee Compensation Continuation Plan (incorporated by reference to Exhibit 10.19(a) to EarthLink Network's Report on Form 10-K for the fiscal year ended December 31, 1997--File No. 0-20799).</p>
10.13	-- Governance Agreement, dated as of February 10, 1998, (incorporated by reference to Exhibit 10.1 to EarthLink Network's Form 8-K filed on February 10, 1998--File No. 0-20799).

EXHIBIT	DESCRIPTION
10.14	-- Credit Agreement, dated as of February 10, 1998, with Sprint Corporation as the Lender (incorporated by reference to Exhibit 10.3 to EarthLink Network's Form 8-K filed on February 10, 1998--File No. 0-20799).
10.15	-- Registration Rights Agreement, dated as of February 10, 1998, with Sprint Corporation, and Sprint Communications Company L.P. (incorporated by reference to Exhibit 99.1 to EarthLink Network's Form 8-K filed on February 10, 1998--File No. 0-20799).
10.16	-- Stockholders Agreement, dated as of February 10, 1998, among EarthLink Network, Inc., Sprint Corporation, Sprint Communications Company L.P., and the persons identified on Schedule 1 thereto (incorporated by reference to Exhibit 99.2 to EarthLink Network's Form 8-K filed on February 10, 1998--File No. 0-20799).
10.17	-- Agreement to Vote Stock, dated as of February 10, 1998, among the Granting Stockholders named on Schedule A thereto, Sprint Corporation and Sprint Communications Company L.P. (incorporated by reference to Exhibit 99.3 to EarthLink Network's Form 8-K filed on February 10, 1998--File No. 0-20799).
10.18	-- Agreement to Vote and Tender Stock, dated as of February 10, 1998, among the Granting Stockholders named on Schedule A thereto, Sprint Corporation, and Sprint Communications Company L.P. (incorporated by reference to Exhibit 99.4 to EarthLink Network's Form 8-K filed on February 10, 1998--File No. 0-20799).
10.19	-- Marketing and Distribution Agreement, dated as of February 10, 1998, Sprint Corporation, and Sprint Communications Company L.P. (incorporated by reference to Exhibit 10.26 of EarthLink Network's Registration Statement on Form S-4 filed May 13, 1998, File No. 333-52507).
10.20	-- Lease Agreement, between EarthLink Network Inc. and Prentiss Properties Natomas, L.P. (incorporated by reference to Exhibit 10.1 to EarthLink Network's Form 10-Q filed on September 30, 1999--File No. 0-20799).
10.22	-- Lease Agreement, between Park West E-3 Associates and NETCOM On-Line Communication Services, Inc., dated February 23, 1996 (incorporated by reference to Exhibit 10.2 to MindSpring's Form 10-K for the fiscal year ended December 31, 1998--File No. 0-27890).
10.23	-- Credit Agreement, dated as of February 17, 1999 by and among MindSpring Enterprises, Inc., as Borrower, the Lenders referred to herein, First Union Capital Markets Corp., as Arranger and First Union National Bank, as Administrative Agent (incorporated by reference to Exhibit 10.1 to MindSpring's Form 8-K dated February 25, 1999--File No. 0-27890).
10.24	-- Guaranty and Collateral Agreement made by MindSpring Enterprises, Inc. and the other Grantors party hereto in favor of First Union National Bank, as Administrative Agent (incorporated by reference to Exhibit 10.2 to MindSpring's Form 8-K dated February 25, 1999--File No. 0-27890).
10.25	-- First Amendment, Waiver and Consent Agreement, dated as of April 7, 1999, by and among MindSpring Enterprises, Inc., certain Lenders identified therein, First Union Capital Markets Corp., as Arranger, and First Union National Bank, as Administrative Agent (incorporated by reference to Exhibit 10.1 to MindSpring's Form 8-K dated April 7, 1999--File No. 0-27890).

EXHIBIT	DESCRIPTION
10.26	-- Lease Agreement, commencing on November 1, 1995, between West Peachtree Point Partners, L.P. and MindSpring Enterprises, Inc. (incorporated by reference to Exhibit 10(j) to MindSpring's Registration Statement on Form S-1--File No. 333-108).
10.27	-- First Amendment dated February 6, 1996 to Lease Agreement dated November 1, 1995 between John Marshall Law School, Inc. (assignee of West Peachtree Point Partners, L.P.) and MindSpring Enterprises, Inc. (incorporated by reference to Exhibit 10(cc) to MindSpring's Registration Statement on Form S-1--File No. 333-108).
10.28	-- MindSpring Enterprises, Inc. 1995 Stock Option Plan, as amended (incorporated by reference to Exhibit 10.7 to MindSpring's Form 10-K for the fiscal year ended December 31, 1998--File No. 0-27890).
10.29	-- Form of Stock Option Agreement (incorporated by reference to Exhibit 10(v) to MindSpring's Registration Statement on Form S-1--File No. 333-108).
10.30	-- MindSpring Enterprises, Inc. 1995 Directors Stock Option Plan, as amended (incorporated by reference to Exhibit 10.9 to MindSpring's Form 10-K for the fiscal year ended December 31, 1998--File No. 0-27890).
10.31	-- Form of Director Stock Option Agreement, as amended (incorporated by reference to Exhibit 10(x) to MindSpring's Registration Statement on Form S-1--File No. 333-108).
10.32	-- Form of MindSpring Director or Officer Indemnity Agreement (incorporated by reference to Exhibit 10(dd) to MindSpring's Registration Statement on Form S-1--File No. 333-108).
10.33	-- Master Services Agreement, dated July 15, 1996, between BellSouth Telecommunications, Inc. and MindSpring Enterprises, Inc. (incorporated by reference to Exhibit 10(cc) to MindSpring's Form S-1--File No. 333-10779).
10.34	-- Office Building Lease Agreement, commencing December 15, 1997, between Pennsylvania Dental Service Corporation, a Pennsylvania corporation d/b/a Delta Dental of Pennsylvania, and MindSpring Enterprises, Inc. (incorporated by reference to Exhibit 10.13 to MindSpring's Form 10-K for the fiscal year ended December 31, 1998--File No. 0-27890).
10.35	-- Lease Agreement effective as of January 1, 1997 by and between CMS Peachtree, L.P. and MindSpring Enterprises, Inc. (incorporated by reference to Exhibit 10(hh) to MindSpring's Form 10-K for the fiscal year ended December 31, 1996--File No. 0-27890).
10.36	-- Amendment dated June 6, 1997 to Master Services Agreement, dated July 15, 1996, between BellSouth Telecommunications, Inc. and MindSpring Enterprises, Inc. (incorporated by reference to Exhibit 10.1 to MindSpring's Form 10-Q for the quarter ended June 30, 1997--File No. 0-27890).
10.37	-- Special Service Arrangement Agreement, dated June 1997, between BellSouth Telecommunications, Inc. and MindSpring Enterprises, Inc. (a substantially identical contract has been executed for each of Alabama, Florida, Kentucky, North Carolina, South Carolina and Tennessee) (incorporated by reference to Exhibit 10.2 to MindSpring's Form 10-Q for the quarter ended June 30, 1997--File No. 0-27890).
10.38*	-- Lease Agreement dated November 16, 1999, between Kingston Atlanta Partners, L.P. and MindSpring Enterprises, Inc.

EXHIBIT	--	DESCRIPTION
10.39*	--	First Amendment to Lease, dated October 1, 1999, between Park West E-3 Associates and NETCOM On-line Communication Services, Inc.
10.40*	--	Lease Agreement, dated June 30, 1998, between Ryan Southbank II, L.L.C. and MindSpring Enterprises, Inc.
10.41*	--	Sublease, dated September 14, 1999, between International Business Machines Corporation and MindSpring Enterprises, Inc.
10.42*	--	Fourth Amendment dated June 24, 1998, to Lease Agreement dated August 11, 1995 by and among 1430 L.L.C. and MindSpring Enterprises, Inc.

(D) REPORTS ON FORM 8-K.

MINDSPRING ENTERPRISES, INC.

On January 8, 1999, MindSpring filed a Current Report on Form 8-K reporting that, on January 5, 1999, MindSpring entered into an Asset Purchase Agreement with NETCOM On-Line Communication Services, Inc., a Delaware corporation and an indirect wholly-owned subsidiary of ICG Communications, Inc., pursuant to which MindSpring agreed to acquire certain assets used in connection with the Internet services business operated in the United States by NETCOM (the "NETCOM Acquisition").

On February 25, 1999, MindSpring filed a Current Report on Form 8-K reporting that, on February 17, 1999, MindSpring completed the NETCOM Acquisition. The Form 8-K contained, pursuant to Item 7 to Form 8-K, certain financial information concerning the NETCOM Acquisition.

On February 25, 1999, MindSpring filed a Current Report on Form 8-K that contained certain exhibits with respect to its business and financial condition, including its Management's Discussion and Analysis of Financial Condition and Results of Operations and audited financial statements of MindSpring Enterprises, Inc. as of December 31, 1998 and 1997.

On April 12, 1999, MindSpring filed a Current Report on Form 8-K that contained certain exhibits with respect to its debt offering completed in April 14, 1999.

On May 27, 1999, MindSpring filed a Current Report on Form 8-K to report that on May 25, 1999, the Company's Board of Directors had declared a two-for-one stock split to be effected in the form of a stock dividend.

On September 30, 1999, MindSpring filed a Current Report on Form 8-K to report that, on September 22, 1999, the Company had entered into an Agreement and Plan of Reorganization with EarthLink Network, Inc. (the "Merger Agreement"). The Merger Agreement sets forth the terms and conditions of the proposed merger of MindSpring and EarthLink into a new company (the "Merger").

On October 12, 1999, MindSpring filed a Current Report on Form 8-K/A amending its Current Report on Form 8-K dated September 30, 1999. The Form 8-K/A included certain pro forma financial statements with respect to the Merger.

On December 12, 1999 MindSpring amended its Current Report on Form 8-K/A describing the Company's acquisition of Spry, Inc.

EARTHLINK NETWORK, INC.

On September 30, 1999, EarthLink Network filed a Current Report on Form 8-K to report that, on September 22, 1999, it had entered into an Agreement and Plan of Reorganization with MindSpring Enterprises, Inc. (the "Merger Agreement"). The Merger Agreement sets forth the terms and conditions of the proposed merger of MindSpring and EarthLink into a new company (the "Merger").

On October 14, 1999 EarthLink Network amended its Current Report on Form 8-K describing its strategic alliance with Sprint Corporation and related transactions.

SIGNATURES

Pursuant to the requirements of Section 13 or 15(d) of the Securities Exchange Act of 1934, the Company has duly caused this Report to be signed on its behalf by the undersigned, thereunto duly authorized.

EARTHLINK, INC.

/s/ CHARLES G. BETTY

Charles G. Betty
CHIEF EXECUTIVE OFFICER
Date: March 30, 2000

Each person whose signature appears below hereby constitutes and appoints Charles G. Betty and Lee Adrean, the true and lawful attorneys-in-fact and agents of the undersigned, with full power of substitution and resubstitution, for and in the name, place and stead of the undersigned, in any and all capacities, to sign any and all amendments to this Report, and to file the same, with all exhibits thereto, and other documents in connection therewith, with the Commission, and hereby grants to such attorneys-in-fact and agents full power and authority to do and perform each and every act and thing requisite and necessary to be done, as fully to all intents and purposes as the undersigned might or could do in person, hereby ratifying and confirming all that said attorneys-in-fact and agents, or their substitute or substitutes, may lawfully do or cause to be done by virtue hereof.

Pursuant to the requirements of the Securities Exchange Act of 1934, this Report has been signed below by the following persons on behalf of the Company and in the capacities and on the dates indicated.

REPORT OF INDEPENDENT ACCOUNTANTS

To the Board of Directors and Stockholders of EarthLink, Inc.

In our opinion, the accompanying consolidated balance sheet and the related consolidated statements of operations, of stockholders' equity (deficit) and of cash flows present fairly, in all material respects, the financial position of EarthLink Network, Inc. and its subsidiary at December 31, 1998 and 1999, and the results of their operations and their cash flows for each of the three years in the period ended December 31, 1999, in conformity with accounting principles generally accepted in the United States. These financial statements are the responsibility of the Company's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for the opinion expressed above.

As described in Note 1, on February 4, 2000, EarthLink Network, Inc. merged with MindSpring Enterprises, Inc. and formed a new corporation named EarthLink, Inc. in a transaction accounted for as a pooling of interests. The accompanying supplementary combined financial statements give retroactive effect to the merger of EarthLink Network, Inc. and MindSpring Enterprises, Inc. Generally accepted accounting principles proscribe giving effect to a consummated business combination accounted for by the pooling of interests method in financial statements that do not extend through the date of consummation. These financial statements do not extend through the date of the consummation; however, they will become the historical consolidated financial statements of EarthLink, Inc. and subsidiary after financial statements covering the date of consummation of the business combination are issued.

In our opinion, based on our audits and the report of other auditors, the accompanying supplementary combined balance sheet and the related supplementary combined statements of operations, of stockholders' equity and of cash flows present fairly, in all material respects, the financial position of EarthLink, Inc. at December 31, 1998 and 1999, and the results of its operations and its cash flows for each of the three years in the period ended December 31, 1999, in conformity with accounting principles generally accepted in the United States. These financial statements are the responsibility of the Company's management; our responsibility is to express an opinion on these financial statements based on our audits. We did not audit the financial statements of MindSpring Enterprises, Inc., which statements reflect total assets of \$247.6 million and \$714.9 million as of December 31, 1998 and 1999, respectively, and total revenues of \$52.6 million, \$114.7 million and \$328.1 million for each of the three years in the period ended December 31, 1999. Those statements were audited by other auditors whose report thereon has been furnished to us, and our opinion expressed herein, insofar as it relates to the amounts included for MindSpring Enterprises, Inc., is based solely on the report of the other auditors. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits and the report of other auditors provide a reasonable basis for the opinion expressed above.

EARTHLINK, INC.

NOTES TO SUPPLEMENTAL COMBINED FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

ORGANIZATION

EarthLink, Inc. (or the "Company"), is a leading Internet service provider, or ISP, providing reliable nationwide Internet access and related value-added services to our individual and business members. The Company was formed in February 2000 by way of the merger of EarthLink Network, Inc., ("EarthLink Network"), and MindSpring Enterprises, Inc., ("MindSpring") in a transaction accounted for as a "pooling of interests". By combining the two companies we formed the second largest Internet service provider in the United States.

BASIS OF PRESENTATION

Each outstanding share of EarthLink Network securities was exchanged for 1.615 shares of the equivalent security of the new Company and each outstanding share of MindSpring common stock was exchanged for one share of the common stock of the new Company. Other outstanding securities of the companies were converted on the same basis. The effect of these conversions is reflected in the earnings per share of the new Company.

The supplemental combined financial statements have been prepared to give retroactive effect to the merger of EarthLink Network and MindSpring in a transaction accounted for as a pooling of interests (see note 16). The supplemental financial statements also include the accounts of EarthLink Operations, Inc. a wholly-owned subsidiary the Combined Company. All intercompany transactions and balances have been eliminated in the supplemental financial statements. Separate results of EarthLink Network and MindSpring for the three years ended December 31, 1999 were as follows:

	YEAR ENDED DECEMBER 31,		
	1997	1998	1999
	(IN THOUSANDS)		
Revenue:			
EarthLink Network.....	\$ 80,888	\$175,941	\$ 342,288
MindSpring.....	52,556	114,673	328,145
	\$133,444	\$290,614	\$ 670,433
	=====	=====	=====
Net loss:			
EarthLink Network.....	\$(29,916)	\$(59,782)	\$(108,248)
MindSpring.....	(4,081)	10,544	(40,131)
Adjustment to reflect establishment of tax valuation allowance.....		(3,940)	(25,315)
	\$(33,997)	\$(53,178)	\$(173,694)
	=====	=====	=====

In 1998, MindSpring's management reviewed its net deferred tax asset, consisting primarily of net operating loss carryforwards and based on the net income generated in 1998 as well as the projections of future income determined that it was more likely than not that the deferred tax assets would be realized. Accordingly, the Company reversed its valuation allowance in 1998 and did not record one in 1999. In the course of the reorganization discussions, management of MindSpring and EarthLink Network reviewed the combined net deferred tax assets and concluded that sufficient uncertainty now exists regarding realizability of the net deferred tax asset. The financial statements of the combined Company include adjustments of \$3.9 million and \$25.3 million for 1998 and 1999, respectively, to give effect to the

NOTES TO SUPPLEMENTAL COMBINED FINANCIAL STATEMENTS (CONTINUED)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED) reestablishment of a valuation allowance on the MindSpring net deferred tax assets. There were no intercompany transactions between the two companies or significant conforming accounting adjustments.

REVENUES

Narrowband access revenues consists primarily of monthly fees charged to members for dial-up Internet access. Web hosting revenues consists of fees earned by leasing server space and providing web services to companies and individuals wishing to present a web or e-commerce presence. Broadband access revenues consists of fees charged for high-speed, high-capacity access services including cable, ISDN and DSL services. Content, commerce and advertising revenues are generated by leveraging the value of the Company's member base and user traffic. All revenues are recorded as earned.

CASH AND CASH EQUIVALENTS

All short-term, highly liquid investments with an original maturity of three months or less at the date of acquisition are classified as cash equivalents.

ACCOUNTS RECEIVABLE AND DEFERRED REVENUES

The Company bills for Internet service generally one month in advance. Accordingly, these non-cancelable advanced billings are included in both accounts receivable and deferred revenue.

CONCENTRATIONS OF CREDIT RISK

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of cash investments and trade receivables. The Company's cash investment policies limit investments to short-term, investment grade instruments. Concentrations of credit risk with respect to trade receivables are limited due to the large number of members comprising the Company's member base.

PROPERTY AND EQUIPMENT

Property and equipment is stated at cost and depreciated using the straight-line method over the estimated useful life of the assets, which is generally three to five years. Leasehold improvements are depreciated using the straight-line method over the shorter of their estimated lives or the term of the lease, ranging from one to ten years.

EQUIPMENT UNDER CAPITAL LEASE

The Company leases certain of its data communications and other equipment under capital lease agreements. The assets and liabilities under capital lease are recorded at the lesser of the present value of aggregate future minimum lease payments, including estimated bargain purchase options, or the fair value of the assets under lease. Assets under capital lease are depreciated over the lesser of their estimated useful lives of three to five years or the term of the lease.

EARTHLINK, INC.

NOTES TO SUPPLEMENTAL COMBINED FINANCIAL STATEMENTS (CONTINUED)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED) INTANGIBLES

Intangible assets consist primarily of acquired member bases, long-term marketing agreements, goodwill, deferred financing and other items. The costs assigned to intangible assets are being amortized on a straight-line basis over the estimated useful lives of the assets, which range from one to ten years. The Company regularly reviews the recoverability of intangible assets based on estimated undiscounted future cash flows from operating activities compared with the carrying values of the intangibles.

ADVERTISING AND MEMBER ACQUISITION COSTS

Advertising and member acquisition costs are included in sales and marketing. Such costs are expensed as incurred. Advertising expenses were \$9.3 million, \$18.9 million and \$98.4 million in 1997, 1998 and 1999, respectively.

INCOME TAXES

Income taxes are accounted for under the liability method. Under this method, deferred tax assets and liabilities are determined based on differences between the financial reporting basis and tax basis of assets and liabilities and are measured using the enacted tax rates and laws that will be in effect when the differences are expected to reverse.

NET LOSS PER SHARE

The combined Company has retroactively adopted Statement of Financial Accounting Standards (SFAS) No. 128, "Earnings per Share" (EPS). Basic EPS represents the weighted average number of shares divided into net income during a reported period. Diluted EPS reflects the potential dilution that could occur if securities or other contracts to issue common stock were exercised or converted into common stock. However, the combined Company has not included potential common stock in the calculation of EPS as such inclusion would have an anti-dilutive effect.

USE OF ESTIMATES IN PREPARATION OF FINANCIAL STATEMENTS

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

COMMON STOCK BASED COMPENSATION

Both EarthLink Network and MindSpring account for employee stock based compensation using the intrinsic value method in accordance with the provisions of Accounting Principles Board (APB) Opinion No. 25, "Accounting for Stock Issued to Employees". The Company provides pro forma disclosures as if the measurement provisions of SFAS No. 123 had been adopted.

EARTHLINK, INC.

NOTES TO SUPPLEMENTAL COMBINED FINANCIAL STATEMENTS (CONTINUED)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED) LONG LIVED ASSETS

Statement of Financial Accounting Standards ("SFAS") No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed Of," requires that long-lived assets and certain identifiable intangible assets to be held and used by an entity be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. The carrying value of long-lived assets is periodically reviewed by management, and impairment losses, if any, are recognized when the expected nondiscounted future operating cash flows derived from such assets are less than their carrying value. Management believes that no such impairments have occurred during the years ended December 31, 1998 and 1999.

RECENT ACCOUNTING PRONOUNCEMENTS

On December 3, 1999, the Securities and Exchange Commission released Staff Accounting Bulletin No. 101 ("SAB 101"), "Revenue Recognition in Financial Statements," which summarizes certain of the Staff's views in applying generally accepted accounting principles to revenue recognition in financial statements. The Staff is providing this guidance due, in part, to the large number of revenue recognition issues that registrants encounter. The application of SAB 101 to revenue recognition is not expected to have a material effect on Earthlink, Inc.'s supplemental combined statement of operations.

2. STRATEGIC ALLIANCES AND ACQUISITIONS

On February 10, 1998, EarthLink Network entered into certain agreements to establish a broad strategic relationship (the "Strategic Alliance") with Sprint Corporation ("Sprint") in the area of consumer Internet access and related services. In connection with the Strategic Alliance, on June 5, 1998, Sprint consummated a tender offer for 4.0 million shares of EarthLink Network's common stock at a price per share of \$13.94 in cash to each tendering stockholder (the "Offer"). Immediately following the closing of the Offer, Sprint received approximately 13.2 million shares of the EarthLink Network's Series A convertible preferred stock which has been valued at \$135 million, in exchange for (i) transfer to the EarthLink Network of Sprint's approximately 130,000 Sprint Internet Passport subscribers, (ii) aggregate cash consideration of approximately \$24 million and (iii) the exclusive right to use certain ports within Sprint's high-speed data network for four years. EarthLink Network and Sprint also entered into a Marketing and Distribution Agreement which includes a commitment by Sprint to deliver a minimum of 150,000 new subscribers per year for five years through its own channels, EarthLink Network's right to be Sprint's exclusive provider of consumer Internet access services for at least ten years and the right to use Sprint's brand and distribution network for at least ten years. Sprint has also provided EarthLink Network with a credit facility currently totaling \$50 million (increasing to \$100 million by June 2001) in the form of convertible senior debt. Collectively, the above is referenced to as the "Sprint Transaction".

In connection with the Sprint Transaction, a newly-formed company, "EarthLink Operations, Inc.," was formed and became a wholly-owned subsidiary of the EarthLink Network, Inc. All references in these financial statements to EarthLink Network relate, collectively, to both EarthLink Network and EarthLink Operations, Inc.

In September 1998, MindSpring entered into an Asset Purchase Agreement with America Online, Inc. ("AOL") and Spry, Inc. ("Spry"), a wholly-owned subsidiary of AOL, to purchase certain assets used in connection with the consumer dial-up Internet access business operated by Spry (the "Spry Agreement").

EARTHLINK, INC.

NOTES TO SUPPLEMENTAL COMBINED FINANCIAL STATEMENTS (CONTINUED)

2. STRATEGIC ALLIANCES AND ACQUISITIONS (CONTINUED) Pursuant to the Spry Agreement, MindSpring acquired Spry's subscriber base of approximately 130,000 individual Internet access members in the United States and Canada as well as various assets used in serving those members, including a member support facility and a network operations facility in Seattle, Washington. MindSpring also acquired all rights held by Spry to the "Spry" name. The acquisition was closed in October 1998 and the total purchase price for these assets was \$32 million.

In February 1999, MindSpring completed its acquisition of certain assets used in connection with the United States Internet access and Web hosting business operated by NETCOM On-Line Communication Services Inc., which subsequently changed its name to ICG Netahead, Inc. and is a wholly owned subsidiary of ICG Communications, Inc. In this transaction, MindSpring acquired NETCOM's subscriber base of approximately 408,000 individual Internet access accounts, 25,000 Web hosting accounts, 3,000 dedicated Internet access accounts in the United States and property and equipment valued at \$13.2 million. MindSpring paid NETCOM approximately \$245 million, consisting of \$215 million in cash and \$30 million in MindSpring common stock (752,232 shares, at a price per share of \$39.88). MindSpring incurred additional expenses of approximately \$4.2 million in connection with this acquisition.

The following unaudited pro forma supplemental results of operations for the two years ended December 31, 1999, assume the acquisitions of the Sprint Internet Passport business and the Spry assets occurred on January 1, 1998 and the acquisition of the NETCOM business occurred on January 1, 1998 and 1999, respectively. These pro forma results have been prepared for comparative purposes only and do not purport to be indicative of the results of operations that actually would have resulted had the acquisition occurred on the date indicated, or which may result in the future.

3. INVESTMENTS IN OTHER COMPANIES

In July 1999, EarthLink Network committed to invest in eCompanies Venture Group, LP, ("EVG"), a limited partnership formed to invest in domestic emerging growth companies. Mr. Sky Dayton is a member of the EarthLink, Inc. board of directors and a founding partner in EVG. In 1999, EarthLink Network invested \$4.0 million in EVG and has committed to invest an additional \$6.0 million. The investment is accounted for under the cost method of accounting as the Company does not have the ability to exercise significant influence over the partnership's operating or financial policies. Any distributions of earnings from the partnership, will be recorded as income when declared.

EARTHLINK, INC.

NOTES TO SUPPLEMENTAL COMBINED FINANCIAL STATEMENTS (CONTINUED)

4. PROPERTY AND EQUIPMENT

Property and equipment consist of:

	DECEMBER 31,	
	1998	1999
	(IN THOUSANDS)	
Data center equipment.....	\$ 72,411	\$150,424
Office and other equipment.....	28,673	58,165

	-----	-----
	\$ 71,047	\$151,435
	=====	=====

Property under capital lease, primarily data communications equipment included above, aggregated \$41.2 million and \$41.4 million at December 31, 1998 and 1999, respectively. Included in accumulated depreciation and amortization are amounts related to property under capital lease of \$19.6 million and \$25.3 million at December 31, 1998 and 1999, respectively. Depreciation expense charged to operations was \$13.0 million, \$20.5 million and \$41.0 million in 1997, 1998, and 1999, respectively.

5. INTANGIBLE ASSETS

Intangible assets consist of:

	DECEMBER 31,	
	1998	1999
	(IN THOUSANDS)	
Member base.....	\$ 90,000	\$ 334,695
Marketing and distribution agreement.....	20,000	20,000
Goodwill.....	36,164	36,164
Other.....	22,776	16,898

	168,940	407,757
Less accumulated amortization.....	(54,192)	(202,369)
	-----	-----
	\$114,748	\$ 205,388
	=====	=====

Intangible assets include (i) member bases acquired from Sprint, Spry and NETCOM, (ii) marketing and distribution agreements and goodwill acquired in the acquisition of the Sprint Internet Passport business and (iii) and various other intangible assets of lesser value. Intangible assets acquired in the acquisition of the Sprint Internet Passport business are being amortized on a straight-line basis over the estimated useful lives. The member base and goodwill, which represents the excess of consideration over the fair value of net assets acquired, were fully amortized as of December 31, 1999. The Marketing and Distribution Agreement is being amortized over 5 and 10 years which represents the life of the portion of the contract related to Sprint's provision of additional members and the overall contract life relative to the co-branding feature, respectively. The member bases acquired from Spry and NETCOM are being amortized over three years.

EARTHLINK, INC.

NOTES TO SUPPLEMENTAL COMBINED FINANCIAL STATEMENTS (CONTINUED)

6. DEBT

CREDIT FACILITY

On February 17, 1999, in conjunction with the NETCOM transaction, MindSpring entered into a credit agreement with First Union National Bank and several other lenders. In February 1999, the Company borrowed approximately \$80 million under the credit facility to finance the NETCOM acquisition. The Company repaid all amounts outstanding under the credit facility using a portion of its net proceeds from the offering of common stock completed in April 1999. As a consequence of MindSpring's merger with EarthLink Network, Inc. and the Company, the credit facility was terminated.

CONVERTIBLE NOTES

In March 1999, MindSpring filed a universal shelf registration statement with the Securities and Exchange Commission for the public offering from time to time of up to \$800 million of debt and equity securities. In April 1999, MindSpring sold \$180.0 million aggregate principal amount of 5% Convertible Subordinated Notes due 2006, raising net proceeds of approximately \$174.1 million. The notes were convertible into shares of the common stock of MindSpring at any time prior to their maturity or their redemption by the Company at a rate of 16 shares per each \$1,000 principal amount of notes, or \$62.50 per share, subject to adjustment in certain circumstances. Interest is payable semi-annually on April 15 and October 15 of each year beginning October 15, 1999. The notes were subordinated in right of payment to all senior debt of MindSpring. MindSpring had the option to redeem the notes before April 15, 2002, in whole or in part, at a redemption price equal to principal amount of the note plus accrued and unpaid interest, if any, to the redemption date, if the closing price for MindSpring's common stock exceeded 150% of the conversion price for at least 20 trading days within a period of 30 consecutive trading days ending on the trading day prior to the date of the mailing of the notice of redemption. MindSpring was required to make an additional payment of cash with respect to notes called for redemption of \$200 per \$1,000 note, less the amount of interest actually paid on such note prior to the call for redemption. Further the notes could be redeemed on or after April 15, 2002 at 102.86% of the principal amount declining to 100% by April 15, 2006.

Upon completion of the merger, EarthLink adopted the indentures and the notes became convertible into shares of EarthLink common stock. Completion of the merger constituted a "change in control" of MindSpring under the indentures. Thus each holder of notes has the option to require EarthLink to repurchase that holder's notes at a repurchase price of 100% of the principal amount plus accrued interest to the date of repurchase. The repurchase price will be paid in cash. If all holders exercise this option the payment will be \$184.3 million. A holder that chooses not to have the notes repurchased will thereafter hold convertible subordinated notes of EarthLink.

7. COMMON STOCK ISSUED

FOLLOW ON OFFERINGS

In May 1998, MindSpring completed a follow on public offering of 6.0 million shares of its common stock at \$8.84 per share. Net proceeds from the offering were approximately \$49.8 million.

In June 1998 EarthLink Network completed a follow on public offering of 6.1 million shares of its common stock at \$18.58 per share. The offering consisted of 4.9 million shares, including 791,000 shares sold to Sprint in accordance with its preemptive rights under the Sprint Alliance, and an underwriter's over-allotment of 1.2 million shares. Net proceeds to the Company were approximately \$106.3 million.

EARTHLINK, INC.

NOTES TO SUPPLEMENTAL COMBINED FINANCIAL STATEMENTS (CONTINUED)

7. COMMON STOCK ISSUED (CONTINUED) In December 1998, MindSpring completed a follow on public offering of 4.6 million shares of its common stock at \$28.50 per share. Net proceeds from the offering were approximately \$124.8 million.

In January 1999 EarthLink Network completed a follow on public offering of 3.9 million shares of its common stock at \$45.59 per share. The offering consisted of 3.7 million shares and an underwriter's over-allotment of 160,000 shares exercised in February 1999. Net proceeds to EarthLink Network were approximately \$170 million. In conjunction with the offering, Sprint exercised its preemptive rights to maintain its existing ownership level in EarthLink Network of approximately 27%, of which 10% is voting common stock. Accordingly, Sprint purchased 1.2 million shares of which 310,000 were common stock and 932,000 were series B convertible preferred stock. Proceeds from the sale of shares to Sprint were \$54.1 million.

In February 1999, Sprint exercised its preemptive rights to maintain its ownership in EarthLink Network after the exercise of the underwriter's over-allotment granted in connection with the aforementioned follow on public offering. Accordingly, Sprint purchased 62,000 shares of which 15,000 were common stock and 47,000 were series B convertible preferred stock. Series B convertible preferred stock has the same rights and privileges as series A convertible preferred stock shares, as described in Note 8, except that each share is convertible into one share of EarthLink Network common stock. Proceeds from the sale of stock to Sprint were \$2.7 million.

In April 1999 MindSpring completed a follow on public offering of 5.5 million shares of its common stock. Net Proceeds were approximately \$263.5 million.

COMMON STOCK ISSUANCES FOR OTHER THAN CASH

In January 1998, EarthLink Network issued 32,000 shares of its common stock to a consultant in lieu of cash for services provided pursuant to a consulting agreement. The fair value of the shares was recorded as prepaid professional services and amortized ratably over the term of the contract. Under this agreement EarthLink Network issued 32,000 additional shares of its common stock in January 1999.

8. CONVERTIBLE PREFERRED STOCK

All issued and outstanding shares of Series A and B convertible preferred stock are held by Sprint (Note 2).

The series A and B convertible preferred stockholders receive dividends at a rate per annum of 3% of the Liquidation Value (as defined below), compounded quarterly. For a period of five years from June 1998, such dividends are payable "in kind" by way of an increase in the Liquidation Value of the shares. Beginning in June 2003, holders of Series A convertible preferred stock will receive cumulative quarterly cash dividends of 3% annually. Beginning in June 2018, holders of the series A convertible preferred stock are entitled to cumulative quarterly cash dividends at an 8% annual rate of the Liquidation Value per share, increasing annually to a maximum rate of 12%.

Upon voluntary or involuntary liquidation or winding up of the Company the holders of series A and B convertible preferred stock will receive, prior to any payment or distribution in respect of other shares of the Company's capital stock, an amount per share equal to the average market value of the common stock measured over the thirty day period ended on the June 5, 1998 (the "Average Stock Price"), plus all

EARTHLINK, INC.

NOTES TO SUPPLEMENTAL COMBINED FINANCIAL STATEMENTS (CONTINUED)

8. CONVERTIBLE PREFERRED STOCK (CONTINUED) accrued and unpaid dividends on such shares, whether in cash or in kind (such amount, the "Liquidation Value").

Each share of series A and B convertible preferred stock is convertible into such number of shares of common stock as is determined by dividing the Liquidation Value by the "Conversion Price" in effect at such time. For the five year period following June 1998, the Conversion Price is equal to the Average Stock Price multiplied by 116.118%. Thereafter, the Conversion Price is increased annually by 6%, accruable quarterly. The Conversion Price is also subject to adjustment based on changes in capitalization of the common stock. Although conversion of the series A and B convertible preferred stock is at the holder's option, conversion is required in the event the Company consummates certain business combination transactions.

Beginning in June 2001, the Company may elect to redeem the outstanding shares of series A and B convertible preferred stock at a redemption price per share equal to the Liquidation Value of such shares, including the acceleration of certain dividends, multiplied by a specified percentage. The specified percentage is initially equal to 103%, and will be reduced by 1% annually in each of the subsequent three years, and thereafter will be equal to 100%.

The series A and B convertible preferred stockholders do not possess general voting rights together with holders of common stock. However, the series A and B convertible preferred stockholders are separately entitled to elect two of the Company's directors. This right terminates as to one of the directors if Sprint fails to maintain at least a 20% equity interest in EarthLink (on a fully diluted basis, subject to adjustment) for any three consecutive months, and will terminate as to both of the directors if Sprint fails to maintain at least a 10% equity interest over the same period. A separate vote of 66.67% of the then- outstanding shares of series A and B convertible preferred stock is required in certain limited situations, including liquidation, dissolution or winding up of the Company, or taking certain actions which would adversely affect the rights of the holders of the series A and B convertible preferred stock as a class.

9. DEDUCTIONS FOR DIVIDENDS ON CONVERTIBLE PREFERRED STOCK

Dividends on convertible preferred stock are reflected as an increase to net loss attributable to common stockholders. This adjustment reflects the liquidation dividend of \$8.8 million based on a 3% dividend (Note 8) and the accretion of a \$5.3 million dividend related to the beneficial conversion feature of The series A convertible preferred stock in accordance with EITF Topic No. D-60 based upon the rate at which the preferred stock becomes convertible.

10. STOCK OPTIONS AND WARRANTS

Options and warrants granted by Earthlink Network and MindSpring will (i) maintain their rights, (ii) continue to vest as originally scheduled and (iii) be redeemable in the common stock of Earthlink, Inc.

1995 STOCK OPTION PLAN

EarthLink Network and MindSpring established their "1995 Stock Option Plans" in September 1995 and February 1995, respectively. Each of the plans provides for the grant of incentive stock options to purchase shares of common stock to employees of the Company and non-qualified stock options to employees, officers, directors and consultants of the Company. Total options available under the EarthLink Plan and the MindSpring Plan were 12,435,500 and 9,000,000, respectively. Both Plans are administered by

NOTES TO SUPPLEMENTAL COMBINED FINANCIAL STATEMENTS (CONTINUED)

10. **STOCK OPTIONS AND WARRANTS (CONTINUED)** a committee appointed by the Board of Directors which determines the terms of the options granted, including the exercise price, the number of shares subject to option, and the option vesting period. The exercise price of all options granted under the plan must be at least 100% of the fair market value on the date of grant. Options generally have a maximum term of ten years and vest over terms of four to five years.

OPTIONS GRANTED UNDER EARTHLINK NETWORK DIRECTORS STOCK OPTION PLAN

In September 1995, EarthLink Network established the EarthLink Network Directors Stock Option Plan (the "Directors Plan"). The Directors Plan, as amended and restated in December 1996, provides for the grant of options to purchase an aggregate of 201,875 shares of common stock to directors who do not also serve as employees of the Company and do not beneficially own, nor are employees, directors or officers of any entity which owns 5% or more of the outstanding shares of the Company's capital stock. Under the Directors Plan, grants of options to purchase 32,300 and 8,075 shares of common stock are automatically made to each non-management director at such time as the person first becomes a member of the board of directors and at the beginning of each fiscal year, respectively. Options generally have a maximum term of ten years and vest in equal quarterly increments over a five year period. As of December 31, 1999, there were no outstanding options to purchase shares of common stock under the Directors Plan.

MINDSPRING DIRECTORS STOCK OPTION PLAN

Under the MindSpring Directors' Stock Option Plan (the "Directors' Plan"), adopted in December 1995, 420,000 shares of common stock are authorized for issuance to nonemployee directors in the form of 60,000 options per director) upon their initial election or appointment to the board or, in the case of directors who joined the board prior to the creation of the Directors' Plan, upon the adoption of the Directors' Plan by the board of directors. The Directors' Plan, as amended by the board of directors on March 26, 1999 and approved by the stockholders on April 22, 1999, provides for discretionary option grants. Options become exercisable as follows: (i) 50% of the options become exercisable two years after the date of grant, (ii) an additional 25% of the options become exercisable three years after the date of grant, and (iii) the remaining 25% of the options become exercisable four years after the date of grant. All options were granted at an exercise price equal to the estimated fair value of the common stock at the dates of grant as determined by the board of directors based upon equity transactions and other analyses. The options expire ten years from the date of grant.

NON-QUALIFIED OPTION GRANTS

In addition to the options granted under the plans described above, EarthLink Network granted non-qualified stock options to certain employees, officers and directors. Non-qualified options generally have a maximum term of ten years and generally vest in equal quarterly increments over a five-year period.

EARTHLINK, INC.

NOTES TO SUPPLEMENTAL COMBINED FINANCIAL STATEMENTS

10. STOCK OPTIONS AND WARRANTS (CONTINUED)

VALUE OF OPTIONS GRANTED TO EMPLOYEES

For disclosure purposes, the fair value of all stock options granted is estimated using the Black-Scholes option-pricing model with the following weighted average assumptions used for stock options granted:

	YEAR ENDED DECEMBER 31,		
	1997	1998	1999
Annual dividends.....	zero	zero	zero
Expected volatility.....	69%	83%	92%
Risk free interest rate.....	6.49%	5.28%	5.44%
Expected life.....	6.6 years	6.6 years	6.6 years

The following weighted average assumptions were used for stock options granted by MindSpring:

	YEAR ENDED DECEMBER 31,		
	1997	1998	1999
Annual dividends.....	zero	zero	zero
Expected volatility.....	58%	95%	84%
Risk free interest rate.....	6.40%	5.30%	5.40%
Expected life.....	3.5 years	3.5 years	3.5 years

Had compensation cost been determined on the basis of fair value pursuant to SFAS No. 123, net loss attributable to common stockholders and net loss attributable to common shareholders per share would have been increased as follows:

	YEAR ENDED DECEMBER 31,		
	1997	1998	1999
	(IN THOUSANDS, EXCEPT PER SHARE DATA)		
Net loss attributable to common stockholders			
As reported.....	\$33,997	\$ 60,779	\$187,800
Pro forma.....	\$36,137	\$110,808	\$283,090
Basic and diluted net loss per share			
As reported.....	\$ 0.44	\$ 0.66	\$ 1.65
Pro forma.....	\$ 0.47	\$ 1.21	\$ 2.49

WARRANTS

The Company has issued to certain Board members, consultants, lessors, creditors and others warrants to purchase shares of the Company's common stock.

EARTHLINK, INC.

NOTES TO SUPPLEMENTAL COMBINED FINANCIAL STATEMENTS (CONTINUED)

10. STOCK OPTIONS AND WARRANTS (CONTINUED) WARRANTS ISSUED FOR SERVICES

In January 1997 and October 1997, EarthLink Network issued warrants to purchase 19,000 and 81,000 shares, respectively, of EarthLink Network's common stock to certain consultants. The respective exercise prices of the warrants were \$4.03 and \$5.50. The fair value of the warrants is reflected as prepaid consulting fees and amortized ratably over the life of the consulting agreement. Consulting expense recorded with respect to warrants issued to consultants was \$23,340, \$34,836 and \$34,836 during 1997, 1998 and 1999, respectively.

In March 1997 and October 1997, EarthLink Network issued warrants to purchase 24,225 shares of the Company's common stock to each of two new members of the Company's Technology Advisory Council. The warrants have an exercise price of \$3.25 per share and \$5.50 per share, respectively, and vest quarterly over two years. The fair value of the warrants is reflected as deferred professional services expense and amortized ratably over the member's two year term of service in the Technology Advisory Council.

Following is a summary of combined stock option and warrant activity of both EarthLink Network and MindSpring during the three years ended December 31, 1999:

	NUMBER OF SHARES OF COMMON STOCK		WEIGHTED AVERAGE EXERCISE PRICE
	STOCK OPTIONS	WARRANTS	
	-----		-----
	(IN THOUSANDS)		
Balance at December 31, 1996.....	8,533	2,751	\$ 1.72

	=====	=====

At December 31, 1998 and 1999, the Company had net operating loss carryforwards for federal income tax purposes totaling approximately \$106.8 million, and \$177.7 million, respectively, which begin to expire in 2010. At December 31, 1998 and 1999, the Company had net operating loss carryforwards for state income tax purposes totaling approximately \$70.0 million and \$90.4 million, respectively, which begin to expire in 2001. The Internal Revenue Code of 1986, as amended, includes provisions which may limit the net operating loss carryforwards available for use in any given year if certain events occur, including significant changes in ownership. Due to the Company's merger and other issuances of common stock and common stock equivalents, utilization of the Company's net operating loss carryforwards to offset future income may be limited. At December 31, 1998 and 1999, the net operating loss includes approximately \$24.0 million and \$64.0 million, respectively, related to the exercise of employee stock options and warrants. Any benefit resulting from the utilization of this portion of the net operating loss will be credited directly to equity.

The Company has recorded a net deferred tax asset to the extent that its current deferred tax assets will reverse within the two year federal net operating loss carryback period.

EARTHLINK, INC.

NOTES TO SUPPLEMENTAL COMBINED FINANCIAL STATEMENTS (CONTINUED)

12. COMMITMENTS AND CONTINGENCIES

LEASES

The Company leases its facilities and certain equipment under non-cancelable operating leases expiring in various years through 2008. Total rent expense in 1997, 1998 and 1999 for all operating leases amounted to \$3.3 million, \$4.4 million and \$12.8 million respectively. The Company also leases equipment, primarily data communications equipment, under non-cancelable capital leases. Most of the Company's capital leases include purchase options at the end of the lease term.

During the three years ended December 31, 1999, the Company financed the acquisition of data processing and office equipment amounting to approximately \$10.5 million, \$9.3 million and \$13.5 million, respectively, by entering into a number of leases and agreements for the sale and leaseback of equipment. The saleleaseback transactions are recorded at cost, which approximates the fair market value of the property and, therefore, no gains or losses have been recorded. The property remains on the books and continues to be depreciated. A financing obligation representing the proceeds is recorded and reduced based upon payments under the lease agreement.

The Company maintains facilities and offices at various locations throughout the United States for general corporate purposes, including technology centers, member call centers, office space and headquarters.

All operating leases include scheduled base rent increases over the respective lease terms. The total amount of base rent payments is being charged to expense on the straight-line method over the terms of the leases. In addition to base rent payments, the Company pays a monthly allocation of the buildings' operating expenses. The Company has recorded a deferred rent liability to reflect the excess of rent expense over cash payments since the inception of the leases.

Minimum lease commitments under non-cancelable leases at December 31, 1999 are as follows:

YEAR ENDING DECEMBER 31, -----	CAPITAL LEASES	OPERATING LEASES

NOTES TO SUPPLEMENTAL COMBINED FINANCIAL STATEMENTS (CONTINUED)

12. COMMITMENTS AND CONTINGENCIES (CONTINUED) SIGNIFICANT AGREEMENTS

Access to the Internet for members outside of areas served by the Company's owned network is provided through points of presence ("POP") capacity leased from third party providers. EarthLink is, in effect, buying this capacity in bulk at a discount, and providing access to EarthLink's member base at EarthLink's normal rates. At December 31, 1999, \$1 million and \$3.9 million in amounts due to Level 3 and Sprint, respectively, were recorded in accounts payable and \$7.2 million and \$7.5 million in amounts due to UUNET and PSINet, respectively, were recorded in other accounts payable and accrued liabilities.

Minimum commitments under non-cancelable network service agreements from UUNET, GTE Internetworking Incorporated and PSINet are as follows:

2000.....	\$ 68.0
2001.....	66.9
2002.....	41.4

Total.....	\$176.3
	=====

13. PROFIT SHARING PLAN

Effective January 1997, EarthLink Network implemented a profit sharing plan (the "Plan") pursuant to Section 401(k) of the Internal Revenue code, whereby participants may contribute a percentage of compensation, but not in excess of the maximum allowed under the Code. EarthLink Network makes a discretionary matching contribution of 25% up to a maximum of 6% of the participant's total eligible compensation. The Company's matching contributions vest over four years from the participant's date of hire. Total contributions for 1997, 1998 and 1999 were \$84,000, \$285,000, and \$389,000 respectively.

Prior to the merger with EarthLink Network, MindSpring had a savings plan (the "Savings Plan") that qualified as a deferred salary arrangement under Section 401(k) of the Internal Revenue Code. Under the Savings Plan, participating employees may defer a portion of their pretax earnings, up to the Internal Revenue Service annual contribution limit. The Company did not make any matching contributions to the Savings Plan.

15. RELATED PARTY TRANSACTIONS

Mr. Cambell Lanier is a stockholder and member of the Board of Directors of both EarthLink Inc. and ITC Holding. ITC Holdings holds 10.7 million shares of EarthLink Inc. common stock as of December 31, 1999. The Company has entered into certain business relationships with several subsidiaries and affiliates of ITC Holding Company, Inc. ("ITC Holding"). Except as noted below, none of these transactions were material for the periods presented.

The Company purchases long-distance telephone services and wide area network transport service from ITC DeltaCom, Inc. (ITC DeltaCom"), a related party through relationships with ITC Holding. Long-distance charges from ITC DeltaCom totaled approximately \$1,942,000, \$3,672,000 and \$9,540,000 for the years ended December 31, 1997, 1998 and 1999, respectively.

16. SUBSEQUENT EVENTS

In January 2000, the Company entered into a multi-year partnership to deliver services to customers of Apple Computer Corporation in the U.S. Under the terms of the partnership, EarthLink will become the exclusive default ISP in Apple's Internet Setup Software included with all Apple Macintosh-Registered Trademark-computers sold in the U.S. In addition, Apple purchased 7,083,333 shares of Series C convertible preferred stock for \$200 million. Apple has the right to appoint a member to EarthLink's Board of Directors.

On February 4, 2000, EarthLink Network and MindSpring merged into EarthLink, Inc. in a transaction accounted for as tax-free reorganization under Section 368 of the Internal Revenue Code of 1986, as amended, and as a "pooling-of-interests" transaction. Each outstanding share of EarthLink Network securities was exchanged for 1.615 shares of the equivalent securities of the new company and each outstanding share of MindSpring securities was exchanged for one share of the equivalent securities of the new Company. In connection with the merger, the new company assumed EarthLink Network's alliance agreements with Sprint. As a result, Sprint has the right, among others, to appoint up to two (2) representatives to the new company's board of directors provided Sprint holds 20% or more of EarthLink's fully diluted outstanding stock, to appoint one representative to the new company's board of directors provided Sprint holds 10% or more of EarthLink's fully diluted outstanding stock and to purchase additional shares of equity securities in the new company in order to maintain, but not exceed, a 27.8%

EARTHLINK, INC.

NOTES TO SUPPLEMENTAL COMBINED FINANCIAL STATEMENTS (CONTINUED)

16. SUBSEQUENT EVENTS (CONTINUED) ownership level. The new Company has also assumed MindSpring's outstanding 5% convertible subordinated notes and the indentures pursuant to which the notes were issued. The merger has given rise to the MindSpring noteholders' right to have the new company repurchase the notes at 100% of the principal amount plus accrued interest to the date of repurchase. Under the Agreement and Plan of Reorganization, any notes presented for repurchase will only be repurchased for cash. Accordingly, the Company extended an offer to purchase the notes for cash as of April 7, 2000. If all holders exercise this option, the payment will be \$184.3 million plus interest.

In February 2000, Sprint exercised its preemptive rights to maintain its ownership in the Company after the aforementioned purchase of shares by Apple Computer corporation. Accordingly, Sprint purchased 2.7 million shares of which 682,000 were common stock and 2.0 million were series B convertible preferred stock.

17. QUARTERLY FINANCIAL DATA (UNAUDITED)

The following table sets forth certain unaudited quarterly supplemental financial data for the eight quarters ended December 31, 1999. In the opinion of the Company's management, this unaudited information has been prepared on the same basis as the audited Supplemental financial statements contained herein and includes all adjustments (consisting of normal recurring adjustments) necessary to present fairly the information set forth therein when read in conjunction with the supplemental combined financial Statements and Notes thereto. The operating results for any quarter are not necessarily indicative of results for any future period.

REPORT OF INDEPENDENT ACCOUNTANTS

To the Board of Directors and Stockholders of EarthLink, Inc.

In our opinion, the accompanying consolidated balance sheet and the related consolidated statements of operations, of stockholders' equity (deficit) and of cash flows present fairly, in all material respects, the financial position of EarthLink Network, Inc. and its subsidiary at December 31, 1998 and 1999, and the results of their operations and their cash flows for each of the three years in the period ended December 31, 1999, in conformity with accounting principles generally accepted in the United States. These financial statements are the responsibility of the Company's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for the opinion expressed above.

EARTHLINK NETWORK, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

ORGANIZATION

EarthLink Network, Inc. ("EarthLink Network") is an Internet service provider that was formed to help members derive meaningful benefits from the extensive resources of the Internet.

EarthLink Network has experienced operating losses since inception as a result of efforts to build its network infrastructure and internal staffing, develop its systems, and expand into new markets. EarthLink Network expects that it will continue to incur net losses as it continues to expend substantial resources on sales and marketing as it attempts to rapidly increase its market share. There can be no assurance that EarthLink Network will achieve or sustain profitability or positive cash flow from its operations.

BASIS OF CONSOLIDATION

The consolidated financial statements include the accounts of EarthLink Network, Inc. and its wholly-owned subsidiary EarthLink Operations, Inc. (Note

2). All intercompany transactions and balances have been eliminated in the consolidated financial statements.

REVENUES

Narrowband access revenues consists of monthly fees charged to members for dial-up Internet access. Web hosting revenues consists of fees earned by leasing server space and providing web services to companies and individuals wishing to present a web or e-commerce presence. Broadband access revenues consists of fees charged for high-speed, high-capacity access services including cable, and DSL services. Content, commerce and advertising revenues are derived from advertising, content and electronic commerce fees that leverage the value of EarthLink Network's member base and user traffic. All revenues are recorded as earned.

CASH AND CASH EQUIVALENTS

All short-term, highly liquid investments with an original maturity of three months or less at the date of acquisition are classified as cash equivalents.

ACCOUNTS RECEIVABLE AND DEFERRED REVENUES

EarthLink Network bills for Internet service generally one month in advance. Accordingly, these non-cancelable advanced billings are included in both accounts receivable and deferred revenue.

CONCENTRATIONS OF CREDIT RISK

Financial instruments that potentially subject EarthLink Network to concentrations or credit risk consist principally of cash investments and trade receivables. EarthLink Network's cash investment policies limit investments to short-term, investment grade instruments. Concentrations of credit risk with respect to trade receivables are limited due to the large number of members comprising EarthLink Network's member base.

PROPERTY AND EQUIPMENT

Property and equipment is stated at cost and depreciated using the straight-line method over the estimated useful life of the assets, which is generally three years for computers and computer related

EARTHLINK NETWORK, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED) equipment and five years for other non-computer furniture and equipment. Leasehold improvements are amortized using the straight-line method over the shorter of their estimated lives or the term of the lease, ranging from one to ten years.

EQUIPMENT UNDER CAPITAL LEASE

EarthLink Network leases certain of its data communications and other equipment under capital lease agreements. The assets and liabilities under capital lease are recorded at the lesser of the present value of aggregate future minimum lease payments, including estimated bargain purchase options, or the fair value of the assets under lease. Assets under capital lease are depreciated over the lesser of their estimated useful lives of three to five years or the term of the lease.

INTANGIBLES

Intangible assets consist primarily of rights to member lists, long-term marketing agreements, goodwill, deferred financing and other items. The costs assigned to intangible assets are being amortized on a straight-line basis over the estimated useful lives of the assets, which range from one to ten years. EarthLink Network regularly reviews the recoverability of intangible assets based on estimated undiscounted future cash flows from operating activities compared with the carrying values of the intangibles.

ADVERTISING AND MEMBER ACQUISITION COSTS

Advertising and member acquisition costs are included in sales and marketing. Such costs are expensed as incurred. Advertising expenses were \$5.1 million, \$8.8 million and \$40.6 million in 1997, 1998 and 1999, respectively.

INCOME TAXES

Income taxes are accounted for under the liability method. Under this method, deferred tax assets and liabilities are determined based on differences between the financial reporting basis and tax basis of assets and liabilities and are measured using the enacted tax rates and laws that will be in effect when the differences are expected to reverse.

NET LOSS PER SHARE

EarthLink Network adopted Statement of Financial Accounting Standards (SFAS) No. 128, "Earnings per Share" (EPS) and Staff Accounting Bulletin (SAB) No. 98. SAB No. 98 states that companies, such as EarthLink, that completed an initial public offering ("IPO") within the past 5 years and incorporated the SAB No. 83 concept of "cheap stock" in determining pre-IPO EPS data must restate all EPS data to conform to SFAS No. 128. Accordingly, all EPS data have been restated to conform to SFAS No. 128. SFAS No. 128 requires a dual presentation of basic and diluted EPS. Basic EPS represents the weighted average number of shares divided into net income during a reported period. Diluted EPS reflects the potential dilution that could occur if securities or other contracts to issue common stock were exercised or converted into common stock. However, EarthLink Network did not include potential common stock in the calculation of EPS since inception as such inclusion would have an anti-dilutive effect.

EARTHLINK NETWORK, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED) USE OF ESTIMATES IN PREPARATION OF FINANCIAL STATEMENTS

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

COMMON STOCK BASED COMPENSATION

EarthLink Network continues to account for its employee stock based compensation using the intrinsic value method in accordance with the provisions of Accounting Principles Board (APB) Opinion No. 25, "Accounting for Stock Issued to Employees," and provides pro forma disclosures in the notes to the consolidated financial statements (Note 9), as if the measurement provisions of SFAS No. 123 had been adopted.

RECLASSIFICATION

Certain amounts in the prior year financial statements have been reclassified to conform to current year presentation.

RECENT ACCOUNTING PRONOUNCEMENTS

On December 3, 1999, the Securities and Exchange Commission released Staff Accounting Bulletin No. 101 ("SAB 101"), "Revenue Recognition in Financial Statements," which summarizes certain of the Staff's views in applying generally accepted accounting principles to revenue recognition in financial statements. The Staff is providing this guidance due, in part, to the large number of revenue recognition issues that registrants encounter. The application of SAB 101 to revenue recognition is not expected to have a material effect on Earthlink Network's consolidated statement of operations.

2. STRATEGIC ALLIANCE WITH SPRINT CORPORATION

On February 10, 1998, EarthLink Network entered into certain agreements to establish a broad strategic relationship (the "Strategic Alliance") with Sprint Corporation ("Sprint") in the area of consumer Internet access and related services. In connection with the Strategic Alliance, on June 5, 1998, Sprint consummated a tender offer for 2.5 million shares of EarthLink Network's common stock at a price per share of \$22.50 in cash to each tendering stockholder (the "Offer"). Immediately following the closing of the Offer, Sprint received approximately 4.1 million shares of the EarthLink Network's Series A convertible preferred stock which has been valued at \$135 million, in exchange for (i) transfer to the EarthLink Network of Sprint's approximately 130,000 Sprint Internet Passport subscribers, (ii) aggregate cash consideration of approximately \$24 million and (iii) the exclusive right to use certain ports within Sprint's high-speed data network for four years. EarthLink Network and Sprint also entered into a Marketing and Distribution Agreement which includes a commitment by Sprint to deliver a minimum of 150,000 new subscribers per year for five years through its own channels, EarthLink Network's right to be Sprint's exclusive provider of consumer Internet access services for at least ten years and the right to use Sprint's brand and distribution network for at least ten years. Sprint has also provided EarthLink Network with a credit facility currently totaling \$50 million (increasing to \$100 million by June 2001) in the form of

EARTHLINK NETWORK, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

2. STRATEGIC ALLIANCE WITH SPRINT CORPORATION (CONTINUED) convertible senior debt. Collectively, the above is referenced to as the "Sprint Transaction". The series A convertible preferred stock received by Sprint is convertible into 8.2 million shares of EarthLink Network common stock at December 31, 1999 assuming acceleration of certain rights.

In connection with the Sprint Transaction, a newly-formed company, "EarthLink Operations, Inc.," was formed and became a wholly-owned subsidiary of the EarthLink Network Inc. All references in these financial statements to EarthLink Network relate, collectively, to both EarthLink Network, Inc., and EarthLink Operations, Inc.

The following unaudited pro forma consolidated results of operations for the year ended December 31 1998, assumes the acquisition of the Sprint Internet Passport business on January 1, 1998. These pro forma results have been prepared for comparative purposes only and do not purport to be indicative of the results of operations that actually would have resulted had the acquisition occurred on the date indicated, or which may result in the future.

4. INVESTMENTS IN OTHER COMPANIES

In July 1999, EarthLink Network committed to invest in eCompanies Venture Group, LP, ("EVG"), a limited partnership formed to invest in domestic emerging growth companies. Mr. Sky Dayton is a member of the EarthLink Network board of directors and a founding partner in EVG. In 1999 EarthLink Network invested \$4.0 million in EVG and has committed to invest an additional \$6.0 million. The investment is accounted for under the cost method of accounting as EarthLink Network does not have the ability to

EARTHLINK NETWORK, INC.

	-----	-----
	\$ 35,206	\$ 59,852
	=====	=====

Property under capital lease, primarily data communications equipment included above, aggregated \$31.7 million and \$33.3 million at December 31, 1998 and 1999, respectively. Included in accumulated depreciation and amortization are amounts related to property under capital lease of \$15.7 million and \$20.0 million at December 31, 1998 and 1999, respectively. Depreciation expense charged to operations was \$8.5 million, \$12.5 million and \$21.0 million in 1997, 1998, and 1999, respectively.

6. INTANGIBLE ASSETS

Intangible assets consist of:

	DECEMBER 31,	
	1998	1999
	-----	-----
	(IN THOUSANDS)	
Member base.....	\$ 65,000	\$ 65,000

	-----	-----
	\$ 80,006	\$ 14,873
	=====	=====

Intangible assets acquired in acquisition of the Sprint Internet Passport are being amortized on a straight-line basis over the estimated useful lives. The member base and goodwill, which represents the excess of consideration over the fair value of net assets acquired, were fully amortized as of December 31, 1999. The Marketing and Distribution Agreement is being amortized over 5 and 10 years which represents the life of the portion of the contract related to Sprint's provision of additional members and the overall contract life relative to the co-branding feature, respectively.

EARTHLINK NETWORK, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

7. CAPITAL STOCK AND MANDATORILY REDEEMABLE EQUITY SECURITIES

FOLLOW ON PUBLIC OFFERINGS

In June 1998, EarthLink Network completed a follow on public offering of 3.8 million shares of its common stock at \$30.00 per share. The offering consisted of 3.0 million shares, including 490,000 shares sold to Sprint in accordance with its preemptive rights under the Sprint Alliance, and an underwriter's over-allotment of 720,000 shares. Net proceeds to EarthLink Network were approximately \$106.3 million.

In January 1999 EarthLink Network completed a follow on public offering of 2.4 million shares of its common stock at \$73.63 per share. The offering consisted of 2.3 million shares and an underwriter's over-allotment of 99,000 shares exercised in February 1999. Net proceeds to EarthLink Network were approximately \$170 million. In conjunction with the offering, Sprint exercised its preemptive rights to maintain its existing ownership level in EarthLink Network of approximately 27%, of which 10% is voting common stock. Accordingly, Sprint purchased 770,000 shares of EarthLink Network securities which 192,000 were common stock and 578,000 were series B convertible preferred stock. Proceeds from the sale of shares to Sprint were \$54.1 million.

In February 1999, Sprint exercised its preemptive rights to maintain its ownership in EarthLink Network after the exercise of the underwriter's over-allotment granted in connection with the aforementioned follow on public offering. Accordingly, Sprint purchased 38,000 shares of which 9,000 were common stock and 28,000 were series B convertible preferred stock. Series A convertible preferred stock was issued prior to EarthLink Network's 2 for one stock split in July 1999. Accordingly, each share of Series A convertible preferred stock is convertible into two shares of EarthLink Network's common stock assuming acceleration of certain rights. Series B convertible preferred stock has the same rights and privileges as series A convertible preferred stock shares, as described in Note 8, except that each share is convertible into one share of EarthLink Network's common stock. Proceeds from the sale of stock to Sprint were \$2.7 million.

COMMON STOCK ISSUANCES FOR OTHER THAN CASH

In January 1998, EarthLink Network issued 20,000 shares of its common stock to a Consultant in lieu of cash for services provided pursuant to a consulting agreement. The fair value of the shares was recorded as prepaid professional services and amortized ratably over the term of the contract. Under this agreement EarthLink Network issued 20,000 additional shares of its common stock in January 1999.

8. CONVERTIBLE PREFERRED STOCK

All issued and outstanding shares of Series A and B convertible preferred stock are held by Sprint (Note 2).

The series A and B convertible preferred stockholders receive dividends at a rate per annum of 3% of the Liquidation Value (as defined below), compounded quarterly. For a period of five years from June 1998, such dividends are payable "in kind" by way of an increase in the Liquidation Value of the shares. Beginning in June 2003, holders of Series A convertible preferred stock will receive cumulative quarterly cash dividends of 3% annually. Beginning in June 2018, holders of the series A convertible preferred stock are entitled to cumulative quarterly cash dividends at an 8% annual rate of the Liquidation Value per share, increasing annually to a maximum rate of 12%.

Upon voluntary or involuntary liquidation or winding up of EarthLink Network the holders of series A and B convertible preferred stock will receive, prior to any payment or distribution in respect of other

EARTHLINK NETWORK, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

8. CONVERTIBLE PREFERRED STOCK (CONTINUED) shares of EarthLink Network's capital stock, an amount per share equal to the average market value of the common stock measured over the thirty day period ended on the June 5, 1998 (the "Average Stock Price"), plus all accrued and unpaid dividends on such share, whether in cash or in kind (such amount, the "Liquidation Value").

Each share of series A and B convertible preferred stock is convertible into such number of shares of common stock as is determined by dividing the Liquidation Value by the "Conversion Price" in effect at such time. For the five year period following June 1998, the Conversion Price is equal to the Average Stock Price multiplied by 116.118%. Thereafter, the Conversion Price is increased annually by 6%, accruable quarterly. The Conversion Price is also subject to adjustment based on changes in capitalization of the common stock. Although conversion of the series A and B convertible preferred stock is at the holder's option, conversion is required in the event EarthLink Network consummates certain business combination transactions.

Beginning in June 2001, EarthLink Network may elect to redeem the outstanding shares of series A and B convertible preferred stock at a redemption price per share equal to the Liquidation Value of such shares, including the acceleration of certain dividends, multiplied by a specified percentage. The specified percentage is initially equal to 103%, and will be reduced by 1% annually in each of the subsequent three years, and thereafter will be equal to 100%.

The series A and B convertible preferred stockholders do not possess general voting rights together with holders of common stock. However, the Series A and B convertible preferred stockholders are separately entitled to elect two of EarthLink Network's directors. This right terminates as to one of the directors if Sprint fails to maintain at least a 20% equity interest in EarthLink Network (on a fully diluted basis, subject to adjustment) for any three consecutive months, and will terminate as to both of the directors if Sprint fails to maintain at least a 10% equity interest over the same period. A separate vote of 66.67% of the then-outstanding shares of series A and B convertible preferred stock is required in certain limited situations, including liquidation, dissolution or winding up of EarthLink Network, or taking certain actions which would adversely affect the rights of the holders of the series A and B convertible preferred stock as a class.

9. DEDUCTIONS FOR DIVIDENDS ON CONVERTIBLE PREFERRED STOCK

Dividends on convertible preferred stock are reflected as an increase to net loss attributable to common stockholders. This adjustment reflects the liquidation dividend of \$8.8 million based on a 3% dividend (Note 8) and the accretion of a \$5.3 million dividend related to the beneficial conversion feature of the series A and B convertible preferred stock in accordance with EITF Topic No. D-60 based upon the rate at which the preferred stock becomes convertible.

10. STOCK OPTIONS AND WARRANTS

1995 STOCK OPTION PLAN

In September 1995, EarthLink Network established the EarthLink Network 1995 Stock Option Plan (the "1995 Plan"). The 1995 Plan provides for the grant of incentive stock options to purchase shares of common stock to employees of EarthLink Network and non-qualified stock options to employees, officers, directors and consultants of EarthLink Network. During 1999, the Plan was amended to increase the number of available options from 5,700,000 to 7,700,000. The Plan is administered by a committee

EARTHLINK NETWORK, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

10. STOCK OPTIONS AND WARRANTS (CONTINUED) appointed by the Board of Directors which determines the terms of the options granted, including the exercise price, the number of shares subject to option, and the option vesting period. The exercise price of all options granted under the plan must be at least 100% of the fair market value on the date of grant. Options generally have a maximum term of ten years and vest in equal quarterly increments over a five-year period. As of December 31, 1999, there were 2,063,330 shares available for issuance under the 1995 Plan.

DIRECTORS STOCK OPTION PLAN

In September 1995, EarthLink Network established the EarthLink Directors Stock Option Plan (the "Directors Plan"). The Directors Plan, as amended and restated in December 1996, provides for the grant of options to purchase an aggregate of 125,000 shares of common stock to directors who do not also serve as employees of EarthLink Network and do not beneficially own, nor are employees, directors or officers of any entity which owns 5% or more of the outstanding shares of EarthLink Network's capital stock. Under the Directors Plan, grants of options to purchase 20,000 and 5,000 shares of common stock are automatically made to each non-management director at such time as the person first becomes a member of the Board of Directors and at the beginning of each fiscal year, respectively. Options generally have a maximum term of ten years and vest in equal quarterly increments over a five year period. As of December 31, 1999, there were no outstanding options to purchase shares of common stock under the Directors Plan.

NON-QUALIFIED OPTION GRANTS

In addition to the options granted under the plans described above, EarthLink Network granted non-qualified stock options to certain employees, officers and directors. Non-qualified options generally have a maximum term of ten years and generally vest in equal quarterly increments over a five-year period.

VALUE OF OPTIONS GRANTED TO EMPLOYEES

For disclosure purposes, the fair value of all stock options granted is estimated using the Black-Scholes option-pricing model with the following weighted average assumptions used for stock options granted:

	YEAR ENDED DECEMBER 31,		
	1997	1998	1999
Annual dividends.....	zero	zero	zero
Expected volatility.....	69%	83%	92%
Risk free interest rate.....	6.49%	5.28%	5.44%
Expected life.....	6.6 years	6.6 years	6.6 years

EARTHLINK NETWORK, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

10. STOCK OPTIONS AND WARRANTS (CONTINUED) Had compensation cost been determined on the basis of fair value pursuant to SFAS No. 123, net loss attributable to common stockholders and net loss attributable to common shareholders per share would have been increased as follows:

	YEAR ENDED DECEMBER 31,		
	1997	1998	1999

	(IN THOUSANDS, EXCEPT PER SHARE DATA)

	=====	=====	=====

WARRANTS

EarthLink Network has issued to certain Board members, consultants, lessors, creditors and others warrants to purchase shares of EarthLink Network's common stock.

WARRANTS ISSUED FOR SERVICES

In January 1997 and October 1997, EarthLink Network issued warrants to purchase 12,000 and 50,000 shares, respectively, of EarthLink Network's common stock to certain consultants. The respective exercise prices of the warrants were \$6.50 and \$8.88. The fair value of the warrants is reflected as prepaid consulting fees and amortized ratably over the life of the consulting agreement. Consulting expense recorded with respect to warrants issued to consultants was \$23,340, \$34,836 and \$34,836 during 1997, 1998 and 1999, respectively.

In March 1997 and October 1997, EarthLink Network issued warrants to purchase 15,000 shares of EarthLink Network's common stock to each of two new members of EarthLink Network's Technology Advisory Council. The warrants have an exercise price of \$5.25 per share and \$8.88 per share, respectively, and vest quarterly over two years. The fair value of the warrants is reflected as deferred professional services expense and amortized ratably over the member's two year term of service in the Technology Advisory Council.

11. INCOME TAXES

At December 31, 1998 and 1999, EarthLink Network had net operating loss carryforwards for federal income tax purposes totaling approximately \$106.8 million, and \$177.7 million, respectively, which begin to expire in 2010. At December 31, 1998 and 1999, EarthLink Network had net operating loss carryforwards for state income tax purposes totaling approximately \$70.0 million and \$90.4 million, respectively, which begin to expire in 2001. The Internal Revenue Code of 1986, as amended, includes provisions which may limit the net operating loss carryforwards available for use in any given year if certain events occur, including significant changes in ownership. Due to EarthLink Network's initial public offering and other issuances of common stock and common stock equivalents, utilization of EarthLink Network's net operating loss carryforwards to offset future income may be limited. At December 31, 1998 and 1999, the net operating loss includes approximately \$24.0 million and \$64.0 million, respectively, related to the exercise of employee stock options and warrants. Any benefit resulting from the utilization of this portion of the net operating loss will be credited directly to equity.

EARTHLINK NETWORK, INC.

EARTHLINK NETWORK, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

12. COMMITMENTS AND CONTINGENCIES

LEASES

EarthLink Network leases its facilities and certain equipment under non-cancelable operating leases expiring in various years through 2008. Total rent expense in 1997, 1998 and 1999 for all operating leases amounted to \$1.9 million, \$2.4 million and \$4.4 million respectively. EarthLink Network also leases equipment, primarily data communications equipment, under non-cancelable capital leases. Most of EarthLink Network's capital leases include purchase options at the end of the lease term.

During the three years ended December 31, 1999, EarthLink Network financed the acquisition of data processing and office equipment amounting to approximately \$10.5 million, \$9.3 million and \$13.5 million, respectively, by entering into a number of leases and agreements for the sale and leaseback of equipment. The sale-leaseback transactions are recorded at cost, which approximates the fair market value of the property and, therefore, no gains or losses have been recorded. The property remains on the books and continues to be depreciated. A financing obligation representing the proceeds is recorded and reduced based upon payments under the lease agreement.

EarthLink Network maintains facilities and offices at various locations throughout the United States for general corporate purposes, including technology centers, member call centers, office space and headquarters.

All operating leases include scheduled base rent increases over the respective lease terms. The total amount of base rent payments is being charged to expense on the straight-line method over the terms of the leases. In addition to base rent payments, EarthLink Network pays a monthly allocation of the buildings' operating expenses. EarthLink Network has recorded a deferred rent liability to reflect the excess of rent expense over cash payments since inception of the leases.

Minimum lease commitments under non-cancelable leases at December 31, 1999 are as follows:

YEAR ENDING DECEMBER 31, -----	CAPITAL LEASES -----	OPERATING LEASES -----
	(IN THOUSANDS)	
2000.....	\$10,579	\$ 6,488

SIGNIFICANT AGREEMENTS

EarthLink Network uses a combination of owned POPs and leased third-party POPs enabling it to provide Internet access services on a nationwide basis while managing the timing and magnitude of its

EARTHLINK NETWORK, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

12. COMMITMENTS AND CONTINGENCIES (CONTINUED) capital expenditures. EarthLink Network employs a strategy of leasing POPs from third-party providers in locations where it is more economical to do so. As of December 31, 1999, EarthLink Network has leased points of presence ("POP") capacity leased from UUNET, PSINet, Level 3 and Sprint. EarthLink Network is, in effect, buying this capacity in bulk at a discount, and providing access to EarthLink Network's member base at EarthLink Network's normal rates. At December 31, 1999, \$1 million and \$3.9 million in amounts due to Level 3 and Sprint, respectively, were recorded in accounts payable and \$7.2 million and \$7.5 million in amounts due to UUNET and PSINet, respectively, were recorded in other accrued liabilities.

Minimum commitments under non-cancelable network service agreements from UUNET and PSINet are as follows:

YEAR ENDING DECEMBER 31, -----	IN MILLIONS -----
2000.....	\$ 65.7
2001.....	66.9
2002.....	41.4

Total.....	\$174.0 =====

13. PROFIT SHARING PLAN

Effective January 1997, EarthLink Network implemented a profit sharing plan (the Plan) pursuant to Section 401(k) of the Internal Revenue code, whereby participants may contribute a percentage of compensation, but not in excess of the maximum allowed under the Code. EarthLink Network makes a discretionary matching contribution of 25% up to a maximum of 6% of the participant's total eligible compensation. EarthLink Network's matching contributions vest over four years from the participant's date of hire. Total contributions for 1997, 1998 and 1999 were \$84,000, \$285,000, and \$375,000 respectively.

15. SUBSEQUENT EVENTS

In January 2000, EarthLink Network entered into a multi-year partnership to deliver services to member of Apple Computer corporation members in the U.S. Under the terms of the partnership, EarthLink is the exclusive default ISP in Apple's Internet Setup Software included with all Apple Macintosh-Registered Trademark-computers sold in the U.S. In addition, Apple purchased 7,083,333 shares of Series C

EARTHLINK NETWORK, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

15. SUBSEQUENT EVENTS (CONTINUED) convertible preferred stock for \$200 million. Apple has the right to appoint a member to EarthLink Network's Board of Directors. The new Company assumed this alliance

On February 4, 2000, EarthLink Network and MindSpring merged into EarthLink, Inc. in a transaction accounted for as tax-free reorganization under

Section 368 of the Internal Revenue Code of 1986, as amended, and as a "pooling-of-interests" transaction. Each outstanding share of EarthLink Network's securities was exchanged for 1.615 shares of the equivalent securities of the new Company and each outstanding share of MindSpring securities was exchanged for one share of the securities of the new company. Other outstanding securities of the companies were converted on the same basis. In connection with the Merger, the new company assumed EarthLink Network's alliance agreements with Sprint. As a result, Sprint has the right, among others, to appoint up to two

(2) representatives to the new company's board of directors provided Sprint holds 20% or more of EarthLink's fully diluted outstanding stock, to appoint one representative to the new company's board of directors provided Sprint holds 10% or more of EarthLink's fully diluted outstanding stock and to purchase additional shares of equity securities in the new company in order to maintain, but not exceed, a 27.8% ownership level. The new company has also assumed MindSpring's outstanding 5% convertible subordinated notes and the indentures pursuant to which the notes were issued. The merger has given rise to the MindSpring noteholders' right to have the new company repurchase the notes at 100% of the principal amount plus accrued interest to the date of repurchase. Under the Agreement and Plan of Reorganization, any notes presented for repurchase will only be repurchased for cash. Accordingly, the Company extended an offer to purchase the notes for cash as of April 7, 2000. If all holders exercise this option, the payment will be \$184.3 million plus interest.

In February 2000, Sprint exercised its preemptive rights to maintain its ownership in EarthLink Network after the aforementioned purchase of shares by Apple Computer Corporation. Accordingly, Sprint purchased 2.7 million shares of which 682,000 were common stock and 2.0 million were series B convertible preferred stock.

16. QUARTERLY FINANCIAL DATA (UNAUDITED)

The following table sets forth certain unaudited quarterly consolidated financial data for the two years ended December 31, 1999. In the opinion of EarthLink Network's management, this unaudited information has been prepared on the same basis as the audited consolidated financial statements contained herein and includes all adjustments (consisting of normal recurring adjustments) necessary to present fairly the information set forth therein when read in conjunction with the Consolidated Financial Statements and

REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

To EarthLink, Inc.:

We have audited the accompanying balance sheets of MINDSPRING ENTERPRISES, INC. (a Delaware corporation) as of December 31, 1998 and 1999 and the related statements of operations, stockholders' equity, and cash flows for the three years ended December 31, 1997, 1998 and 1999. These financial statements are the responsibility of MindSpring's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of MindSpring Enterprises, Inc. as of December 31, 1998 and 1999 and the results of its operations and its cash flows for the three years ended December 31, 1997, 1998 and 1999 in conformity with accounting principles generally accepted in the United States.

The accompanying Notes to the Financial Statements are an integral part of these statements.

MINDSPRING ENTERPRISES, INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 1997, 1998, AND 1999

1. ORGANIZATION AND NATURE OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

MindSpring Enterprises, Inc. ("MindSpring") is a national provider of Internet access. MindSpring was incorporated in Georgia on February 24, 1994 and began marketing its services in June 1994. MindSpring reincorporated in Delaware and effected a recapitalization in December 1995.

On February 4, 2000 EarthLink Network, Inc. ("EarthLink Network") and MindSpring merged ("the Merger") into a new company named EarthLink, Inc. ("the newly formed Company"). The merger was accounted for as a tax-free reorganization under Section 368 of the Internal Revenue Code of 1986, as amended, and as a "pooling-of-interests" transaction. Each outstanding share of EarthLink Network securities was exchanged for 1.615 shares of the common stock of the newly formed company and each outstanding share of MindSpring securities was exchanged for one share of the securities of the newly formed company. The newly formed company has also assumed MindSpring's outstanding 5% convertible subordinated notes due 2006 and the indentures pursuant to which the notes were issued. The merger has given rise to the MindSpring noteholders' right to have the new company repurchase the notes at 100% of the principal amount plus accrued interest to the date of the repurchase. Under the Merger Agreement, any notes presented for repurchase will only be repurchased for cash. See Note 6.

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

PRESENTATION

Certain amounts in the prior year financial statements have been reclassified to conform to the current year presentation.

SOURCES OF SUPPLIES

MindSpring relies on third-party networks, local telephone companies, and other companies to provide data communications capacity. Although management feels alternative telecommunications facilities could be found in a timely manner, any disruption of these services could have an adverse effect on operating results.

CASH AND CASH EQUIVALENTS

MindSpring considers all short-term, highly liquid investments with an original maturity date of three months or less to be cash equivalents. Cash and cash equivalents are stated at cost, which approximates fair value.

CREDIT RISK

MindSpring's accounts receivable potentially subject MindSpring to credit risk, as collateral is generally not required. MindSpring's risk of loss is limited due to advance billings to members for services,

MINDSPRING ENTERPRISES, INC.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 1997, 1998, AND 1999

1. ORGANIZATION AND NATURE OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED) the use of preapproved charges to member credit cards, and the ability to terminate access on delinquent accounts. In addition, the concentration of credit risk is mitigated by the large number of members comprising the member base. The carrying amount of MindSpring's receivables approximates their fair value.

PROPERTY AND EQUIPMENT

Property and equipment are stated at cost. Depreciation and amortization are provided for using the straight-line method over the estimated useful lives of the assets, commencing when assets are installed or placed in service. The estimated useful life for all assets is five years or, for leasehold improvements, the life of the lease, if shorter.

EQUIPMENT UNDER CAPITAL LEASE

MindSpring leases certain of its data communication and other equipment under lease agreements accounted for as capital. The assets and liabilities under capital leases are recorded at the lesser of the present value of aggregate future minimum lease payments, including estimated bargain purchase options, or the fair value of the assets under lease. Assets under capital lease are depreciated over their estimated useful lives of five years, which are longer than the terms of the leases.

ACQUIRED MEMBER BASE

MindSpring capitalizes specific costs incurred for the purchase of member bases from other Internet Service Providers ("ISPs"). The member acquisition costs include the actual fee paid to the selling ISP, as well as legal and other expenses specifically related to the transactions. Subscriber acquisition costs capitalized at December 31, 1998 and 1999 were \$47,521,000, and \$286,488,000, respectively. Amortization is provided using the straight-line method over three years commencing when the member base is received. Amortization expense for the years ended December 31, 1997, 1998, and 1999 was \$4,208,000, \$7,049,000, and \$83,195,000, respectively. See Note 2 for further discussion.

LONG-LIVED ASSETS

MindSpring periodically reviews the values assigned to long-lived assets, such as property and equipment and acquired member bases, to determine whether any impairments are other than temporary. Management reviews the undiscounted projected cash flows related to such assets and compares them to the carrying values of the assets to determine if an impairment has occurred. If an asset is deemed to be impaired, MindSpring records the difference between the projected cash flows on a discounted basis or the fair market value (whichever is more appropriate) and the carrying value as an asset impairment charge in the period incurred. There were no such impairments in the periods presented. Management believes that the long-lived assets in the accompanying balance sheets are appropriately valued.

MINDSPRING ENTERPRISES, INC.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 1997, 1998, AND 1999

**1. ORGANIZATION AND NATURE OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)
INCOME TAXES**

Deferred income taxes are recorded using enacted tax laws and rates for the years in which the taxes are expected to be paid. Deferred income taxes are provided for items when there is a temporary difference in recording such items for financial reporting and income tax reporting.

STOCK-BASED COMPENSATION PLANS

MindSpring accounts for its stock-based compensation plans under Accounting Principles Board ("APB") Opinion No. 25, "Accounting for Stock Issued to Employees." The disclosure option of Statement of Financial Accounting Standards ("SFAS") No. 123, "Accounting for Stock-Based Compensation" requires that companies which do not choose to account for stock-based compensation as prescribed by this statement shall disclose the pro forma effects on earnings and earnings per share as if SFAS No. 123 had been adopted.

REVENUE RECOGNITION

MindSpring recognizes revenue when services are provided. Services are generally billed one month in advance. During 1998, MindSpring began offering prepaid services. Advance billings including prepaid services and collections relating to future access services are recorded as deferred revenue and recognized as revenue when earned.

BARTER TRANSACTIONS

MindSpring engages in certain exchanges of services for advertising and promotional services. MindSpring records these transactions at the market value of the services provided. Such transactions are not material for the periods presented.

ADVERTISING COSTS

MindSpring expenses all advertising costs as incurred.

NET INCOME (LOSS) PER SHARE

MindSpring calculates net income (loss) per share as required by SFAS No. 128, "Earnings Per Share." Basic earnings (loss) per common share ("EPS") was computed by dividing net income (loss) by the weighted average number of shares of common stock outstanding for the year ended. The effect of MindSpring's stock options (using the treasury stock method) was included in the computation of diluted EPS for the year ended December 31, 1998. For the years ended December 31, 1997 and 1999, the effect of

Shares used for diluted earnings per share.....	45,084	50,862	61,742
	=====	=====	=====

RECENT ACCOUNTING PRONOUNCEMENTS

In 1998, MindSpring was subject to the provisions of Statement of Financial Accounting Standards No. 130 ("SFAS 130"), "Reporting Comprehensive Income" and Statement of Financial Accounting Standards No. 131 ("SFAS 131"), "Disclosures about Segments of an Enterprise and Related Information." Neither statement had any impact on MindSpring's financial statements as MindSpring does not have any "comprehensive income" type earnings (losses) and its financial statements reflect how the "key operating decisions maker" views the business. MindSpring will continue to review these statements over time, in particular SFAS 131, to determine if any additional disclosures are necessary based on evolving circumstances.

2. MEMBER BASE ACQUISITIONS

On September 10, 1998, MindSpring entered into an Asset Purchase Agreement with America Online, Inc. ("AOL") and Spry, Inc. ("Spry"), a wholly owned subsidiary of AOL, to purchase certain assets used in connection with the consumer dial-up Internet access business operated by Spry (the "Spry Agreement"). Pursuant to the Spry Agreement, MindSpring acquired Spry's subscriber base of individual Internet access members in the United States and Canada as well as various assets used in serving those members, including a member support facility and a network operations facility in Seattle, Washington. MindSpring also acquired all rights held by Spry to the "Spry" name. The acquisition was closed on October 15, 1998 and in accordance with the agreement MindSpring paid the initial payment of \$25 million in cash to AOL. The ultimate purchase price for these assets was \$32 million.

On February 17, 1999, MindSpring completed its acquisition of certain assets used in connection with the United States Internet access and Web hosting business operated by NETCOM On-Line Communication Services Inc., which subsequently changed its name to ICG Netahead, Inc. and is a wholly owned subsidiary of ICG Communications, Inc. In this transaction, MindSpring acquired NETCOM's subscriber base of approximately 408,000 individual Internet access accounts, 25,000 Web hosting accounts and 3,000 dedicated Internet access accounts in the United States. MindSpring paid NETCOM approximately \$245 million, consisting of \$215 million in cash and \$30 million in MindSpring common stock (752,232

MINDSPRING ENTERPRISES, INC.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 1997, 1998, AND 1999

2. MEMBER BASE ACQUISITIONS (CONTINUED) shares, at a price per share of \$39.88). MindSpring also incurred expenses of approximately \$4.2 million in connection with this acquisition.

In conjunction with the NETCOM acquisition, MindSpring obtained a \$100 million secured revolving credit facility from First Union National Bank and certain other lenders. For more discussion of this credit facility see footnote 6.

The following table summarizes the net assets purchased in connection with Spry and Netcom acquisitions and the amount attributable to intangibles (in thousands):

	NETCOM	SPRY
	-----	-----
Working Capital.....	\$ (1,672)	\$ --
Property and Equipment.....	\$ 13,200	\$ --
Acquired subscriber base.....	\$237,695	\$32,450

The preliminary estimate of net assets acquired represents management's best estimate based on currently available information; however, such estimate may be revised up to one year from the acquisition date. MindSpring is amortizing the acquired member base over three years.

The following unaudited pro forma condensed statements of operations (in millions) assumes the NETCOM and Spry acquisitions occurred on January 1, 1998. In the opinion of management, all adjustments necessary to present fairly such unaudited pro forma condensed statements of operations have been made.

	1998	1999
	-----	-----
	(IN MILLIONS, EXCEPT PER SHARE DATA)	
Revenue.....	\$ 294.9	\$347.0
Net loss.....	\$(121.1)	\$(55.4)
Net loss per share.....	\$ (2.13)	\$(0.84)

3. STOCKHOLDERS' EQUITY

At the annual meeting of stockholders in May 1999 MindSpring voted to approve and adopt an amendment to Article 4 of MindSpring's Amended and Restated Certificate of Incorporation to increase the number of authorized shares of \$.01 par value common stock from 60,000,000 to 400,000,000.

STOCK SPLIT

On June 25, 1999 MindSpring effected a two-for-one stock split of the outstanding shares of common stock in the form of a stock dividend. Accordingly, all data shown in the accompanying financial statements and notes has been retroactively adjusted to reflect the stock split.

MINDSPRING ENTERPRISES, INC.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 1997, 1998, AND 1999

3. STOCKHOLDERS' EQUITY (CONTINUED) COMMON STOCK

In April 1999, MindSpring issued 5,520,000 shares at a public offering price of \$50 per share. The total proceeds of the offering, net of underwriting discounts and offering expenses, were approximately \$263,500,000.

4. STOCK-BASED COMPENSATION PLANS

EMPLOYEE STOCK OPTION PLAN

Under MindSpring's 1995 Stock Option Plan, as amended (the "Stock Option Plan"), 9,000,000 shares of common stock are reserved and authorized for issuance upon the exercise of options. All employees of MindSpring are eligible to receive options under the Stock Option Plan. The compensation committee of the board of directors administers the Stock Option Plan. Options granted under the Stock Option Plan are intended to qualify as incentive stock options under

Section 422 of the Internal Revenue Code of 1986, as amended. Options generally become exercisable as follows: (i) 50% of the options become exercisable two years after the date of grant or, in certain cases, the commencement date of the holder's employment; (ii) an additional 25% of the options become exercisable three years after the date of grant or, in certain cases, the commencement date of the holder's employment; and (iii) the remaining 25% of the options become exercisable four years after the date of grant or, in certain cases, the commencement date of the holder's employment. Except as noted in the next sentence, all options were granted at an exercise price equal to the estimated fair value of the common stock on the dates of grant as determined by the board of directors based on equity transactions and other analyses. Options granted to holders of 10% or more of the outstanding common stock were granted at an exercise price equal to 110% of the estimated fair value of the common stock on the dates of grant as determined by the board of directors based on equity transactions and other analyses. The options expire ten years from the date of grant or, in certain circumstances, the commencement date of the option holder's employment.

DIRECTORS' STOCK OPTION PLAN

Under MindSpring's Directors' Stock Option Plan (the "Directors' Plan"), adopted in December 1995, 420,000 shares of common stock are authorized for issuance to nonemployee directors in the form of 60,000 options per director) upon their initial election or appointment to the board or, in the case of directors who joined the board prior to the creation of the Directors' Plan, upon the adoption of the Directors' Plan by the board of directors. The Directors' Plan, as amended by the board of directors on March 26, 1999 and approved by the stockholders on April 22, 1999, provides for discretionary option grants. Options become exercisable as follows: (i) 50% of the options become exercisable two years after the date of grant, (ii) an additional 25% of the options become exercisable three years after the date of grant, and (iii) the remaining 25% of the options become exercisable four years after the date of grant. All options were granted at an exercise price equal to the estimated fair value of the common stock at the dates of grant as determined by the board of directors based upon equity transactions and other analyses. The options expire ten years from the date of grant.

MINDSPRING ENTERPRISES, INC.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 1997, 1998, AND 1999

4. STOCK-BASED COMPENSATION PLANS (CONTINUED) STATEMENT OF FINANCIAL ACCOUNTING STANDARDS NO. 123

During 1995, the Financial Accounting Standards Board issued SFAS No. 123, which defines a fair value-based method of accounting for an employee stock option or similar equity instrument and encourages all entities to adopt that method of accounting for all of their employee stock-based compensation plans. However, it also allows an entity to continue to measure compensation cost for those plans using the method of accounting prescribed by APB No. 25. Entities electing to remain with the accounting in APB No. 25 must make pro forma disclosures of net income and, if presented, earnings per share as if the fair value-based method of accounting defined in this statement had been applied.

MindSpring has elected to account for its stock-based compensation plans under APB No. 25; however, MindSpring has computed for pro forma disclosure purposes the value of all options granted during 1997, 1998, and 1999 using the Black-Scholes option-pricing model as prescribed by SFAS No. 123 using the following weighted average assumptions used for grants in 1997, 1998, and 1999:

	YEAR ENDED DECEMBER 31,		
	1997	1998	1999
Annual dividends.....	zero	zero	zero
Expected volatility.....	58%	95%	84%
Risk free interest rate.....	6.40%	5.30%	5.40%
Expected life.....	3.5 years	3.5 years	3.5 years

The total value of options granted during 1997, 1998, and 1999 was computed as approximately \$3,735,000, \$38,679,000, and \$66,399,000, respectively, which would be amortized on a pro forma basis over the four-year vesting period of the options. If MindSpring had accounted for these plans in accordance with SFAS No. 123, MindSpring's net income (loss) and pro forma net income (loss) per share for the years ended December 31, 1997, 1998 and 1999 would have been as follows:

	AS REPORTED	PRO FORMA
	(IN THOUSANDS EXCEPT PER SHARE DATA)	
1997		
Net loss.....	\$ (4,081)	\$ (5,402)
Net loss per share.....	\$ (0.09)	\$ (0.12)
1998		
Net income.....	\$ 10,544	\$ 2,291
Net income per share.....	\$ 0.21	\$ 0.05
1999		
Net loss.....	\$ (40,131)	\$ (52,770)

EMPLOYEE BENEFIT PLAN

MindSpring has a savings plan (the "Savings Plan") that qualifies as a deferred salary arrangement under Section 401(k) of the Internal Revenue Code. Under the Savings Plan, participating employees may defer a portion of their pretax earnings, up to the Internal Revenue Service annual contribution limit. Annually, MindSpring determines whether to make a discretionary matching contribution equal to a percentage, determined by MindSpring, of the employee's deferred compensation contribution. MindSpring has not made any matching contributions to the Savings Plan.

5. RELATED-PARTY TRANSACTIONS

MindSpring has entered into certain business relationships with several subsidiaries and affiliates of ITC Holding Company, Inc. ("ITC Holding"). Except as noted below, none of these transactions were material for the periods presented.

MindSpring purchases long-distance telephone services and wide area network transport service from ITC DeltaCom, Inc. ("ITC DeltaCom"), a related party through relationships with ITC Holding. Long-distance charges from ITC DeltaCom totaled approximately \$1,942,000, \$3,672,000, and \$9,540,000 for the years ended December 31, 1997, 1998 and 1999, respectively.

MINDSPRING ENTERPRISES, INC.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 1997, 1998, AND 1999

6. DEBT

CREDIT FACILITY

On February 17, 1999, in conjunction with the NETCOM acquisition, MindSpring entered into a credit agreement with First Union National Bank ("First Union") and several other lenders. On February 17, 1999, MindSpring borrowed approximately \$80 million under the credit facility to finance the NETCOM acquisition. MindSpring repaid all amounts outstanding under the credit facility with a portion of the net proceeds from offering completed in April of 5,520,000 shares of common stock, and MindSpring amended the credit facility to permit the issuance of notes, the payment of interest thereon, and certain redemptions thereof. Subsequent to year end, in conjunction with MindSpring's merger with Earthlink Network, Inc., MindSpring terminated this credit facility.

CONVERTIBLE NOTES

In March 1999, MindSpring filed a universal shelf registration statement with the Securities and Exchange Commission for the public offering from time to time of up to \$800 million of debt and equity securities. MindSpring sold \$179,975,000 aggregate principal amount of 5% Convertible Subordinated Notes due 2006, raising net proceeds of approximately \$174.1 million.

The notes may be converted into shares of common stock of MindSpring at any time before their maturity or their redemption by MindSpring at a rate of 16 shares per each \$1,000 principal amount of notes, or \$62.50 per share, subject to adjustment in circumstances. Interest is payable semi-annually on April 15 and October 15 of each year beginning October 15, 1999. The notes are subordinated in right of payment to all senior debt of MindSpring.

MindSpring may redeem the notes before April 15, 2002, in whole or in part, at a redemption price equal to principal amount of the note plus accrued and unpaid interest, if any, to the redemption date, if the closing price for MindSpring's common stock has exceeded 150% of the conversion price for at least 20 trading days within a period of 30 consecutive trading days ending on the trading prior to the date of the mailing of the notice of redemption. MindSpring will make an additional payment of cash with respect to the notes called for redemption of \$200 per \$1,000 note, less the amount of interest actually paid on such note prior to the call for redemption. Further MindSpring may redeem the notes on or after April 15, 2002 at 102.86% of the principal amount declining to 100% by April 15, 2006.

As discussed in Note 1, the merger with EarthLink Network constituted a change in control as defined in the Indenture Agreement. Holders of the notes have the right to demand payment equal to 100% of the principal amount of the notes, plus accrued interest to the date of repurchase. Accordingly, MindSpring extended an offer to purchase the notes for cash as of April 7, 2000. If all holders exercise this option the payment will be \$184,274,000, including interest.

7. COMMITMENTS AND CONTINGENCIES

LEASES

MindSpring leases certain equipment under agreements, which are classified as capital leases. These leases have original terms of three years or less and contain bargain purchase options at the end of the original lease terms. MindSpring also has operating leases, which relate to the lease of office and

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 1997, 1998, AND 1999

7. COMMITMENTS AND CONTINGENCIES (CONTINUED) equipment space. Rental expense attributable to these operating leases was approximately \$1,420,000, \$1,953,000 and \$8,383,000 for the years ended December 31, 1997, 1998 and 1999, respectively.

At December 31, 1999, MindSpring's capital lease obligations and minimum rental commitments under non-cancelable operating leases with initial or remaining terms of more than one year were as follows:

YEAR ENDING DECEMBER 31, -----	CAPITAL LEASES -----	OPERATING LEASES -----
	(IN THOUSANDS)	
2000.....	\$ 2,517	\$ 8,168
2001.....	134	9,595
2002.....	--	10,318
2003.....	--	9,627
2004.....	--	9,326
Thereafter.....	--	10,485
	-----	-----
Total minimum lease payments.....	2,651	\$57,519
		=====
Less amount representing interest.....	(159)	

Present value of future lease payments.....	2,492	
Less current portion.....	(2,359)	

	\$ 133	
		=====

LEGAL PROCEEDINGS

MindSpring is subject to legal proceedings and claims that arise in the ordinary course of business. As of December 31, 1999, management is not aware of any asserted or pending litigation or claims against MindSpring that would have a material adverse effect on MindSpring's financial condition, results of operations or liquidity.

8. INCOME TAXES

The provision for income taxes is attributable to:

	1997 -----	1998 -----	1999 -----
	(IN THOUSANDS)		
Current.....	\$	\$ 3,000	\$ 3,654
Deferred.....	(1,574)	654	(28,969)
Increase in (reversal of) valuation allowance....	1,574	(5,198)	--
	-----	-----	-----
Income tax provision (benefit).....	\$ --	\$(1,544)	\$(25,315)
	=====	=====	=====

MINDSPRING ENTERPRISES, INC.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 1997, 1998, AND 1999

8. INCOME TAXES (CONTINUED) A reconciliation of the income tax provision (benefit) computed at statutory tax rates to the income tax benefit for the year ended December 31, 1997, 1998 and 1999 is as follows:

	1997	1998	1999
	-----	-----	-----
	(PERCENT OF TAXABLE INCOME)		
Income tax benefit at statutory rate.....	(34)	34	(34)
State income taxes, net of federal benefit.....	(4)	4	(4)
Other.....	--	2	(1)
Valuation allowance.....	(38)	(57)	--
Total income tax provision (benefit).....	--	17	(39)

Deferred income taxes reflect the net tax effect of temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. The significant components of MindSpring's deferred tax assets and liabilities as of December 31, 1999 and 1998 are as follows:

	1998	1999
	-----	-----
	(IN THOUSANDS)	
Deferred tax assets:		
Acquired customer base.....	\$ 3,902	\$30,420
Deferred revenue.....	2,829	5,091
Allowance for doubtful accounts.....	465	1,161
Accrued vacation.....	371	809
Total deferred tax assets.....	7,567	37,481
Deferred tax liabilities:		
Depreciation.....	(2,779)	(3,597)
Other.....	(244)	(371)
Total deferred tax liabilities.....	(3,023)	(3,968)
Net deferred tax asset.....	4,544	33,513
Less current portion.....	3,421	7,061
Net deferred taxes-long term.....	\$ 1,123	\$26,452
	=====	=====

Due to the fact that prior to 1998 MindSpring incurred losses since inception, MindSpring did not recognize the income tax benefit of the net operating loss carryforwards. Management provided a 100% valuation reserve against its net deferred tax asset, consisting primarily of net operating loss carryforwards. Management reviewed this position based on the net income generated in 1998 as well as the projections of future income and determined that it was more likely than not that the deferred tax assets would be realized. Accordingly, MindSpring reversed its entire valuation allowance in 1998.

MINDSPRING ENTERPRISES, INC.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 1997, 1998, AND 1999

9. QUARTERLY FINANCIAL DATA (UNAUDITED)

See Note 1 for a discussion of earnings per share.

REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS AS TO SCHEDULES

We have audited, in accordance with generally accepted auditing standards, the financial statements of MINDSPRING ENTERPRISES, INC. included in this Form 10-K and have issued our report thereon dated February 7, 2000. Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The schedule listed in the index is the responsibility of MindSpring's management and is presented for purposes of complying with the Securities and Exchange Commission's rules and is not part of the basic financial statements. This schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, fairly states in all material respects the financial data required to be set forth therein in relation to the basic financial statements taken as a whole.
